Suggested uses:

- Reminiscence & memory recall
- Object recognition & association (what is it/where does it come from)
- Oral motor (blow the feathers)
- Tactile (feel the textures)
- Storytelling (can you make a story up using the objects in the box)
- Olfactory (many of the items have scent)

Safety:

- Always supervise the use of this product.
- CAUTION: many of the items are small and present a choking risk – please supervise use, placement and retrieval of these closely.
- CAUTION: Shells, pine cones etc may break during transit or use. Always inspect the item for sharp or rough areas and consider whether this presents a risk. Discontinue use if any potential hazards are noted.
- Kit components are packaged in small plastic bags. Please make sure that these are disposed of and handled properly and supervised around children and vulnerable users.

14. Care and Maintenance:

- Take care to store items carefully. Olfactory items need to be kept separately because scents can transfer and become indistinguishable if they are packaged together.
