Rompa® & Winslow®, Goyt Side Road, Chesterfield, Derbyshire, England, S40 2PH

**2 popular catalogues in 1 for your convenience.**

**Welcome to your 2022 Rompa® Catalogue with your bonus Winslow® Resources section at the back, page 214 to be exact!**

## **Who are Rompa® and Winslow®?**

We are able to offer 'life changing sensory solutions for all' with our 30 years experience being the world leaders in sensory solutions. Our innovative design and technology provides our customers with sensory tools for choice, empowerment, enjoyment, inclusion, meaningful occupation and comfort.

Mutli-Sensory rooms, products, resources and activities are constantly evolving, and as are we. Together, with our trusted advisors, focus groups and customers we are constantly developing new products to meet specific needs.

The products within this catalogue have been carefully selected to support people with different sensory requirements with the core focus to empower users with choices to engage and entertain, stimulate and excite, calm, and relax.

ROMPA® acquired Winslow Resources® 20 years ago. Winslow® offers a wide range of therapeutic and educational materials such as activities such as books, games, software, photo cards, specialist therapeutic interventions and assessment tools. These complement the ROMPA® range perfectly.

## What We Do

Our history is in the design and installation of bespoke Snoezelen® Multi-Sensory Environments and Soft Play Environments. However our capabilities do not end there. Over the years we have developed a wide range of services as research and therapies have become more popular.

## Our range of installation services include, but are not limited to:

- ✓ Snoezelen® Multi-Sensory Environments
- ✓ Soft Play
- ✓ Environments for Older Adults
- ✓ Sensory Integration
- ✓ Sensory Gardens
- ✓ Calm Rooms
- ✓ Reminiscence Rooms
- ✓ Hydrotherapy / Sensory Bathrooms

### Soft Play Environment

A Soft Play environment is specifically designed for children and adults with special needs to have fun, explore their physical boundaries and to release energy in a safe environment.

### Sensory Integration

A form of Occupational Therapy utilising sensory experiences from movement, touch, light and sound to strengthen the user's ability to deal with everyday life. Sensory Integration is effective in addressing challenges associated with autism, dyspraxia and behavioural difficulties in children and adults.

### Older Adults

Snoezelen® Multi-Sensory Environments and products bring huge benefits to older adults and people with Dementia. After spending time in a Snoezelen® Sensory Room, residents in the later stages of Dementia show positive changes in mood and behaviour, and also an increase in attention to their surroundings. Staff feel that these improvements help with their relationship with the residents and their daily work.

### Reminiscence Rooms

Reminiscing is an enjoyable pastime and useful therapy for older adults and people with Dementia. Reminiscence rooms can provide a flexible space in which to encourage social interaction and offer many other meaningful activities.

### De-escalation Rooms

In response to requests from our valued customers, Rompa® has developed de-escalation rooms. Designed for demanding environments such as schools with BESD (EBD) students, offenders' institutes and prisons, these custom-made and fully installed facilities offer a safe environment for those with challenging behaviours and aggressive tendencies. In a de-escalation room, clients have the opportunity to calm down, rest, recuperate and recover in a secure, robust, damage-resistant environment for a carefully monitored minimal time. Most importantly, these environments encourage 're-orientation', such as the re-introduction of the person back into their usual environment. Whilst risk can never be eliminated, these environments aim to significantly reduce risk, the number of potential injuries, exclusions, holding and numbers of staff required.

### Hydrotherapy Environments

Water offers a change from the normal environment. It provides pleasure and can have enormous therapeutic value, assisting in relaxation, improving circulation and restoring mobility.

### Garden Environments

No space is too small, or too difficult. In fact this is where the expertise of working with our Landscape Architect really makes gardens stand out from the majority of play equipment companies. A full perspective of the outdoor environment is taken, together with an in-depth understanding of what it is you are looking to achieve within the space and what play and learning opportunities you want to create. We find that the very best projects are those that are clear about what they want to achieve within their outdoor environment. This is where the specialist support from our Landscape Architect team will help you.

## Our Snoezelen® Trademark and what it means...

### The Beginning

During the late 1970s two Dutch therapists; Jan Hulsegge and Ad Verheul experimented with a sensory tent at the DeHartenburg Institute. The goal was to increase enjoyment and sensory experience for those with intellectual disabilities. The result of a one-weekend fair was overwhelmingly positive for both verbal and non-verbal patients. The term Snoezelen® was coined soon after, which is a contraction of the Dutch verbs “snuffelen” (to seek and explore) and “doezelen” (to relax).

Through years of experience Rompa® has developed a range of products and created bespoke environments based on the principles of Snoezelen®, becoming the leading UK provider before developing key partners around the world. Rompa® also owns the trademark for the name Snoezelen® when applied to products. You know you are buying quality when you buy a Rompa® Snoezelen® product.

As Snoezelen® continues to grow, the principles and benefits of Snoezelen® remain hugely significant to individuals with a range of needs all over the world.

### Snoezelen® continues to:

- ✓ Provide meaningful multi-sensory spaces and activities
- ✓ Reduce anxiety and offer calming solutions
- ✓ Build self-esteem
- ✓ Focus on the individual with a person-centred approach
- ✓ Respect each person's choices, needs, pace and preferences

## Benefits & Applications...

### Snoezelen® is for All Ages and Abilities

Snoezelen Multi-Sensory Environments offer a relaxed atmosphere with pleasant surroundings, soothing sounds, captivating aromas, tactile experiences, massage and vibration, vibrosonic sensations, and gentle movement. Interesting light effects and comfortable seating allow your client to self-regulate by choosing sensations. Further, the Snoezelen environment provides opportunities for interaction and engagement.

### Snoezelen® for Early Years

From the moment we wake, we continually experience a huge range of sensory information from the world around us; audible, visual, tactile, olfactory, gustatory, vestibular, and proprioceptive as well as interoceptive. The information is fed through our peripheral nervous system, to our central nervous system and then we organise a response to the input. In short, we have to learn how to react to these different stimuli.

### Snoezelen® for Challenging Behavior

When people experience life changes and find it difficult to cope, negative thoughts can build, and emotion can be displayed/expressed in ways that society finds hard to cope with and understand. There are many difficult behaviours that services encounter including chewing and eating non-food items, spitting, screaming and shouting, hitting, and swearing.

### Snoezelen® and Occupational Therapy

Occupational Therapy is a profession that concentrates on enabling people to carry out the things that they want to do, or need to do, in their lives. Assessing cognitive ability and physical functioning level, as well as identifying methods of engagement pertinent to the individual, is an essential element of clinicians planning and providing effective care provision.

### Snoezelen® for Learning Disabilities

This area of support can be extremely complex. Clients may have a diverse range of needs and different diagnoses that impact how they experience life, the challenges they face, and the level of support that they require. The combination of these very unique needs can affect cognition and/or physical functioning.

### Snoezelen® for Mental Health

Things change around us, both positively and negatively, and we aren't always responsible or in control of what happens. These things can have a tremendous impact on how we live and feel. Experiencing illness, sudden or prolonged trauma, loss of loved ones, a limb or restriction of functional ability, role, employment, or home can impact deeply on thinking patterns, emotions and our behaviour may alter as we try to deal with the new situation.

### Snoezelen® for Autism

Snoezelen Multi-Sensory Environments provide the tools and a suitable, gradable, and safe environment in which Health and Social Care professionals can carry out assessments and interventions. Treatment and care should take into account individual needs and preferences but also be flexible enough to respond to changing needs as the individual matures or responds to treatment.

### Snoezelen® for Brain Injury

Acquired brain injury and other neurological conditions can be devastating to the individual concerned and their families, friends, and loved ones, particularly if it is the result of a sudden event. Multi-Sensory Environments, although perhaps not initially a very obvious choice for clinical interventions, can be designed to include equipment that can help a person on their journey of physical and/or cognitive rehabilitation.

### Snoezelen® for the Elderly

The term 'dementia' describes progressive disorders affecting the brain such as Alzheimer's disease, vascular dementia, and dementia with Lewy bodies. These conditions present problems with thinking, mood, behaviour, and the ability to take part in everyday activity and leisure. If no suitable activities are provided and people living with dementia have nothing to do, they might become increasingly isolated, frustrated, bored, and unhappy.

# NHS

**Rompa® is on the NHS Supply Chain Network for Multi-Sensory. Framework reference: 2020/S252-638069**

The NHS Supply Chain was designed to help the NHS deliver clinically assured, quality products at the best value, through a range of specialist buying functions.

### Save time and money

You can avoid individual trust tendering costs, by using the framework, as we complete the tender process for you, releasing more time for core clinical activities.

### Discounts are available for NHS and public sector customers

We offer discount bandings on e-direct lines up to 10 units of issue and further discounts can be found on the direct route for units above 10.

### Peace of mind

Products are guaranteed - The framework agreement incorporates all the latest required standards and procedures including British Standards (BS), European Standards (EN), International Standards (ISO) Furniture Industry Research Association (FIRA), the leading furniture research and testing agency in the UK, to ensure all products supplied under this contract adhere to the very latest BS/EN/ISO standards as well as specific national legislation and NHS-specific procedures/policies.

## HELP for HEROES

Support for our Wounded

*"Occupational Therapy at Help for Heroes has the advantage of a well-resourced sensory room supplied by ROMPA®, in our Tedworth House Recovery Centre. It is used to support our wounded, injured and sick Armed Forces*

*veterans who have been injured as a result of their military service. The sensory room is a calm, relaxing space to deliver individualised sensory experiences and encourage relaxation. Sleep disturbances are a substantial issue for our ex-service men and women and the positive impact the sensory room can have on our veterans' ability to switch feedback is significant. Without the sensory room we wouldn't be able to deliver such an individualised approach and the feedback we get from the beneficiaries is universally positive!"* Alexandra Lovett, Occupational Therapist, Help for Heroes

### Meaningful Activities for Older Adults is the preferred supplier for HC-ONE

With more than 300 care homes, HC-ONE ("The Kind Care Company") offers professional and personalised residential, nursing and specialist dementia care for more than fourteen thousand residents nationally. ROMPA® is the home of Snoezelen and the market leader in the provision of sensory products and environments. Combined with an extensive range of indoor and outdoor games, puzzles, activities and reminiscence products well-suited to care homes, ROMPA® products not only benefit residents every day, but can be life-changing. ROMPA® is proud to play a part in providing relaxation, stimulation and happiness to HC-ONE care home residents.

### 2022 Partnership

Rompa are now proud sponsors of Support Dogs a national charity which specialises in training dogs to ensure the safety, independence and wellbeing of people living with epilepsy, autism or disabilities.

With our support for the next two years a puppy will be readied in life-saving and independence inspiring skills before being matched with a human owner to provide a lifetime of assistance. Trained assistance dogs provide important health and wellbeing support to people that need an extra hand. For example, they can pre-empt an epileptic seizure 50 minutes in advance, lower stress levels so that medication can be reduced, and generally improve wellbeing to reduce the frequency of health appointments required. This not only improves the quality of life for the individual and their family, but also for the wider health economy that is prescribing drugs or struggling to keep up with NHS health appointment demands.

Support Dogs rely entirely on voluntary donations and need your support, so they can help more people.

Please help support our important charity by donating here:  
<https://www.supportdogs.org.uk/>

### Dr Lesley Collier - Snoezelen Multi-Sensory Environments for people with Dementia:

Lesley has a long standing relationship with Rompa and Winslow. She has advised us in many areas of the effectivity of using Snoezelen Multi-Sensory interventions for people with Dementia and cognitive impairments.

*"The right level of sensory stimulation helps to relieve stress and boredom; to engage in activity also involves an act of communication that enhances the feeling of comfort and well-being."* - Dr Lesley Collier, Senior Lecturer at Brunel University London

## Wonkey Donkey

Rompa® are proud to work in partnership with the Wonkey Donkey Visitors Centre.

They not only provide sanctuary for donkeys but recognise the role that these beautiful animals can play for people aiding rehabilitation for illness and support those with disabilities. If you are in the area why not pay them a visit...

We Visit

We Plan

We Design

We Install

### Contact Us

Call us with your requirements or brief and we will arrange help and a visit if required.

### We'll Meet to Discuss

An experienced Sales Advisor will visit you at an agreed date and time to take measurements of the room and find out more about your needs.

### We'll Design For You

Based on the meeting with our sales advisor we will create a bespoke design taking into account all of your needs.

### We Quote

We will create an itemised quotation for your project so you can understand where your investment is being placed and make amendments if required.

### We Listen

When you are happy with your design and quotation (changes can be made if needed) we agree on the project and you place an order with us.

### If Required We Perform a Site Survey

Our trained installation team will visit the room/area we will be installing into and perform a site survey taking accurate measurements of the area so we can manufacture to the correct specification.

Based on the site survey our manufacturing team will produce the items and equipment for your project. The lead time for this is typically 6 weeks. Need it quicker? Contact us to find out if we can produce it sooner.

### We Install

We agree a time and date convenient for you - our highly skilled installation team will visit and install your brand new environment.

### We Train

Where possible we will train you immediately after installation. We want to leave you with an environment that you know how to use and maintain.

### We Maintain

Maintenance packages are available and can be tailored to your needs. We will discuss these options with you.

**Snoezelen® Multi-Sensory Environments are, by nature, relaxing spaces that help reduce agitation and anxiety. However they can also engage and delight the user, stimulate reactions and encourage communication.**

The Snoezelen® Multi-Sensory Environment has many benefits and can be used in a variety of ways to provide a range of benefits including...

#### **Stimulation**

Snoezelen® Multi-Sensory Environments and products can be used to stimulate users by providing exciting visuals, high tempo music and sounds, invigorating smells and textures to explore.

#### **Relaxation**

Snoezelen® Multi-Sensory products and environments can be used to calm and reduce agitation through the use of gentle light, soothing sound, relaxing smell and touch.

#### **Therapy**

We have been providing Occupational Therapists and health professionals with a Snoezelen® Multi-Sensory tool-kit to provide therapy for over 30 years. From portable resources to bespoke multi-sensory environments we have solutions that can help.

#### **Development**

Snoezelen® can be used as a learning and developmental tool. It can be used for colour matching, understanding of cause and effect, and creating themed environments for teaching.

#### **Who can they help?**

People of all ages and abilities can get benefits from Snoezelen® Multi-Sensory Environments and products.

#### **Where would I find a Snoezelen® Environment?**

Due to their versatility you will find Snoezelen® Environments in a wide range of settings; some will be surprising.

Initial site survey visit of room

Our design based on your needs and room specifications

## Wirral Women and Children's Aid

**“ I just wanted to reach out and say thank you for all the work in planning and setting up our new sensory room. We LOVE it! ”**

**- Helen Leigh, Business Manager**

The Installation Team did an amazing job with the Sensory Room, they were very clean and provided good training for the equipment. They were really patient with the children who wanted to ask questions and were very professional and pleasant to deal with.

Just so you guys know the impact of your work, we had a 5 year old boy the other day in the refuge. Really anxious and clingy to mum due to something very traumatic that had happened. We took him in there and his eyes lit up- he was **mesmerised**. You could see the anxiety melt away and he started talking about how he felt and now knows what to do when he feels worried and that it's not his fault. It was worth every penny for that one moment and there will be hundreds more to come. Thank you!

**Great experience all round. Fantastic company!**

**Your reality once products are manufactured and installed**

## Snoezelen® Senses

The world is full of sensory stimuli. Some individuals are not able to organise and respond appropriately to this stimuli, others have lost skills due to accident or illness, and some others lack the ability or freedom to make choices to balance their sensory lives.

For these individuals the world may be a confusing and frightening place, full of over- or under-stimulation. They may behave inappropriately and act or respond in ways others do not understand.

Our Winslow Resources section can be found on pages 214 – 239

### The five senses with which we are most familiar are:

#### Vision (Visual)

Provides us with details about what we see and helps us to define boundaries as our brain processes color, contrast, shape, and movement.

#### Touch (Tactile)

Keeps us in contact with our surroundings. Touch is vital to our survival and is one of our modes of communication. From head to toe, our skin helps us feel temperature, light touch, deep pressure, vibration, pain, and so much more.

#### Smell (Olfactory)

We use the sense of smell all the time. Flowery, pungent, musty, acrid, and putrid—we identify many things by their smells. Strong memories can also be tied to smells.

#### Hearing (Auditory)

Provides us with details about the sounds we hear such as volume, pitch, rhythm, tone, and sequence.

#### Taste (Gustatory)

Gives us feedback on the different types of tastes: sweet or sour, spicy, salty, bitter, etc.

### Two senses with which we may not be as familiar are:

#### Vestibular

This sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells whether we're moving or still, as well as the direction and speed of our movement. We may even tell whether we are vertically or horizontally positioned—even with our eyes closed.

#### Proprioception

This sense processes information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other—and their relation to other people and objects.

A Snoezelen® Multi-Sensory Environment may be used to educate, stimulate, relax, calm, or energize, as a multi-sensory experience or single sensory focus, simply by adapting the lighting, atmosphere, sounds, and textures to the needs of the client at the time of use. These environments transcend populations with its extraordinary flexibility, wide application, and positive outcomes. Moreover, a Snoezelen MSE offers a highly motivating environment for users to enjoy sensory activities that are meaningful and appropriate, facilitated and shared by a therapist, teacher, or caregiver.

## Each customer has their own unique needs and specific requirements.

Through our in-house manufacturing expertise we are happy to meet these.

Like the product, but want to change it?

We can adapt many of our products accordingly.

For example, we can ...

- Put handles on our Floor Mats so you can move these
- Attach pockets for shoes to the side of a ballpool
- Add a harness to a chair such as our Rocker

## Want a new product altogether?

If you have your own vision for a product, such as a piece of furniture, a tactile panel or a Soft Play item, talk to us!

## Let us create your dream

We are proud to be British manufacturers. This enables us to offer you bespoke solutions.

**Handles**

**Removeable floor mats**

**Finished area**

**Bespoke themes (Gatwick Airport)**

## Special pockets for shoes

Many of the products in the Snoezelen®, Soft Play and Furniture sections are made by ROMPA® at our Chesterfield premises.

These items can be made in a variety of sizes as well as fabrics and colours.

Look out for this symbol throughout the catalogue that indicates that a colour choice is available.

Once you have selected your products, you can either email sales@rompa.com or call us on 01246 211 777.

Where indicated, you will be asked to choose your required fabric and colour. Details of fabrics and colours can be found over page.

Concepts for  
Tactile Murals &  
Panels based on  
customer ideas

Why not contact us today with your ideas and together we can realise your dream area...

## ROMPA® manufactures matting, furniture and soft play in a large range of fabrics and colours.

These include:

### PVC (Vinyl)

The most durable, and popular, of all our fabrics. Extremely hard-wearing, PVC is easy to clean, water-resistant and treated with fungicide. Latex- and phthalate-free, this strong fabric has a polymer coating on both sides, making it rigid and helping products to maintain their shape. Our PVC has a 'Cape' or subtly textured and fungicidal finish, and is available in a huge spectrum of colours and tones. This extensive choice lends itself well to two-tone finishes, such as purple with lilac accents, or sky blue and light blue combinations.

#### Ideal For:

- *Wall and Floor Mats*
- *Ballpools and Wedges*
- *Soft Play Products*
- *Water Beds and Furniture*

ORANGE

LILAC

BROWN

GREEN

TURQUOISE

RED

WHITE

BLACK

ICE BLUE

PURPLE

PINK

CREAM

YELLOW

SKY BLUE

UV FLUORESCENT YELLOW

CERISE

CARMEL

LIGHT GREEN

DARK BLUE

### Faux Suede

Arguably the softest of our fabrics, and is similar in texture to suede. More akin to fabrics used in domestic furniture, this supple fabric is water-resistant, extremely comfortable, stain-resistant and antibacterial. Available in subtler shades of colour than PVC and Polyester, this fabric may be more age-appropriate for older adults. Although durable, this fabric has a short pile and is less hard-wearing than PVC. As such, it should not be chosen for areas of heavy use such as step treads or floor cushioning.

#### Ideal For:

- *Supa Squashy*
- *Positioner*

CARMEL

GREEN

SAGE

TAN

RED

CLARET

REGENT BLUE

## Polyester

Slightly warmer to the touch than PVC, and more flexible. This makes Polyester best-suited to products which allow clients to sink into them and which mould to the user's shape.

### Ideal For:

- *Mini Floppy Island*
- *Squashy Seating*
- *Sensory Cuddles*
- *Splodges*

## Polytran

Extremely pleasant to the touch, this soft, matt-finish fabric is perfect for products used for long periods of time. Latex- and -phthalate-free, as well as flexible, this fabric is a knitted polyester with a polyurethane coating. This fabric has been specially selected for our Pos-Pod™ Modular Multi-System.

***Products typically made in Polytran include wedges, rolls and cushions intended for positioning.***

Fabrics used by ROMPA® have been selected for their high quality, reliability, durability and suitability for our marketplace. Our fabrics are complimented by the use of high quality fillings such as bead and foams of various densities to allow us to manufacture an extensive range of soft and pliable or firm and supportive products. All our fabrics (and the products made from these and our fillings) meet appropriate fire-retardancy standards.

Our attention to detail is second to none – from our high quality non-slip fabric to the colour-matched threads that are used to hand-finish our products, ROMPA® has earned its reputation for consistently excellent standards.

This applies to our standard products, as well as to any bespoke solution requested by our customers. The colours shown here are from our standard range but we will gladly accommodate special requests for further colour options. Contact us for a fabric swatch to help you make your fabric and colour choices.

## Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Faux Leather Fabric can be found in the Chatsworth Furniture range. Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

### Ideal For:

- *Chatsworth Furniture*

Ask us for a fabric swatch to help you make your fabric and colour choices.

## Textured Fabric

Contemporary yet classy colours with a blend of texture and softness to suit every indoor environment. Beautiful, tactile and practical. Fire-retardant, stain-resistant, phthalate-free and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching. All the colour options are anti-microbial.

Textured Fabric can be found in the Chatsworth Furniture range. The sides of these products can be made in Textured Fabric, whilst the remainder (e.g. seat and cushions) is typically in Faux Leather.

## COLOUR COMMAND CENTRE™

### SPECTRUM OF COLOUR, PATTERNS, LIGHT AND SOUNDS

#### Control the colour & brightness

Use the large buttons to select a base colour and add or subtract hues of red, green or blue to create new colours. Plug in a microphone for a sound to light effect to encourage vocalisation.

#### Learn about colour in an interactive way

With large accessible buttons and an environment that changes with your input\* the Colour Command Centre™ is a great opportunity to work or play with other people.

#### Different effects to help you relax

Includes colour fading in and out gently and lights looping around the display area.

- ✓ Colours Fade In / Out
- ✓ Looping Lights
- ✓ Different Levels Of Brightness
- ✓ 2 Modes Of Operation

#### Snoezelen® Colour Command Centre™ by ROMPA®

Rompa®'s largest interactive wireless controller. Rewarding and responsive; empowering and engaging. Navigate through a spectrum of colours, patterns and levels of brightness on the large Colour Command Centre. Be amazed as the room transforms as other Rompa® wireless products change colour to match. Change the colour and the brightness of the large display as well as that of other ROMPA® products in your room. Unique, in that this is both a ROMPA® Wi Fi controller and a Wi Fi controllable product. Features include:

- 2 modes of operation - passive and interactive
- Different effects such as solid colours, colour fading in and out, lights looping around the display
- Multiple illuminated push buttons at the base and within the display
- Use the panel buttons to select a base colour; then press the onscreen buttons to adjust the hues and brightness of that colour
- Sockets for your own switches
- Can be use with a microphone for a sound to light effect to encourage vocalisation

Please specify your colour when ordering.

### Visuals that relate to sound

A key addition to the Fireworks Extravaganza™ is how sound effects and visual effects are closely linked for easier understanding and more fun! LEDs light up and move like rockets to the centre of the panel with a whistling sound and explode with a bang.

The Fireworks Extravaganza™ has evolved from a very simple panel to a real fun and engaging entertainment centre giving you the flexibility to tailor the activity to different needs and preferences.

- ✓ 5 Fireworks Effects - Catherine Wheel, Radiating, Falling Stars, Strobe & Comet!
- ✓ 5 Sound Effects
- ✓ 825 Pattern Combinations
- ✓ 11 Colours & 3 Speeds

**VISUAL, VIBRANT & FUN**  
**2 POPULAR PANELS IN 1!**

### Snoezelen® Fireworks Extravaganza™ by ROMPA®

Visual, vivid and vibrant. A cracker of a wall feature for all year round! Create visually, vivid and vibrant displays by selecting from a number of patterns, colours and speeds each paired to sound effects. Rompa® appreciates that for some users Fireworks could be associated with being 'too loud and/or, over stimulating' for some users. This panel offers a number of different sound effect themes for a more relaxing or varied sensory experience, for example, water or carnival sounds.

- With 825 unique and easy to use pattern combinations
- Offers 11 colours, 5 sound effects and 3 speed options
- 5 stunning fireworks effects including Catherine Wheel, Falling Stars, Radiating, Comet and Strobe
- Use passively or interactively
- Accessible and illuminated push buttons
- Facilitates choice and control
- Sockets for your own switches
- Can be use with a microphone for a sound to light effect to encourage vocalisation
- Sound effects and visual effects are closely linked for easier understanding

Please specify your colour panel when ordering.

## SOUNDS ARE TRANSFORMED INTO A DAZZLING SHOW OF LIGHT, COLOUR & MOVEMENT!

### Encourage learning and exploration of sound

*The Sound to Sight Showtime™ panel responds to both changes in pitch and volume to create an ever changing, fun sensory experience. Watch music or sound effects come to life as you play them through the panel or try different noises either through shouting, clapping or playing an instrument.*

### Two Microphones for turn-taking or follow my lead activities

*Learning to make noise is often about mimicking, using both microphone ports provided the Sound to Sight Showtime™ becomes a valuable tool to develop the understanding of sound and vocals.*

### Lose yourself in a fun and engaging activity

*With its competitive fill the screen mode, children and adults will enjoy making as much noise as possible to fill the panel with light in this light-hearted contest.*

- ✓ Bring sound to life
- ✓ Great For Teaching
- ✓ Use Alone Or Together
- ✓ Fun- Fill The Panel With A Competitive mode

## DOUBLE THE BUBBLE, DOUBLE THE FUN! 2 BUBBLE CHAMBERS IN 1!

### Fun and interactive or peaceful and relaxing

Another key benefit of having a Double Bubble Bonanza™ is its flexibility. It can be a really fun, engaging, social and interactive panel or it can be relaxing with a constant visual effect, slowly fading colours and gentle sounds mimicking rain, waterfalls or babbling brooks.

### Bringing people together

Two independent bubble chambers are perfect for co-operative play, turn taking and follow my lead activities.

### Stunning Visual Effects

Including: Slow Fade, Independent Fade and Alternating.

### Control the Bubbles like never before

This is one of the most interactive bubble products on the market. Control each chamber's colours, patterns and bubble flow using accessible large push buttons.

- ✓ 42 Unique Effects
- ✓ Bubble Control via Buttons
- ✓ Absorbing / Distracting to Help Calm
- ✓ Patterns Control Bubbles & Colour

\* This product requires a Rapid Water Change Pump (20601-SPECIAL) available on page 40

**DOUBLE BUBBLE**  
**BONANZA™**

### Snoezelen® Double Bubble Bonanza™ by ROMPA®

Combines two Snoezelen® favourites – bubble tubes and wall panels. Bubbles and colour can be individually controlled in each of the two chambers. Be amazed as the bubbles dissipate in one chamber only to burst into life in the other. The panel is packed with sound effects and music which makes for a truly exciting multi-sensory experience. The stunning effects stimulate, empower and engage. Perfect for co-operative play, turn-taking and follow-my-lead activities. Features include:

- With 42 unique effects
- With two bubble chambers – the bubbles and colour of each can be controlled independently
- Great for pair work and co-operative activity
- Can be used by one person to promote bilateral movement
- Encourages choice and control
- 3 modes of operation – interactive, creative and music
- With gentle vibration for tactile input
- Accessible and illuminated push buttons to control bubbles and colour
- Can be use with a microphone for a sound to light effect to encourage vocalisation

Two people will be required to wall-mount this panel. Not compatible with Porter 22879. Pump 20601-SPECIAL to be purchased separately.

## Portable Sensory Magic®

### The Experience

#### Educate...

As Sensory Magic provides the user the capability to create their own themes, the potential uses in educational settings are limitless. Teach using sound, imagery (still and moving) and colour to create word and colour association

#### Create themes to explain a process.

Teach the curriculum in a new and exciting way using this immersive technology. Reflect the users interests with media and colour- this could be trains or a popstar it is really versatile.

#### Stimulate...

As the Sensory Magic experience can be customised to suit individual needs, sensory sensitivity can be provided for...

Images can be selected to be visually stimulating, including different levels of pattern and motion, or on the flipside the experience could be visually plain and static. Sounds and music can be chosen according to individual tastes, and the volume adjusted to please even the most sensitive of ears. Lighting levels can be strictly controlled, and smells introduced gradually, as required, as tolerance grows.

#### Relax / Reduce Anxiety...

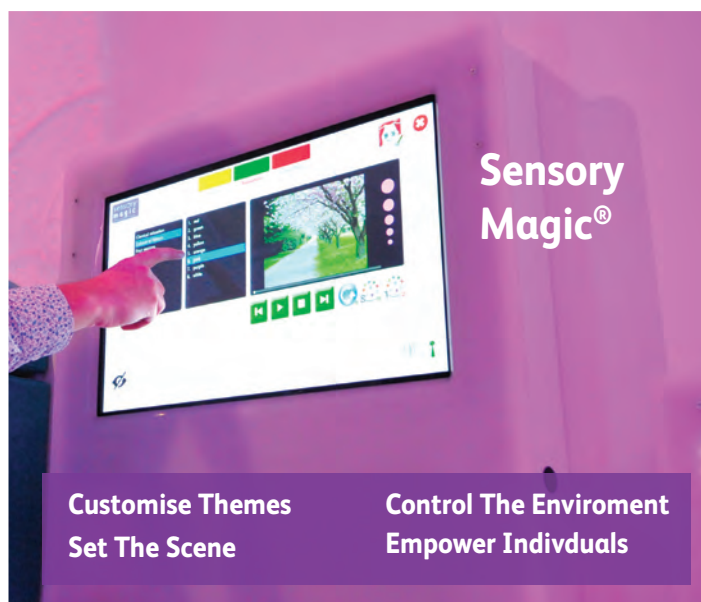

Sensory Magic offers the individual a safe sensory environment which is structured and predictable. The sensory room can be set according to each individual's needs and preferences, so that each and every time the experience is identical, providing continuity and stability. In this way, anxiety levels are kept to a minimum. The MSE can be subtly and slowly altered over time to introduce new colours, images and sounds at the individual's own pace.

A key function of Sensory Magic is its potential to alter an individual's mood through the use of colour, light, sound, and stimulating visual images. Individuals can be immersed in a virtual reality experience honed to their own needs and preferences. Individuals can be calmed by images and sounds from nature, relaxing classical or meditation style music, or distracted by humorous videos of swimming goldfish or apparently pondering pigeons – with the ability to create your own themes, the possibilities and choices are infinite.

**Sensory Magic™ is The Brain Of Snoezelen®  
Multi-Sensory Environments**

### Sensory Magic®

- ✓ Stimulates the senses in a selective, structured and well-balanced way
- ✓ Immersive themes and environments
- ✓ Huge opportunities for interaction, learning, choice, control and empowerment
- ✓ Compatible with a large range of ROMPA® multi-sensory products
- ✓ Allows otherwise unattainable experiences
- ✓ Customisable and continually updatable

**Customise Themes  
Set The Scene**

**Control The Environment  
Empower Individuals**

### The Software

A unique feature to Sensory Magic is the ability to record, track and adapt your sessions and equipment in a structured and therapeutic manner. Dependent on user likes and dislikes, Sensory Magic can be customised to adapt to their needs. For instance, if a particular colour is disliked, Sensory Magic can be programmed with one touch to remove the colour from the session.

In addition to the base Sensory Magic Software, there are several add on packages that are ideal for certain uses, age groups and environments.

#### Care™ (Caring Approach to a Reminiscence Experience)

Specifically developed for those individuals experiencing symptoms of dementia, Care™ helps improve care giver and user relationships, aids reminiscence, promotes social activities, communication and stimulates brain activity in a fun and engaging way through various games and activities.

#### Profiling Assessment Tool for Sensory Development

Developed in conjunction with University of Southampton, the assessment tool allows therapists and carers to understand the users' sensory preferences in regards to a Multi Sensory Environment. This simple to use tool provides an invaluable insight ahead of working with them, allowing positive behaviours to be encouraged.

### Portable Sensory Magic®

Includes touchscreen all-in-one PC with keyboard and mouse. Pre-loaded with the same software as the wall-mounted version. Compatible with the same ROMPA® products as the wall-mounted version.

### Sensory Magic®

Exclusively developed by ROMPA®, the large Sensory Magic® Touch Screen system allows easy control of your Snoezelen® environment and features software that can be specifically tailored to each customer's needs.

Features include:

- Accessible environmental control
- Inclusive - suitable for all ages
- Empowers users through interactivity, control and choice
- Operates Snoezelen® products such as bubble tubes, wall panels, projectors, lights and fibre optics – these can be switched on or off at one point
- Plays music (e.g. mp3/4, CD, wav, iPod and more)
- Plays various media (e.g. pictures, photos, movies, internet)
- Set timed mood lighting that is compatible with ROMPA® Wireless controllers
- Fully customisable, immersive themes and environments through imagery, sound, colours and aroma (e.g. underwater scapes)
- Assessment tool incorporated for outcome measures - monitor user progress
- 'Bolt on' more ROMPA® products at a later date - compatible with many ROMPA® products, including the ROMPA® Interactive Lighting System
- User friendly – easy to operate touch-screen with a simple, intuitive navigation system
- Client-friendly – choose from our extensive range of Wi Fi products (e.g. our Deluxe 8 Colour Wirefree Controller)
- Sleek, modern and robust
- Wireless for seamless and instantaneous control of individual products as well as whole rooms

This versatile system includes a touch screen, software, wireless keyboard and mouse, digital projector and stereo speakers. For safety, it can be locked when not in operation. By using Sensory Magic® with the wide range of compatible Multi-Sensory products made exclusively by ROMPA®, users can create unique immersive environments and experiences like never before; and control them. Both the fixed and portable systems require, but do not include, ROMPA® Wi Fi multi-sensory products and internet access for remote support - see [www.rompa.com](http://www.rompa.com) for compatible products.

Meeting all appropriate CE and FCC standards, this cleverly conceived package is compact and simplicity itself to use.

Wireless capabilities built into key multi-sensory ranges as standard

"Respect for the person's own choice and his own pace are a matter of course."

*Snoezelen Another World book*

"Even better than expected. This controller is fab! I really like the fact it's 'oversized' ... my daughter absolutely loves being able to change the colours herself, but loves more the setting for funny noises ... it's great ... Very pleased with this item and definitely recommend it."

*Lisa R, Verified Buyer, Bicester*

### Bespoke Solutions

We can incorporate our Wireless Controllers (such as the 8 Colour Controller) into our ROMPA® cushioning. Contact us for more information.

Rompa wireless connectivity means many elements of your sensory room can change in harmony with each other.

Switches open a world of interaction to individuals who experience restricted movement, help to improve motor skills and help relay information about cause and effect. These devices can be very empowering, allowing the user to control many aspects of their environment at the flick of a switch.

Sensory Room Switches come in a variety of shapes, sizes and types, some even look like soft toys. Whether you need a Sensory Room Switch that reacts to sound, movement or touch, you'll find a switching solution that meets your needs below.

- ✓ Break Free Of Wires
- ✓ Huge Choice of WireFree Remote Controllers and Controllable Products
- ✓ Empowering and Enabling
- ✓ No Hidden Extras Required

### Talking Cube by ROMPA®

These wireless talking soft play cubes are multi-purpose and have endless educational applications. It enables the user to control the colours of the sensory environment - throw or drop the cube and change the room colours. Each of the 6 brightly coloured sides has a transparent pocket into which you can add your own pictures, symbols, words or photographs. You can easily customise each cube face with your own pre-recorded message, with your voice! To promote colour recognition, simply roll the cube and listen as the name of the uppermost colour is heard. Make the cube land on the colour blue and be rewarded with the sound "blue!" Throw a green and hear the word "green!" and so on. Ideal for developing the understanding of cause and effect, colour recognition, picture recognition, reminiscence, developing listening and motor skills, put dots in the pockets for use as a die ... the possibilities are endless! Includes cube, speaker and 9V battery. These products have a zip for manufacturing purposes only.

- A highly popular product in our Wi Fi range
- Can change Bubble Tube, Panel, Wi Fi LED Spotlight, Wi Fi Colour Wall Controller, Wi Fi Mood Lighting and Fibre Optic colours
- No PC or programming required
- Audible and visual!
- Easily personalised with your own recordings and images

"Amazing product. Would highly recommend it. Works really well ... you can record your own voice over each side."

This item is delivered in a crate and will require dismantling. Please be aware more than one person is required to unload the item.

### Delivery of large and/or heavy items:

The majority of our items are delivered by courier. The driver will only be able to deliver to your door, under most circumstances the driver will not be able to enter the premises.

If you have ordered a bulky and/or heavy item you may wish to consider the need for additional help. Lifting bulky and/or heavy items incorrectly may cause injury and/or cause added problems to any conditions that may already be present.

If you are unable to arrange for someone to assist you, we can offer an enhanced delivery service. This service means additional delivery personnel will be dispatched to help bring your items into your premises. There is a charge associated with this service and you should call 01246 211 777 or email [sales@rompa.com](mailto:sales@rompa.com) for a quote.

### Snoezelen® Mobile Saver Pack

Move our popular panels, projector and fibre optics from one room to another to create a Snoezelen® space quickly and easily. Compact, this is the perfect solution for those who don't have a dedicated sensory space. Requires just one wall plug socket. Includes:

- **A** - 2 panels of your choice from Multifinity Explorer™, Sound to Sight Showtime™, Fireworks Extravaganza™, Colour Command Centre™ and Colour Catch Combo™
- **B** - Double Panel Porter
- **C** - Super Safe Fibre Optics 1m x 100 strands and Light Source
- **D** - LED100 Projector, Wireless Wheel Rotator and Underwater Effect Wheel
- **E** - Deluxe 8 Colour Wirefree Controller

## BUBBLE TUBES

An essential component of a Snoezelen® Multi-Sensory Environment. Bubble Tubes provide multi-sensory feedback and stimulate the visual system, facilitating your client's ability to track bubbles and objects. The constant effects of colour change are also useful for promoting colour recognition and visual perception. Further, when your client gazes at the tube, his/her level of relaxation may be enhanced.

In addition to the visual benefits, bubble tubes are ideal for providing tactile stimulation. Encourage your clients to touch the bubble tube because doing so will offer them tactile feedback. They will feel the vibratory sensations shiver through their hands.

### Reliable and Safe

Designed with reliability and safety as a priority, these products will give years of service, bringing relaxation and stimulation to any sensory room or multi sensory environment.

## Uses of ROMPA® Bubble Tubes

1. To draw attention, encourage focus or to distract – colour, lights and bubbles are visually engaging
2. To lift mood (provide enjoyment)
3. To calm, encourage relaxation and reduce anxiety (which has physical and psychological well-being benefits)
4. For visual tracking opportunities e.g. with fish, balls, cubes ... (which has implications for many activities of daily living such as reading and writing)
5. To provide tactile input (hold/cuddle the cool and firm tube to feel the vibration through the whole body and access deep pressure)
6. To provide auditory input (soothing humming of the pump)
7. For meaningful communication and learning (the right level of activity), with switches and controllers, such as colour recognition, social skills (turn-taking) and understanding cause and effect (and for supervisors to learn more about users' sensory preferences and needs)
8. To allow choice and control and so empower users (fundamental aims of Snoezelen®) through a variety of controllers, including a microphone
9. To practice motor skills – pressing buttons on switches, throwing cubes, reaching up and around the tube ...
10. To maximise space – bubble tubes can be tall and have compact bases. Combined with slim acrylic mirrors, a bubble tube corner provide a striking and vibrant focal point in sensory rooms, bedrooms and more

**Love what you see, but want to see it in action? No problem.**

- Videos are available on our YouTube Channel: Rompa.

- Find more information, pictures and videos at [www.rompa.com](http://www.rompa.com)

Bubble tubes are used as a complimentary focal tool for sensory regulatory activities or used interactively with encouraging visual tracking, colour recognition, physical movement (reaching, looking up) and hand eye-co-ordination.

- Multi-sensory - audible, tactile, temperature and visual sensory input.
- Suitable for individuals of all ages (use under close supervision).
- Attracts attention, concentration and engagement.
- 8 colours provide a calming, relaxing ambience.
- Smooth surface and cooler temperature of the tube provides tactile contrast.

snoezelen®

#### Beneficial features:

- Robust
- Easy to clean, maintain, operate and assemble
- Latex-free

#### Compatible products:

- Mirror panels provide further sensory input, creating the illusion of more bubble tubes. (product code 11160)
- Give your user choice and control of the sensory stimuli level. This could potentially aid assessment of preferences/likes/dislikes, assist with teaching and learning skills (using compatible switches such as the Superactive Switch Box (product code 17274), 8 Colour Wirefree Controller (product code 19847) or Talking Cube (product codes 18870 and 20402).
- A Bubble tube collar is recommended to secure the bubble tube to a wall (15192 - 20cm) or (14694 - 15cm)

### Fish & Sea Creatures - Set of 8

Colourful and visually appealing. Fish and creatures may be found at different levels of the bubble tube. Typically includes 6 fish, a seahorse and a jellyfish but contents may vary according to availability. These are intended for use in bubble tubes. These are not intended to be handled and are not toys.

R221193 £20.95

### Cubes – Set of 20

A simple but very effective way to add colour and additional visual interest to your bubble tube. Assorted colours. Small parts, these are intended to be inaccessible (within the bubble tube). Especially effective in Midi Bubble Tubes. For larger Maxi bubble tubes, we suggest you purchase multiple packs.

**"A great addition to our bubble tube nice and bright. We're buying more!!"**

*Emma H., Verified Buyer, Bewdley*

R221445 1 x 1 x 1cm £2.95

### White Bubble Tube Balls - Set of 10

More subtle than the brightly coloured balls 15203, watching the repetitive movements of these white alternatives can be calming. For Ball Bubble Tubes only.

R221799 £25.95

### Bubble Tube Balls - Set of 15

Spare balls for your Ball-Bubble Tubes.

R215203 £39.95

### Collar

We recommend the use of a collar for further stability. The transparent collar fits over the top of the Bubble Tube and is secured to the wall. The length of the collar can be adjusted to accommodate different sized cushioned platforms. Choose the appropriate collar according to the diameter of your Bubble Tube. To be purchased separately from the bubble tube. Latex-free.

**"High quality, well made and looks good. Very easy to fit."**

## Cleansing Water in Bubble Tubes

To counteract the risk of bacterial growth in the bubble tube water the following procedures are suggested:

- \* Monthly changing of the water using an appropriate pump
- \* Monthly addition of BCB Fluid

This information is given without prejudice and in good faith and infers no liability on ROMPA®'s part

### BCB Water Treatment Fluid

Add monthly to the water in your Bubble Tube, Double Bubble Bonanza™ and Bubble Water Walls to help prevent bacteria, smell and algae. Organic biocide that will not cloud or damage the acrylic tube. Simple and safe to use. A single bottle can treat a 1m tube for up to 2 years. Long shelf life – lasts up to 4 years. 500ml.

R220698 **£25.95**

### Rapid Water Change Pump

Offers quick, safe and easy means of emptying and filling your bubble tube and Water Mattress. Includes 4m of tubing and power supply.

R220601 **£59.95**

R220601-SPECIAL Pump for Snoezelen® Double Bubble Bonanza™ **£61.95**

### Replacement Integral Pump

For Maxi Bubble Tubes.

R221005 **£47.95**

### Bubble Tube Filling Pump

Enables your ROMPA® Maxi Bubble Tubes to be filled from the base, rather than via the top of the tube. Includes pump, tubing and power cable to connect to the Maxi Bubble Tube's power supply.

R220908 **£47.95**

### Wi Fi Override Transmitter

A discrete controller to allow carers, teachers and supervisors to override our other Wi Fi controllers. Designed for situations where a client has almost activated one of our Wi Fi controllers but has not exerted enough pressure on a switch button, or has missed the button. Intended to make sure a client receives a reward for their efforts, and so keep clients motivated and encouraged. Allows the carer to change and maintain the colour of Wi Fi products when they are with clients and so avoids the need to move, disturb or distract the client when they are focused on the activity. Includes the infra-red handset (with 1 CR2025 button cell battery included), controller interface and universal power supply. Requires a Wi Fi Controller (e.g. Deluxe 8 Colour Wirefree Controller) and Wi Fi responsive products such as bubble tubes, light sources etc.

R221918 8.5L x 5.1 x 0.7cm

**£125.95**

### Super Interactive Switch Box to make your Bubble Tube Interactive

Interact with Maxi and Midi Bubble Tubes using this large button circular Switch Box. Control the colours and the flow of bubbles by pressing the appropriate buttons. The controls on the underside of the Switch Box allow control over the speed of colour change as well as when the bubbles are activated. For further interactivity, this Switch Box can be used with ROMPA® switches, giving the user nine different display variations. Note: When used with a switch, the switch overrides the circular buttons. Latex-free.

"Super switch. Really pleased with this switch for our son, adds a new level of interest to the bubble tube."

£217.95

### Acrylic Mirror Panels

Reflections add another dimension to the Snoezelen® environment. Enhance the visual effect of your Bubble Tube with mirror panels, creating the illusion of more Bubble Tubes! Much safer than glass, these acrylic mirror panels fix to the wall from the level of the top of the padded base. Each panel has a similar sized wooden board which is fixed to the wall first to ensure the mirror does not crack. The acrylic mirror is to be glued to the board. Fittings not supplied.

"This was made to measure to fit alongside our musical water bed, it is screwed to the wall and offers a visual stimulation for children lying on the bed. The mirror surface is clear and reflects well with little distortion."

Caroline Jones, Grant Co-ordinator, Gloucestershire

### Custom-Made Cushioned Platforms

ROMPA® can manufacture Cushioned Platforms to suit your space exactly. You tell us the dimensions and shape it needs to be, how many bubble tubes it's for and if 'mouse holes' are required for fibre optics. We will gladly then prepare a quotation for you. We can of course also supply mirrors in almost any size to compliment your bespoke platform.

Customers Love...

### Cushioned Platform by ROMPA®

A foam padded wooden frame designed to encase the bases of up to three Bubble Tubes. Allows access to the base of the Bubble Tube for maintenance. When ordering, please state the number of bubble tubes to be accommodated and the position of platform. Tube hole is 30cm away from the wall edge as standard. Vinyl - please specify colour when ordering. Customised options available - We can manufacture these in sizes and shapes to suit you at very reasonable prices. This product has a zip for manufacturing purposes only. Bubble tube(s) and mirrors to be purchased separately.

"Great product. Another great item built to last - Perfect finishing touch to my son's sensory room."

## One little box, many possibilities

The Snoezelen® Light Source by ROMPA®

The power house behind fibre optic strands, mats, cloths and curtains

Wirelessly controllable

Gentle and continuously fading through colours

Maintenance-free

ROMPA® exclusive

Must be used with:

- Fibre Optic Spray
- Milky Way Mats
- Shimmering Curtain
- Bamboo Fibre Optics
- Star Ceiling Circle
- UV Fibre Optic Spray

Fibre Optics provide light you can touch, hold, capture and feel! Ideal for those with sensory avoidance and difficulty enjoying the normal range of lighting effects. Fibre optics stimulate and hold attention. They are safe to touch, phthalate-, glass- and latex-free.

Fibre Optics from ROMPA® are three-strand and so are considerably more effective than cheaper single strand options. Our wonderful light sources complement these safe fibre optics perfectly - they are quiet, cool, very compact and also wirelessly interactive. Fibre optics are safe to handle but are not suitable for Oral Sensory Seekers.

Only Compatible With 19210 and 21452

## Uses of ROMPA® Fibre Optics

1. To provide visual stimulation and facilitate safe access to light, including amongst visually-impaired users and those with PMLD – the fibres can be safely held
2. For learning opportunities e.g. colour recognition (the colour changes dynamically) as well as colour matching and understanding cause/effect when used with controllers.
3. To provide tactile stimulation – the soothing weight of a harness across the lap or stroking the tips across the hands, arms etc. like a brush. Some fibres are textured, such as our Bamboo Fibre Optics
4. To provide sensory input to immobile and bed-bound users through ceiling-mounted Clouds, Panels, Circles and Chandeliers. Using a fan near suspended strands to make these move gently can increase the visual effect.
5. To separate off areas and visibly create zones within a space using Combs and Curtains. Users can feel immersed and safely enclosed in these areas
6. To maximise space – fibre optics can be threaded into carpets – we have options for floors, walls and ceilings
7. To calm, soothe and encourage relaxation – through softly changing colours and by providing a distraction from anxieties and discomfort
8. To help individuals on the Autism spectrum to concentrate and improve attention
9. To allow choice and control and so empower users (fundamental aims of Snoezelen®) through use with a variety of controllers, including a microphone. Individual strands can be used or whole harnesses, again facilitating choice and a person-centred approach.
10. To encourage motor skills and exploration – strands can be fanned out, threaded through loosely-knitted items, draped over the body, wrapped around the body and fingers can be passed through the tails

- All exclusive!

- Huge range
- Multi-sensory
- Multi-purpose
- For all ages and abilities
- Easy to use, fill, empty and maintain
- Waterless options available where infection control is essential

We believe ours are the best – your continued loyalty suggests you, our customers agree!

“A flood of air bubbles, a series of colourful, glittering little balls ...the visual stimulus predominates and the tactile comes later ... the tactile sensation is especially valuable for blind visitors ... there is also auditory stimulus. The stream of bubbles makes a gurgling sound and there is the hum of the air pump.” -

*Snoezelen Another World book*

“Absolutely STUNNING We couldn’t be more pleased. We have only had cheap tubes before this one and the difference is astounding. When we first turned it on we all took a gasp it was so beautiful. It’s so bright and vibrant. The actual bubbles are huge. The gurgling and vibration are very soothing. It’s extremely sturdy and well built and shouts high quality product. Fantastic product, highly recommended.”

Compatible with our wireless controllers which can be found on page 29 to 30

**Super Safe Plastic Fibre Optics**

The ultimate in fibre optic safety!  
These plastic tails are the safest fibre optic option available. Use of all fibre optic products should be supervised. Fibre optics should never be mouthed. Requires light source 19210 or 21452 for 2 harnesses.

Super Safe Fibre Optics, Light Source and 8 Colour Wirefree Controller  
“The package of items work well together, producing clear bright light effects which change instantly when different buttons are pressed. The fibre optics are very effective for our sight limited children and for those with autistic spectrum conditions and PMLD, the children love to wrap the fibres around themselves and run their fingers through the fibres as the colours change, they also love to change the colour of the room when all the fibre optic are in use. The items are all well made and easy to use.”

*Caroline Jones, Grant Co-ordinator, Gloucestershire*

**17905 Super Safe Plastic Fibre Optics**

“Fab lights. My girl loves them in her sensory corner. I’ve tried other like this from elsewhere and these are the best ones we have had.”

*Sarah H., Verified Buyer*

**19871 Super Safe Plastic Fibre Optics**

“These are fantastic. Very long and loads of strands to them. Just brilliant and worth every penny!”

*Amanda S., Verified Buyer*

**Bespoke Fibre Optic Mats**

Looking for the ultimate in fibre optic carpet mats? Wanting a personalised design? ROMPA® offers bespoke mats – you tell us the size, shapes or word you want on the carpet mat and we will supply a made to order mat with a real wow factor!

"A valuable resource for customers using our service at Goscote Centre. It provides multiple benefits where our customers can explore the sensory environment via the use of interactive beams. Uploading photographs personal to the individual using the system creates a unique experience which can be comforting, whilst enhancing learning and play. The sessions are tailored and personalised to meet individual need which is an objective we aim to achieve throughout our day to day service delivery. We use our system in many ways e.g. to develop interactive skills within small groups to encourage the users to take turns to activate the beams. For customers who benefit from visual stimulation seeing images that change as a result of their actions develops their understanding of cause and effect".

*Emma Partridge, Senior Reablement Officer, Day Opportunities & Employment Adult Social Care*

"The system has been very accessible and exciting for our pupils. It is very responsive to the smallest movement so even our more physical disabled pupils have been able to produce sound and contribute to a greater sound installation, for example, our iPad Orchestra. Pupils were very keen to give it a go and experiment with the sound effects".

*Ellen Croft, PMLD Curriculum Leader, Leicester*

"Excellent for immediate engagement in a huge range of activities that can cover pretty much any area of the curriculum. For first-time musicians it can be used as an errorless method to explore an instrument or for those struggling to engage in maths, it can be subtly woven into numeracy-based activities... Easy to use which enables all the staff, regardless of their IT capabilities ... One of the greatest features is that it can be completely customised to suit the needs of a wide variety of learner profiles... Our learners have loved using the Optimusic system and are also realising the health benefits as 'Chase the Beam' has become enormously popular".

*Chris Buckley, Head of Education, School in Seaford*

"We use our Opti-music in all our themes created within our Curriculum Sensory Space.

These have included themed sessions such as the circus where students had the opportunity to sit or lay in a sensory swing and move around with batons or stick on pads to break the beams making various circus themed noises whilst pretending to be Acrobats.

On the Farm - students had great fun taking turns to guess what animal would appear on the screen and what noise they could hear when breaking the beams.

In our Native Americans theme the students had the opportunity to make up tunes using the drum programme and each took turns breaking a beam matching colour symbols to colour beam to create a drum beat for a pretend Pow Wow.

The Opti-music has become a valuable piece of equipment in our Curriculum Sensory Space and has given our students the opportunities to develop both fine and gross motor skills, concentration skills, social skills and most importantly independence by being able to explore and create to their own level of abilities".

*Clare Coombs (HLTA), School, Bracknell*

Other options are available, including projectors and mobile systems with 2 or 4 beams. Options also available for water environments. Contact us for more information.

**ROMPA® Interactive Lighting System**

Music through movement! A whole new meaning to air-guitar and pretend drums! Interact with beams of coloured light by passing a hand, foot or reflective bat through them. Trigger sounds at the wave of an arm ... Activate chords at the sweep of a bat ... Play interactive music games whilst setting off images, videos and graphics...

- ‘Indestructible’ beams act as powerful visual reference points for participants
- Turn-key operation
- Fits within the Curriculum
- Recognisable rhymes, tunes and fun sound effects
- Audio-visual effects in real-time
- Pre-programmed yet easily updated
- Space-saving
- Safe, hygienic and effective – nothing to trip over or touch!
- Multiple beams can be installed together
- Helps understanding of cause and effect and stimulates hand-eye co-ordination, interaction as well as motor, musical and listening skills
- Compatible with Sensory Magic®

Includes:

- PC or Laptop
- Cool-running beams with long-life low voltage bulbs, all cables and accessories
- Control Box
- Software
- Reflective bats
- Reflective floor pads
- Manuals

For fixed installation – contact us about our Design and Installation services.

Features:

- Numeracy play
- Timer Control
- New musical features
- ... even more to inspire and empower participants to influence their own environment and get couch- and mouse-potatoes moving!

This range is extensive and evolving. Contact us for information about further options.

## Air Purification & Sensory Rooms...

When considering the content in a sensory room, the focus is to ensure that products are appropriate for the needs of users combined with the creation of a comfortable, relaxing and safe environment. A more recent consideration regarding safety is the accepted risk of airborne transmission of COVID-19 in all indoor areas, including sensory rooms. In cases where it is either inconvenient or simply too cold to have an open window for ventilation, or it allows unwanted light into your relaxing sensory room, air purification provides the solution. Given that virus particles do not exist alone and attach themselves to droplets produced by breathing, talking and coughing, these droplets are generally greater than 1 micron. Our air purification machines remove 95% of particles 0.1 microns or greater, including COVID-19, other viruses, bacteria and other particles resulting in irritation or allergies. When considering a sensory room, consider air safety and include air purification offered by ROMPA.

### Rompa® HealthMate

#### Who should consider the HealthMate?

- Those looking for protection against contaminants such as viruses and bacteria
- Individuals with indoor air quality concerns
- Those with slight sensitivities to airborne particles, chemicals and gases

#### Why does my business, care home or school need it?

The risk of airborne transmission of COVID-19, particularly indoors, is widely accepted, has been confirmed by the World Health Organisation and accepted by Governments around the World. This has led to advice regarding the use of HEPA air filtration for indoor spaces.

#### Rompa® HealthMate

Rompa® HealthMate was designed to address your everyday air quality concerns. The Medical Grade HEPA technology is proven to remove up to 95% of all airborne contaminants as small as 0.1 microns. This includes viruses\*, bacteria, dust, dander and allergens. The carbon blend used in this filter will also effectively remove chemicals, gases and odours. HealthMate® will significantly improve the quality.

R224125 Healthmate | Sandstone | 37 x 37 x 59 cm

**£945.00**

### Rompa® HealthMate Deluxe

#### Who should consider the Rompa® HealthMate Deluxe

- Those looking for protection against contaminants such as viruses and bacteria.
- Those who have difficulty sleeping or have poor quality sleep
- Individuals that suffer from COPD, allergy and asthma attacks at night
- Anyone looking to improve their overall health and wellbeing

#### Why is The Rompa® HealthMate Deluxe the best choice for me?

- Medical Grade HEPA effectively removes 95% of airborne viruses that are 0.1 microns and larger.
- Our most comprehensive air purifier with a 5th stage military grade HEGA carbon cloth filtration, for the removal of viruses, bacteria, chemicals and gases
- Carbon blend that filters gases, odors and VOCs
- Developed to improve sleep
- Keeps your bedroom fresh and clean

#### Health Benefits

- Reduce the viral load to minimize risk of infection or severity of disease
- Strengthened immune system
- Peaceful, uninterrupted, high quality sleep
- Reduces snoring
- Lessens night-time allergies and asthma attacks
- Eases coughing, wheezing and sneezing
- Reduces dry mouth and runny nose

#### Research

Visit [www.rompa.com](http://www.rompa.com) to find out about our Air Purifications research

#### Rompa® HealthMate Deluxe

Rompa® HealthMate Deluxe is designed to give you the ultimate protection. The results of two separate clinical trials show this unit to be highly effective at removing dangerous airborne pollutants. The Medical Grade HEPA technology is proven to remove up to 95% of all airborne contaminants as small as 0.1 microns, including viruses\*, bacteria, dust, dander and allergens. The filter's unique carbon blend also offers protection against chemicals, VOC's and gases. Keep the air in your bedroom free from pollution and get the good night's sleep you deserve.

R224124 HealthMate Deluxe | Sandstone | 37 x 37 x 59 cm

**£1,195.00**

## Features

### 100s of Apps

Comes with a wide range of fun and engaging content designed to stimulate and promote inclusive interaction using any of the supported access methods. Play with movement, eyes, touch, speech, switch and more.

### Playlists / Schedules

Create playlists and have the interactive wall play them to schedules you set. This means the system can auto play scheduled playlists without the need for a facilitator. Particularly useful in hospital and waiting room settings.

### Favourites

Home screen shows all of your favourite apps so you can run them easily without navigating. Simply star an app for it to appear on your home screen.

### Collections

Group apps into your own custom collections and make it easy to retrieve personal favourites or apps designed for lessons or therapy sessions.

### Access Menu

Useful off-screen access menu that enables switch and eye gaze settings to be changed while the games are running. This menu can also be controlled by speech.

### Remote Control

Conveniently control all aspects of Magic Mirror™ remotely from our control app. Includes ability to shutdown the system.

## Interactive Wall & Floor Projection

Immersive and inclusive full-body interaction for learning, therapy and play!

### EVERYBODY PLAYS!

Helps to develop interaction and communication skills through creative multi-sensory game play. The software supports 6 players using full-body interaction with additional options for eye gaze, speech, switches, touch, game controllers, mouse and keyboard inputs

### THE BODY IS THE CONTROLLER

OPEN UP A FUN NEW WORLD OF ACCESSIBLE INTERACTION AND BRING YOUR SPACES TO LIFE WITH KINAESTHETIC GAME PLAY!

### INTERACTION MODES...

#### 1. AUGMENTED REALITY

See yourself reflected in a mirror video image with live camera mode displaying your real-time image and environment. Virtual objects and interactive content will appear around you augmenting the experience, interact to bring your surroundings to life.

#### 2. INSET

Inset mode is the same concept as green screen, only here there is no need for a green screen. Inset mode removes the background environment and place users into virtual play environments. This is great for removing clutter and helping users focus on the content and activity.

#### 3. SHADOW

For those that do not like to see themselves in the videos image, Shadow mode helps to reduce anxiety by rendering the user image into the scene as a dark filled shadow. Shadow mode also removes the background environment and place users into a virtual play environment.

#### 4. AVATAR

Take control of on-screen avatars and watch the characters come to life with the movements you make. Open up a new world of Kinaesthetic fun in 3D space and explore spatial awareness, proprioception and enhance your ability to sense the position, location, orientation and movement of the body and its parts.

#### 5. FACILITATOR MODE

When working with a single user it is possible to set it to only track one user. This means caregivers can appear in the scene to support a user without interacting with the content. All interaction will be attributable to the user.

Support the development of movement and coordination with fun interactive play...

- Everyone Interacts
- Support Physiotherapy
- Environmental Control
- Learning Content
- Communication
- Self Awareness

## Immersive Projection Environments

**Accessible multisensory communication environments for learning, therapy and play!**

Combine an interactive floor with an interactive wall or choose 360° interaction for a truly immersive environment ...

Explore communication, amplify capabilities and make environments more responsive. An Immersive Room makes it possible for educators, health professionals, parents and caregivers to deliver accessible experiences designed for individual sensory, communication and access needs.

Gesture-based, users move to create dynamic effects on the surfaces around them.

Using highly responsive hardware, the latest motion-tracking technology and inviting, easy-to-use software with pre-loaded and editable themes, these systems offer endless opportunities for education, leisure and therapy. These environments bring learning to life and help to engage and include individuals of all abilities, as well as facilitating virtual experiences that may otherwise be inaccessible.

With edge blend technology your immersive room can feature content that can seamlessly wrap around corners, use curved projection or produce large panoramic landscapes. Projectors can also operate individually for multiple and independent activities in one area. What's more, customers can customise the imagery and sounds to suit personal need, adding their own photos, videos or music to tailor the environment to their requirements.

As each room is different and hardware is available in a range of specifications, please contact us for a quotation.

### RESPONSIVE ENVIRONMENTS

Immersive Rooms turns environments into creative multisensory canvases and makes it possible to play with experience in new ways. It is designed to support individual interaction and communication needs and helps caregivers to access the world of the user!

### WHY GET AN IMMERSIVE ROOM?

Create meaningful and engaging experiences for people of all abilities

#### Create Accessible Lessons

With an Immersive Room you can design how your lesson is delivered, what content is needed to meet the needs of pupils and how they will access it. Immersive Rooms frees you from the PC and allows you to control things from anywhere so you can elaborate on subjects without moving away from a pupil. The scope for designing things to meet individual needs is as wide as the creativity of the educator.

#### Explore Communication Scenarios

Design accessible communication scenarios and allow people to develop their skills using AAC devices and a wide variety of assistive access tools. Since all access methods and devices work together you can make scenarios that work for all and enable people using different devices to communicate together.

#### Support Therapy Goals

Develop speech and vocalisation skills, promote AAC usage with enjoyable and collaborative communication scenarios that allows AAC users to communicate with their peers, develop switching and access skills, fine and gross motor skills and more. The therapeutic applications and benefits

are wide ranging. In a sensory room, work on responses to multi-sensory stimuli or isolate and focus on sound, light, touch, vibration at any time. No complex setup, just speak what you want to happen

#### Interactive Sensory Stories

A sensory story is a highly engaging way to deliver accessible experiences and even more engaging when there is a dimension of multisensory feedback and interaction. With Immersive Rooms you can use objects as controllers so grab a bunch of story items and have people use them to make stuff happen in the story. Say the name of a character and it can come to life. When you have a good story you can tell it in lots of ways because Magic Room is non-linear so you can jump to any part. No story ever need be told the same way. This is also true for learning content and lesson delivery!

#### Engaging Multisensory Themes

Immersive Rooms has the potential to support a wide variety of sensory and learning needs and is designed to offer variable levels of output intensity so that stimuli can be increased and decreased to meet an individual's changing needs. Magic Room has a wide range of pre-designed experiences to get you started and offer masses of potential for you to create too!

#### Make Accessible, Inclusive Music

Turn your environment into an inclusive musical instrument and performance space and use any input device to play accessible music. Add your own sounds and make your own instruments, use objects to trigger sounds and phrases. Say and play Happy Birthday to peers using any input device!

**Contact us today, to get an Immersive Room Demo.**

## Supporting individuals with complex needs:

### Everyone Plays

Provides an inclusive play experience for people of all ages and abilities and supports a wide range of inputs and controls!

### Versatile

The breadth of content makes suitable for education, therapy and play. Great for schools, hospitals, care settings, day services, play centres and more!

### Multisensory

Interact with variable stimuli, visuals and sounds that respond when you move. The system also responds to objects, so you can use tactile objects to enhance the experience.

### Accessible Format

Turns any surface into an engaging interactive experience. Project on to floors, tables, beds, wheelchair trays and more.

### Creativity

Unleash your creativity. Input your own images, artwork, music and photos to create highly personalised activities for education, therapy and play!

### Hygienic and Safe

In hospitals and environments where minimising infection risks is essential, is the perfect inclusive play solution that helps to keep communal play spaces safe and clean.

OPEN UP A FUN NEW WORLD OF ACCESSIBLE INTERACTION AND BRING YOUR SPACES TO LIFE WITH KINAESTHETIC GAMEPLAY!

INTERACTION MODES... OFFERS A RANGE OF EXCITING INTERACTIONS THAT HELP TO MAKE THE SYSTEM SUITABLE FOR PEOPLE OF ALL ABILITIES.

## Bring surfaces to life and create an inclusive play environment for people of all abilities

### INCLUSIVE PLAY

Interactive Floor is an award-winning interactive projection system that displays motion responsive games and activities on to floors, tables and beds. It offers a wide variety of stimulating content that is suitable for multi-sensory exploration, play, learning, therapy and relaxation.

### NATURAL USER INTERFACE

Interactive Floor removes many of the barriers people face when interacting in mixed ability groups by offering a universally accessible interaction platform. It enables everyone to participate on equal terms and helps to create an inclusive play environment.

#### 1. RESPONSIVITY

The slightest movement over the projected image will cause an audiovisual effect response. User interaction creates real-time communication feedback with the content and allows games and activities to be responsive to body movement.

#### 2. INTERACTION

Allows multiple users to interact at the same time using a variety of different inputs, opening up a world of collaborative exploration and play. Output the image to a second monitor to enable eye gaze users to interact with peers that use body movements.

#### 3. DYNAMICS

Applications offer dynamic physics capabilities allowing movements to interact with virtual objects in a realistic way. Physics properties can be adapted so that small movements can be amplified to create a larger audiovisual effect.

#### 4. STIMULATION

Caters for a wide range of needs with applications designed for early stimulation, exploration and engagement. From simple coloured effects to realistic fish ponds, quizzes and games, provides variable stimulation levels for the needs of a wide range of people.

#### 5. KINAESTHESIS

Participants use their limbs and body to interact with the content, helping to enhance their sense of movement while shifting position, orientation and reaching out to interact with game objects. It is designed to get people moving and exploring their environment in a safe way.

## GET A DEMO

We provide live demos of all of Projector range, contact us now to book your FREE demonstration.

### Interactive Wall & Floor Projection

Imagine looking into a mirror and seeing yourself playing drums, splatting critters or tapping stars to change their colour and to make sounds. A movement of the hand or a flick of a finger can trigger any number of audio-visual events around you. Truly immersive, responsive, and rewarding. For individuals and groups. Fully customisable. ROMPA can install this for you please contact us for information.

Immersive and inclusive full-body interaction for learning, therapy, and play!

#### Inputs

Setup eye-gaze input, assign switches, game controllers, speech commands, and keyboard inputs to deliver accessible interactive gameplay for all.

#### Body Control Points

Set collider points on any one of the 25 available body parts and allow users to interact using the body as a controller.

#### Game Objects

Add interactive images and animated gifs to appear in your activities and have them transform on interaction using easy to apply game logic.

#### Voice and Switch Objects

Call object images into the screen using voice commands and switches – say 'dog' and dog image appears in the screen – this is useful for aiding symbol and speech comprehension.

#### Object Effects

Add stunning particle effects, explosions and transitions to object interactions and keep people engaged with dynamic audio visual content.

#### Camera Effects

Enhance you activity designs with one of the stimulating full-screen camera effects like water ripple or a spooky film filter.

#### Backgrounds

Colours, images, videos, mask layers, live cameras and YouTube as background layers. Build up scenes with stunning graphics.

#### Media Library

Media Library with 100's of stunning images, videos and sounds to use in your activity designs. Includes PCS Core Symbols from Tobii Dynavox.

#### Record HD Videos

Record user interaction in HD with in-screen game video showing how users interacted. Keep track of your sessions and use to inform levels of engagement.

## Interactive Projection Sand Box

Wonderful for therapy, education and entertainment for children, adults and older adults. Combines the responsiveness and activity opportunities of interactive projection with the palpable experience of sand for a highly multi-sensory experience.

Interactive augmented reality allows users to transform sand into the earth's surface with lakes, mountains, volcanoes and valleys; to dig up dinosaur fossils; to play 'football' and much, much more.

Loose materials such as sand allow imaginative play and creative activity whilst providing tactile sensations that promote fine motor skills, tactile perception and hand-eye coordination. Here's what's included:

- Table frame with metal reservoir for sand, laminated board top (to turn this into an interactive table), additional legs (to adjust the height) and projector arm
- Projector with 3D depth sensor, USB and HDMI cables
- Marble sand (recommended by therapists for motor skills development as especially mouldable)
- 94 wooden sensor objects – for the Interactive table games
- Wireless keyboard
- Software featuring activities for sand and table.

190kg, including 98kg of marble sand. Supplied in a crate. We recommend that this product is professionally installed as set up requires some time and competence.

"This is a versatile interactive tool which can be adapted to accommodate different levels of physical and cognitive ability. Largely suitable for children and young people but will also appeal to older teenagers. The interactive table top allows for educational opportunities such as spelling and reading challenges which encompass hand eye co-ordination and object recognition. More challenging table top games include designing a city in which the user can include objects such as buildings to challenge topographical orientation and problem solving. All these activities can be undertaken one to one or as a group activity to foster collegiality and team work.

The sand box is an additional element which extends the activities to include more tactile input. Again games offer different levels of complexity and have broad enough themes to appeal to a range of interests. The quiz games require hand eye co-ordination, scanning and searching, and problem solving. For example, seeking out buried treasure requires spotting corners of the treasure chest sticking out of the sand then digging them out whereas digging out mines requires you to seek carefully then lift the mines out gently. The lakes and mountains, and volcano programmes are excellent opportunities for collaborative play as well as strategic problem solving. These activities can also be augmented with additional items such as play figures to increase the challenges of the task undertaken.

Overall, this is a versatile tool that can be used for immersive play as well as for therapeutic interaction. The multi-sensory components increase engagement and attention as well as providing a flexible level of sensory stimulation."

*Lesley Collier, Divisional Lead/Reader - Occupational Therapy, Brunel University London*

### GET A DEMO

We provide live demos of all of Projector range, contact us now to book your FREE demonstration.

Videos are available on our YouTube Channel: Rompa.

Please note prices are subject to change, Contact [sales@rompa.com](mailto:sales@rompa.com), 01246211777 or [www.rompa.com](http://www.rompa.com) for our latest prices and availability.

**Interactive Projection**  
**Sand Box**

A great amount of unique games and constant expansion of game modes will keep your children excited for many years..

**VIDEO PROJECTOR AND RELIEF SENSOR MODULE**

We supply a high-resolution projector and a wider range of colors, which makes our games more realistic.

**TABLE FILLED WITH SAND**

It is very important for us that the tactile interaction is pleasant, the picture is rich and has no distortions. We supply special white marble sand.

**CONTROL BLOCK**

Thanks to unique software developments there is no delay in the processing of the sand surface, which allows us to implement such dynamic games as Sandball.

**FOR EDUCATION**

With the help of augmented reality ordinary sand turns into the Earth's surface with lakes and mountains, volcanoes and valleys, animals, dinosaurs and much more. Children study geography, structures of planets, figures, learn to navigate in space, develop memory and logic.

**MEDICAL PROPERTY**

Fine motor skills: interacting with sand all areas of the palm, the child stimulates all nerve endings of the palm, develops tactile sensations, perception of smooth and not smooth surfaces, feeling of small particles and loose materials'. Development of fine motor skills for preschool and primary school children.

**ENTERTAINMENT**

Interactive Sandbox is a unique world with elements of augmented reality, which every child falls in love with.

With the help of augmented reality ordinary sand turns into the Earth's surface with lakes and mountains, volcanoes and valleys, animals, dinosaurs and much more. Children study geography, structures of planets, figures, learn to navigate in space, develop memory and logic.

Interactive Sandbox includes unique games, which have no analogues around the world.

**Games:**

City Sandball	Mega World Alphabet	Sapper Castle Defense	Water Simu Land	Volcano Feed The Pet
Hedgehog Adventures	Guess The Animal	Space Geography	Fossil Melody	
Colour Balloons

### Portable sensory system

Combines high technology with simple design to provide a fully portable system for use in schools or at home. Creates colourful, engaging floor projections which responds and interact with body movement.

### On the go

Being the size and weight of a medium sized suitcase, it can be carried easily from room to room or transported using the wheeled base. Creating a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment.

### Picture perfect

The software and high brightness projector create multiple themes and images which are combined with in-built speakers for audio effects. The range of stimulating interactive and colourful themes includes 'Splat the balloons', 'scatter the leaves' and the interactive fishpond. It has a maximum projection size of 109 x 143cm. It comes with approx. 300 premade pieces of interactive content to get you started and the ability to add any image, video, or audio file to create your own interactive content.

The Cost-Conscious Mobile Interactive Floor Projection can be lay flat and used as an interactive wall via gesture.

snoezelen®

### Cost-Conscious Mobile Interactive Floor Projection

Similar functionality to our Mobile Interactive Floor Projection but without the height-adjustability in the frame. Customisable, with hundreds of themes, images, videos and audio files as well as a full training manual. Simple to operate and easily moved from room to room by either lifting it using the integral handle or pushing it on its wheeled frame. Petite enough to fit in a car. Once out its frame, it can also be laid flat for interactive wall projection (additional unit required) or used as a stand-alone DVD player to run a film on a wall. Lamp-based with 3500 lumens and so produces a much brighter and sharper image than the Compact version. Requires just one wall socket. Weight: 15kg. Size: 42W x 20D x 72cmH (out of frame); 59W x 43D x 72.5cmH (in frame); image size: 1.6mW x 1mH.

### Ultra-portable.

One of the smallest, most portable interactive projection units available. Lightweight and easy to move from room to room, offers instant 'plug and play' operation with no setup required. Ideally suited for use in a classroom, or at home, it creates bright, stimulating projections which interact with movement and touch.

### So easy.

With the optional Trolley it can project onto a table allowing almost any surface, including wheelchair trays, to become interactive. Easy to install, this system transforms any floor, in a domestic or educational setting, into a fun, immersive and interactive environment. Being only 12cm wide, 23cm high and 15cm deep, it is truly compact.

### Amazing content.

The software and high brightness projector create multiple themes and images which are combined with in-built speakers for audio effects. The range of stimulating interactive and colourful themes includes 'Splat the balloons', 'scatter the leaves' and the interactive fishpond. Comes with approx. 300 premade pieces of interactive content to get you started and the ability to add any image, video, or audio file to create your own interactive content.

### Compact Mobile Interactive Floor Projection

Our smallest system that was designed to make interactive projection accessible, affordable and easy at home, so families can replicate the benefits of the larger interactive systems their children access at school within the comfort of the home. Extremely portable and lightweight with no set up required. Includes themes, imagery, videos and sound effects for plug and play use, as well as click-together foam flooring and a full training manual. Roughly the size of a shoe box and weighing just 1.7kg, this allows parents to transform a bedroom or lounge floor into a fun and interactive environment. LED-based and low-voltage (one plug). 1000 lumens so the projected image is considerably less sharp than that of the other two mobile options. Wall-mountable. Optional trolley available for projecting onto a table top or wheelchair tray - contact us for more information. Image size: 1.2mW x 0.9mH.

## SENSe Flex and Flex +

Min 1.35m (W) x 1.03m (H)  
Max 3.1m (W) x 2.24m (H)

### Sense Flex Plus Projector

Mobile, portable interactive Sensory System. Electronically height adjustable it can do gesture wall projection as well as floor and table projection all from the same unit. The Flex+ combines new technology with simple design to provide a fully portable system for use in schools or at home. The Flex+ creates colourful, engaging floor projections which respond and interact to body movement. The Flex+ creates a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment. The Flex+ is electronically height adjustable allowing the projected surface to work equally well on the floor, table or bed.

Height adjustable at the touch of a button, fully mobile with castors. Variable Projection size from 1.35m (W) x 1.03m (H) to 3.1m (W) to 2.24m (H).

The SENSe Flex Plus has an in-built gesture camera, simply lay the SENSe Flex+ onto its back and it will project an image onto the wall and will allow you to interact with the theme on the wall via gesture. Within the software the ability to use the webcam will allow you to see yourself while interacting with the projection. The SENSe Flex+ really is the most versatile projection unit in the range, choose between floor, table, or wall all from one unit!

- Cloud based editor access is free for the first year.
- Optional subscription from year 1 allows continued access to the cloud editor and remote and telephone technical support
- Pricing for the subscription is £495 + Vat per year
- If you choose not to take out the subscription after year 1 then you will lose access to the cloud editor and no longer have the ability to create your own activities or profiles, you will still have access to the originally supplied activities as well as anything you created in the first year.
- Remote support can still be accessed out of subscription but is charged on an hourly basis.

R224270

£8,999.00

### Home Projector Set

Compact but high quality. Projects a sharp image in a darkened environment. Suitable for small spaces and can be used a few metres from your wall. With a light output of over 500 lumens. Includes 16GB micro SD card with both still and moving images such as soothing flower fields, under water scenes, aquarium vistas, forest scapes and waterfalls. The SD card can be expanded or over-written with your own images if you prefer more person-centred content. An alternative to the revolving and repetitive imagery provided by the traditional Snoezelen® LED Projectors which project part of an image at any one time. Includes compact speakers and a table stand. Can be linked to a PC and HDMI cables (neither included). Model may vary subject to availability.

#### BENEFITS:

- Multi-sensory – visual and audible
- Takes up minimal space
- Excellent clarity of imagery and sound
- Includes remote control for easy operation
- Customisable content for person-centred care
- Economical as speakers, tripod, remote, storage bag and sound card all included

R222944 10.5 x 10.5 x 3.7cmH

£710.95

### Space Projector

A slim-line projector to suit smaller sensory areas, including the home. Especially suitable for a child's bedroom. With an LED and so does not emit heat. Includes one easy-to-change Space Liquid Wheel. Ideal for modest budgets. A set of four different coloured wheels and Effect Wheels now also available. Silver-coloured. Latex-free.

R223209 25L, 24cmH

£118.95

### Ocean Wave Projector

Compact, colourful and calming, with 7 beautiful and dynamic visual effects. Portable and ideal for domestic use, such as for projecting onto bedroom walls at night time. Multi-sensory, it contains speakers and includes 4 sounds (forest, ocean wave, flowing water and birds, nature). Can be connected to your phone, computer or tablet. Music can also be played via your own TF card. With volume control, track selection and light control buttons on front. USB charged (includes USB cable, audio cable and remote control with timer options). Remote control requires 2 AAA batteries. Not a toy.

"Excellent product for reasonable price."

### Aura Projector

The perfect projector for the home. High quality, and an appropriate brightness for bedrooms (LED100 and LED Projectors are brighter for multi-sensory Snoezelen® environments). Features include:

- Timer
- Dimming control
- LED so no bulb changes and no heat
- Compatible with our extensive range of effect wheels
- Includes a Liquid Wheel (cannot be specified)
- Built in Wheel Rotator
- Wi-Fi connectivity

Not compatible with the Panoramic Rotator, Distortion Wheel, Clip-on Prism, Multi-Facet Mirror or the ROMPA® Wi-Fi range. Contents may vary.

"An Incredible Visual Experience. Our son Jonathan has learning difficulties. His main problem is caused by Angelman Syndrome. One of his biggest problems is SLEEP with the projector ... His team says it has helped him relax which is excellent for his whole well-being. Suffice to say we are very happy with the purchase."

*Joe B., Verified Buyer*

"I bought this for my son's birthday recently and we love it. It's nice and bright and the oil wheel is mesmerising!"

### Mirror Ball

When a spotlight is shone onto the Mirror Ball, multiple reflections of moving lights cascade around the room creating a truly mesmerising experience. The mirror ball works at its best attached to a motor which rotates the ball. This is not included but can be purchased separately (product code 18524 or 18525). The drive unit needs to be fixed to the ceiling or overhead support and connected to a 240v mains supply. Ideally used with an LED Spotlight e.g. Wi-Fi LED Spotlight (product code 20878). Typically with glass facets. Locate out of reach (not intended to be handled).

R224282	Mirror Ball - 30cm diameter	<b>£58.95</b>
R218524	Motor 1 - 1½ RPM. Our recommended means of revolving a mirror ball. Requires ceiling-mounting.	<b>£32.95</b>
R218525	Motor 1/2 RPM. Our recommended means of revolving a mirror ball. Requires ceiling-mounting.	<b>£82.95</b>
R214817	Wall Bracket. Suitable for use where existing ceiling is too high or not strong enough. Drive unit not included.	<b>£27.95</b>
R222587	Battery-Operated Motor Set. The portable option for your mirror ball. Offers freedom from plugs and sockets and flexibility of location. Approximately 2.5RPM. Includes motor, charger and 2 rechargeable batteries. Will hold a mirror ball up to 0.9kg (typical 15cm - 25cm mirror ball) - to be purchased separately. Size: 17cmH	<b>£45.95</b>

### Portable Mini Spotlight

Perfect for highlighting smaller areas with colour. With a removable bracket for suspension from a ceiling. Considerably cooler-running than traditional spotlights. Compact and safe. Pre-programmed, including sound-responsive effect. Not especially suited to use with mirror balls. Rechargeable, or use the included 12V adapter as a power supply. With a remote control.

### Wireless LED Spotlight

Compact, cool-running and maintenance-free spotlight. Choose one colour light all the time (6 options and white), from several colour changing programs or use interactively with a ROMPA® Wi Fi controller and Sensory Magic®. Visual effect is easily adjusted using DIP switches underneath, as is speed of colour change. No need for a colour wheel or lamp changes. With integral, angle-adjustable bracket. For indoor use only. Weight: 0.8kg.

**NEW****LED Ceiling Panel**

Transform an uninspiring or dark space into an inviting, cosy environment. The ultra-thin LED panels replace the desired number of existing ceiling tiles. The high quality image helps create an atmosphere and provide an illusion of daylight, as if it were a real window. Consists of LED panels, graphic photo, adapter and white aluminum lifter. Must be used in conjunction with a suspended ceiling. Several different sets and designs are available, including Clouds Air Balloon; Blue Sky; Forest Birds; Forest; Night Forest; Painted Ceiling & Underwater. Please contact us for further information or if you are interested in a bespoke image. Weight per panel: 4kg.

**Benefits:**

- Large and bright visual display visible from a distance, for visually impaired users, multiple users
- A set so looks more realistic than a single panel
- Simple to install standard ceiling panel sizes
- Suitable for all ages and abilities
- Can be enjoyed regardless of ability does not require any intellectual reasoning or prediction
- Realistic artwork looks real
- Static so won't cause dizziness motionless unlike Projectors and Effect Wheels
- Colourful and clever optical illusion implies access to the outside in rooms that have no natural light
- Great for individuals who are bed-bound, who spend hours looking at a ceiling and who are otherwise unable to access outside spaces
- Cheerful and bright could help lift mood soothing, universally-liked motifs
- Distracting in medical treatment areas and dentists
- Makes maximum use of minimal space good for small rooms with larger budgets
- Could be used to generate a theme e.g. with outdoor aromas, aquatic bubble tubes etc.

### Neo Lava Lamp - Wall

The only wall-mounted lava lamp available, the unique Neo Wall is suitable for homes and public spaces both on its own or in multiples. Straightforward to put up, the lead does not need to be chased into the wall and can simply be tidied up with the optional wall bosses included. The product is cleverly designed so that after fixing the backplate to the wall it simply slots into place and is fixed with two screws, Allen keys provided. Neo Wall has unique features that make it easier to put up than most wall lights. The lead simply hangs down the wall and plugs into a standard socket. Neo Wall lava lamp to the very highest quality and safety standards, is low voltage and powered by a 20w halogen capsule bulb, included. The built-in reflector ensures that heat and light are directed towards the lava and away from the metal making Neo Wall run cooler than most lava lamps, it is not only fixed to the wall the bottle is also attached to the base. This means that when assembled correctly no part of the product can fall and the bulb cannot be touched.

R2224140-Blue Chrome - Turquoise / Blue 14 x 8 x 40 cm **£86.95**

R224140-Pink Chrome - Violet / Pink 14 x 8 x 40 cm **£86.95**

### Neo Lava Lamp - Table

A specially developed low voltage lava lamp for children and adults. Unlike most lava lamps, has passed the stringent safety tests for children; it has a low voltage halogen capsule bulb, it is held securely together, has a shatter-proof bottle, and can be fixed to a surface for extra security. Neo lava lamp is designed by award-winning designers, is made of precision cast aluminum and looks as fantastic in an adult sitting room as it does in a child's bedroom. Unique lava lamp formula has brighter, clearer liquids last longer than other lava lamps. The halogen bulb (included and guaranteed for 1 year) is made specifically for use with Neo lava lamps to direct light and heat into the lava and away from the base. Warm-up time is between 1 and 3 hours depending on the surrounding temperature.

### Low Registration

This person does not notice or misses sensory events in everyday life that others readily notice or is slow to respond to sensory stimulation. He or she has a high sensory threshold, meaning they require lots of stimulation or a more intense sensory stimulus in order to respond. However, despite this need they do not actively seeking sensory stimulation out, e.g. not noticing someone entering the room. Typically include: Aromatherapy Kit (140332), Foot Massage Rolls - pair (14466), Everyday Aromas (14924), Gymnastic Ribbon (16285), Big Bug Massager (17603), Foam Foot Ball - set of 2 (18350), Spiky Rainbow Ball - set of 3 (19238), Koosh Ball - set of 4 (19349), Flashing Rainbow Knot Ball (19613), Infinity Light Wand (19850), Shape Shakers - set of 6 (19895), Egg Shaker - set of 4 (22131), Aroma Mist Diffuser with Refresh Blend (23247) & Spiral Glitter Wands - set of 4 (24023). Colours and content may vary subject to availability.

### Sensory Avider

This person deliberately acts to reduce or prevent exposure to sensory stimuli. This individual has a low sensory threshold, meaning they do not need much sensory stimulation in order to respond. As a result, they actively find ways to avoid too much sensory input during the day, e.g. only eating familiar food when in a foreign country. Typically includes: Bird Mobile (13003), Eggsercizer Firm (15003A), Eggsercizer Medium (15003B), Eggsercizer Soft (15003C), Top-Up Oil For Soother Sack (16607), Sensory Squares (16634), Koosh Ball - set of 4 (19349), Jungle Bowling Set (19508), Vibrating Neck Cushion (19958), Buggie (20500), Sprakly Play Foam - set of 4 (20954), Rain Tube (21880), Egg Shaker - set of 4 (22131), Flashing Textured Balls - set of 4 (22818), Constellation Ball (22824), Aroma Mist Diffuser with Refresh Blend (23247), Aroma Huggabuddies - Panda (24101) & CD Piano By The Sea (CD662). ## School Sensory Spaces Saver Pack

A collection of carefully selected products to use in a classroom, gym or corridor. Especially effective when purchased in multiples to accommodate a group of learners. The components can be used in a variety of ways e.g. Multi-Purpose Ball can be sat on in the Ball Stand or rolled over prone students to provide deep pressure input; The Tactile Multi-Purpose Cushions can be sat on or used as part of trail for balance, core strength, spatial awareness and co-ordination. As many of the products have multiple uses, these can energise and stimulate users or be used to calm and relax learners. More economical than purchasing parts separately. Contents and colours may vary, but set typically includes:

- Large Balance Dome (21481)
- Bumpy Multi-Purpose Ball 65cm (23058)
- Ball Stand Large (29150)
- Tactile Multi-Purpose Cushion 32cm (23128)
- Tactile Multi-Purpose Cushion 39cm (23129)
- Jumping Seat (19472)
- Balance Board (24052)
- Tactodiscs Set 1 (18296)
- Sensory Circles Set of 10 (22821)
- Hilltops - Set of 5 (22644)
- 6 Sensarings (14434)

## Sensory Circuits Saver Pack

Everything you need to help you create a sensory circuit. Perfect for schools to energise and settle students at the start of the day or after lunch in readiness for learning. Encourages concentration and focus as well as improving sensory processing skills. Motivating and engaging, sensory circuits can help improve self-esteem, alertness, spatial awareness and physical well-being. Includes activities for alerting (stimulation to prepare the brain for learning e.g. spinning, bouncing, jumping), organising (using motor sensory processing and timing skills for multi-tasking in the correct order e.g. balancing, co-ordination activities) and calming (last of all to avoid hyperactivity e.g. deep pressure and rocking). Especially effective when purchased in multiples for more students to enjoy. Contents and colours may vary but pack typically includes: Concertina Mat - Dark Blue PVC (20034), Sand Snake (18991), PVC Hoop - 70cm Blue (15322), PVC Hoop - 70cm Red (15322), Gymnastics Ribbon (16285), Hop Ball - Blue (17796), Lolo (18454), Multi-Purpose Ball 55cm (14572), Spinning Cone (14412), Tactodiscs Set 1 (18296), Mini Rocking Board (15505) & Weight & Balance Cushions - set of 8 (18850).

## Have you visited our fantastic Meaningful Activities for Older Adults website?

[www.olderadults.co.uk](http://www.olderadults.co.uk)

Meaningful Activities for Older Adults supports Care Homes, Carers, Family members and friends with resources for: meaningful activities, reminiscence, rehabilitation, orientation, Snoezelen® MSE, furniture and so much more.

Transform any space into a multi-sensory reminiscence area with our innovative, space saving sensory furniture range.

Space can be at a premium in care homes and you may not always be able to have a Snoezelen® Multi-Sensory Environment and a reminiscence room. We have addressed this problem by combining traditional furniture with Snoezelen® multi-sensory products.

### Benefits

- ✓ Multi-purpose & multi-sensory
- ✓ Traditional styling with a contemporary twist
- ✓ Reassuringly reminiscent with a modern day functionality
- ✓ Practical and meaningful
- ✓ Perfect for those without the space for a dedicated Snoezelen® Multi-Sensory Room
- ✓ Comfortable and comforting

### Making Music with Mummy - Baby Sensory Saver Pack

A variety of sounds and instruments to grab baby's attention as well as encourage tot's movement, co-ordination and listening skills. Exposure to music helps children differentiate and identify sound patterns, learn through repetition and provides the foundation skills for literacy and numeracy. Contents may vary but typically includes: Mini Rainstick(17241), Diddy Rain Shaker (18892), Egg Shaker - set of 4 (22131), Rythm Pals - set of 4 (22788), Oogi Glow Junior - set of 2 (23263), Pull & Play Xylophone (23375) & CD Mother and Baby (CD632).

R223397

£73.95

### Moving with Mummy - Baby Sensory Saver Pack

Get babies and tots grabbing and gripping, throwing and turning, sorting and spinning – encourage a variety of motor skills to help in later childhood with imaginative and social play, as well as activities of daily living, such as holding pencils and cutlery. Contents may vary but typically include Jungle Bowling, Spin and Feed Shape Sorter, Oibo cubes, Mini Top and set of 6 tactile balls.

R223398

£93.95

### Sensory Play Pony

Explore, pat, hug or ride this precious pony. With rattles, textured tabs, a shatterproof mirror, a photo frame, crinkle fabric flap, zipped pocket and fringe to capture attention and encourage interaction and early learning. Squeeze his ear to play trotting and neighing sounds. Soft, multi-sensory and intended to nurture baby's growing developmental skills – physical, cognitive and social. Use under supervision to encourage fine motor skills, dexterity, hand-eye co-ordination, listening and later imaginative play, language, counting and colour recognition. Non-slip bottom helps prevent slipping. Requires 2 AAA batteries (not included). For 9 months and over.

R223370 56cmL (71cmL including the feet) x 23W x 40.5H (to top of head)

£82.95

### See and Stimulate - Baby Sensory Saver Pack

As baby grows and his/her vision develops, these resources can be used to encourage focus, visual tracking (following objects with the eyes), colour and depth perception, object recognition, social awareness (looking at own reflection) and hand-eye co-ordination. This pack provides opportunities for play (essential for learning) as well as opportunities for identifying any sight/developmental problems. Contents may vary but typically include Mystery Sensory Balls (for sound as well as reflection), Flip Fish (for colour as well as tactile stimulation), Crab Mirror (for bathtime play), Oibo cubes (for motor skills) and a Parachute (useful for supervised family/group activity such as lifting and lowering the parachute over a lying tot to create a soft breeze).

## The Complete Snoezelen® Water Resource

Water offers a change from the normal environment. It provides pleasure and can have enormous therapeutic value, assisting in relaxation, improving circulation and restoring mobility. Add **SNOEZELEN®** with water in the bathroom, spa pool or Jacuzzi and add another dimension to sensory stimulation. Create atmosphere using fibre optics, aromatherapy and music. Dim the lights and take sensory experiences to a different dimension.

**ROMPA®** can provide your Water Snoezelen® environment - from a modest bathroom to larger pools. Please contact us for further information.

- When introducing equipment designed for either battery or mains use into a Water Snoezelen® environment, obtain professional advice on equipment suitability and installation.
- Under no circumstances should people in the water handle electrical equipment, including items such as speakers and lighting.

### Spa Lights - Set of 2

Float on the water surface and project six different light displays across the bottom of the bath – fade, flash, alternate, static etc. Alternatively, stand on a flat surface and project beautiful colour changing light displays on nearby surfaces. Requires 3 AAA batteries (to be purchased separately). Inexpensive and really effective.

R222301 9cm diameter **£18.95**

Perfect for smaller rooms

### LED100 Projector for Water Environments

Less powerful than 22126, and lower voltage. Please purchase a Magnetic Wheel Rotator and one or more Effect Wheel. 12V DC. Please seek advice from a suitably qualified electrician regarding the safe installation of this projector.

R223008 21.5L x 12.5W x 8cmH (27cmH with bracket) Vat Relief **£423.95**

Perfect for bigger rooms

### LED Projector for Water Environments

Provides distraction and visual stimulation during bathtime. Adapted for use in damp environments, but equally useful in communal areas such as living rooms and dining rooms. IP20 rated.

- Creates a large and ever-changing projection
- Provides age-appropriate imagery to promote conversation and to help bathers to relax
- Easily personalised - use a different effect wheel according to individual interests

Please purchase a Wheel Rotator and one or more Effect Wheel.

R22126 37L x 13.3W x 23cmD including bracket VAT Relief **£566.95**

### Snoezelen® in the Bathroom Benefits:

- ✓ Transforms bathing into a multi-sensory activity through pleasant aromas, sounds, lighting and tactile experiences
- ✓ Alleviates stress and agitation and provides a calming environment
- ✓ Encourages choice, individual preferences and promotes person-centred care
- ✓ Provides distraction and stimulation to reduce feelings of anxiety and embarrassment for both the client and the care-provider

### Super Safe Plastic Fibre Optics for Water Environments

Provides the same effect as our usual Super Safe Plastic Fibre Optics but these are specially treated for use in water environments such as bathrooms and pools. Best used for darkened environments. Requires light source 19210 or 21452 for 2 harnesses. Please seek advice from a suitably qualified electrician regarding the safe installation of the light source.

R222957 3m x 150 strands **£278.95**

R222958 3m x 200 strands **£308.95**

### Large Colour Changing Lights

Great for encouraging movement and exploration. Hollow yet strong. Includes a small remote control to select one of sixteen colours, or to fade through different shades. Rechargeable. Once charged for 6 hours, it can be taken off the base station to provide 10 hours of light. For use indoors or out. Water-resistant with an IP65 rating. Tested up to 80kg of load.

R221740 Large Colour Changing Egg - 42cmH x 30cm diameter **£114.95**

R222268 Large Colour Changing Pebble - 40 x 40 x 20cm diameter **£87.95**

R222269 Large Colour Changing Ball - 40cm diameter **£87.95**

**'Grass' Sofa**

Quirky and innovative, this large sofa is suitable for outdoor use for adults and children. Make it a feature of your garden and brighten up any outdoor area or patio! Weight approx 90kg - this product will require a 3 man lift.

R222020 209L x 85H  
(37 cm seat height).

**£978.95**

**Dice Spinner**

Encourage social games, turn-taking, movement and healthy competition amongst people of all ages. For younger players, this is great for early maths skills. For those with visual impairments, the large scale and contrasting colours help make this inclusive. Additional installation costs may apply subject to location. Size: 120 x 150cm.

R223359 **£669.95**

R223411 Includes installation into  
tarmac **£690.95**

**Rustic Play Hut**

Encourages social skills such as turn-taking, sharing and co-operation as well as communication and imaginative play. Also provides a shelter for observing nature and wildlife. Use like a friendship bench – youngsters looking for a play mate can wait inside the hut. A natural alternative to synthetic, plastic houses. With a coarse bark finish for rustic appeal. Minimal assembly required. Can be free-standing or secured to the ground. Large and heavy (approx. 100kg) – two people are required to unload this product on receipt.

R222846 160W x 90D x 140cmH

**£2,083.00**

**Sand Pit**

Spacious enough for a small army of diggers, sand castle makers and bucket-fillers. Messy play is important for physical development (practising fine motor skills, hand-eye co-ordination etc.), intellectual development (exploration, understanding cause and effect etc.) and it provides great sensory opportunities. Strong, the sides are made from sleepers. With a terram liner. Excludes sand (requires approx. 4 tonne) and cover. Assembly required. Free-standing. Large and heavy (approx. 240kg empty) – two people are required to unload this product on receipt.

R222861 240 x 240 x 40cmH (10cm edge)

**£2,052.00**

**Sensory Gardens****Garden Design Service**

Includes:

- On-site visit from a Landscape Architect at a time that suits you
- Time to view the users of the space to understand their needs
- Detailed consultation with project team to ensure best use of all available space
- Hand-drawn design by an experienced landscape architect
- Plan detailing individual elements

Benefits:

- The design meets your needs as closely as possible
- The price of the design is fully refunded from projects installed through ROMPA®
- The design is yours to keep regardless of the provider you choose
- A tailored approach to your circumstances - traditional gardens to roof gardens, playgrounds to urban settings
- Exceptional results that are multi-sensory, sympathetic to nature and age-appropriate

**Fee refunded from your sensory garden, if you choose not to proceed the design is simply yours.**

R222887

**£1,150.00**

**Mud Kitchen**

Great for imaginative, sensory- and role-play. Make mud pies, pretend to cook, work in a make-believe café, use for planting or as an outdoor work/study station. Encourages movement, turn-taking, co-operative play and motor skills. Made from pressure-treated Redwood. Includes chalkboard and sink. Free-standing (moveable). Large and heavy (approx. 50kg) – two people are required to unload this product on receipt.

R222857 100L x 50D x 120cmH **£911.95**

**Mud Digging Bed**

Marvellous for messy play! Encourages imaginative play, creative interaction and learning whilst building up sensory tolerances and social skills – all at the same time as enjoying fresh air and getting exercise. Could also be used for planting and understanding of science (seasons, weather, life cycles etc.). Timber frame with a terram liner. Free-standing. Excludes soil - requires approx. 500kg. Large and heavy – two people are required to unload this product on receipt.

R222858 200L x 200W x 20cmH

**£626.95**

**Mud Potting Table**

A work bench, accessories station, shop counter ... a simple but useful addition to your outdoor environment to encourage meaningful activity and movement. Not intended to be used as a seat. To be concreted in place. Large and heavy (approx. 40kg) – two people are required to unload this product on receipt.

R222859 100W x 50H x 20cmD

**£503.95**

### Duo

The notes are securely attached to the resonators for maximum vibration with incredible tones and resonance. Half the notes are aluminium; half are GRP (glass reinforced plastic) – each material gives a distinct sound when played. The curved shape makes it easier for individuals with limited range of movement, or players in wheelchairs, to reach all of the notes. Size: 110L x 85W x 85cmH

# Seating, Positioning & Furniture

Comfort

Positioning

## Chatsworth range

This ever-popular range is now better than ever

- Ergonomically designed
- With a higher cushion for additional back support
- Solid foam with separate cushions but without a rigid wooden frame
- Stitched not nailed
- Multi-sensory, with eye-catching and tactile fabric options
- Contemporary and aesthetically pleasing for a multitude of environments, including homes and waiting areas
- Softer, slimmer and more curvaceous styling
- Supportive without compromising on comfort
- High back versions have 56.5cm deep seats

Available in a huge choice of colours. Choose from our standard PVC or 2-tone options - Faux Leather combined with Tactile Fabric. As these products have seams, they are not completely waterproof. Where there is the occasional risk of incontinence amongst furniture users, we recommend that PVC is chosen.

L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them

### Chatsworth Chair

PVC - please specify colour when ordering.

Lots more Chatsworth furniture options overleaf  
Eligible For VAT Relief

The Chatsworth range includes individual pieces of furniture as well as settees and corner units that can be placed together to maximise the space available. These modular pieces can be used in a variety of combinations and are perfect for waiting areas. For example, team a 3 Seat settee that has a single arm with a Corner Unit to fill a whole wall. A second settee with the opposite single arm could be added to the other side of the Corner Unit to fill 2 adjacent right-angled walls. With so many colours, sizes and sensory options to choose from, it's up to you!

To make the furniture even more comfortable and inviting-looking, why not add some scatter cushions? Choose matching colours or contrasting shades for visual stimulation.

Remember, L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them.

## Deluxe Fabric:

### Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

Amber      Aubergine      Light Green  
Chestnut      Zinc      Azure

## Deluxe Fabric:

### Textured Fabric

Contemporary yet classy colours with a blend of texture and softness to suit every indoor environment. Beautiful, tactile and practical. Fire-retardant (Crib 5), stain-resistant, phthalate-free and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching. All the colour options are anti-microbial.

The sides of these products can be made in Textured Fabric, whilst the remainder (e.g. seat and cushions) is typically in Faux Leather.

Biscotti  
Hessian  
Pewter

### Corner Unit

PVC - please specify colour when ordering.

R222535	Standard   90W x 90D x 75cmH	£679.95

### Musical Positioning Cushion by ROMPA®

Gives tactile and aural stimulation whilst providing comfortable support. The bean bag envelopes the user so the vibrations and the music from the special integral speakers can be felt in the body for a truly profound sensory experience. Requires music system with provision for external speakers with a minimum output of 50w per channel. Available in PVC, Polyester or Faux Suede - please specify fabric and colour when ordering (see back of catalogue). This product has a zip for manufacturing purposes only.

Cost Conscious

### Fold Up Massage Mattress

Compact and comfortable. This Massage Mattress folds up for ease of transportation and storage. It is extremely versatile and can be used on the floor, on top of a bed or on a chair. The handset gives easy control of the mattress, including massage motors and heat. May vary slightly subject to availability. This product has a zip for manufacturing purposes only. Please note: the mattress is typically black - the items shown underneath the mat are for illustration purposes only. Not suitable for those with thrombosis, epilepsy, blood pressure problems, acute illness, varicose/inflamed veins or during pregnancy.

"Very good equipment. It helps to relax and calms my child's anxiety. I am very pleased with this purchase."

Paula P. Verified Buyer

R220666	170 x 60 x 8cm	<b>£102.95</b>
---------	----------------	----------------

### Horseshoe

A cushioned platform to surround a Musical Positioning Cushion or ROMPA® Positioner (both to be purchased separately). Keeps the Musical Positioning Cushion/Positioner steady, makes access to it easier and provides additional seating area for a carer to rest alongside for reassurance. Also allows the Cushion/Positioner to be raised at one end to form a back and head rest. This product contains wood. PVC - please specify colour required when ordering.

R219546	160L x 145W x 40cmH	VAT Relief	<b>£472.95</b>
---------	---------------------	------------	----------------

### Positioner by Rompa®

Same size and fabric/colour options as the Musical Positioning Cushion but without the vibration and music (entirely bead-filled). Please specify fabric and colour when ordering.

R218483	Faux Suede	VAT Relief	<b>£360.95</b>

### Vibrating Floor by ROMPA®

This cushioned wooden floor vibrates automatically or in response to music or vocal stimuli. It is particularly suitable for those with mild or total sight/hearing loss as it provides valuable tactile stimulation. Also used for those with autism.

- Provides three methods of vibratory stimulation:
  - Built in oscillator to vary frequency and extent of vibrations.
  - Musical stimulation.
  - Amplifier and leads supplied for ease of connection to any music centre or radio.
- Used with the microphone provided it can help to stimulate vocalisation.

Vinyl - please specify colour required when ordering.

### Musical Water Bed by ROMPA® (B)

Fine vibrations of rhythm, tone and beat can be produced through your music system, which connects to the bed. These are picked up through the skin as tactile stimulations. The bed adapts to the body shape giving warmth, comfort and muffled noise, possibly similar to foetal experiences in the womb. The bed has a wooden base and is mounted on a giant loud speaker cabinet. The bed can also be used for interactive stimulation by means of the included microphone to create your own sounds. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. PVC - please specify colour choice when ordering.

#### Musical Water Bed

"The bed was easy to set up with good instructions on its set up and use. The bed is a valuable asset in our sensory room serving to support, relax and stimulate children at different times. The musical aspect of the bed is especially useful for autistic children and those with PMLD who appreciate the sensory feelings coming through the mattress from the speakers below. The bed base and mattress are very well made and the speaker fitted into the bed base and amplifier and microphone supplied are of good quality and work well."

*Caroline Jones, Grant Co-ordinator, Gloucestershire*

#### Platforms (C)

We can manufacture wooden platforms (with hoist access as required) to meet your requirements. Please contact us for information.

### Water Mattress by ROMPA® (A)

A heated water mattress which moulds itself to the shape of the body giving total unrestricted support without any pressure points. The gentle support by water allows even the slightest movement to be felt. The special double isolated heater pad with variable heat control maintains the mattress at a comfortable temperature. The water mattress is designed to be used on the floor or a suitable strong support capable of taking the total weight when filled - the double bed weight is half a ton. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. The cover is made from strong, reinforced durable vinyl which can be wiped clean and is available in a range of colours. Includes heater pad, fill kit, 17m (50ft) hose pipe, water conditioner and instructions. Platforms for the Water Mattress can be made to your specifications by special order. Vinyl - please specify colour when ordering. This product contains wood.

£244.95

R224129 Square | 300 x 300cm

£417.95

### Secondary Slab

Multi-function bean bag – flat as a large floor cushion; on its side as a hammock seat; or propped against the wall as a chair. Can help focus and encourage study as it allows the student to choose his/her most comfortable position – reclining, prone or seated. Great for sixth form common rooms and after-school homework clubs. Sky Blue, Lime Green, Orange, Pink or Purple – please specify colour choice when ordering. Woven polyester. Most effective when used in multiples. Each

R222240 125 x 120cm

£87.95

### Chunkies by ROMPA®

Chunkies are versatile wedge cushions filled with polystyrene beans which mould to the body, creating a firm yet movable support. Useful for positioning, therapy and play. The Large Chunky could be used for lying on the floor with the user's back on the slope; a taller person could lean on it with their tummy on it; for providing relief from being in a wheelchair; for prone extension (strengthens the back and neck muscles and encourages the head to be held up); neck extension; help with sitting balance as you are building trunk support and for behind the knees (for those who don't like lying flat). To try to improve trunk control, start with support from a firm Wedge and then reduce support with a different sized Wedge or Chunkies Covered in heavyweight durable vinyl. Moisture proof and easy to clean. Please state the colour combination required (see page 222-223).

R214036 Large Size: 56W x 84D x 54cmH

£128.95

### Primary Chair

Comfortable seating for children in the Snoezelen® MSE, sensory corner of the classroom, library, reception or bedroom. Can be taken outside as made from shower-proof and UV-resistant fabric. Soft and water-resistant. To be stored indoors. Royal Blue, Forest Green or Cream – please specify colour choice when ordering. Most effective when used in multiples. Woven polyester. Each.

R222237 70cm diameter

£77.95

### Secondary Bean Bag

Comfortable and cool. Inviting, practical and easy to move into a quiet corner for study or into a group for conversation. Sky Blue, Lime Green, Yellow, Orange, Pink or Purple – please specify colour choice when ordering. Most effective when used in multiples. Woven polyester. Each.

R222239 80cm diameter

£87.95

### Foam Wedges by ROMPA®

A firm foam filled wedge covered in easy to clean heavyweight durable vinyl. Foam Wedges are ideal for use on chairs with the pointed edge to the back. For someone with increased tone and spasticity, the wedge puts someone in a more flexed position at the hips. Also used for raising the feet for foot care; on a bed under pillows to raise the head; during baby massage. Please state the colour required (see page 222-223). Special sizes can be made to order.

R214037 Small Size: 38W x 46D x 18cmH

£51.95

R214038 Large Size: 50W x 50D x 23cmH

£58.95

### Primary Square

Far more comfortable than sitting on a hard chair, carpet or grass. As the child is snug and therefore less likely to fidget, he/she can concentrate and participate fully on the activity in the Snoezelen® room, classroom or outside area. Soft, bright and inviting. Water-resistant. To be stored indoors. Sky Blue, Lime Green or Purple – please specify colour choice when ordering. Woven polyester. Most effective when used in multiples. Each.

R222238 70 x 70cm

£77.95

### Bean Bags by ROMPA®

Comfortable and supportive bean bags which mould to the shape of the user. Sizes suitable for children through to adults. PVC or Polyester. Available in selected popular colours. Please specify on ordering. This product has a zip for manufacturing purposes only.

## De-escalation Rooms

ROMPA® can design and install calming spaces for demanding environments such as schools with students with Behavioural Emotional and Social Difficulties (EBD), offenders' institutes and prisons. These installed facilities provide a robust and safe environment where individuals with challenging behaviours and aggressive tendencies have an opportunity to calm down and be encouraged to manage their own behaviours. Intended to reduce risk and potential injury, these low stimulation rooms are designed to foster the safety of the individual, peers and supervisors alike.

These spaces should only be used as part of a wider structured plan following good practice guidelines and appropriate legislation. Use of these environments should always be for a carefully monitored and minimal time, with the best interest of the individual at its heart.

Contact ROMPA® for further information: 01246 211 777

## Furniture for demanding environments

Requests to include furniture in our range that would be appropriate for demanding environments encouraged ROMPA® to design furniture and cushioning to meet those needs. With the appearance and comfort of standard furniture, these products have additional features:

- Light with no hard corners
- Durable, moisture repellent covers to withstand robust use
- Hand finished seams which replace zip fasteners
- Additional sealing of seams for improved hygiene
- Chairs that support body weight when seated which will collapse when stood on.

Call ROMPA® for advice on the most appropriate furniture for your needs.

From consultation with carers and medical staff at high risk units such as Rampton Hospital, ROMPA® have developed Seclusion Furniture. With great attention to detail, this thoughtfully conceived range promotes staff and patient/inmate safety. Durable, and easy to clean, this furniture meets all relevant safety and fire retardancy standards.

### Seclusion Furniture by ROMPA®

Specifically designed for use by clients with severe behavioural problems and unpredictable tendencies. Features:

- No inner wood or metal frame, therefore no hard surfaces
- No zips, cords nor sharp edges
- Client cannot hide objects in the chair
- Client's hands are visible
- Low position and sloping armrests mean client cannot get up hurriedly
- Available in Polyester or PVC - please specify when ordering.

## Solid Structure Ballpools for all applications.

Some people want to release energy whilst others wish to sink back and relax. Whatever your preference ballpools offer an inviting opportunity for a major change in environment. They provide safety and support for limbs and body. They allow movement whilst providing touch contact all over the skin area. Use ballpools as an adventure, pulling and pushing, lifting and falling. They offer a chance to turn the journey into a shared experience. Ballpools can be made to any size - 2, 3 or 4 sided. When ordering, please state the external dimensions. Ballpools are built around a wooden frame, and are cushioned with high quality, latex-free foam. Contact ROMPA® NOW for advice on measuring or a price quotation for your tailor-made ballpool.

**Ballpool balls are available in a large range of colours and quantities by special order – please contact us for a quotation.**

### NUMBER OF BALLS REQUIRED FOR BALLPOOL

### Corner Ballpool by ROMPA®

This economical 2-sided Ballpool fits into the corner of your room, using the room walls to complete the structure. The vinyl base attaches to the sides with Velcro® strips. This product contains wood. Fitting instructions included. Can be used with or without wall cushions - please state preference. The walls are 20cm thick. Balls to be purchased separately. PVC - please specify colour when ordering.

"Fantastic Item for where space is an issue. We ordered this product back in 2006 for our daughter ... and it's still going strong! Really durable, tough vinyl ... and not a rip or tear in it 9 years on! I cannot praise highly enough how sturdy the walls are once fixed ... many a time 'perched' on by us when supervising daughter ... and no dents from our weight!! It's a fantastic design that can fix into any corner, utilising your existing walls for the rear 2 sides ... It was easy to fix with the wooden brackets attached, and has stayed put all these years with no problems at all! The inner floor mat is also tough ... made from heavy duty vinyl, which velcros on to the sides to fix. All in all, this ball pool scores highly with me 11/10 ... definitely a quality item that is well made and lasts many years, as mine has proven!"

# Sensory Integration & Movement

## Sensory Integration & Movement

Vestibular and proprioceptive senses are often overlooked beyond the "traditional 5 senses", although they form an essential part of our day to day lives.

Proprioceptive senses process information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other, other people and objects.

The Vestibular sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells us whether we're moving or we're still, as well as the direction and speed of our movement. We can even tell if we are vertical or horizontal – even with our eyes closed.

Combining the development of both Proprioceptive and Vestibular senses, the practice of Sensory Integration can assist in developing the ability to process this information.

### TheraGym®

ROMPA® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions. TheraGym® products are high-quality and affordable - they are considerably less expensive than alternatives available elsewhere, without compromising on functionality or quality.

**Relaxer™ Travel Size Weighted Blanket**

Helpful for calming during the day and to aid relaxation during daily activities that could otherwise become stressful situations. Take it almost anywhere for convenience and reassurance e.g. in the car, on the plane, at the dentist's or hairdresser's. Suitable for children and adults. Affordable and portable. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. Cotton outer for comfort and durability, even after repeated machine washes. Pattern-free to avoid distraction and visual over-stimulation. With a scoop neck for comfort to avoid discomfort around the face and neck. Colours may vary.

All the weight of the Relaxer™ Travel Blanket is on the person therefore the Travel Blanket can weigh less than a weighted blanket used for sleeping.

**"A great portable weighted blanket. My daughter has used this a number of times. It really does help reduce her agitation in stressful situations".**  
*Tony C., Verified Buyer, Bristol*

**Sleep Tight™ Weighted Blanket**

Helps clients to become calm and comfortable to encourage restful sleep. Suitable for clients weighing over 9kg (20 lbs) who have difficulty calming down to get to sleep. With a curved neck cut-out to help prevent the blanket from bunching around the face. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. As a general guideline, blanket weight should be from 15-25% of client body weight, although we recommend that you seek professional advice as to the suitability of these products for your particular client. Colours may vary.

Machine washable.

**"Brill. My daughter had this wrapped round her as soon as she got it. She is much calmer and is sleeping better already."**

Weighted Sensory Cushion

Curious and calming. The tactile and visual objects enclosed invite exploration whilst the weight of the cushion may offer a sense of security. Large enough to place across the lap or on a table for a shared activity. Large size and objects to suit the visually impaired and those with limited fine motor skills. Objects selected are appropriate for all ages. With double-stitched seams and thick PVC fabric for extra safety. The cushion is quite rigid and so is not especially suitable for the frail.

### Squease Vest

Inflate to make the air tubing in the vest tighter to apply firm pressure to the trunk and back, and so induce safe and secure feelings. For those with sensory processing difficulties, this deep pressure on muscles and joints can be regulating, help improve sensory integration and restore a balanced emotional state (e.g. reducing stress or anxiety). May help encourage self-regulation as the user controls the amount of pressure exerted. Wear over a thin top, with other garments over the vest. With Velcro® side and shoulder straps, zip at front, ventilation holes and hand pump with quick release valve. Nylon with a thermoplastic polyurethane coating. Contains rubber. See size chart on our website for further information. Extension straps available – contact us for more information.

'At school, I am now able to carry out tasks that I would otherwise not have dared to do, and I can complete them successfully! The vest makes me feel less stressed when doing schoolwork.'

*Chris*

'The deep pressure helps to relieve my anxiety. I have worn the garment whilst driving my car (always a very stressful activity), which resulted in me being very relaxed. I inflate the vest a couple of times per day for around 20 minutes at the time. After 10 minutes, I start to calm down and enjoy wearing the vest for just a little longer.'

*Marije*

'I love it – I feel like there's a force field around me. I'm 'living' in my Squease and really enjoying its benefits. In a shopping centre or going for a plane – anything where there's lots of noise or chaos, I really value the Squease.'

*Dr. Wendy Lawson*

### Weighted Vest

Made from soft, breathable, non-flammable material, these vests slip over the head with ease and close at the shoulders and sides with Velcro® for easy adjustment and a snug fit. Weight packs are inserted into the eight concealed pockets of the vest. Each pocket has Velcro® to keep the weight packs in place. The length of the vest can be adjusted by folding up the lower part and securing using the Velcro® strip on the inside. Machine washable (remove the weights beforehand). Size measured top to bottom of the vest by circumference, measurement around the waist.

**"Great product. We were recommended to get a pressure vest by our OT but I found it extremely difficult to find one small enough for my daughter. This one fits perfectly and was a good price. We've already seen a lot of benefit from it in increasing stability and use it every day. It is easy to clean and washes/dries quickly."**

### Ball Blanket

Creates an intense feeling of security. The weight and movement of the hollow polyethylene balls inside the blanket create pressure for a soothing effect. The balls can be removed whilst the micro-suede blanket cover is machine washed. With strong touch-fasteners. Colours may vary.

R221371 178L x 140cmW

**£535.95**

### Binni-Sofa™

Multi-purpose, this wearable beanbag provides a unique and inviting solution for those with sensory processing challenges. Intentionally snug to get into, but once on, it provides comfort and soft pressure like a hug as well as stimulation and activity as need arises. The bead filling in the inner cushions gives a pleasant sound element, especially when moved against the floor. One size (designed for children 3-12 years but will fit a slim teenager/adult). Each. Colours may vary. For 3 years and over.

R223311 40L x 42D x 24cmH

**£144.95**

### Body Roller

Provides deep pressure as the child crawls between the rollers for additional sensory input. Providing appropriate sensory input through a product like this Roller may reduce self-stimulation and self-harming amongst children craving deep pressure. Tension and pressure are easily adjusted to each user's specific needs – you can choose the appropriate level of proprioceptive feedback for your child. The rolls are fully padded which helps the child to relax. Available in red, green and blue – please specify colour choice when ordering. User weight limit: 136kg (300 lbs).

R221772	Replacement band for Squeezer. Each.		<b>£12.95</b>

### Lap Pad Set

Non-invasive method of providing proprioceptive and tactile feedback for seated users. Each pad holds separate weight strips (included). Weights are safely secured at both ends so pad can be reversed. We recommend a suggested starting point the use of weights totalling a maximum of 2.5% of the clients total body weight (this would be less for a small child). Pliable and non-flammable. Polyester with PU foam. Colours may vary.

R218633	35 x 23cm	VAT Relief	<b>£51.95</b>
R221558	Large Weighted Lap Pad   Includes 3.6kg of weights   61 x 25cm		<b>£51.95</b>

### Neck Wraps

Hours of therapy and snuggle time with these weighted neck wraps. Each made from soft fabric. Can be heated in the microwave for use as a heat pack or cooled in the freezer for use as a cold press. Suitable for use by all ages under supervision. This is not a toy. Unscented. Weight: 1kg (2.2 lbs).

R229144	Kitty Cuddle   53L x 10Wcm	VAT Relief	<b>£30.95</b>
R229145	Puppy Hugs   53L x 10Wcm	VAT Relief	<b>£30.95</b>

### Weight & Balance Cushions - Set of 8

Four pairs of cushions weighing 50g, 100g, 150, and 200g. Match the cushions by colour or weight. Useful for balance, comparative activities, colour recognition, encouraging conversation (e.g. adjectives), posture and almost infinite games. A wonderful alternative to plain bean bags.

R218850 14 x 10cm

£38.95

### Weighted Animals

Lovely for home or the classroom. Designed to provide deep pressure input throughout the day. Contains approximately 1.7kg (3.7 lbs) of beads. Hand wash only in cold water and air dry.

R221370 Weighted Turtle | 20cmW x 5cmH

£59.95

### Weighted Cat

Provides comforting pressure to the user to help keep them grounded and focused. Intended for use at home, school or during therapy. Valuable for individuals with learning difficulties or for older adults with Alzheimer's. Polyester. Colour as shown. Hand-wash only as filled with metal pellets. For 3 years and over. Weight: 1.8kg.

"Purrfect weighted cat Very well made and beautifully soft." -

Alicia B. Verified Buyer

R223195 35L x 17W x 20cmH

£48.95

### Sand Snake

Stand on the tactile snake and it will not roll to one side. Position the snake straight, curved or coiled. The elastic textured material massages the feet. Ideal for use in therapy for people with perception difficulties. Polyester cover with quartz sand inside. The fabric is suitable for most allergy sufferers. Hand-washable at up to 40°C. Because of its weight, can also be an excellent Sensory Integration tool for calming. Colours may vary.

- Useful for balance and co-ordination activities
- Some users choose to carry the snake wrapped around the hips to improve spatial awareness
- Can be coiled and sat upon to provide movement to promote concentration

R218991 150L x 6cm diameter

£51.95

### Weighted Pencil Set

An innovative writing tool recommended for individuals with sensory processing issues and/or fine motor skills. The weight and textured surface provide increased sensory input and proprioceptive feedback to the hand whilst writing, which helps to increase focus, hand-strength and dexterity; normalise writing speed; and/or decrease the grip force used to hold a pen/pencil. Includes 1 aluminium hand-piece, 1 weighted tip, 1 pencil adapter tip and 6 pencils. Weight: approx 60g (2 oz).

R221589 13cmL\*

£38.95

**NEW**

### Cuddle Ball

By simply squeezing and cuddling the ball, children will experience a deep and calming pressure, that will help them deal with all of the anxiety and stress they are going through. There are gaps in the ball to allow hands and arms to be placed inside providing extra comfort and warmth. The cuddle ball is often seen by slightly older children, to be an acceptable alternative to more traditional soft toys, such as a teddy bear. Internal bells tinkle to the slightest movement, providing auditory stimulation. Colours may vary. Suitable for 3 to 14 years.

R224028 25cm

£28.95

## Haley's Joy®

Portable, practical and perfect for the Occupational Therapist on the go. Ideal for use in schools and domestic settings where a permanent frame is not viable. Modular, with many accessories.

### BENEFITS

- Frames set up and break down in just minutes
- No tools required
- Light-weight yet durable
- With foam-padded, high-strength aluminium uprights
- Functional and safe
- Switch between 1- and 2-point suspension
- Great for therapists in schools, hospitals, clinics and homes
- Mobile and portable
- Easy assembly
- 3 sizes and seating available

## Haley's Joy®

*A clever system created originally just for Haley and now available just from ROMPA®!*

Haley was a little girl who experienced challenges centering herself and focusing. Her family searched for ways to help her development and found Floortime therapy. The first challenge her parents encountered was gaining Haley's interest and attention during these interventions. With great delight they discovered that Haley's first experience on a vestibular swing proved to be exactly what she needed, and it became her most beneficial tool.

Haley's grandfather, an engineer by trade, designed and built her a portable vestibular swing, one which could be moved to any room, and used to engage Haley in therapy and developmental activities, such as puzzles and reading.

*For her family, the swing provided a practical solution.  
For Haley, the swing provided pure joy.*

### Haley's Joy® Sensory Wrap

Provides deep sensory pressure. The interior is made of a comfortable microfibre fabric. The exterior is a durable woven nylon, which can be easily spot cleaned. Suspended with easy-to-clean vinyl covered chains. To be suspended from 2 points of the Haley's Joy® Frames nearest to the Frame legs. Not intended to be suspended from a rotational single suspension point. Can be used with the 22993 Haley's Joy Carrying Bag for Sensory Wrap. Size: 102L x 51cmH

### Haley's Joy® Balance Buddy

#### Bolster Swing

Designed to help improve balance, core strength and reactions to maintain body alignment. The foam padded frame is covered with an easily cleaned moisture/wear-resistant vinyl. Suspended by 127cm vinyl-covered height-adjustable chains. Disconnect the Balance Buddy Bolster from the chains and use it as a therapy roll on the floor. Suspend from the 2 points nearest to the Frame legs, not the central point of the Haley's Joy® Frames. Compatible with 23001 Balance Buddy Carrying Bag. Size: 91cmL x 33cm diameter

### Haley's Joy® Reagan's Ride

A soft seat swing that provides surrounding pressure for enhanced stimulation. The interior is made of a comfortable microfibre fabric that can be easily spot cleaned. The exterior is made from high strength fabric. The removable pillow (included) is covered in a zippered microfibre fabric case. The swing has a 20cm total range of adjustment up/down, which is independent front to back, allowing the swing to have some backward tilt (if desired). Suspended with easy to clean vinyl covered chains. To be used on the linear suspension points of Haley's Joy® Frames or from a rotational single point. Can be used with the 22994 Carrying Bag for Reagan's Ride.

### Haley's Joy® Interlocking Foam Padding Squares

Tested for heavy usage, this lightweight and durable foam padding will add cushion and comfort underneath the On the Go Swing's blue mat. This EVA foam is closed cell, so it's completely waterproof, non-toxic, lead-free, and easily wiped clean with mild soap and water or a damp cloth. One side of the padding has a herringbone texture, to provide grip. Comes with edges.

"Our On the Go Swings have become the cornerstone of two sensory-motor rooms that our therapy team established in 2 of the school districts we serve. The swings are very easy to set up and perfect for the variety of students we serve with both vestibular and core strengthening needs. The ease of set-up and take down allows us to not only transport the swings but to reconfigure the room as we add equipment and make changes to meet the needs of our students. Both of our swings have the centre rotational device allowing us to use a variety of swings that require either a single point attachment or 2 point attachment for linear movement. The safety and versatility of these swings have made them the perfect choice for our students."

*Mary Kay Eastman, PT, MS, Therapy Coordinator, Athens-Meigs Educational Service Center, Athens, Ohio*

### Hanging Bracket

Purpose made bracket designed for fixing to timber or metal. Fixings not included.

Note: Please ensure you ascertain from the appropriate authorities that the fixing point is suitable and will hold up to 450kg.

Size: 13 x 30.5 x 10cmH

R221928 13 x 30.5 x 10cmH **£102.95**

### Height Adjustment System

Provides you with the best way to vertically adjust your equipment for every client's individual needs. One of the most critical pieces of equipment to provide flexibility and versatility for any therapy program. Includes a Safety Rotational Device (21559), 3m Therapy Rope (21607), Safety Snap (21570), Vertical ascension device and a locking carabiner (more than simply 21607 and 21546). An additional Safety Snap (21570) is needed to secure the system to the end point of suspension and should be purchased separately. Working load: 225kg (500 lbs)

R221548 VAT Relief **£299.95**

R221607 3m Therapy Rope VAT Relief **£87.95**

R221546 Height Adjuster only VAT Relief **£149.95**

### Vertical Bouncer Kit

Use with any swing for added bounce! Specifically designed to enable controlled bouncing and vestibular stimulation with any therapy equipment you attach to it. Includes 2 Single Vertical Bouncers, two 2 Double Vertical Bouncers, and 2 Safety Snaps. Reinforced elastic loops are sewn onto the ends of the Single and Double Vertical Bouncers. Weight capacity: 129kg (285 lbs)

R221567 VAT Relief **£205.95**

### Safety Rotational Device

Provides a connection to a single suspension point using the included Safety Snap, allowing for smooth and safe rotation of equipment in a clockwise or anticlockwise direction. Strong aluminium body with steel roller bearing and forged eye ring. Weight capacity: 725kg (1600 lbs)

All single point suspended swings should always be used with a Safety Rotational Device.

R221559 VAT Relief **£90.95**

### Locking Safety Snap

Provides a connection between equipment and either an accessory and/or the final point of suspension. With an integral locking mechanism that screws closed over the opening to prevent the snap from opening inadvertently. Zinc-plated steel. Supports 25 Kilonewtons (255Kgf) and meets requirements of EN362:2004. Weight: 180g

R223011 **£11.95**

## CEILING SUPPORT LOADING

Note: Please ensure you ascertain from the appropriate authorities that the fixing point is suitable and will hold up to 450kg load at up to a 45° angle in any direction.

## CEILING HEIGHT

All hanging equipment requires a minimum ceiling height of 2.5m (8ft) and should be positioned a clear distance of 1.8m (6ft) from any adjacent walls and other obstacles. All swings suspended from a single point require a Safety Rotational Device.

### Swing Seats

Ideal for vestibular sensory stimulation, these colourfast moulded polyethylene seats are made to last. Includes webbed nylon safety harness, adjustable nylon ropes and pommel for safety. Supports up to 159kg (350lbs). For use with Swing Frame 16884. Affordable, sturdy, and great fun!

Code	Description	Inside HxWxD	Outside HxWxD

### TheraGym® Over the Moon Swing Sets

Provide many opportunities to experience multi-sensory input. Each set includes a half moon-shaped support made of strong Baltic birch wood, a heavy-duty bar strap and several options to secure these to your suspension system. Working load: 136kg (300 lbs). Colours and styles may vary. Please purchase a Safety Rotational Device separately.

**R221581** Set A | Includes a Vertical Bouncer Kit (2 Single Bouncer units; 2 Double Vertical Bouncer units; and 2 locking Safety Snaps); a Bouncing Swing (half moon bar; swing seat and straps); Sling Swing (with 2 Safety Snaps); and an additional Safety Snap (i.e. 5 Safety Snaps in total). VAT Relief **£535.95**

**R221583** Set B | Includes an 81cm Trapeze Bar and a set of 2 Acrobat Rings (either can be attached to the half-moon-shaped support with 91cm reinforced nylon straps) and 2 Safety Snaps to attach the straps to the wooden support. VAT Relief **£391.95**

**Sensory Integration is a therapy that should be carried out by suitably trained and qualified people. These swings are intended for controlled movements - they are not toys.**

### TheraGym® Sling Swing

The Sling Swing provides stimulation in a prone or seated position with its versatile aerial hammock suspension and quality construction. Safe for everyone from children to adults. Includes one safety snap. Weight capacity: 136kg (300 lbs)

"This can be hung from one suspension point, or two, and so both linear and rotational vestibular input can be achieved. A fantastic swing to help develop tonic extension and integrate retained primitive reflexes. This also makes it very able to achieve supine positions. We also use this swing in Sensory Attachment Interventions as it can provide a nurturing feedback when slowly rocked, and can cocoon the person."

*Annie Doubleday, Emma Jerman, Occupational Therapists*

**R221580** 124.5cmL x 76cmW VAT Relief **£246.95**

**All suspended equipment must be used in conjunction with a Safety Rotational Device (Page 130)**

### TheraGym® Therapy Net Deluxe Swing

Provides linear and rotational movements to enhance core development and motor control. Whilst some children seek the comfortable and soft enclosure of a fabric swing like the TheraGym® Tear Drop Swing, others prefer the more open and visible space provided by a net swing. Our Therapy Net Deluxe Swing helps a child feel secure whilst their vestibular system is stimulated. This also provides a safe haven for activities such as reading and studying. A heavy-duty nylon cord unit is suspended from welded steel rings. Includes one safety snap. Vinyl-covered birch board (58cm diameter) is optional. Working load: 225kg (500 lbs).

**R221585** 122cmH VAT Relief **£82.95**

**R221586** Optional Deluxe Net Swing Accessory Board VAT Relief **£102.95**

### Beano Swing

A robust, waterproof polyester bag filled with polystyrene beans. Swing on the Beano by gripping the swing between your thighs, resting on the bean bag seat. Working load 90kg (200 lbs). Colours may vary. Includes a built-in plastic reinforced tear-shaped loop at the top of the rope to be hung from your suspension system. The length of this rope makes this swing unsuitable for use with the Suspension System 17687. This product has a zip for manufacturing purposes only. Size: seat 90cm circumference, 50cmL; rope approximately 140cmL.

R214113 VAT Relief **£92.95**

### TheraGym® Bubble Swing

Colourful and comfortable. Suspended from one point, the client can straddle the swing and hold on with both hands. Suspend from 2 points and the client can lie on it prone or straddle and glide. Filled with micro-fibre for a bean bag sensation. Includes 2 safety snaps. Working load: 159kg (350 lbs).

R220530 104cmL VAT Relief **£463.95**

### Tube Swing

Multi-directional swing that is colourful and appealing. Sit on it or lie across it on your tummy. Fun and functional. The heavy-duty and zipped polyamide cover is both inviting and practical as this covers the air valve of the inner tube and makes the swing easier to hold onto. Includes reinforced suspension bands. Requires inflation.

#### BENEFITS

- Colourful and appealing
- Fun and functional
- Cover provides comfort and prevents access to air valve
- Ideal for the many children who do not like the sensation of rubber

R221893 Child | Max weight supported: 80kg | 50cm internal diameter; 85cm external diameter **£249.95**

R221894 Maxi | Max weight supported: 100kg | 83cm internal diameter; 135cm external diameter **£339.95**

All suspended equipment must be used in conjunction with a Safety Rotational Device (Page 130)

Sensory Integration is a therapy that should be carried out by suitably trained and qualified people. These swings are intended for controlled movements - they are not toys.

### Suspension System

Total versatility!

Eliminate the need for costly architects, engineers and builders

The answer for therapists who cannot install a suitable ceiling support eye bolt or who may move premises.

- Made from thick structural steel tubing 12.7cm x 7.6cm
- Solid, stable and free-standing
- Will support almost any piece of suspended equipment
- Stays in place even with rigorous activity
- Will not slip or slide
- Spacious standard system includes 3 forged eye bolts spaced 90cm apart on the top beam
- Uprights and bases are heavily padded for added protection
- Easy to assemble and take apart for transportation
- Perfect for rooms where the ceiling is not strong enough to support SI equipment
- Working load approximately 600kg (1,340lbs)
- Weighs approximately 317.5kg (700lbs)

Size: 3 metres (10ft) high, 3.6 metres (12ft) long and 2.4 metres (8ft) deep at the base.

Mats and swings to be purchased separately. Colours may vary.

Please note: this product requires assembly by at least two people and appropriate lifting equipment.

R217687 VAT Relief **£2,575.00**

### TheraGym® Tear Drop Swing

Provides a gentle swinging cocoon sensation. Features include a machine-washable nylon mesh swing and a Vertical Bouncer Kit (21567) to attach the swing to a secure point of suspension. With a high opening to increase the enclosed effect, please consider access into this swing e.g. Soft Play Steps. Working load: 90kg (200 lbs)

"This swing instantly seems to attract attention from the younger child, some of whom seem drawn to this and want to feel cocooned. They love the sense of safety that this provides, and feel secure in the swing. With a smaller opening than other swings, this gives a better sense of separation and physical boundary. They have described it as their bubble. Our sessions consider therapeutic space, such as activities working in close proximity and tight space, and being able to push against flexible boundaries feeling like 'womb space'. It has therefore been a valuable swing in our Sensory Attachment Interventions too."

Annie Doubleday, Emma Jerman,  
Occupational Therapists

### TheraGym® Time-In Swing

Offers several options for vestibular input. Its soft, supple and washable nylon mesh fabric construction is perfect for gentle swinging and relaxation. The stabilizing bottom board acts as a solid flat floor for sitting or kneeling and can be easily removed to create a more snug sensation. Comes with an extra-strong safety snap. Weight capacity: 90kg (200 lbs).

R221574 162.5cmL x 61cmW

VAT Relief

**£451.95**

### Suspension Swing

Suitable for individuals with movement difficulties. The swing can also be set in motion using the hands on the ground. Games such as picking up bean bags, throwing at targets while swinging are also possible. Can be used in all body positions such as lying face down, on the back or sitting up. Even nervous users will soon gain confidence when using this swing. Height adjustable. Cover: brushed canvas (100% cotton).

R219234 Child | Suitable for a child 3 years+ | Max load: 100kg | 98 x 75cm |

Ropes 105cm long

**£205.95**

R222687 Adult | Suitable for an adult approx 150-200cm tall |

Max load: 200kg | 153 x 79.5cm

**£308.95**

All suspended equipment must be used in conjunction with a Safety Rotational Device (Page 130)

Sensory Integration is a therapy that should be carried out by suitably trained and qualified people. These swings are intended for controlled movements - they are not toys.

ROMPA® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions.

### TheraGym® Seesaw Glider & Swing

Three swings in one! This multipurpose vinyl-covered swing can be used in a variety of ways: as a traditional glider; as a seesaw; or on an incline, providing significant versatility in the therapy space. With three points of attachment for multiple functions, simply adjust the height of the rungs by knotting the rope. Comes complete with 6 safety snaps and a 182cm long rope. Working load: 180kg (400 lbs).

R221550 122cmL x 43cmW

VAT Relief

**£469.95**

### TheraGym® Square Platform Swing

Provides many multi-sensory opportunities with extra stabilizing features: a hanging disk to keep the swing moving uniformly and a carpeted platform to keep clients in place. With one suspension point to allow the child to go in different planes of movement which increases the vestibular input and challenge. This hardy swing has a solid Baltic Birch wood base with a smooth edge for safety, and a soft removable carpet pad. Safety snap included. Weight capacity: 360kg (800 lbs).

### Floating Cloth

A unique Sensory Integration resource for providing tactile, vestibular and proprioceptive input. Encourages motor planning and co-ordination. Can also help build muscle-tone. For balance and therapy or for relaxation. Can be used outdoors (and then stored indoors). With four covered mounting springs for dynamic movement. For suspension from four points or two (for use as an enclosure). Includes cloth, springs with mounts and 8 safety snaps. Washable polyamide with acrylic straps. Intended for use by an adult or a child. Maximum load: 200kg.

R222480 250 x 250cm

**£1,030.00**

### TheraGym® Chillax Swing

Versatile swing in 2 sizes! A multi-use swing for proprioceptive and vestibular input, active play, or peaceful relaxation. The swing can be hung by using the two included rails for a hammock effect or without the rails for an increased deep pressure calming feel. The small swing is constructed with four layers of heavy-duty Lycra for extended durability and steady swinging motions. Comes with two (2) precisely milled wooden dowels, and two Safety Snaps. Both have a weight capacity of 90kg (200 lb).

### Billowing

#### Cushion by ROMPA®

A foam base with air cushion creates an exciting Billowing Cushion. Lying or sitting on the cushion provides vestibular stimulation which can be controlled by the user or another person. Also provides proprioceptive and deep touch pressure input. Rolling on and

off the cushion is posturally-demanding, strengthening the core and trunk, whilst working on antigravity flexion and righting reactions. Moving around the cushion facilitates gross motor patterns and joint compression. Useful in Snoezelen® and Sensory Integration environments, it is a safe depth and is great for crashing on. Please state colour choice when ordering. Vinyl.

### Airex Mats

Manufactured from soft closed cell latex-free PVC foam which is lightweight, warm to the touch and has a ribbed texture. Non-slip, anti-bacterial, and shock-absorbing so protecting against injury.

R214602 Corona | 185cm x 100cm x 1.5cm

£175.95

### Floor Mats

Don't forget that our mats are ideal for Sensory Integration rooms too!

Floor Mats can be made with handles by special order. Should you need to regularly remove floor mats (to allow wheelchair access for example), ROMPA® can make easy-to-move floor mats to suit your requirements.

We can also manufacture mats using foam of different densities. Should you require firmer mats with less 'give', we can make mats with a choice of higher density foams.

Please contact us for further information.

### Connect-a-Scooter

Probably the most versatile scooter we've seen!

- Tongue and groove interlocking edges allow scooters to be joined
- With safety handles to help keep user in position and hands away from wheels
- Bold, bright colours
- Excellent value!
- Generously sized at 30.5cm square
- Supports up to 90kg

"Simple and fantastic, this item has been the most sought after and well used equipment we have introduced at the youth club."

*Lorraine K., Verified Buyer, Withernsea*

"Great value for money! They have proved to be very popular with the children in my classes."

*Helen D., Verified Buyer, Newport*

R217812	30.5 x 30.5cm   Each	<b>£28.95</b>
R220771	Set of 4	<b>£108.95</b>

### Didicar®

Propelled forward just by turning the steering wheel to and fro. No batteries, motors or pedals. Tough moulded plastic is easily cleaned. Encourages exercise, physical development, balance, co-ordination, spatial and speed awareness. For 4 years and over. Colours may vary. Supports up to 100kg. Requires minimal assembly. Weight: 3.8kg.

R221340 80 x 30 x 25cm **£51.95**

### Scooter Board Paddle

Encourages movement and can help users manoeuvre their scooter board. Scooter Board shown for illustration purposes only. Design may vary subject to availability. Each. Size: approx. 100cmL

R222256 **£32.95**

### Push Along

Develops physical control, hand-eye coordination and muscle control as well as encouraging children to follow directions. Fun and inviting. For 18 months and over.

### Hip Hop Jumping Mat

Children can safely let off steam by jumping on the mat, then rest and relax on it afterwards. Fun and encourages movement and balance skills. Great as part of a sensory circuit, or for a Soft Play environment. The suspension system is completely integrated inside (no exposed springs nor hard frame) whilst a non-slip base provides stability. The sides are made of easy-to-clean synthetic leather (polychloride, polyester and cotton mix). The top has a dark grey woven fabric (acrylic, polychloride and polyester mix) which can be steam-cleaned or cleaned with an upholstery cleaner.

R223336	Small   Typically red   Max user weight: 40kg   107L x 70W x 17cmH	
		<b>£198.95</b>
R223285	Large   Typically blue   Max user weight: 70kg   130L x 90W x 25cmH	
		<b>£381.95</b>

### Large Balance Dome

Excellent for balance, rehabilitation and sensory perception activities. Can be used either way up. With a rigid base and a valve to adjust the pressure. Rubber. Especially valuable when purchased in multiples. Colours may vary. Each. Weight: 4.3kg.

R221481	45cm diameter x 23cmH	<b>£82.95</b>
---------	-----------------------	---------------

### Seesaw

Pliable synthetic rubber domes on the underside ends and on the base of the pivot provide a softer, more dynamic movement and help protect the floor. Plastic, with a non-slip surface. Maximum load: 75kg. Weight: 1.4kg.

R222648 52L x 22W x 14cmH

**£45.95**

### Trace & Balance

Stand on the board with the feet on the foot prints, and use balance skills and core muscles to roll a ball through the path. Helps develop motor skills and planning. Includes wobble board and 4 wooden balls (small parts). For 3 years and over.

R223325 45L x 30W x 5cmH

**£32.95**

### Balance Sphere 40cm

Wooden, circular balance board with non-slip top. Plywood. It is recommended that socks/shoes be worn as surface is intentionally bristly

R224053

**£22.95**

### Balance Disc

Co-ordination, balance and automatic leg, buttocks and arm reactions are developed. Ideal for neuro-physiological therapy. The disc can also be used in water. The holes in the disc allow the water to flow out at a controlled rate, making doing exercises while floating on the surface of the water or at the bottom of the pool possible. Anti-slip underlay and instructions included. Supports up to 120kg.

R219224 40cm diameter x 9cmH

**£29.95**

### Balance Board

The most complete and functional balance board, which allows you to swing from side to side safely thanks to the non-slip hexagons of the base. It provides a smoother and easier to control movement. Children can stand or sit on the table while they develop motor function and improve balance. With handles to grab. It allows to make turns and lateral movements, thanks to the lateral pivots of the base where the child rests while changing the weight of the body. Exercises the muscles, mechanical balance and proprioceptive stimulation of children. Soft rubber base to prevent damage on the ground. Weight of the table: 1.8 kg. Maximum load: 60 kg. Available in light green, fuchsia and dark blue - selected at random.

R224052 60.8L x 30.4W x 16.0H mm

**£25.95**

### Teeter Popper

A unique instrument for play... how it's used is up to the kids! Whether they rock it, roll it, sit in it or stand... kids want to move with Teeter Popper! How wildly fun it is! "POP-POP-POP... POP-POP-POP!" Senses go for a ride every time they play. A cinch to maneuver - stand, sit, rock, tilt, wobble, wiggle, spin. How children play is however they choose. Hand kids a Teeter Popper and walk away... but don't look away. Seeing the curiosity, the surprise, the concentration on their faces as they attempt new movements is something you don't want to miss. Teeter-popping excitement is catching, (so are their giggles). Kids find themselves teetering on the brink of perfect physical play. No special skills are needed. In playful exploration, Teeter Popper improves core strength, stability, leg strength, balance, coordination, and gross-motor skills. Curiosity wakes up, senses come alive, imagination engages, and creativity gets moving!

- Arouses curiosity, stimulates senses, engages imagination, encourages creativity
- Improves core strength & stability, balance, coordination, and gross-motor skills
- A cinch to maneuver - stand, sit, rock, tilt, wobble!
- Developmental challenge in a unique form
- Attractive & simple
- Versatile shape and bright colors
- Highly durable plastic body
- Pleasant POPPING sound rewards movement
- Unlimited ways to play
- Appealing to young children
- Silicone suction cups
- Appeals to a wide range of ages

### LED Blacklight

Use with fluorescent and glow products to enhance the visual effect. 30W. 220-240V. Weight: 0.8kg.

R222970 51L x 6 x 5cm

**£58.95**

## Disclaimer

### Ultra Violet Lights

Over exposure to UV light can cause eye problems. Limit exposure to UV light accordingly.

### UV Lantern with Torch

2 lights in 1! Economical and portable lantern. Fitted with a 6W 10cm UV tube with reflector for maximum light output. With large sliding ON/OFF switch and cord handle for ease of use. Includes 4 AA batteries. This is not a toy.

R218888 16L x 5.5W x 2cmD

**£20.95**

### Sensory Den

Dark 'tent' that can be easily assembled and taken apart then compactly stored away in just a few minutes. Provides a cosy hideaway to provide a calming and safe retreat free of distractions or a dark space to use for visual stimulation and exploration with your own lights and glow products. A flap over the entrance (and window on the Standard size) blocks light from entering when down, or can be left open to maintain contact/supervision. Portable and potentially useful for holidays or where permanently available space is restricted. Includes storage bag.

**£82.95**

R223305 Giant | 120 x 120 x 180cmH

**£144.95**

### Star Seat

Cosmically comfy! Use flat for several children or against a wall for back support for an individual. UV-reflective star print adds visual interest and can be used to theme a room or prompt conversation. Especially effective when used next to acrylic wall mirrors. Filled with fire-retardant bead. Hard-wearing polyester is water-resistant and can be wiped clean. For indoor or outdoor use (store inside). Blue-green blend as standard. Bead and fabric tested separately for fire-retardancy.

R223400 125L x 100cmW

£102.95

### UV Dance Sack

Following the popularity of our Dance Sack, here's a glow version for drama in the dark! Neon yellow material is luminous and especially visually appealing in ultra violet light. Highly elastic, highly enjoyable. Machine washable at 40°C. Each. Closed up by a zip - the user will be enclosed so please make sure that the user is comfortable with this. Open and close the zip with care to avoid fabric being caught in the zip/the zip puller becoming detached. Regularly inspect the Dance Sack for signs of fraying and repair/replace as necessary.

"Really cool. Fantastic place to hide away or to use dance around under UV light. Fab product."

R220393 38 x 28 x 4cm

**£21.95**

### Mystery Balls - Set of 6

They look the same but have different contents, so they sound, feel and roll differently. The shiny and smooth mirror surface draws attention and provides a curious, distorted reflection. Useful for sensory exploration, comparative concepts, language development, fostering hand-eye coordination and motor skills and for imaginative play. Stainless steel. Suitable from birth, but appealing to all ages.

R223121 10cm diameter

£41.95

### Sensory Reflective Colour Burst Buttons

Robustly constructed from stainless steel, these 7 giant colourful buttons have a pleasingly rounded discus shape with smooth seamless edges and are graduated in size from 50mm to 140mm diameter. Having a metal construction makes our Sensory Reflective Buttons highly durable and with a deluxe feel. They are lightweight, smooth, and compellingly tactile to handle. The hand-finished mirror surface provides a slightly curved and distorted reflection in a variety of colours, which is fascinating for children to observe. Ideal for inspiring creative language, using imaginative play and constructing fun wobbly stacking towers.

Stainless steel is an ideal material for using in sensory play resources:

- Chemical-free – no toxins
- Durable – strong and lightweight
- Hygienic – non-porous and naturally bacteria resistant

Supports the following areas of learning:

- Personal Development - sensory
- Understanding the World - observation
- Physical Development - motor skills
- Physical Development - hand-eye coordination

NEW

### Sensory Reflective Colour Burst Balls

Beautiful multi-coloured balls robustly constructed from hard-wearing, hand-finished stainless steel. The colour burst effect provides a spectrum of bright metallic shades on each ball, with a fascinating reflection that distorts like a fish-eye lens to give children an intriguing view of themselves and their surroundings. Stainless steel will warm to the touch to encourage further sensory discovery and the tough lightweight material makes the balls easy for even the youngest children to handle and explore. Set includes 4 balls. Stainless steel is an ideal material for using in sensory play resources:

- Chemical free – no toxins
  - Durable – strong and lightweight
  - Hygienic – non-porous and naturally bacteria resistant
- Supports the following areas of learning:
- Personal Development - sensory
  - Understanding the World - observation, colour
  - Physical Development - motor skills
  - Physical Development - hand-eye coordination

R224199 6cm, 8cm, 10cm and 15cm diameters.

NEW

### Sensory Reflective Silver Buttons

Sensory Reflective Sound Buttons are tactile and reflective and allow your child to create fantastic and fun wobbly stacking towers, whilst their acoustic properties will spark your child's curiosity. The 3 giant buttons have a smooth, mirrored surface with a metallic gold, silver and colourburst appearance. The stainless steel construction makes them robust and highly durable with a premium feel, whilst still being lightweight for your child to easily carry and stack them. They are chemical free with no toxins and are ultra hygienic with their non-porous and naturally bacteria resistant qualities. Your child will enjoy making funny faces as they watch their distorted reflection in the surface and will find the way light reflects from the curved surfaces curious and interesting. Each button has different internal contents which produce individual sound effects. A great way to inspire creative learning through play and encourage imagination and language skills, particularly for children with SEND.

R224202 65mm dia.

# Tactile

## Tactile

The sense of touch keeps us in contact with our surroundings. Our tactile ability is vital to our survival, is one of our modes of communication and is fundamental to our learning.

"The average person touches 300 different surfaces every 30 minutes ... The average person with a profound disability will likely touch 1 – 5 surfaces in the same timeframe"

You can find the following exciting and innovative products in the Tactile section

- Wall panels
- Table top resources
- Activity Boards
- Tactile games
- Vibration and massage products
- Fidgets
- Cushions and Blankets
- Saver Packs

## Pillows

## Fidgets

### Midi Abstract Tactile Panel

### ROMPA® Tactile Panels have many uses including:

- exploration of the textures for enjoyment, not as part of a goal-orientated activity so there is no pressure to achieve
- tracing lines and visual tracking
- stimulating conversation and an awareness of preferences e.g. the different sounds can encourage discussion about musical likes and dislikes, the different fabrics can facilitate an understanding of clothing needs
- musical or imaginative play - touch the corresponding texture or instrument as it is mentioned in a story ...
- for orientation - as tactile signposting along corridors for those with visual impairments

### Abstract Tactile Panel by ROMPA®

Aesthetically charming as well as highly tactile. A large variety of fluid shapes, raised and recessed areas as well as contrasting textures make this contemporary looking panel as pleasing to the touch as to the eye. Textures have been carefully chosen to offer a range of temperatures, softness/hardness, smoothness/coarseness and include fabric, tile, carpet, synthetic turf and safety mirror. To be wall mounted. Wooden frame. Colours and features may vary.

### Wooden Frame

Cloud-shaped rectangle frame to hold three of the Tactile Squares on a wall.

The Tactile Squares are interchangeable and give the option to be used on a table, lap, or wall-mounted.

Our Tactile Squares are wonderful for sensory exploration as well as for encouraging interaction and motor skills. These squares are equally tactile and visual, as well as offering shared and individual activities with a memory and nostalgia focus.

Designed by an Occupational Therapist, they are meaningful, with each one having its own age-appropriate theme. They provide an opportunity for discussion, reminiscence and for carers to learn more about their residents/family members.

Tactile Squares are to be purchased separately.

R220833	Standard Frame	Size: 120 x 48cm	<b>£133.95</b>
R220834	Cloud Frame	Size: 120 x 48cm	<b>£175.95</b>

### Dream Activity Cube

Perfect for early learning, the Dream Activity Cube is packed full of exciting activities to keep little ones engaged. Each side has a colourful challenge to develop their motor skills while they play, including bead mazes, peg sliders and a shape abacus. Made from eco-friendly wood and non-toxic paints, it's safe for kids plus kind to the environment as well. If space is tight or for neat tidying, you can turn the top with the bead maze over, transforming it into a compact cube.

R224031	30 x 28 x 40cm	<b>£57.95</b>
---------	----------------	---------------

### Multi-Activity Cube

Help develop toddler skills with the Classic World Multi Activity Cube. Each side provides a new way to play, encouraging dexterity, motor and visual skills. The range of games helps kids learn colours, shapes and animals. Made of wood, it will withstand the test of time. When they're done playing, slip off the top and flip it into the cube for easy storage.

R224032	31.5 x 30 x 53cm	<b>£68.95</b>
---------	------------------	---------------

### Pyramid Activity Box

This wooden pyramid activity box toy from Classic World will bring your child endless fun. Designed in a much more interesting tetrahedron (there you go - your new word for the day) structure, the discovery box can be rolled like a ball in whichever direction they like. There's fun on every side - musical instruments, shape sorting, casual relationships and animals to learn and discover.

R224033	33 x 35 x 29cm	<b>£45.95</b>
---------	----------------	---------------

### Reminiscence Tactile Squares

Our Tactile Squares are wonderful for sensory exploration as well as for encouraging interaction and motor skills. These squares are equally tactile and visual, as well as offering shared and individual activities with a memory and nostalgia focus. Designed by an Occupational Therapist, they are meaningful, with each one having its own age-appropriate theme. They provide an opportunity for discussion, reminiscence and for carers to learn more about their residents/family members. Components may vary subject to availability. Size: 29.6 x 29.6cm

"I have tried 3 of the 4 boards and I am impressed at how good they are. I feel they are beneficial for a specialised group as the boards are easy for the members to relate to. All members joined in with the conversation and the activity ... then I carried the activity on with a quiz."

### PipSquigz - Set of 3

The ultimate KEEP-THEIR-ATTENTION TOY! What happens when babies and toddlers encounter playful colours, fun sounds, fresh tactile experiences, and super-suction? Meet pipSquigz, a set of three Fun Little Suckers for ages 6 months and up. Adored by baby and parents alike, pipSquigz are perfect for the stroller, highchair, bathtub, and anywhere-travel. Simply push pipSquigz down onto any smooth surface and watch the baby interact with this high-quality silicone suction toy. With super-suction, each shape can be tugged, pushed, shaken, and pulled. Or, push and stick the shapes together for new play experiences. Babies delight in the versatile movement, sound, and texture. Paediatricians note sensory integration as a crucial developmental milestone for infants. pipSquigz are right on target: The wavy ridges, bumps, and debossed, smiling face stimulate the fingers. The "just right" rattles and the POP of the suction cups thrill the ears. The brilliant colours mesmerise the eyes while the soft, BPA-free silicone invite sore gums to be soothed. pipSquigz is an all-in-one sensory learning experience! Not to mention, they're also wonderfully portable and completely dishwasher safe. Discover peace of mind for parents and teething babies with pipSquigz.

### Playfoam Numbers & Letters

Playfoam Shape & Learn helps children learn and practise letters and numbers through hands-on play. Use the eight coloured Playfoam bricks and 13 double-sided letter cards to learn the alphabet. Children practise letters by placing squishy, squashy Playfoam on top of the letters on the cards before moulding it into the correct shape. As well as teaching kids the alphabet and numbers, these sets helps develop fine motor skills and provides an opportunity for sensory, tactile play. The child-friendly Playfoam sticks only to itself, not to carpets or fabric, so there's no need to worry about mess, and is also non-drying and ready to be sculpted straight out of the packaging. Educational Benefits of Learning Resources Playfoam Shape Learn Lowercase Alphabet Set. Encourages reading, fine motor and tactile play skills. Contains, 8 coloured bricks (white, pink, orange, blue, grey, green, yellow and purple) & 13 double-sided activity cards.

### Playfoam Counting Set

Playfoam Shape & Learn Counting Cards is the hands-on way to build number sense in preschoolers. Using squishy, squashy Playfoam and the activity cards offers fun, hands-on maths learning for preschoolers. Children place Playfoam on the spaces shown on the number cards, and then count the objects on each card to learn about numbers and corresponding quantities. Playfoam is easy to sculpt and shape, and the bead-like texture is ideal for tactile learning and sensory play. Rolling, squishing, and sculpting with Playfoam helps with fine motor skills development. Child-friendly Playfoam never dries out so the shaping fun never ends. Ideal for use in the classroom or at home. Set includes 8 colourful blocks of Playfoam and 13 double-sided number cards.

R224169 18cmL x 13cmW

£16.95

### Playfoam Letters Sound Set

Children can learn their letter sounds and formation with this all-new Playfoam set featuring 8 coloured Playfoam bricks and 13 double-sided letter sound cards. Little learners form their squishy, squashy Playfoam on top of each letter shape, then speak the name of the corresponding object shown on the card to practice the sound each letter makes. Provides tactile and sensory stimulation, helps develop fine motor skills, and teaches correct letter formation.

### Simple Music Player

Many individuals with Dementia want to listen to music but are unable to use conventional music players because they find these too complicated to operate. This version is designed to overcome these problems as it helps to provide people with Dementia with music they remember in a way they can independently access themselves. Operated by lifting the lid, which automatically switches the unit on and plays a tune. If a new tune is desired, a single large button allows the individual to skip to the next track. Family, carers or friends set the volume (which is intentionally not easy to change by accident), as well as downloading tunes onto the player (easily via a USB link from a Windows, Apple or Linux PC).

### Vibes Earplugs

Vibes are reusable earplugs designed for sound quality. Traditional foam earplugs are only decreasing the volume of high frequency (treble) sounds, but not low frequency (bass) sounds, which is what causes the sound that you hear to be distorted when you wear them. On the other hand, Vibes lower the volume of all sounds equally, from bass to treble, which allows you to hear sound clearly, just at a quieter volume.

### Paletto

Wonderful for cause and effect exercises and for encouraging listening skills, concentration and recognition. With 64 pre-recorded sounds - some will make you laugh, some will evoke memories and some will stimulate the imagination. Sounds can be associated with stories you relate - use them to set the scene and provide an audible backdrop to your narration. Clients of all abilities can join in.

Pre-recorded sounds are divided into 8 groups: people, hygiene, indoor, animal, vehicles, city, who's job? and various. Sounds include: telephone, nose blowing, whistling, burping, applause, cuckoo, cow, pig, doorbell, ship, car, church bells, conversation and fireworks.

- Supplied with a microphone to record your own sounds, words or music
- Compact shape
- With a replaceable memory card
- With LEDs above each switch for visual as well as audible feedback
- Compatible with loud speakers and amplifiers
- Incorporates automatic and manual scanning
- Low voltage
- Includes magnetic button tops for easy personalisation, your own matching activities and visual prompting

£14.95

### Buzzers - Set of 4

Fun cause and effect tools. Press to obtain a sound - honking horn, doorbell, boxing bell and boing. Similar to switches, without the need for a separate switch-adapted device. Engaging and interactive. Each requires 2 AAA batteries (to be purchased separately). For 4 years and over.

R220955 9cm diameter

£18.95

### Musical Mat

It may look like a piano, but this musical mat plays 7 other instruments including: trumpet, saxophone, violin, guitar, banjo, oboe and vibraphone. Record up to 38 notes using any combination of instruments and then play them back. Also includes 10 demo nursery rhymes. Latex-free. Requires 4 AA batteries.

R219187 180cmL x 75cmW x 20cmD

£49.95

### Constellation Ball

Large, transparent with a subtle textured surface. Audible too - the thousands of tiny colourful plastic beads contained inside rattle as the ball is pushed and rolled. Lovely for gentle, multi-sensory and controlled play. Supports hand-eye co-ordination, motor skills and collaborative interaction. Also valuable for improving focus and concentration during quiet periods. Supplied deflated. For 0 months onwards.

R222824 31cm diameter

£13.95

### Balance Sound Steps - Set of 6

Step or jump on or off these soft pads to activate a sound. Provides proprioceptive and auditory stimulation. Visual and colourful, these can also be used for colour recognition and sequencing. Inviting and useful for balance, stability and motor planning activities. PU surface with a non-slip underside and foam filling. Same sound in all (squeak). Batteries not required.

R223196 25cm diameter x 5cmH

£66.95

### Musical Bells - Set of 8

Colourful bells to shake or press. Two easy ways to play them for wonderful group music sessions. Colour-coded to correspond to Boomwhackers. Excellent tone and tuning. Notes C64-C76 (C1, D2, E3, F4, G5, A6, B7, C8). The bell section is mild steel - the handle and bell push are plastic.

R218423 15cmH x 9cm diameter

£46.95

# Aroma

## Aroma

The olfactory sense is very powerful and emotive. Smell can trigger memories and change our mood. It enables us to identify objects and affects taste.

Fragrances

Scented Products

**Aromatherapy Blends Kit by ROMPA®**

A practical and easy to use collection of aroma blends. Each blend has its own purpose. Ideal for individuals who are not confident which pure essential oil best suits their need. Use in our Aroma Panel, in diffusers, in massage blends or in the bath. Contents may vary, but typically includes handy storage box to keep bottles upright and twelve 10ml glass bottles of relaxing and alerting blends, including Equilibrium, Mobility, Prevention, Refresh and De-Stress.

R223246 15L x 11.5W x 9cmH

**£61.95****Aromatherapy Kit by ROMPA®**

An easy to use compact kit with its own attractive, wooden case that allows the user to store the 12 oils upright. Suitable for a wide range of uses - with the Interactive Aroma Panel, an aroma diffuser, in massage blends or in the bath. Note: it is recommended that this kit be used by someone who has attended an aromatherapy course (such as ISPA or IFA) and has sufficient knowledge for its safe application.

"De-scent. A smart little wooden box with a good selection of scented oils. Perfect for introducing aromatherapy to our sensory room."

# Life Skills & Rehabilitation

## Life Skills & Rehabilitation

We are reliant on good health and sound well-being, as well as on the many life skills we have learnt – and often take for granted – that help us every day. When our health declines or an injury compromises our daily activities, the effects are far-reaching.

This section includes a range of tools to maintain functionality, to aid recovery and to help individuals to return to their normal health and their familiar lifestyle. ROMPA® offers products for enabling, assessment and invention such as timers, equipment for writing, cutting and activities to use different grips, develop fine motor skills and build muscle strength.

Dolls

Pets

**Sophia Reborn Doll**

Baby dolls for Alzheimer’s patients are therapeutic. A helpful, non-drug way to calm and soothe agitated seniors with Alzheimer’s or dementia is to give them a soft, lifelike baby doll to cuddle. These therapy dolls can even be effective in calming someone with severe agitation or other significant behavioral challenges. Sophia weighs just over 3lbs, length of 22 inches, hand-rooted hair, barely there eyebrows, long and curled eyelashes. Absolutely beautiful grey/blue eyes, soft skin is so smooth and sweet. The faint blush on her face is so innocent and precious. Slightly textured paintwork to help prevent shine. Light veining. Natural nails. She has a soft baby powder scent and is weighted to feel like a real baby in your arms. She will come home in an outfit of my choice to include her baby’s bottle and pacifier. The limbs are movable. Sophia can sit and lay down easily, but CANNOT stand, speak or be washed. Sophia’s shoulder and body are cloth with internal filling PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender.

R224294 £160.95

**Olivia Reborn Doll**

Lifelike dolls or soft toy animals can have great benefits for some people with dementia, particularly in the later stages. They can promote feelings of relaxation and pleasure, and are considered a form of therapy – not merely ‘playing’ with a toy. Length 55 cm. Weight: 1.1 kg. Doll Type: cloth body & vinyl body. Eyes: high-quality acrylic eyes, like a real baby’s eyes, clear and bright, eyes can’t blink and close. Hair: rayon wig, very soft, can be cleaned and trimmed to any style you want. Scent: soft baby powder scent, the scent of the baby comes from the silicone vinyl material, non-toxic and eco-friendly. Baby girl will come home to you with the following: a pink compact baby’s bottle, pink magnetic pacifier, birth card, hairband and a set of clothes. Silicone.

R224295 £160.95

**Mia Reborn Doll**

Dolls with heartbeats and coos will be more like real-life babies. There’s nothing as heartwarming as a sleeping baby breathing while she peacefully dreams the night away! What better to inspire love and warmth than a lovely realistic doll? That’s exactly what Mia is for! This cute and lovely baby looks like she is babbling away with her mouth open; she has beautiful blue grey eyes and is full of curiosity about the world. Her skin is delicate and textured, and her face is blushing, as if her body is actually warm. Mia’s skin texture is hand-painted, and her hair and eyelashes are woven from high-quality hair. You can take her on a picnic, read her bedtime stories, or hold her as you go to sleep. Mia, she’s so pure and sweet. Note: The “heartbeat doll” is unwashable, please keep the doll away from the fire and do not try to take out electronic components Mia’s shoulder and body are cloth with internal filling PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender.

R224296 £170.95

**Companion Pet Cat and Dog**

Engaging, multi-sensory and interactive tabby/pup to enhance meaningful connections, calm and promote happiness. Realistic-looking, sounding and feeling. Responsive to your movement for added realism. Impactful and affordable. Brings the purpose associated with owning a pet without the responsibility. Developed following extensive research with older adults to help provide a person-centred approach, enjoyment, improved quality of life, whilst reducing loneliness and the need for pharmaceutical interventions. Used widely in memory care, therapy, care and independent settings. Includes 4 C batteries. Colour may vary and chosen at random. Cat available in Black & White Tuxedo or Orange Tabby. Dog available in Golden.

R223287 Cat 40L x 21W x 21cmH £118.95

### Tri Chew

With ridges and bumps to provide sensory input for the lips, gums and tongue and increase oral awareness whilst providing a safe object to bite down upon and chew. Jaw movement and pressure is experienced through the varied textures of the ends, which enable grading for individual need. Soft – may provide comfort for teething tots. Triangular shape is easy to hold. Not recommended for aggressive chewing.

R221028 13 x 14 x 1.5cm **£8.95**

### Berries Necklace

Seven super tough, textured balls, perfect for chewing, 100% completely non-toxic, designed to reduce anxiety and improve focus, stylish and discreet. Weighted Berries have been years in the making and specifically designed to help relieve stress. The Berries can be used as a calming product by people suffering from Sensory Processing Difficulties (SPD) and are proven to help reduce anxiety and improve focus. Each ball is covered in small bumps which help oral stimulation. The Berries are easily cleaned in hot, soapy water. This product is not suitable for children under 36 months.

R22406 14cm x 2cm x 14cm **£13.95**

### Chew Bracelets – Set of 7

Perfect for stimulating the muscles of the mouth. Helps prevent clients from biting on their clothes. Non-toxic, colourful and stretchy.

R221892 6cm diameter **£51.95**

### Chew Wrist Band

Hard-wearing flexible bracelet to provide sensory input from biting or chewing. Made of anti-bacterial thermoplastic. Washable in soap and water. BPA-, phthalate-, cadmium-, lead- and latex-free. Suitable from birth onwards. Colours may vary.

Size: 3-5.5cmW

"Excellent! He no longer chews at his wrist and hurts himself. When he goes to chew he takes it off and chews on it in his mouth. Hard wearing too he is a strong chewer and there are no dents in it at all!"

Rebecca O, Verified Buyer

R221689 3-5.5cmW **£13.95**

### Pencil Covers

These pencil covers are soft, flexible and fit over the tops of pens and pencils with ease! They are great for fidgeting as they have little sensory nubs on the tops of the covers and are also amazing to chew on without ruining your pencils! These for an average chewer will work out about 60p per day. These come in 2 x black and grey (4 covers), 2 x red and blue (4 covers), 2 x all blue (4 covers) or 2 x all red (4 covers). Please note the red pack is 4 of the open design without the nubs on a closed end. Please also note our open pencil covers make great straws for short glasses or cans.

R224060 12 x 5 x 1.5 cm **£5.95**

## Z-Vibe® & Z-Grabber™

Tools for therapists for professional use (these are not chews)

Most people are either auditory or visual learners, but sometimes these senses are not enough and we need to consider the sense of touch. Speech and Language Therapists have been trained to use tactile input to teach clients how to lateralise their tongue, elevate their tongue tip, make a tongue bowl, close their lips, learn a rotary chew, position the articulators for sound production and other oral motor skills. Vibration provides a new level of sensory stimulation to increase awareness and to draw more acute attention to the articulators. Vibration can also be calming and organising.

All these products are lead-, latex-, PVC-, BPA- and phthalate-free, and are for supervised use under the guidance of a therapist or trained carer. Change the Tips for work on speech and feeding skills. All Tips require a Z-Vibe® or Z-Grabber™. The Soft options are made from a softer, more resilient material for those with a bite reflex and/or sensory issues.

More chewable jewellery available at [www.rompa.com](http://www.rompa.com)

### Z-Vibe®

A sensory oral motor tool that vibrates. Intended for oral motor exercises and sensory stimulation. Use it to provide input to the lips, tongue, cheeks and jaw. This tactile input may help increase oral awareness and tone, decrease oral defensiveness, encourage texture acceptance and improve a variety of speech, feeding and sensory skills. The lightweight handle has gentle bumps for a non-slip grip. Battery and a Probe Tip included.

Size: approx 16.5L x 1cmW

### Daily Magnetic Calendar

What is today? For a child, that simple question can have so many answers and this daily calendar helps satisfy them all! Kids will feel a greater sense of control and responsibility when they help post the day of the week, date, weather, and special events on the large magnetic board for all to see. There's even a space to post their mood, an excellent way to open communication and encourage children to gauge their own emotions. Includes 80 magnets including years, months, numerals for dates, days of the week, holidays, special events and emotions. Includes a pair of fabric-hinged dry-erase boards (one with calendar template, one blank for magnet storage). A sturdy cord is attached for hanging. Make a custom magnet by writing on one of two dry-erase magnet tiles! Encourages communication and a reassuring expectation about the events in a child's life. For ages 3 years and over.

### Talking Photo Album

Bring memories to life, record reassuring messages, save visual and audible practical prompts and reminders, encourage discussion and reminiscence ... its uses are limited only by your imagination. Includes built-in flash memory, volume control, built-in microphone and USB cable – you can pre-record each page with high quality sound files from your PC. Approximately 48 hours recording time (4GB memory). 20 pages for 12.7x17.8cm (5x7") photos. Requires 3 AAA batteries (to be purchased separately). For 3 years and over.

R220364	22.5 x 17.5 x 3.5cm	<b>£41.95</b>
---------	---------------------	---------------

### Singing Elephant

Activate your first switch to make this gorgeous elephant play peek-a-boo and use a second switch to hear the song "Do Your Ears Hang Low" in a cute child's voice. Latched operation (activate your switch once to start the effect and a second time to stop it). Functions with only one switch connected, but most meaningful if two are used as this encourages listening skills, choice, co-operative play and turn-taking. Audible, visual and tactile, with ears that flap. Requires 3 AA batteries and up to two switches (to be purchased separately). Can also be activated by pressing the feet.

R222809	30L x 29W x 28cmH	<b>£57.95</b>
---------	-------------------	---------------

### Audible Time Timer

Versatile timer for individual and group applications. Includes base for free standing use. Has an optional audible signal when time has expired. High contrast colours means a quick look suffices to see how much time is left. Perfect for use in de-escalation environments and for classrooms. Allows user to develop a self-sufficient awareness of time.

R219444	20cm x 20cm	<b>£46.95</b>
---------	-------------	---------------

All these switch adapted items should be used under close supervision. These are intended for learning and are not toys. Most have long cables which could be a hazard if used inappropriately.

More switch adapted products available at  
[www.rompa.com](http://www.rompa.com)

### Magnetic Play

### Pluggies

Earplugs can be useful for children with ADHD, ADD and ASD as some individuals can find it difficult to concentrate on school work. With special filters, Pluggies muffle sound whilst allowing the child to retain some hearing, reducing any sense of isolation. Made of a soft material that fits comfortably in the ear. For children approximately 4 to 12 years.

R221873

£16.95

### Pluggies for Adults

Developed for music lovers, these reusable noise plugs retain the music quality, only the volume is lower. Helps prevent hearing loss and ringing in the ears. Conversations remain audible, so there is no feeling of isolation. Silicone-free so non-irritant.

### Vibes Earplugs

Vibes are reusable earplugs designed for sound quality. Traditional foam earplugs are only decreasing the volume of high frequency (treble) sounds, but not low frequency (bass) sounds, which is what causes the sound that you hear to be distorted when you wear them. On the other hand, Vibes lower the volume of all sounds equally, from bass to treble, which allows you to hear sound clearly, just at a quieter volume.

**NEW****Mindful Maze Set**

The Mindful Maze Set helps kids practise managing their emotions and cultivate mindfulness through 6 guided breathing exercises. The set comes with 3 double-sided boards that each have an engaging design. Children trace the designs with their fingers, breathing in and out as directed by the design of the board. Help children with social-emotional learning (SEL) using this set of boards developed to introduce mindful breathing for kids. Six designs include cloverleaf, lion, maze path, rainbow, star, and waves.

R224163 20.32 x 20.32 x 3.81 cm 580 Grams **£20.95**

**NEW****Rainbow Wooden Buttons**

Beautiful smooth solid wooden buttons in the seven colours of the rainbow, with a natural finish to show the grain of the wood. The buttons come in graduated sizes with slightly flattened surfaces for balancing and stacking. An open-ended resource that can be used by the very youngest of children to improve hand-eye coordination, learn about colour, develop logical thought and to enhance imaginative play scenarios.

R224208 50mm, 65mm, 80mm, 95mm, 110mm, 125mm and 140mm dia. **£38.95**

**NEW****Rainbow Wooden Shape Twister**

Beautiful solid beechwood giant bolt with seven nuts in different shapes and in the seven colours of the rainbow. Each nut shape has a different number of edges, increasing from 1 (circle) to 8 (octagon). The chunky pieces are the ideal size for young children to manipulate and come in a natural finish to show the grain of the wood. Perfect for learning about colour and shape as well as improving manual dexterity and fine motor strength. The colours match our Rainbow Wooden Loose Parts, Rainbow Architect Sets, Rainbow Wooden Buttons and Rainbow Wooden Nuts & Bolts Sets so can be used in conjunction with these or any loose parts ranges for extended imaginative play.

R224205 approx. 200mm. **£10.95**

**NEW****Tri Grip Tongs**

Tri-Grip Tongs help strengthen pencil grip skills without a pencil. It's easy to build one of the most important fine motor skills when you use the Tri-Grip Tongs. These brightly coloured development tools help kids strengthen the muscles they need to hold a pencil, write, and hit the milestones for success in school and beyond. Each three-prong tong features an intuitive design that mimics the finger placement required for correct pencil grip without the need for an actual pencil or pen.

R224165 9.91 x 9.91 x 11.94 cm 120 Grams **£12.95**

**NEW****Rainbow Wooden Nuts and Bolts**

Beautiful solid beechwood nuts and bolts in seven different shapes and in the seven colours of the rainbow. Each nut has a corresponding matching bolt for pairing by colour and shape, and each shape has a different number of edges, increasing from 1 to 8. The chunky pieces are the ideal size for young children to manipulate and come in a natural finish to show the grain of the wood. Perfect for learning about colour and shape, for supporting counting and early numeracy, as well as improving manual dexterity and fine motor strength. Includes cotton bag. The colours match our Rainbow Wooden Loose Parts, Rainbow Architect Sets and Rainbow Wooden Buttons so can be used in conjunction with these or any loose parts ranges for extended imaginative play.

R224204 6.5cm **£25.95**

**NEW****Rainbow Wooden Keys**

Chunky beechwood keys, all featuring different projections, numbered from 0 to 10 on one side with corresponding numicon dots on the reverse. Ideal for recognising numbers, learning to count and using in simple mathematical processes. The keys can be used as an add-on set to our Rainbow Loose Parts range as they come in the 7 colours of the rainbow, with additional keys in black, white and natural undyed wood. Includes string key ring with natural wooden toggle for keeping them together.

R224207 **£23.95**

### Squeezy Balls - Set of 6

Offers little resistance when squeezed and quickly regains its original shape. Contains latex. Assorted colours.

R215367 Blue Extra Strong | 550cmL (in total) | 15cmW £18.95

### Rehab Peanuts - Set of 3

Flexible exercise tools to improve hand strength and dexterity. Set includes one soft, one medium and one strong peanut to offer a variety of resistances. Made of latex-free polyurethane. Weight: 40g.

R218427 17.5cmL

£14.95

### Gripmaster - Set of 3

Conforms to the shape of your hand and provides greater comfort by dispersing pressure across the entire palm. With removable soft rubber base. Develops isolated finger strength, flexibility and co-ordination as it builds hand and forearm strength. Each finger can be challenged with its own individually spring-loaded button. Finger pressure is carefully calibrated providing the therapist with a quantitative tool for evaluation. Three strengths: Blue - Easy, Red - Medium, Black - Strong. Latex-free.

R215860 9cmL x 7cmH

£41.95

### Eggsercizers - Set of 3

A tactile hand exercise device offering consistent resistance while returning to its original shape. The egg shape matches the natural contours of the hand promoting effective hand, finger and arm massage. Improves hand dexterity and flexibility, and reduces stress. Feels like putty but leaves no messy residue on hands or clothes. The solid shape has nothing inside to leak out. The Eggsercizer comes in sets of 3 each a different colour and resistance strength.

### Aggression Bat

Ideal means of releasing tension amongst those who struggle to express their frustration verbally. These foam bats offer the chance to physically release pent up anger in a harmless way. Cotton cover. Weight: 520g. Each. Sold individually, not as a pair.

R218992 56L x 15cm diameter.

£45.95

### Putty - Set of 4

Includes a soft (yellow), light (red), medium (green) and firm (blue) tub of putty, each containing 50g (2oz). Non-toxic, latex-free and brilliant for therapy.

R221386

£15.95

### Peculiar Putty

Super sensory putty with visual appeal. The Thermo-Reactive options change colour from the warmth of your hands, whilst the Neon putty glows in the dark. Approx. 88g of putty per tin.

R222890 Thermo-Reactive Putty Purple

£6.95

### Magnetic Smart Putty

Tin of magnetic putty that is attracted to any magnetic object. Mould, stretch, bounce and even watch this putty melt as you play with it. The square magnet included can be used to subtly move the putty, particularly when it is stretched into thin strands. Place the magnet on the putty and it will gradually be enveloped as the magnetic forces pull it inside the blob. Includes square magnet. Fully tested, non-toxic and safe.

R224039 8.5 x 8.5 x 2.7 cm

£5.95

### Clever Putty

Putty anyone? This one is silver coloured and can be moulded, twisted, torn, crumpled into a ball that, in its turn, can be bounced off the floor or the wall. This is for those moments when you want to wreak havoc on your surroundings or when your fingers are itching for some action. Take it out on a harmless mass of putty, it's safer and less antagonistic. This is one of the best ways of relieving stress. A thinking person's putty is what we'd like to call it!

# Leisure

## Leisure

Leisure activities offer a chance to have a break from a routine or to provide freedom from actions which we are compelled to perform. Especially in early years children and people with various mental health or physical disabilities the choice to do what they want is often very limited, therefore making leisure time an essential part of their lives.

Patterns

Puzzles

### Dena My First Rainbow

Dena is a safe, simple and smart toy, suitable from babies to all ages. Their toys are made of food-grade platinum silicone, the same high-quality material as dummies, teethingers and baking moulds. It's a new alternative to wooden toys. Platinum silicone is a soft, strong, bacteria resistant, hypoallergenic and BPA-free material and 100% safe. It resists temperatures from minus 60° C to 220° C. It can be used in the freezer, oven and is dishwasher safe. Due to its minimalist and timeless design, this toy can be used by babies, pre-schoolers and beyond in many diverse ways. The My First Rainbow pack contains a rainbow made from 6 multicoloured pieces. The My First Rainbow Deluxe pack contains a rainbow made from 12 multicoloured pieces.

### Muddle Puzzle Cube

The classic puzzle returns! Similar to the classic rubix cube this puzzle cube has nine coloured squares on every face, with each row and column on a spindle that allows them to be twisted and turned to jumble up the colours. Once shuffled, the aim of the game is to rotate, shift and manipulate the cube so that the colours on each side match again. The classic three by three cube is a retro icon and a very addictive puzzle toy for all ages.

**£11.95**

### Dena Piece Set - Neon

This Dena 12 pack contains: 6 People pieces and 6 House pieces & 18 piece set contains: 6 Kids, 6 Trees and 6 Houses. They are made from food-grade platinum silicone, the same high-quality material as dummies, teethingers and baking moulds. Platinum silicone is a soft, strong, bacteria resistant, hypoallergenic and BPA-free material and 100% safe. It resists temperatures from minus 60° C to 220° C. It can be used in the freezer, oven and is dishwasher safe. These colourful people and houses are soft and bendy, but will keep their shape. Their matt non-slip texture means they are great for stacking. They can also be washed (even in the dishwasher) so they are perfect for outdoor and water play too! Not only this: platinum silicone lasts longer than plastic, and is ocean-friendly. In fact, it can be used in many ways to keep children happy, from ten months right up to aged six.

### Animal Bingo

Designed for people in the early and later stages of dementia, but equally valuable for all ages. Intended to help improve cognitive functions and social participation, this game is fun and inviting. Accessible and inclusive, people of all abilities can play – both by hearing and by sight. For younger players, this can encourage listening and matching skills, as well as concentration. Potentially easier to play than traditional bingo games, this is unique as it includes a large flip book that displays the animal to match the sound from the included CD. Beautifully illustrated and inviting. For up to 12 players. Includes 12 bingo cards, 1 CD, 1 Flip book, 128 counters (in a drawstring bag) and 1 bingo caller card. For 3 years and over (some small parts)

### Category Snap

Category snap is a variation on traditional snap, in that no two cards are the same. The idea is to match cards from the same family; a saw and drill match as they are both tools. However, there is no wrong way to play and players can use their imagination to make their own association games. This product was inspired to support cognitive stimulation therapy which prompts people with dementia and Alzheimer's to think creatively, and has proven to have positive effects on cognition and quality of life. Features: 3 x association games, 36 x cards in a pack, for 2-4 players & made from durable materials.

R224084 8cm x 12cm

**£11.95**

**NEW**

### Animal Snap

The traditional game of snap requires each player to place a card on the pile. When two consecutive cards of the same animal are placed down, whoever yells 'Snap' first gets the pile. The player with the most cards at the end of the game is the winner! Designed for people with early to mid-stage dementia, these cards feature easily recognisable animals in bold contrasting colours, so that players can enjoy a lively game with friends and family with little to no assistance. Features: 3 x association games, 48 x cards in a pack, 2-4 players & vibrant colours support vision impairment.

**It Takes Two To Talk®**

This updated 5th edition guidebook is valuable for parents, SLT's and others who work with, or care for, young children with language delays. It shows via beautiful colour illustrations how to help children communicate and learn language throughout the day, at meal, bath and play times. Interventions are suitable for children still at the very earliest stages of communication as well as those who have begun to talk in short sentences. Includes easy-to-use checklists, practical guidelines for choosing communication goals and explains how to build a solid foundation for literacy. Supported by current research. **This product does not incur VAT.**

W256445

£ 46.95

**It Takes Two to Talk® Parent Workbook**

This easy-to-use interactive parent workbook is a member-only resource. It is designed for Hanen SLTs to combine Hanen strategies and Hanen's adult teaching structure into 1-1 parent intervention sessions, helping them to create personalised interventions for their child. The workbook provides SLTs with trackable materials such as checklists, progress reports to give to the parents they are working with. It is a companion to the It Takes Two To Talk guidebook and intended for parents of children with intentional communication (i.e., Communicators, First Word Users and Combiners). To purchase this resource, simply provide us with your name. Hanen will then authorise us to release your workbook after confirming membership. **This product does not incur VAT.**

W257290

£ 11.95

**More than Words®**

Children with Autism can find it difficult to interact meaningfully with others and the world around them. This programme is for parents of children under five who are on the spectrum. It helps them reach their potential by empowering their key supportive adults with knowledge and strategies to improve social communication, play and imitation skills. Everyday activities are opportunities to learn, communicate and develop skills! Evidence-based and incorporates current best practice. Requires dedication from parents, but is easy to understand and implement.

W251748

£ 46.95

**TalkAbility™**

A hugely valuable resource for parents and professionals supporting verbal children on the Autism spectrum. This book contains a wealth of practical strategies that can be built into daily conversations and activities. By applying these strategies, parents and professionals help children learn to:

- take appropriate turns in a conversation
- wait for others to take theirs
- tune into what people say without words in a conversation
- understand how others feel
- respond appropriately
- learn how to play with other children and make friends

W253495

£ 46.95

**Plan for People Play - Book**

Book 1 focuses on learning how to create the best possible play situations, encourage participation, communication and develop social interaction skills in a purposeful supportive way - all based on current research on what helps children learn best. "People Games" rely on engagement with others instead of focusing on toys and whilst playing, children learn the key social skills that create the foundations for building successful relationships with others. **This product does not incur VAT.**

W255711

£ 14.95

**Take Out the Toys - Book**

Book 2 focuses on "functional play" ability (early play involving conventional or expected actions using toys). These skills provide a foundation for the formulation of later skills so it is important to optimise these as early as possible. Play for children who have Autism or other developmental challenges may not be as advanced as other children their age, but if these specific research-based techniques are used during everyday play activity, much can be done to build skill levels. **This product does not incur VAT.**

W255712

£ 14.95

**Put Pretending into your Child's Play**

Book 3 focuses on expanding pretend play skills during fun, everyday activities. Children with additional needs often find it difficult to pretend, a stage of development that lays the foundation for key social and learning skills. This resource provides a context

of how pretend play fosters language, social and emotional skills using research-based strategies. Identify each stage of pretend play, encourage imitation of new play actions, identify when to move to the next developmental stage and encourage use of new skills with a variety of toys, in different situations. **This product does not incur VAT.**

## Now available! Book Hanen workshops easily in the UK!

Winslow Resources met Course Beetle at NAPLIC a couple of years ago... and a gem of an idea formed. What if it was easier for UK SLTs and professionals to be Hanen trained? We introduced the idea to Hanen and Course Beetle and the rest is history! Course Beetle now act as UK hosts for a range of Hanen Workshops. Contact them on 01743 211346 or visit [www.coursebeetle.co.uk](http://www.coursebeetle.co.uk) to find out more. Training includes:  
Learning Language and Loving It™

- An intensive 3-day workshop that develops the social, language and literacy skills of young children
  - For SLTs and early childhood educational professionals who train and educate other professionals
  - Certification means you can offer the evidence-based LLT programme to early childhood educators and pre-school teachers.
- It Takes Two to Talk®
- A 3-day workshop providing a simple but powerful framework for coaching parents to play a primary role in their child's intervention – a framework that can be applied to a variety of clinical contexts including individual therapy and group training
  - For qualified SLTs
  - Completion certifies you to lead the ITTT programme for parents of children with language delays aged 5 and under
- More than Words®
- A 3-day workshop for qualified SLTs offering a goal-based approach to family-centred early language intervention
  - Certification enables you to offer the MTW programme to parents of young children who have social communication impairments including children with suspected or diagnosed ASD

### ABC and Beyond™

Based on current research regarding promoting emergent literacy in early childhood classrooms. Prepare pre-school children to learn to read and write successfully, presenting key techniques on building language and literacy learning into daily conversations and activities. Addresses various prerequisites of literacy, including vocabulary, story comprehension, decontextualized (abstract) language, print knowledge and phonological awareness. 120+ colour photographs, charts and real-life practical examples.

W255326 £ 38.95

### Learning Language and Loving It™

An easy to use early-years programme that really works! Child-centred, this approach combines language acquisition, language facilitation and supporting conversational turn-taking from the earliest communication development stages. It aims to maximise language learning within daily routines and play, facilitate social interaction, address emerging literacy skills and support the development of strategies for children with additional needs or language delays.

W251641 Guidebook £ 46.95  
W253499 Pack of 10 Books £ 411.95

### Encouraging Language Development in Early Childhood Settings - Workbook

A step-by-step approach to promoting language development in child care, preschool and other early childhood settings. Learn practical, interactive strategies to help all children (including those whose language is delayed or at risk) to interact and communicate effectively in everyday interactions.

W252734 £ 15.95

### Let Language Lead the Way to Literacy - Workbook

Details how to create early childhood environments cultivate the basic foundations of literacy. Preparing children for literacy involves immersing them in an environment where reading and writing are a natural and meaningful part of everyday life. Clear, comprehensive and practical.

W252736 £ 15.95

### Fostering Peer Interaction in Early Childhood Settings - Workbook

Outlines how to create an early childhood environment that encourages children over the age of 3 to socialise and interact effectively with one another. Colourful illustrations and easy to use, practical techniques.

W252735 £ 15.95

Full set of three English workbooks: Fostering Peer Interaction in Early Childhood Settings, Let Language Lead the Way to Literacy and Encouraging Language Development in Early Childhood Settings. French available too, please enquire!

W252886 £ 41.95

### British Picture Vocabulary Scale - (BPVS-3) - 3rd Edition

BPVS-3 is the leading assessment tool to assess the receptive vocabulary of children as young as 3, and up to 16 years old. It has a simple, appealing format with vivid full colour illustrations and black outlines to support those who may be colour blind. It identifies delays in vocabulary development, even before children are in full time education, informing intervention strategies to help extend vocabulary. It is suitable for non-readers and those with learning difficulties, Autism or CP etc. as no reading is required - responses can be given by pointing or gesture.

- Time efficient, can be used as a benchmarking and progress-checking assessment from pre-school to secondary school
- 1-1 session format - the facilitator says a word and the pupil responds by selecting a picture from four options that best illustrate the word's meaning
- Carry-case
- Admin time: 10-15 mins
- For 3-16yrs
- For teachers, SENCOs and SLTs

### Action Picture Test (2nd Edition)

New edition! Used since 1967 by SLTs, SENCOs, teachers and other health and educational professionals to assess the speech and language development of children between 3 and 8 ½ years.

It covers words used to convey information (i.e. nouns, verbs, prepositions); present, past and future tenses; irregular forms of plural and past tenses; simple and complex sentence construction and passive voice. The test provides an Information and Grammar score that can be benchmarked against a UK school population. It has been fully updated, with revision of scoring guidelines, image modernisation and via an extensive nation-wide programme - re-standardised against a modern school population.

Contents: 10 picture cards depicting a variety of everyday scenarios, instruction booklet providing guidance on administration, scoring guides, scoring form.

**W256817**

**£ 72.95**

### Speech and Language Screener Quick Take Along ® Mini-Book

Use this non-standardised Speech and Language Screener as a quick initial screening tool to gather baseline data, identify areas of concern, monitor progress, determine if further evaluation is necessary and develop appropriate goals. Assess: Articulation; Connected Speech; Following Directions; Grammar; Inferencing; Listening Comprehension; Phonological Awareness; Questions; Social Skills and Vocabulary. Sections are adaptable. 64 pages. For all ages. **This product does not incur VAT.**

### Word Finding Vocabulary Test - Revised Edition

Assessment to ascertain the extent to which pictures of objects (arranged in order of difficulty), can be named correctly. Most objects included have no alternative name, so the responses of children with difficulties can be quickly measured. 50 line-drawn pictures, manual and photocopiable scoring forms. Norm referred at six monthly intervals to enable production of comparative results. For 3-8yrs.

**W252412**

**£ 46.95**

### Bus Story Test - Revised Edition

The age-level of consecutive speech used in retelling a story can be assessed from the information content, sentence length and grammatical usage. This tool includes a coloured picture story book, photocopiable scoring forms and manual, but requires use of audio recording equipment. Norm referred at monthly intervals to enable therapists to produce comparative results. For 3-8yrs.

**W251216**

**£ 41.95**

### Renfrew Language Scales Set

Purchase all three of the assessment tools in the Renfrew Language Scales series - the Action Picture Test, Bus Story Test and Word Finding Vocabulary Test. The price represents a saving against individual purchases.

**W257202**

## York Assessment of Reading for Comprehension (YARC)

This diagnostic assessment tool was developed by reading experts at the University of York. It provides an in-depth analysis of reading and comprehension skills, identifies specific problems with word recognition, reading fluency or reading comprehension and informs on the most appropriate interventions to support individuals. It is split into 3 parts, Early Years, Primary and Secondary (4-16yrs).

- Can be used to assess and monitor on-going pupil progression
- Assesses EAL pupils and those requiring extra time in exams
- Informs educational planning and benchmarks against the national average
- Ideal tool to evidence the impact of Premium Pupil Spend
- Provides standard age scores, age equivalent scores and percentile ranks for comprehension, rate and fluency
- Admin time: 20-30 mins.
- For SENCOs, Teachers and Literacy Co-ordinators

**W256453 Primary & Early Years Assessment Tool**

**£ 308.95**

**W256821 10 YARC Record Forms - Primary**

**£ 30.95**

**W256803 Secondary Assessment Tool**

## South Tyneside Assessment of Syntactic Structures (STASS 2)

A rapid assessment used to highlight possible areas of difficulty within a child's expressive language. It comes in a laminated booklet form with 32 coloured pictures which are presented to the child with 1, or occasionally 2, questions. Each question is designed to elicit one or more grammatical structures. For 3-7yrs.

**W252133**

**£ 58.95 zero rated**

## STAP & STASS Assessment Set

Buy STAP & STASS together as a set and save more!

**W252131**

**£ 102.95 zero rated**

## South Tyneside Assessment of Phonology 2 (STAP 2)

Obtain a profile of a child's phonological system with this rapid screening assessment. 27 clear, colourful pictures encourage naming of 74 elements which elicit consonant phonemes and clusters in all positions, the majority in more than one context. For 3yrs+. Downloadable record forms available via a link on our website.

**W252130**

**£ 58.95 zero rated**

## Phonological Assessment Battery (PhAB2)

PhAB: Developed by researchers and psychologists, led by University College London, this was created to identify children with significant phonological difficulties who need special help in processing sounds in spoken language. It can be used with bilingual or ESOL children and includes data on studies completed for those with dyslexia. Six standardised tests: Alliteration, Naming Speed, Rhyme, Spoonerisms, Fluency, Non-Word Reading. PhAB can also be used to inform further teaching or intervention programmes to help with specific phonological difficulties. Covers 6-14yrs, but the newly updated primary edition makes this more suitable for 11-14yrs.

PhAB2: A comprehensive battery of tests to assess phonological awareness. An essential toolkit for SENCOs, specialist literacy teachers and educational psychologists it identifies phonological difficulties encountered in learning to read and enables appropriate intervention planning. It has appealing designs and illustrations and is an ideal follow-up assessment for those with low scores in phonics screening or literacy tests. Newly standardised (UK). Has the same tests as the PhAB with 4 extra: Blending, Phonological Working Memory, Phoneme Segmentation & Phoneme Deletion. Targeted testing for 5-6yrs and 7-11yrs, provides more sensitive tests and a greater understanding of strengths and weaknesses.

## Dorset Assessment of Syntactic Structures (DASS)

Based on the STASS assessment tool, the DASS was drawn to appeal to older age groups, in full colour A5 format and presented in a display book. Effectively trialled with adults and adolescents with learning disabilities. Elicits grammatical structures at Clause, Phrase and Word level on the LARSP chart. Reported as user-friendly and in addition to assessing linguistic competence, during assessments there was noted improvement in attention, responsiveness and elicitation of connected speech. Includes manual and photocopiable score sheets. For 11yrs+.

**This product does not incur VAT.**

**W256271**

**£ 57.95 zero rated**

## Symbolic Play Test - 2nd Edition

Use structured observation of play to analyse the early skills required for language development. This tool provides an objective indication of a young child's level of early concept formation and symbolisation – abilities that precede and develop alongside expressive and receptive language.

Four object sets are presented in a specific order, in different situations, enabling facilitators to observe if a child relates to them appropriately. Items are purposefully chosen, lending themselves to a variety of interrelationships. The scoring system is based on the number of meaningful responses and connections they are able to make. Outcomes help plan future interventions.

Contents: manual, toys and 25 record forms. Admin time: 10-15 mins. For 1-3yrs.

For SLTs only. To purchase this resource, please telephone our sales team who will request the name of the end user. There will be a short delay in processing whilst we check the SLT database to ensure that the person cited is qualified, or you can e-mail sales@winslowresources.com with proof of qualification.

**W252158**

**£ 391.95**

### Augmentative & Alternative Communication Profile (AACP)

Assess the skills and communicative competence of AAC users, unspecific to disorder, severity or setting. This tool identifies areas of strength, where more input is required to develop long/short term goals and monitors changing abilities to adapt interventions. Covers 4 skill areas:

- Operational: using the system, accessing and transmitting information (Orientation/Awareness, Manipulation, Focused Use, Navigation, Programming & Use)
- Linguistic: receptive/expressive language, knowledge/use of language code, ability to use both in conversation (Awareness, Using Specific Meanings, Combining Words, Using Syntax & Morphology & Refined Language)
- Social: communication, including self-image, desire to communicate reciprocally (Behaviours, Regulatory Behaviours, Practiced Interaction, Social Awareness/Competence & Social Mastery)
- Strategic: knowledge of what can be communicated, how, and developing compensatory strategies (Pre-Intentional/Reflexive, Intentional, Programmed Message Use, Appropriate Message Selection, Use & Strategic Mastery)

Includes: manual and 15 profile forms. For 2yrs-adult.

**W256671**

**£ 102.95**

### Language Activity Resource Kit (LARK-2) - 2nd Edition

A huge SLT toolkit to support adults who have moderate to severe language disorders. Ideal for therapy focused on addressing right hemisphere dysfunction and in speech production tasks aimed at improving intelligibility. Objects, tasks and materials are associated with specific actions and therefore help treat Aphasia and other neurological language deficiencies. Versatile materials enable therapists to use different approaches, methods and techniques. Includes: 25 manipulative objects (2 of each), 200 printed cards (action photos, phrase closure, questions), Workbook with activity/exercise sheets for hospital, clinic or rehab use and suggestions of how to integrate LARK in therapy. By purchasing this resource, you affirm you are a registered healthcare professional appropriately trained to carry out this intervention.

**W251617**

**£ 308.95**

### Think it – Say it - Book

An excellent photocopiable resource aimed at children with cognitive and/or communication impairments to improve verbal reasoning and language organisation skills. 75 pictured situations have an accompanying page of questions. Activities are gradeable to aid progression. Section 1 presents a problem and solution, Section 2 shows a problem but no solution, Section 3 shows no problem so it can be explained orally. For those with language delays; neurological, hearing or cognitive impairments; Learning Disabilities, ADD or Autism. Helps with inferential reasoning, problem solving, determining causality and generalising. For: 4-10yrs. **This product does not incur VAT.**

**W252294**

**£ 51.95**

### Communication Assessment Profile (CASP) - 3rd Edition

This is the only UK standardised tool to assess the communication abilities of adults with severe to mild learning disabilities. It can also be used with children and young people with ASD and those with neurological disabilities as an outcome measure, to ascertain if communication skills have improved over time or as a research tool. It is comprehensive, using photos of functional and adult-orientated objects and was designed as a three part multi-disciplinary assessment:

- The environment questionnaire ascertains the opportunities available for daily communication (complete with carer/keyworker)
- A photographic manual has subsections on hearing/auditory skills, understanding and using communication (complete with SLT)
- A record of strengths, percentile rank chart, communication environment rating scale all outline priorities for change (agreed by individual, SLT & carer/keyworker)

The National Institute for Adult Continuing Education (UK) recommends CASP as an appropriate assessment for adults with LD. Although not designed for people with Dementia, numerous SLTs report sections 3 and 7 are very useful for assessing vocabulary and communicative function and a small number of individuals participating in clinical trials had age-associated cognitive impairment. Revised 2017.

### Early Functional Communication Profile Set (EFCP)

This assessment measures subtle, functional changes in non-verbal communication skills for children with severe/moderate disabilities. It sets a baseline for intervention and monitoring progress. A hierarchy of prompts highlight the level of skills that can be performed. Responses are classified by: developmental level—skills (easiest to hardest); level of environmental prompt (tester or test items are positioned to the front, side or back of the child), with gestural prompts (passing object, pointing) or verbal cues, ("your turn", asking questions). Includes the level of physical or visual prompts, e.g. hand-over-hand, patting the chest or arm, waiting with hand reaching out, waiting expectantly, etc. Subtests: Joint Attention-Requesting Objects/Receptive Language, Social Interaction-Turn-taking, Communicative Intent—Requesting Continuation of Actions/Requesting Assistance/Protesting, Social Interaction—Response to Greetings. Admin time: 30-45mins. For 2-10yrs.

### Brainstorming Solutions for Dementia Care - Game

This is an amazing board game for all care-giving individuals who support people with Dementia, but particularly useful for staff working in care, residential and community homes, hospitals and services. Participants will improve their knowledge about Dementia and develop effective ways to manage difficult situations faced by those living with Dementia, their families and supporting healthcare professionals.

Players select cards from five topics: Fact, Challenge, Activity, Wild, and Crisis which focus discussion on realistic scenarios, brainstorming crisis management solutions and formulating person-centred care interventions.

Includes laminated 60cm² board, instructions, 120 game cards, dice, timer and butterfly counters. US resource, but content is generic and culturally transferable - any differences are easily adaptable (e.g. president to Prime Minister). We have been advised by a UK clinician that it contributes to satisfying level 1 and 2 (Awareness/Basic Skills) of the National Dementia Standards Framework without having to organise training events - just get the game out and play!

W257200

### The Source® for Safety Cognitive Retraining for Independent Living - Book

Assess and provide interventions focused on patient safety from a cognitive perspective. Aids care-planning for adults in acute, rehab and long-term care settings, and addresses safety concerns at hospital, home or in the community. The topics include: Room/Bedroom and Bathroom; Wheelchairs & Assistive Devices; Swallowing & Diet, Medications & Health, Floors & Stairs, Kitchen & Appliances, Home Safety, Community-Outside/Inside and General Precautions. Clients consider challenging real-life situations, respond to questions, discuss situations and rehearse responses - all activities that stimulate convergent, divergent and evaluative thinking. Activities have two/three difficulty levels. Photocopiable evaluation forms are easy to administer, score and interpret. The results help describe and quantify a patient's cognitive awareness, problem-solving abilities and help with goal-setting, interventions and decision-making on discharge. Written by an OT/SLP team. **This product does not incur VAT.**

W256979

### The Source® for Aphasia Therapy - Book

Valuable therapeutic interventions for adults with aphasia. Three sections cover Receptive Language (imitating gestures to understanding complex paragraphs), Reading Comprehension (improving in a continuum from letter matching to paragraph comprehension) and Expressive Language (tasks range from automatic utterances to conversational speech). Each has 41 functional activities arranged in hierarchy of difficulty with goals, clinician task instructions, grading strategies and adjusting for person-centred care.

W254076

£ 61.95

### The Source® for Apraxia Therapy

Help clients with acquired apraxia of speech, dysarthria, dysfluency and pronunciation difficulties regain their communication skills. Choose monosyllabic or paragraph length material from 3 Sections: Phonemic Groups - bilabials, labio-dentals, lingua-dentals, lingua-alveolars, glottals, lingua-velars, lingua-palatals, blends, vowels. Articulation/Fluency/Phrasing - multi-syllabic words, conversational sentences, paragraphs, similar word pairs, etc. Paralinguistic Drill - vary pitch, emphasise target words, convey emotions. Format: clinician reading/client imitating, client reading/client looking at word, clinician modeling/client imitating.

W252109

£ 61.95

### The Source® for Dysarthria - Book & CD

Outlines the interrelationships among respiration, phonation, resonance, articulation and prosody; the possible causes for observed symptoms; long-term goals of intelligibility, comprehensibility, efficiency and naturalness. It also explores the intricacies of dysarthria evaluation with guidelines for differential diagnoses covering: possible medical diagnoses; associated neurological symptoms/reflexes; typical patient complaints; distinguish particular types of dysarthria; oral-motor exercises (what they do/don't do for improved speech intelligibility); instrumentation; measuring outcomes of intelligibility, comprehensibility/efficiency; treatment activities for comprehensibility/efficiency; coding and billing for treatment; dysarthria in children. Includes: evaluation forms for adults/children, informal evaluation forms for respiration, phonation, resonance, articulation and prosody; case history form; 80 pages of word/sentence lists, reading passages, exercises and activities to develop respiration, phonation, resonance, articulation; prosody educational handouts; activities for improving intelligibility/comprehensibility. Birth-Adult.

### The Brain Game: The Vocabulary and Word-Finding Game

This game is a fun way for children and adults of all abilities to improve their vocabulary and word-finding skills. It targets skills to help store and retrieve words more easily, based on the model of word finding. Challenges consist of sorting, identification and generation tasks covering Category, Function, Location, Attributes, Sorting, Identification and Generation relating to 12 categories: Clothes, Sports, Body Parts, Vehicles, Animals, Food, Furniture, Drinks, Toys, Jobs, Weather and Buildings. Use this as an informal assessment tool to identify if word-finding difficulties are present (and possible intervention areas), or as part of a therapy programme. Contents: game board, 3 challenge card sets, spinner, timer, counters and die. For 3yrs+ , small parts - supervise use.

W255575

£ 48.95

### Frenchay Eye Transfer Frames & Eye-Com™ Boards

These low-tech, practical and effective tools aid those with communication difficulties but who have enough cognitive ability, controlled eye movements and basic spelling skills to indicate meaning, answers and intent. A conversation partner sits opposite and understands what is to be conveyed by following eye movements. Widely used on stroke wards, brain injury units etc and aids assessment of cognitive functioning. Both resources have a window so the sender and receiver can maintain direct eye contact and provides a "home" position for the sender to look to indicate he/she is either ready to begin or end a sentence which is very important during the communication process.

- The Frenchay Eye-Transfer Frame: The alphabet is grouped into corners. Each letter has a different colour and discs of these six colours are arranged around a central window. The user spells words to communicate with their partner. Includes polypropylene frame & A4 instructions in a wallet.

- Eye-Com™ Board: A clear acrylic board with a sturdy wooden base. Personalise by attaching images, illustrations, drawings, photos or letters/numbers etc directly onto the board. The non-speaking person indicates what they wish to say by looking towards specific pictures, photographs, words or letters mounted on the board.

### MAKATON® Core Vocabulary Symbols, Signs and DVD

Used extensively all over the UK in pre-school, schools, centres, hospitals, clinics and in the homes of people with severe communication and learning difficulties, the Makaton Core Vocabulary provides the state-of-the-art vocabulary for the 21st century reflecting the basic needs of children and adults living in the UK. Makaton Symbols and Signs are matched to all the concepts in the Makaton Vocabulary to be used with speech, the written word or on their own. They provide a visual representation of language which increases understanding and makes expressive communication easier. Designed in eight progressive stages reflecting usage and need, the Makaton Core Vocabulary also provides a huge bank of "Additional" concepts. A DVD is available of the signs to be used in association with the Signs Book.

W250206

£ 40.95

### Language Steps - Book

This resource helps develop comprehension and expression in spoken language from a one- to a four-word level. It can be used as a complete programme or to complement current input, aiming to increase the number of information-carrying words in an utterance. 7 sections cover: 1, 1-2, 2, 2-3, 3, 3-4 and 4 word levels, each with therapy and homework activities for individual or group use. Score sheets provide an accurate record of progress. Photocopiable. For educational or therapeutic professionals and parents. Based on the Derbyshire Language Scheme principles.

W251622

£ 46.95

### Colorcards®: Who, What, Where, When - 36 Cards

These colourful A5 photo cards have been created for users to discover, understand and use interrogative pronouns. Each focuses on a specific question, e.g. Who ...works here? Where ... is the red shirt? Why ...has the bus stopped? Images included provide multiple opportunities to develop this key skill. The subject matter has also been designed to support other speech, language and communication goals. Useful for groups or 1-1 sessions.

W256897

£ 41.95

### Auditory Processing Chipper Chat® - Game & Activity Pack

An exciting, magnetic-chip game! Children perform auditory activities placing chips on their game boards. Once filled, they wave a wand and chips magically "fly" to it! 12 skills are targeted within auditory discrimination, memory and integration including discriminating word parts, segmenting syllables and phonemes, blending syllables and phonemes, recognising words in sentences, sequencing numbers (forward & reverse), sequencing words, reciting sentences, retelling stories, locating key words in sentences, following multi-step directions, giving multi-step commands and comprehending story elements. Can be adapted for various skill levels. Quick assessment tools identify emerging skills. Includes: 60 games (5 each of 12 types, approx 22x28cm), "magic" wand, 100 magnetic chips, dice, activity manual & box. For group, 1-1 activities, 5yrs+. Contains magnets and small parts, supervise use. **This product does not incur VAT.**

### Teach Yourself Match-Up: Object Associations

Pair Up! This language development activity set helps children to learn how to relate objects by their functional use, use abstract thought, understand logical associations, form suppositions and explain possible connections between objects. The 68 photo cards (34 associated pairs) represent easily recognisable objects or scenes that are simple to name and associate.

Use the simple self-checking system on card edges - if colour patterns match- it's correct!

Both sets can be used to improve and develop a range of language, observational and fine motor skills or to enrich vocabulary, for storytelling etc. Features photos of easily recognisable objects on white backgrounds except those needing environmental contexts. Robust, 9cm square cards. For 3-8yrs but presentation is suitable for adults. 3yrs+.

W257231

£ 23.95

### Say and Glue®: Photo Classifying Fun Sheets - Book

A huge toolkit! Develops receptive and expressive vocabulary, naming, describing and reasoning skills. Cut-and-paste activities are fun and interactive, yet expose children to 378+ vocabulary words in 14 categories: Animals, Around the home, Clothing/Accessories, Cooking/Cleaning Items, Food/Drink, Musical Instruments, Occupations, Places, School Supplier, Seasons/Holidays, Sports, Tools/Electronics, Toys, Vehicles. Targets: thinking, memory and language processing, listening, following written/verbal instructions, labelling and recalling object names/details, sight recognition of new words and comprehension, identifying function and/or use of objects - who uses them, why where. For 4yrs+. This product does not incur VAT.

W257192

£ 34.95

### Teach Yourself Match-up: What Do They Have in Common? - 34 Cards

Identify and match items that share common characteristics and are classed as being in the same category or have a similar purpose or use (e.g. motorcycle helmet-hard hat – to protect the head; Bottle-Jar – containers/glass).

Use the simple self-checking system on card edges - if colour patterns match- it's correct!

Both sets can be used to improve and develop a range of language, observational and fine motor skills or to enrich vocabulary, for storytelling etc. Features photos of easily recognisable objects on white backgrounds except those needing environmental contexts. Robust, 9cm square cards. For 3-8yrs but presentation is suitable for adults. 3yrs+.

**ColorCards®: Odd One Out - 2nd Edition - 48 Cards**

These 48 large photo cards present familiar everyday objects all linked by a common theme, except the odd one out! Three levels of complexity show groups of four, five and six objects per card. This versatile resource supports language activities whilst simultaneously developing cognitive skills such as concentration, attention etc. For groups, or individual activities and particularly useful for therapeutic and educational professionals. A5-size cards. Includes an activity and instruction booklet in nine languages.

**W256819****£ 33.95****Memory Matching Games**

Turn over these 72 colourful cards and match up the pairs! Three themes to choose from: wildlife, vehicles or pets. All have clear photographic images and these are great resources to improve memory skills, prompt memory recall or encourage conversation. Suitable for children and/or adults. Card size: 6cm². For 3yrs+, 2+ players. Packaging may vary.

**W257021 Wildlife****£ 8.95****W257020 Vehicles****£ 8.95****W257019 Pets****£ 8.95****ColorCards®: What's Missing - 2nd Edition - 48 Cards**

This set of photographic flashcards have been created to promote observation, visual and auditory skills as well as descriptive language development. 24 everyday scenes are depicted as complete, and another has five items missing. Missing items/objects can be categorised as having no influence on a situation, causing inconvenience, preventing the functioning of an object, or not actually being possible in real life. These scenarios encourage basic reasoning and the development of problem solving skills. Gradeable resource, with increasing levels of difficulty.

**W257023****£ 30.95****ColorCards®: Adjectives (2nd Edition) - 48 Cards**

Help develop comprehension and expression of adjectives. Colourful A5-size photo cards show real objects, people, situations and activities with the adjective opposite in meaning where it exists. Used by professionals for teaching and rehab activities for all ages. Improve attention, listening, auditory memory, sequencing skills and more!

**W256825****£ 30.95****CONCEPT - Board Game**

Great for fun, educational or therapeutic purposes. This game can improve many language skills e.g. word-association, categorisation and more! A word, object, title, character or phrase is chosen and other players try to guess it by using the markers placed on 118 icons giving visual clues to convey the chosen concept. A points system can create a winner, or it can be played just for enjoyment or to support skill development. 3 difficulty levels. For 4+ players, 10yrs+. Supervise use-small parts.

**W257128****£ 30.95**

### ColorCards®: Expressive Verbs & Familiar Verbs

Familiar Verbs - Images of frequently used and easily recognised verbs. Associated objects are in the pictures to give an idea of place and encourage expressive language. Actions shown include empty (bucket), pour (drink), spill (soup) etc.

Expressive Verbs - Images show verbs of varying frequency and syntactical complexity with the context of personal actions. Used for developing an understanding and use of gestural semantics, promote augmentative communication and consider social and cultural appropriateness and diversity. Includes: Fingers (tap, crossed fingers, thumbs up); Hand (shake hands, clap, stop); Body (hug, cuddle, shrug); Legs (tiptoe, stamp) etc.

£ 48.95

## Letter Formation App

Learning to form lowercase letters consistently and accurately is an important step to developing fluent cursive handwriting. This fun and innovative app is a super way to help children develop these skills. Choose a letter, hear its sound, watch a little creature draw it in the sand and also hear the letter name. Now try to draw the letter in its track, watching your trail form as you do so. Choose a new letter or select the tide to come in and sweep your attempt away and try again. Teacher options provide the facility to select what the user hears and what letters they can access for more focused work. Apps are available on iPad, tablet, and whiteboard, allowing for individual and group use.

W257281

£ 12.95

## Activities for Mastering Inferences - Book

Decoding references or "hints" made in language can be difficult for those who prefer logical, obvious and exact information. These activities provide intensive, focused practice in recognising inferences and understanding meanings. Read aloud, let the child select answers using the visual pictures and then discuss. Fully photocopiable. For 7-9yrs. **This product does not incur VAT.**

**£ 14.95**

**Removing Barriers Game**
**WHAT IS THE AIM OF THE GAME?**

The challenges faced by disabled people in everyday life with differing needs are often overlooked simply because service providers and staff do not realise they exist. Once awareness is raised, action can be taken to improve difficulties and remove the barriers. This is a valuable tool for Disability Equality and Disability Confident training.

**WHAT ARE THE KEY MESSAGES?**

- Disabled people should receive the same levels of service and access as anyone else
- If you're providing a service it should be as inclusive and accessible as possible
- Training is key to helping organisations and staff understand the challenges faced by disabled people
- Recognising barriers is the key to improving access to services and facilities

**WHO SHOULD PLAY THE GAME?**

Anyone offering services and resources to the public including health and social care, education, leisure, as well as private organisations such as retail, transport, banking and hospitality

**WHAT WILL PLAYERS LEARN?**

- The challenges, issues and barriers faced by individuals with different impairments
- The practicalities of accessing services and facilities
- Simple ways to remove barriers

**CREATED IN ASSOCIATION WITH:** Toyah Wordsworth, Equal Equality, Ataxia UK

- 2-12 players

- 45-60 mins

- No specialist facilitator required

**W257275**
**£ 82.95**

### Colorcards®: Decisions & Personal Safety

These large-format cards show unpredictable major and minor everyday situations, objects and activities encountered that are, or could become dangerous if risks are not understood or considered. Some situations will be familiar and others present new challenges. Thinking through these helps children to make responsible choices, develop independent thought, keep safe, understand differences between minor difficulties and emergencies, recognise when there is danger or potential danger, ask for help, take the initiative, walk away, find a balance between acting quickly and considering all aspects of situations, understand possible consequences and explore what might happen next. Ideal for creative role-play, story-telling or writing activities for group, classroom or 1-1 sessions. For all ages.

- Decisions: Events vary from minor problems upsetting daily routine (missing a bus), to major predicaments (finding a pan on fire in the kitchen)
- Decisions (Outdoor): bee swarm, pylon, mines, construction sites, using ladders, ice, fireworks etc.
- Decisions (Indoor): candles lit near curtains; owning large dog; sharp knives left on a counter etc.

<b>W257157 Cleo the Crocodile</b>	<b>£ 17.95</b>

### Trauma, Bereavement and Loss - Guidebook and Story Sets

This guidebook and storybook set focuses helps adults, regardless of their previous experience or training, to support traumatised children in emotionally challenging circumstances, helping them to trust again and manage their loss and grief after a bereavement.

The stories have colourful illustrations and the content is created to help children explore their changed situation, thoughts and feelings in a supportive manner. The Guidebooks provide practical ideas and activities for the adult to introduce alongside the story, all carefully designed to help children express themselves and make sense of their changed world. Essential information, education and guidance to understanding the stages of grief/trauma/loss/bereavement is provided with methods to support the process, advice on group work, self-care and when specialised services may be required. For primary school children. Written by a qualified Counsellor. **This product does not incur VAT.**

<b>W257162</b>	<b>£ 25.95</b>
----------------	----------------

### Trauma is Really Strange - Book

What is trauma? How does it change the way our brains work and can we overcome it? This highly visual comic-format book explains how trauma confuses the brain and affects the body. Uses metaphors, scientific facts and explains how coping involves changing the body's physiology with techniques to achieve this. Appropriate imagery for adults/teenagers. **This product does not incur VAT.**

<b>W256609</b>	<b>£ 9.95</b>
----------------	---------------

### Talk About Relaxation Ball

A great icebreaking activity for people of all ages, useful for 1-1 sessions or groups and adaptable for all functioning levels. Includes activity ideas or suggestions for use in teaching or therapeutic situations.

<b>W254459</b>	<b>£ 13.95</b>
----------------	----------------

### Therapeutic Story Collection - Set of 9 books

These therapeutic story books have been written to help parents/carers, social workers and other professionals heal traumatised children. Each story has lovely illustrations and engaging and meaningful content. To the back there are notes explaining the reasoning behind the story, providing strategies and supportive techniques that could be tried/ the authors are an adoptive parent and Director of Fostering Attachments Ltd, which delivers training on therapeutic parenting, and her daughter who is a trainer at the same establishment. For 3-10yrs.

The full therapeutic story book collection! each focuses on a specific need, targeting different fears and worries. They are full of supportive strategies for parents, carers and other professionals to help children heal.

## Snoezelen® Multi-Sensory Vehicle

Like what you see, but still not sure? Come and visit us, we'd be happy to see you. Bookings required.

Please contact us to visit our Snoezelen® or Reminiscence Showroom. Our Showrooms are based at our Head Office in Derbyshire.

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

### What's in it?

The vehicle contains all the typical components of a typical Rompa® multi-sensory room but this one is installed in a large vehicle that we can take to shows and events up and down the country.

We think this will prove a great way to bring the concept of Snoezelen® sensory environments to a wider audience and demonstrate the immersive quality of a Rompa® sensory room.

Our Snoezelen® Multi-Sensory Vehicle is available to book out and bring to your event.

Visit [www.rompa.com/snoezelen-multi-sensory-vehicle](http://www.rompa.com/snoezelen-multi-sensory-vehicle) to enquire NOW.

**A Sensory Room on Wheels!**

Visit [www.rompa.com/snoezelen-multi-sensory-vehicle](http://www.rompa.com/snoezelen-multi-sensory-vehicle) to enquire NOW.

YOUR LONDON AIRPORT  
*Gatwick*

**NHS**

ROMPA® is on the NHS Supply Chain Network for Multi-Sensory.  
Framework reference: 2020/S252-638069.

## Who we work with... At home

Our products and Snoezelen® rooms are for all ages and abilities, we supply to individuals, families, schools, hospitals, hospices, charities, airports, hotels, cruises, football clubs and many more. We not only distribute and install in the UK but internationally too.

Here are some of our customers:

Gatwick Airport

Notts County Football Club

Help For Heroes

Meadowhall

Chesterfield Football Club

Brunel University of London

senSI

College of Occupational Therapists

Parenting Additional Needs

Kids in Sync

NewLife

### ...As well as further afield

ROMPA® is at the heart of a global network of providers of multi-sensory environments. As well as serving our valued UK customers, we have partners and distributors in over 40 countries across the world. Through our international customers we have access to new ideas, developing therapies and a wide breadth of experience.

### Showroom & Reminiscence Room

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

### Large enough to count but small enough to care

As a responsible supplier and manufacturer we have continuously updated ethical and environmental policies. As just one example, we review and report packaging and waste.

## Air Purification In Sensory Rooms...

When considering the content in a sensory room, the focus is to ensure that products are appropriate for the needs of users combined with the creation of a comfortable, relaxing and safe environment. A more recent consideration regarding safety is the accepted risk of airborne transmission of COVID-19 in all indoor areas, including sensory rooms. In cases where it is either inconvenient or simply too cold to have an open window for ventilation, or it allows unwanted light into your relaxing sensory room, air purification provides the solution.

Given that virus particles do not exist alone and attach themselves to droplets produced by breathing, talking and coughing, these droplets are generally greater than 1 micron. Our air purification machines remove 95% of particles 0.1 microns or greater, including COVID-19, other viruses, bacteria and other particles resulting in irritation or allergies. When considering a sensory room, consider air safety and include air purification offered by ROMPA.

Visit page 52 to shop our NEW Air Purification range.
