

Welcome to your 2023 Rompa[®] Catalogue with your bonus Winslow Resources[®] section at the back, page 216 to be exact!

2 popular catalogues in 1 for your convenience.

With over 30 years' experience and history as the world leaders in sensory solutions, Rompa[®] continues to offer "Life Changing Sensory Solutions for All." Our continuous and innovative design and technology provides our customers with sensory tools for choice, empowerment, enjoyment, inclusion, meaningful occupation and comfort.

Multi-Sensory Environments, rooms, products, resources and activities are constantly evolving, and as are we. Together, with our trusted advisors, focus groups and customers we are constantly developing new products to meet specific needs. The products within

this catalogue have been carefully selected to support people with different sensory requirements with the core focus to empower users with choices to engage and entertain, stimulate and excite, calm, and relax.

Rompa® acquired Winslow Resources® over 20 years ago to provide the best range of products possible on the market. Winslow Resources® offers a wide range of therapeutic and educational materials such as activities, games, software, photo cards, specialist therapeutic interventions and assessment tools. All of which perfectly complementing the Rompa® range.

INTRODUCTION | How We Work

What We Do

Our history is in the design and installation of bespoke Snoezelen® Multi-Sensory Environments and Soft Play Environments. However, our capabilities do not end there. Over the years we have developed a wide range of services as research and therapies have become more popular.

Our range of installation services include, but are not limited to:

- Snoezelen® Multi-Sensory Environments
- Soft Play
- Environments for Older Adults
- Sensory Integration

- Sensory Gardens
- De-escalation Rooms
- Reminiscence Rooms
- Hydrotherapy / Sensory Bathrooms

Snoezelen® Multi-Sensory Environments

Snoezelen[®] Multi-Sensory Environments are, by nature, relaxing spaces that help to reduce agitation and anxiety, but can also engage and delight the user, stimulating reactions and encouraging communication.

These environements utilise Snoezelen® products to tailor sensory rooms to the needs of the individuals seeking out the sensory experiences that they enjoy and find beneficial.

A Soft Play Environment is specifically designed for children and adults with special needs to have fun, explore their physical boundaries and to release energy in a safe environment.

A form of Occupational Therapy utilising sensory experiences from movement, touch, light and sound to strengthen the user's ability to deal with everyday life. Sensory Integration is effective in addressing challenges associated with autism, dyspraxia and behavioural difficulties in children and adults.

De-escalation Rooms

Designed for demanding environments such as schools with BESD (EBD) students, offenders' institutes and prisons, these custom-made and fully-installed facilities offer a safe environment for those with challenging behaviours and aggressive tendencies.

In a de-escalation room, clients have the opportunity to calm down, rest, recuperate and recover in a secure, robust, damage-resistant environment for a carefully monitored minimal time. Most importantly, these environments encourage 're-orientation', such as the re-introduction of the person back into their usual environment. Whilst risk can never be eliminated, these environments aim to significantly reduce risk, the number of potential injuries, exclusions, holding and numbers of staff required.

Snoezelen® Multi-Sensory Environments and products bring huge benefits to older adults and people with Dementia. After spending time in a Snoezelen® Sensory Room, residents in the later stages of Dementia show positive changes in mood and behaviour, and also an increase in attention to their surroundings. Staff feel that these improvements help with their relationship with the residents and their daily work.

Reminiscence Rooms

Reminiscing is an enjoyable pastime and useful therapy for older adults and people with Dementia. Reminiscence rooms can provide a flexible space in which to encourage social interaction and offer many other meaningful activities.

Our Snoezelen® Trademark and what it means...

The Beginning

During the late 1970s, two Dutch therapists; Jan Hulsegge and Ad Verheul experimented with a sensory tent at the DeHartenburg Institute. The goal was to increase enjoyment and sensory experience for those with intellectual disabilities. The result of a one-weekend fair was overwhelmingly positive for both verbal and non-verbal patients. The term Snoezelen® was coined soon after, which is a contraction of the Dutch verbs "snuffelen" (to seek and explore) and "doezelen" (to relax).

Snoezelen® continues to:

- Provide meaningful multi-sensory spaces and activities
- Reduce anxiety and offer calming solutions
- Build self-esteem

Through years of experience, Rompa[®] has developed a range of products and created bespoke environments based on the principles of Snoezelen[®], becoming the leading UK provider before developing key partners around the world. Rompa[®] also owns the trademark for the name Snoezelen[®] when applied to products. You know you are buying quality when you buy a Rompa[®] Snoezelen[®] product.

As Snoezelen[®] continues to grow, the principles and benefits of Snoezelen[®] remain hugely significant to individuals with a range of needs all over the world.

- Focus on the individual with a person-centred approach
- Respect each person's choices, needs, pace, and preferences

Benefits & Applications...

Snoezelen® is for All Ages and Abilities

Snoezelen® Multi-Sensory Environments offer a relaxed atmosphere with pleasant surroundings, soothing sounds, captivating aromas, tactile experiences, massage and vibration, vibrosonic sensations, and gentle movement. Interesting light effects and comfortable seating allow your client to self-regulate by choosing sensations. Further, the Snoezelen® environment provides opportunities for interaction and engagement.

Snoezelen® for Early Years

From the moment we wake, we continually experience a huge range of sensory information from the world around us; audible, visual, tactile, olfactory, gustatory, vestibular, and proprioceptive as well as interoceptive. The information is fed through our peripheral nervous system, to our central nervous system and then we organise a response to the input. In short, we have to learn how to react to these different stimuli.

Snoezelen® for Challenging Behaviour

When people experience life changes and find it difficult to cope, negative thoughts can build, and emotion can be displayed/expressed in ways that society finds hard to cope with and understand. There are many difficult behaviours that services encounter including chewing and eating non-food items, spitting, screaming and shouting, hitting, and swearing.

Snoezelen® and Occupational Therapy

Occupational Therapy is a profession that concentrates on enabling people to carry out the things that they want to do, or need to do, in their lives. Assessing cognitive ability and physical functioning level, as well as identifying methods of engagement pertinent to the individual, is an essential element of clinicians planning and providing effective care provision.

Snoezelen® for Learning Disabilities

This area of support can be extremely complex. Clients may have a diverse range of needs and different diagnoses that impact how they experience life, the challenges they face, and the level of support that they require. The combination of these very unique needs can affect cognition and/or physical functioning.

Snoezelen® for Mental Health

Things change around us, both positively and negatively, and we aren't always responsible or in control of what happens. These things can have a tremendous impact on how we live and feel. Experiencing illness, sudden or prolonged trauma, loss of loved ones, a limb or restriction of functional ability, role, employment, or home can impact deeply on thinking patterns, emotions and our behaviour may alter as we try to deal with the new situation.

Snoezelen® for Autism

Snoezelen® Multi-Sensory Environments provide the tools and a suitable, gradable, and safe environment in which Health and Social Care professionals can carry out assessments and interventions. Treatment and care should take into account individual needs and preferences but also be flexible enough to respond to changing needs as the individual matures or responds to treatment.

Snoezelen® for Brain Injury

Acquired brain injury and other neurological conditions can be devastating to the individual concerned and their families, friends, and loved ones, particularly if it is the result of a sudden event. Multi-Sensory Environments, although perhaps not initially a very obvious choice for clinical interventions, can be designed to include equipment that can help a person on their journey of physical and/or cognitive rehabilitation.

Snoezelen® for the Elderly

The term 'dementia' describes progressive disorders affecting the brain such as Alzheimer's disease, vascular dementia, and dementia with Lewy bodies. These conditions present problems with thinking, mood, behaviour, and the ability to take part in everyday activity and leisure. If no suitable activities are provided and people living with dementia have nothing to do, they might become increasingly isolated, frustrated, bored, and unhappy.

The official registered trademark of Rompa® Ltd

The official registered trademark of Rompa® Ltd I www.snoezelen.info

Snoezelen® Multi-Sensory Environments are, by nature, relaxing spaces that help reduce agitation and anxiety. However they can also engage and delight the user, stimulate reactions and encourage communication.

The Snoezelen® Multi-Sensory Environment has many benefits and can be used in a variety of ways to provide a range of benefits including...

Stimulation

Snoezelen® Multi-Sensory Environments and products can be used to stimulate users by providing exciting visuals, high tempo music and sounds, invigorating smells and textures to explore.

Relaxation

Snoezelen® Multi-Sensory products and environments can be used to calm and reduce agitation through the use of gentle light, soothing sound, relaxing smell and touch.

Therapy

We have been providing Occupational Therapists and health professionals with a Snoezelen® Multi-Sensory tool-kit to provide therapy for over 30 years. From portable resources to bespoke multi-sensory environments, we have solutions that can help.

Development

Snoezelen® can be used as a learning and developmental tool. It can be used for colour matching, understanding of cause and effect, and creating themed environments for teaching.

Who can they help?

People of all ages and abilities can get benefits from Snoezelen® Multi-Sensory Environments and products.

Where would I find a Snoezelen® Environment?

Due to their versatility you will find Snoezelen $^{\circledR}$ Environments in a wide range of settings; some will be surprising.

Snoezelen® Senses

The world is full of sensory stimuli. Some individuals are not able to organise and respond appropriately to this stimuli, others have lost skills due to accident or illness, and some others lack the ability or freedom to make choices to balance their sensory lives. For these individuals the world may be a confusing and frightening place, full of over- or under-stimulation. They may behave inappropriately and act or respond in ways others do not understand.

A Snoezelen® Multi-Sensory Environment may be used to educate, stimulate, relax, calm, or energise, as a multi-sensory experience or single sensory focus, simply by adapting the lighting, atmosphere, sounds, and textures to the needs of the client at the time of use. These environments transcend populations with its extraordinary flexibility, wide application, and positive outcomes. A Snoezelen® Multi-Sensory Environment offers a highly motivating environment for users to enjoy sensory activities that are meaningful and appropriate, facilitated and shared by a therapist, teacher, or caregiver.

The five senses with which we are most familiar are:

Vision (Visual)

Provides us with details about what we see and helps us to define boundaries as our brain processes colour, contrast, shape, and movement.

Touch (Tactile)

Keeps us in contact with our surroundings. Touch is vital to our survival and is one of our modes of communication. From head to toe, our skin helps us feel temperature, light touch, deep pressure, vibration, pain, and so much more.

Smell (Olfactory)

We use the sense of smell all the time. Flowery, pungent, musty, acrid, and putrid—we identify many things by their smells. Strong memories can also be tied to smells.

Hearing (Auditory)

Provides us with details about the sounds we hear such as volume, pitch, rhythm, tone, and sequence.

Taste (Gustatory)

Gives us feedback on the different types of tastes: sweet or sour, spicy, salty, bitter, etc.

Two senses with which we may not be as familiar are:

Vestibular

This sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells whether we're moving or still, as well as the direction and speed of our movement. We may even tell whether we are vertically or horizontally positioned—even with our eyes closed.

Proprioception

This sense processes information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other—and their relation to other people and objects.

INTRODUCTION | Partnerships

Rompa® is on the NHS Supply Chain Network for Multi-Sensory.

Framework reference: 2020/S252-638069

The NHS Supply Chain was designed to help the NHS deliver clinically assured, quality products at the best value, through a range of specialist buying functions.

Save time and money

You can avoid individual trust tendering costs, by using the framework, as we complete the tender process for you, releasing more time for core clinical activities.

Discounts are available for NHS and public sector customers

We offer discount bandings on e-direct lines up to 10 units of issue and further discounts can be found on the direct route for units above 10.

Peace of mind

Products are guaranteed - The framework agreement incorporates all the latest required standards and procedures including British Standards (BS), European Standards (EN), International Standards (ISO) Furniture Industry Research Association (FIRA), the leading furniture research and testing agency in the UK, to ensure all products supplied under this contract adhere to the very latest BS/EN/ISO standards as well as specific national legislation and NHS-specific procedures/policies.

Meaningful Activities for Older Adults is the preferred supplier for HC-ONE

With more than 300 care homes, HC-ONE ("The Kind Care Company") offers professional and personalised residential, nursing and specialist dementia care for more than fourteen thousand residents nationally. Rompa® is the home of Snoezelen® and the market leader in the provision of sensory products and environments. Combined with an extensive range of indoor and outdoor games, puzzles, activities and reminiscence products well-suited to care homes, Rompa® products not only benefit residents every day, but can be life-changing. Rompa® is proud to play a part in providing relaxation, stimulation and happiness to HC-ONE care home residents.

Dr Lesley Collier -Snoezelen® Multi-Sensory Enviroments for people with Dementia:

Lesley has a long standing relationship with Rompa® and Winslow Resources®. She has advised us in many areas of the effectivity of using Snoezelen® Multi-Sensory interventions for people with Dementia and cognitive impairments.

"The right level of sensory stimulation helps to relieve stress and boredom; to engage in activity also involves an act of communication that enhances the feeling of comfort and well-being." - Dr Lesley Collier, Senior Lecturer at Brunel University London

Rompa® are proud to work in partnership with the Wonkey Donkey Visitors Centre.

They not only provide sanctuary for donkeys but recognise the role that these beautiful animals can play for people aiding rehabilitation for illness and support those with disabilities.

If you are in the area why not pay them a visit...

www.wonkey-donkey.co.uk 01977219924

The Wonkey Donkey Visitors Centre, Little Oakes Farm, Cobrcroft Lane, CridlingStubbs, Knottingley, WF11 0AZ

2023 Partnership

Rompa® are proud sponsors of Support Dogs a national charity which specialises in training dogs to ensure the safety, independence and wellbeing of people living with epilepsy, autism or disabilities.

With our support for the next two years a puppy will be readied in life-saving and independence inspiring skills before being matched with a human owner to provide a lifetime of assistance. Trained assistance dogs provide important health and wellbeing support to people that need an extra hand. For example, they can pre-empt an epileptic seizure 50 minutes in advance, lower stress levels so that medication can be reduced, and generally improve wellbeing to reduce the frequency of health appointments required. This not only improves the quality of life for the individual and their family, but also for the wider health economy that is prescribing drugs or struggling to keep up with NHS health appointment demands.

Support Dogs rely entirely on voluntary donations and need your support, so they can help more people.

Please help support our important charity by donating here: www.supportdogs.org.uk

INTRODUCTION | Bespoke Products

Like the product, but want to change it?

Each customer has their own unique needs and specific requirements.

Through our in-house design and manufacturing expertise we are happy to meet these.

We can adapt many of our products accordingly.

Design Plan

A Snoezelen® Multi-Sensory Room in a Qatar Stadium for the World Cup 2022.

Final Install

For example, we can...

- Put handles on our Floor Mats so you can move these
- Attach pockets for shoes to the side of a ballpool

Want a new Product altogether?

Furniture, a tactile panel or a Soft Play item, talk to us! Let us create your dream, we are proud to be British manufacturers and this enables us to offer you bespoke solutions.

Once you have selected your products

Email sales@rompa.com or call us on 01246 211 777. Where indicated, you will be asked to choose your required fabric and colour. Details of fabrics and colours can be found on pages 12 and 13.

INTRODUCTION | Bespoke Products

Many of the products in the Snoezelen®, Soft Play and Furniture sections are made by Rompa® at our Chesterfield premises.

These items can be made in a variety of sizes as well as fabrics and colours.

Look out for this symbol throughout the catalogue that indicates that a colour choice is available.

Bespoke Product Design

Feeling inspired?

Why not contact us today with your ideas and together we can design and create your dream space...

INTRODUCTION | Fabrics & Colours

Rompa® manufactures matting, furniture and soft play in a large range of fabrics and colours.

The most durable, and popular, of all our fabrics. Extremely hard-wearing, PVC is easy to clean, water-resistant and treated with fungicide. Latex- and phthalatefree, this strong fabric has a polymer coating on both sides, making it rigid and helping products to maintain their shape. Our PVC has a 'Cape' or subtly textured and fungicidal finish, and is available in a huge spectrum of colours and tones. This extensive choice lends itself well to two-tone finishes, such as purple with lilac accents, or sky blue and light blue combinations.

Did you know?

You can order swatches of PVC, Polyester, Polytan and Faux Suede from our website!

Ideal for:

Wall and Floor Mats Page 104 - 105

WHITE

- Soft Play Product Page 108 113
- Ballpools and Wedges Page 106 - 107
- Water Beds and Furniture Page 89 - 93

Polyester

Slightly warmer to the touch than PVC, and more flexible. This makes Polyester best-suited to products which allow clients to sink into them and which mould to the user's shape.

Ideal for:

- **Splodges** Page 95
- Floppy Island Page 98
- Squashy Seating Page 96

Polytran

Extremely pleasant to the touch, this soft, matt-finish fabric is perfect for products used for long periods of time. Latex- and -phthalate-free, as well as flexible, this fabric is a knitted polyester with a polyurethane coating. This fabric has been specially selected for our Pos-Pod™ Modular Multi-System.

Products typically made in Polytran include wedges, rolls and cushions intended for positioning. (Page 110)

INTRODUCTION | Fabrics & Colours

Rompa® Fabrics and Colours

Fabrics used by Rompa® have been selected for their high quality, reliability, durability and suitability for our marketplace. Our fabrics are complimented by the use of high quality fillings such as bead and foams of various densities to allow us to manufacture an extensive range of soft and pliable or firm and supportive products. All our fabrics (and the products made from these and our fillings) meet appropriate fire-retardancy standards.

Our attention to detail is second to none – from our high quality non-slip fabric to the colour-matched threads that are used to hand-finish our products, Rompa® has earned its reputation for consistently excellent standards.

This applies to our standard products, as well as to any bespoke solution requested by our customers.

Contact us for a fabric swatch to help you make your fabric and colour choices.

Faux Suede REGENT BLUE TAN RED CLARET CARAMEL GREEN SAGE

Arguably the softest of our fabrics, and is similar in texture to suede. More akin to fabrics used in domestic furniture, this supple fabric is water-resistant, extremely comfortable, stain-resistant and antibacterial. Available in subtler shades of colour than PVC and Polyester, this fabric may be more age-appropriate for older adults. Although durable, this fabric has a short pile and is less hard-wearing than PVC. As such, it should not be chosen for areas of heavy use such as step treads or floor cushioning.

Ideal for:

 Positioner Page 92 Supa Squashy Sofa Page 95

Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature

of stitching.

Faux Leather Fabric can be found in the Chatsworth Furniture range. Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

Ask us for a fabric swatch to help you make your fabric and colour choices.

Ideal for:

 Chatsworth Furniture Page 88 - 90

Textured Fabric

Contemporary yet classy colours with a blend of texture and softness to suit every indoor environment. Beautiful, tactile and practical. Fire-retardant, stain-resistant, phtalate-free and REACH compliant.

The fabric itself is waterproof, although seams are not due to the nature of stitching. All the colour options are anti-microbial.

Textured fabric can be found in the Chatsworth furniture range, the sides of these products can be made in textured fabric. Whilst the remainder (e.g. seats & cushions) are typically in faux leather:

INTRODUCTION | Installation Service

1. Contact Us

Call **01246 211777** or email **installation@rompa.com** with your requirements or brief and we will arrange help and a visit if required.

2. We'll Provide a Free Consultation

An experienced Sales Advisor will visit you at an agreed date and time to take measurements of the room and find out more about your needs.

3. We'll Provide a Free Design Service

Based on the meeting with our Sales Advisor we will create a bespoke design brief and we will contact you to discuss your requirements and arrange a visit if required.

4. We'll Ouote

We will create an itemised quotation for your project so you can understand where your investment is being placed and make amendments if required.

5. We'll Listen

When you are happy with your design and quotation (changes can be made if needed) we agree on the project and you place an order with us.

6. We'll Carry Out a Site Survey, If Required

Our trained installation team will visit the dedicated room/area and carry out a site survey taking accurate measurements of the area so we can manufacture to the correct specification.

7. We'll Manufacture

Based on the site survey our manufacturing team will produce the items and equipment for your project. The lead time for this is typically 6 weeks. Need it quicker? Contact us to find out if we can produce it sooner.

8. We'll Install

We agree a time and date convenient for you - our highly skilled installation team will visit and install your brand new environment.

9. We'll Train

Where possible we will train you immediately after installation. We want to leave you with an environment that you know how to use and maintain.

10. We'll Maintain

Maintenance packages are available we will discuss these options with you.

How to order

- Phone 01246 211777 For customers wishing to pay by credit/debit card
- Website www.rompa.com
- Purchase order For account holders
- Please read our terms and conditions of sale which are on our website

Pricing

- Prices are in GBP and are subject to change without prior notice
- Prices exclude VAT, handling a delivery charge. VAT will be added to all invoices where applicable unless a VAT relief form is received with the order. Please see our website for the latest prices
- Products which are Zero rated are indicated with a **'Z'** by the price
- Products eligible for VAT Relief have 'VAT Relief' by the price

Returns

- As a Consumer, as defined by the Consumer Rights Act 2015, you have the right to cancel and return items within 30 days of you receiving your order
- Please note that some products are non-returnable and are marked with this icon in the catalogue

- Please contact us for a return authorisation reference. Do not return a product without a return authorisation reference
- \bullet If you are not a Consumer, Rompa® reserves the right to apply a 15% re-stocking fee

VAT Relief

Relief from VAT is only available on certain products and is granted subject to the following conditions:

- The goods are being purchased by an eligible body, or charity for donation to an eligible body
- The goods are supplied or made available to persons with a disability

MULTI - SENSORY ENVIRONMENTS | Sensory Magic

The Experience

Educate...

As Sensory Magic[®] provides the user the capability to create their own themes, the potential uses in educational settings are limitless. Teach using sound, imagery (still and moving) and colour to create word and colour association.

Create themes to explain a process

Teach the curriculum in a new and exciting way using this immersive technology. Reflect the users interests with media and colour- this could be trains or a popstar it is really versatile.

Stimulate...

As the Sensory Magic® experience can be customised to suit individual needs, sensory sensitivity can be provided for.

Images can be selected to be visually stimulating, including different levels of pattern and motion, or on the flipside the experience could be visually plain and static. Sounds and music can be chosen according to individual tastes, and the volume adjusted to please even the most sensitive of ears. Lighting levels can be strictly controlled, and smells introduced gradually, as required, as tolerance grows.

Relax and reduce anxiety...

Sensory Magic® offers the individual a safe sensory environment which is structured and predictable. The sensory room can be set according to each individual's needs and preferences, so that each and every time the experience is identical, providing continuity and stability. In this way, anxiety levels are kept to a minimum. The MSE can be subtly and slowly altered over time to introduce new colours, images and sounds at the individual's own pace.

A key function of Sensory Magic® is its potential to alter an individual's mood through the use of colour, light, sound, and stimulating visual images. Individuals can be immersed in a virtual reality experience honed to their own needs and preferences. Individuals can be calmed by images and sounds from nature, relaxing classical or meditation style music, or distracted by humorous videos of swimming goldfish or apparently pondering pigeons – with the ability to create your own themes, the possibilities and choices are infinite.

The Software

A unique feature to Sensory Magic[®] is the ability to record, track and adapt your sessions and equipment in a structured and therapeutic manner. Dependent on user likes and dislikes, Sensory Magic[®] can be customised to adapt to their needs. For instance, if a particular colour is disliked, Sensory Magic[®] can be programmed with one touch to remove the colour from the session.

In addition to the base Sensory Magic[®] Software, there are several add on packages that are ideal for certain uses, age groups and environments.

Care™ (Caring Approach to a Reminiscence Experience)

Specifically developed for those individuals experiencing symptoms of dementia, Care[™] helps improve care giver and user relationships, aids reminiscence, promotes social activities, communication and stimulates brain activity in a fun and engaging way through various games and activities.

Profiling Assessment Tool for Sensory Development

Developed in conjunction with University of Southampton, the assessment tool allows therapists and carers to understand the users' sensory preferences in regards to a Multi-Sensory Environment. This simple to use tool provides an invaluable insight ahead of working with them, allowing positive behaviours to be encouraged.

Key benefits of Sensory Magic®

- Stimulates the senses in a selective, structured and well-balanced way
- Immersive themes and environments
- Huge opportunities for interaction, learning, choice, control and
- Compatible with a large range of Rompa® multi-sensory products

Allows otherwise unattainable experiences Customisable and continually updatable

Rompa® Wireless Controllers

 $\mathsf{Rompa}^{\textcircled{\$}}$ wireless connectivity means many elements of your sensory room can change in harmony with each other.

Switches open a world of interaction to individuals who experience restricted movement, help to improve motor skills and help relay information about cause and effect. These devices can be very empowering, allowing the user to control many aspects of their environment at the flick of a switch.

Sensory Room Switches come in a variety of shapes, sizes and types, some even look like soft toys. Whether you need a Sensory Room Switch that reacts to sound, movement or touch, you'll find a switching solution that meets your needs below.

Key Benefits:

- Break free of wires
- Huge choice of wirefree remote controllers and controllable products
- Empowering and enabling
- No hidden extras required

s no ezelen

"Respect for the person's own choice and his own pace are a matter of course."

Delivery of large and/or heavy items:

This item is delivered in a crate and will require dismantling. Please be aware more than one person is required to unload the item.

The majority of our items are delivered by courier. The driver will only be able to deliver to your door, under most circumstances the driver will not be able to enter the premises.

If you have ordered a bulky and or heavy item you may wish to consider the need for additional help. Lifting bulky and or heavy items incorrectly may cause injury and or cause added problems to any conditions that may already be present.

If you are unable to arrange for someone to assist you, we can offer an enhanced delivery service. This service means additional delivery personnel will be dispatched to help bring your items into your premises. There is a charge associated with this service and you should call 01246 211 777 or email sales@rompa.com for a quote.

Please note prices are subject to change, contact sales@rompa.com, 01246 211 777 or www.rompa.com for our latest prices and availability.

Snoezelen® Sensory Trolley

The tactile panel houses speakers which are safe to touch and can be used to provide auditory input. One short side has a shelf for your music system (not included) whilst the other has cut-outs for fibre optics. The flat top could be used for further sensory resources such as a projector. With a 6-gang extension lead inside. Requires just one mains socket. Supplied without additional sensory products so that you can select the components most suitable for your clients' needs. Not compatible with our 21986 Hi-Fi Audio System.

Stimulating, multi-functional, interactive and practical. With sensory elements on all sides to make maximum use of available space. Birch ply with a lacquered finish as standard to help protect the ply whilst it is wiped clean.

Weight: approx. 130kg

Uses of Rompa® Bubble Tubes

- To draw attention, encourage focus or to distract colour, lights and bubbles are visually engaging
- To lift mood (provide enjoyment)
- To calm, encourage relaxation and reduce anxiety (which has physical and psychological well-being benefits)
- For visual tracking opportunities e.g. with fish, balls, cubes (which has implications for many activities of daily living such as reading and writing)
- To provide tactile input (hold/cuddle the cool and firm tube to feel the vibration through the whole body and access deep pressure)
- To provide auditory input (soothing humming of the pump)
- For meaningful communication and learning (the right level of activity), with switches and controllers, such as colour recognition, social skills (turn-taking) and understanding cause and effect (and for supervisors to learn more about users' sensory preferences and needs)
- To allow choice and control and so empower users (fundamental aims of Snoezelen®) through a variety of controllers, including a microphone
- To practice motor skills pressing buttons on switches, throwing cubes, reaching up and around the tube
- To maximise space bubble tubes can be tall and have compact bases. Combined with slim acrylic mirrors, a bubble tube corner provide a striking and vibrant focal point in sensory rooms, bedrooms and more

Key Features

Bubble tubes are an essential component of a Snoezelen® Multi-sensory Environment, these bubble tubes are a complimentary focal tool for sensory regulatory activities or used interactively.

- Multi-sensory audible, tactile, temperature and visual sensory input
- Suitable for individuals of all ages (use under close supervision)
- Attracts attention, concentration and engagement
- Encourages visual tracking, physical movement and hand-eye co-ordination
- 8 colours provide a calming, relaxing ambience, also promoting colour recognition and visual perception
- Smooth surface and cooler temperature of the tube provides tactile contrast and feedback

Reliable and Safe

Designed with reliability and safety as a priority, these bubble tubes give years of service, continuing to bring relaction and stimulation to any multi-sensory environment.

Interactive* and with LED lights - they are easier to maintain than ever before with their fill and empty from the bottom feature! Beware of poor quality imitations!

Designed with reliability and safety as a priority, these products will give years of service, bringing relaxation and stimulation to any sensory room or multi sensory environment.

Key Features

- Cycle through the full spectrum of colours, every colour in the rainbow and all the shades in between!
- Wireless compatibility
- Facility to be easily programmed to the users requirements

Compatible Products

- Mirror panels provide further sensory input, creating the illusion of more bubble tubes. (product code 11160)
- Give your user choice and control of the sensory stimuli level. This could
 potentially aid assessment of preferences/likes/dislikes, assist with teaching
 and learning skills (using compatible switches such as the Super Interactive
 Switch Box (product code 17274)
- 8 Colour Wirefree Controller (product code 19847) or Talking Cube (product codes 18870 and 20402).
- A bubble tube collar is recommended to secure the bubble tube to a wall (15192 - 20cm) or (14694 - 15cm)

"Absolutely STUNNING We couldn't be more pleased. We have only had cheap tubes before this one and the difference is astounding. When we first turned it on we all took a gasp it was so beautiful. It's so bright and vibrant. The actual bubbles are huge. The gurgling and vibration are very soothing. It's extremely sturdy and well built and shouts high quality product. Fantastic product, highly recommended."

£239.95

Fibre Optics

Fibre Optics provide light you can touch, hold, capture and feel! Ideal for those with sensory avoidance and difficulty enjoying the normal range of lighting effects. Fibre optics stimulate and hold attention. They are safe to touch, phthalate-, glass- and latex-free. Fibre Optics from Rompa® are three-strand and so are considerably more effective than cheaper single strand options. Our wonderful light sources complement these safe fibre optics perfectly - they are quiet, cool, very compact and also wirelessly interactive. Fibre optics are safe to handle but are not suitable for Oral Sensory Seekers.

Uses of Rompa® Fibre Optics

- To provide visual stimulation and facilitate safe access to light, including amongst visually-impaired users and those with PMLD – the fibres can be safely held.
- For learning opportunities e.g. colour recognition (the colour changes dynamically) as well as colour matching and understanding cause/effect when used with controllers.
- To provide tactile stimulation the soothing weight of a harness across the lap or stroking the tips across the hands, arms etc. like a brush. Some fibres are textured, such as our Bamboo Fibre Optics.
- To provide sensory input to immobile and bed-bound users through ceiling-mounted Clouds, Panels, Circles and Chandeliers. Using a fan near suspended strands to make these move gently can increase the visual effect.
- To separate off areas and visibly create zones within a space using Combs

Rompa® fibre optics are only compatible with Rompa® light sources (19210 & 21452)

and Curtains. Users can feel immersed and safely enclosed in these areas.

- To maximise space fibre optics can be threaded into carpets we have options for floors, walls and ceilings.
- To calm, soothe and encourage relaxation through softly changing colours and by providing a distraction from anxieties and discomfort.
- To help individuals on the Autism spectrum to concentrate and improve attention.
- To allow choice and control and so empower users (fundamental aims of Snoezelen®) through use with a variety of controllers, including a microphone. Individual strands can be used or whole harnesses, again facilitating choice and a person-centred approach.
- To encourage motor skills and exploration strands can be fanned out, threaded through loosely-knitted items, draped over the body, wrapped

The Snoezelen® Light Source by Rompα®

Key Benefits

- The power house behind fibre optic strands, mats, cloths and curtains
- Wirelessly controllable
- Gentle and continuously fades through colours

Super Safe Fibre Optics, Light Source and 8 Colour Wirefree Controller

"The package of items work well together, producing clear bright light effects which change instantly when different buttons are pressed. The fibre optics are very effective for our sight limited children and for those with autistic spectrum conditions and PMLD, the children love to wrap the fibres around themselves and run their fingers through the fibres as the colours change, they also love to change the colour of the room when all the fibre optic are in use. The items are all well made and easy to use."

Caroline Jones, Grant Co-ordinator, Gloucestershire

Super Safe Plastic Fibre Optics - 17905

Fibre Optics with Light Source

Light Source (White Light) with UV Fibre Optics

Manufactured from durable ABS and supplied as standard in a white finish. This illuminator range utilises a white light LED array and is suitable for use with either glass or PMMA fibre. An inbuilt decorative wheel allows for the creation of a twinkling effect. Sparkling, captivating, stunning and now glowing too! Fibres twinkle like your usual fibre optics, but there's more! Double their effectiveness and use them under UV light for glow-in-the-dark strands and extra visual appeal. With crimped ends.

R324106 2m x 100 strands with light source

£375.95

Light Source (Colour) with Fibre Optics

A remote control, colour change fibre optic illuminator for decorative or sensory use, manufactured from hard-wearing ABS. Powered by LED technology and controlled by an advanced RF remote control which features a multi-colour touch wheel allowing you to instantly switch to almost any colour imaginable. As well as choosing from an array of static colours, the remote control also gives the ability to start and stop colour cycling on any colour. Use of all fibre optic products should be supervised. Our plastic tail fibre optics are the safest on the market, even so, they should not be mouthed or chewed as doing so can expose sharp edges. Potential use: people with sensory avoidance/light sensitivity difficulties may find this particularly beneficial.

R324105 2m x 200 strands with light source

£488.95

Light Source (White) with Fibre Optics

R324104 2m x 200 strands with light source

£435.95

Fibre Optics

Fibre optic lighting stimulates sensors, but it offers many sensory benefits outside of sight!

Each strand rustles and has an audible sound as it drops against other strands which can give a calming and distracting feel.

Fibre optic lighting strands can be touched, held or even draped around the user for a tactile feeling. Touching strands can be therapeutic, individual strands offer a more calming experience as it does not cause sensory overload.

Jumbo 'Bamboo' Fibre Optics

Visually appealing as you would expect of fibre optics – and highly tactile too! Chunky strands encase the polymer fibre optics for further safety. Requires light source 19210 or 21452 for 2 harnesses. Easy to grip. With crimped ends. Phthalate-free. Translucent.

"I can't believe how bright these bamboo fibre optics are my daughter is transfixed, the Chunky strands are easy to pick up and play with purfect for those who struggle with fine motor skills.

I could not recommend these enough look very strong and sterdy am sure they will be loved my my daughter for years to come a must buy for any sensory room."

Jason H., Verified Buyer

- Space-saving
- Safe, hygienic and effective nothing to trip over or touch!
- Multiple beams can be installed together
- Helps understanding of cause and effect and stimulates hand-eye coordination, interaction as well as motor, musical and listening skills
- Compatible with Sensory Magic®

Key Features:

- Numeracy play
- Timer Control
- New musical features

Even more to inspire and empower participants to influence their own environment and get couch and mouse-potatoes moving!

Includes:

- PC or Laptop
- Cool-running beams with long-life low voltage bulbs, all cables and accessories
- Control Box
- Software
- Reflective bats

Rompa® Interactive Lighting System

Music through movement! A whole new meaning to air-guitar and pretend drums! Interact with beams of coloured light by passing a hand, foot or reflective bat through them. Trigger sounds at the wave of an arm ... Activate chords at the sweep of a bat ... Play interactive music games whilst setting off images, videos and graphics...

This range is extensive and evolving. Contact us for information about further options.

Customer Experiences

"A valuable resource for customers using our service at Goscote Centre. It provides multiple benefits where our customers can explore the sensory environment via the use of interactive beams. Uploading photographs personal to the individual using the system creates a unique experience which can be comforting, whilst enhancing learning and play.

The sessions are tailored and personalised to meet individual need which is an objective we aim to achieve throughout our day to day service delivery. We use our system in many ways e.g. to develop interactive skills within small groups to encourage the users to take turns to activate the beams. For customers who benefit from visual stimulation seeing images that change as a result of their actions develops their understanding of cause and effect".

Emma Partridge, Senior Reablement Officer, Day Opportunities & Employment Adult Social Care

"The system has been a very accessible and exciting for our pupils. It is very responsive to the smallest movement so even our more physical disabled pupils have been able to produce sound and contribute to a greater sound installation, for example, our iPad Orchestra. Pupils were very keen to give it a go and experiment with the sound effects".

Ellen Croft, PMLD Curriculum Leader, Leicester

"Excellent for immediate engagement in a huge range of activities that can cover pretty much any area of the curriculum. For first-time musicians it can be used as an errorless method to explore an instrument or for those struggling to engage in maths, it can be subtly woven into numeracy-based activities... Easy to use which enables all the staff, regardless of their IT capabilities ... One of the greatest features is that it can be completely customised to suit the needs of a wide variety of learner profiles... Our learners have loved using the Optimusic system and are also realising the health benefits as 'Chase the Beam' has become enormously popular".

Chris Buckley, Head of Education, School in Seaford

Interactive Wall & Floor Projection

Immersive and inclusive full-body interaction for learning, therapy and play! Everybody plays!

Helps to develop interaction and communication skills through creative multi-sensory game play. The software supports 6 players using full-body interaction with additional options for eye gaze, speech, switches, touch, game controllers, mouse and keyboard inputs

The body is the controller

Open up a fun new world of accessible interaction and bring your spaces to life with kinaesthetic game play!

Responsivity

The slightest movement over the projected image will cause an audiovisual effect response. User interaction creates real-time communication feedback with the content and allows games and activities to be responsive to body movement.

Interaction

Allows multiple users to interact at the same time using a variety of different inputs, opening up a world of collaborative exploration and play. Output the image to a second monitor to enable eye gaze users to interact with peers that use body movements.

Dynamics

Applications offer dynamic physics capabilities allowing movements to interact with virtual objects in a realistic way. Physics properties can be adapted so that small movements can be amplified to create a larger audiovisual effect.

Stimulation

Caters for a wide range of needs with applications designed for early stimulation, exploration and engagement. From simple coloured effects to realistic fish ponds, quizzes and games, provides variable stimulation levels for the needs of a wide range of people.

Kinaesthesis

Participants use their limbs and body to interact with the content, helping to enhance their sense of movement while shifting position, orientation and reaching out to interact with game objects. It is designed to get people moving and exploring their environment in a safe way.

Features

100s of Apps

Comes with a wide range of fun and engaging content designed to stimulate and promote inclusive interaction using any of the supported access methods. Play with movement, eyes, touch, speech, switch and more.

Playlists / Schedules

Create playlists and have the interactive wall play them to schedules you set. This means the system can auto play scheduled playlists without the need for a facilitator. Particularly useful in hospital and waiting room settings.

Favourites

Home screen shows all of your favourite apps so you can run them easily without navigating. Simply star an app for it to appear on your home screen.

Collections

Group apps into your own custom collections and make it easy to retrieve personal favourites or apps designed for lessons or therapy sessions.

Access Menu

Useful off-screen access menu that enables switch and eye gaze settings to be changed while the games are running. This menu can also be controlled by speech.

Remote Control

Conveniently control all aspects of Magic Mirror $^{\mathtt{m}}$ remotely from our control app. Includes ability to shutdown the system.

Interaction Modes

Augmented Reality

See yourself reflected in a mirror video image with live camera mode displaying your real-time image and environment. Virtual objects and interactive content will appear around you augmenting the experience, interact to bring your surroundings to life.

Inset

Inset mode is the same concept as green screen, only here there is no need for a green screen. Inset mode removes the background environment and place users into virtual play environments. This is great for removing clutter and helping users focus on the content and activity.

Shadow

For those that do not like to see themselves in the videos image, Shadow mode helps to reduce anxiety by rendering the user image into the scene as a dark filled shadow. Shadow mode also removes the background environment and place users into a virtual play environment.

Avatar

Take control of on-screen avatars and watch the characters come to life with the movements you make. Open up a new world of Kinaesthetic fun in 3D space and explore spatial awareness, proprioception and enhance your ability to sense the position, location, orientation and movement of the body and its parts.

Facilitator Mode

When working with a single user it is possible to set it to only track one user. This means caregivers can appear in the scene to support a user without interacting with the content. All interaction will be attributable to the user.

Support the development of movement and coordination with fun interactive play...

Bring surfaces to life and create an inclusive play environment for people of all abilities!

Inclusive Play

Interactive Floor is an award-winning interactive projection system that displays motion responsive games and activities on to floors, tables and beds. It offers a wide variety of stimulating content that is suitable for multi-sensory exploration, play, learning, therapy and relaxation.

Natural User Interface

Interactive Floor removes many of the barriers people face when interacting in mixed ability groups by offering a universally accessible interaction platform. It enables everyone to participate on equal terms and helps to create an inclusive play environment.

Product Features

Inputs

Setup eye-gaze input, assign switches, game controllers, speech commands, and keyboard inputs to deliver accessible interactive gameplay for all.

Body Control Points

Set contact points on any one of the 25 available body parts and allow users to interact using the body as a controller.

Game Objects

Add interactive images and animated gifs to appear in your activities and have them transform on interaction using easy to apply game logic.

Voice and Switch Objects

Call object images into the screen using voice commands and switches – say 'dog' and dog image appears in the screen – this is useful for aiding symbol and speech comprehension.

Object Effects

Add stunning particle effects, explosions and transitions to object interactions and keep people engaged with dynamic audio visual content.

Camera Effects

Enhance you activity designs with one of the stimulating full-screen camera effects like water ripple or a spooky film filter.

Backgrounds

Colours, images, videos, mask layers, live cameras and YouTube as background layers. Build up scenes with stunning graphics.

Media Library

Media Library with 100's of stunning images, videos and sounds to use in your activity designs. Includes PCS Core Symbols from Tobii Dynavox.

Record HD Videos

Record user interaction in HD with in-screen game video showing how users interacted Keep track of your sessions and use to inform levels of engagement.

Interactive Wall & Floor Projection

Imagine looking into a mirror and seeing yourself playing drums, splatting critters or tapping stars to change their colour and to make sounds. A movement of the hand or a flick of a finger can trigger any number of audio-visual events around you. Truly immersive, responsive, and rewarding. For individuals and groups. Fully customisable. Rompa® can install the ceiling-mounted projector for you – please contact us for information.

Immersive Projection Environments

Accessible multi-sensory communication environments for learning, therapy and play!

Combine an interactive floor with an interactive wall or choose 360° interaction for a truly immersive environment which allows users to explore communication, amplify capabilities and make environments more responsive.

An immersive room makes it possible for educators, health professionals, parents and caregivers to deliver accessible experiences designed for individual sensory, communication and access needs. It is designed to support individual interaction and communication needs and helps caregivers to access the world of the user!

Gesture-based, individuals use movement to create dynamic effects on the surfaces around them. Using highly responsive hardware, the latest motion-tracking technology and inviting, easy-to-use software with pre-loaded and editable themes, these systems offer endless opportunities for education, leisure and therapy.

These environments bring learning to life and help to engage and include individuals of all abilities, as well as facilitating virtual experiences that may otherwise be inaccessible.

With edge blend technology your immersive room can feature content that can seamlessly wrap around corners, use curved projection or produce large panoramic landscapes. Projectors can also operate individually for multiple and independent activities in one area.

What's more, customers can customise the imagery and sounds to suit personal need, adding their own photos, videos or music to tailor the environment to their requirements.

As each room is different and hardware is available in a range of specifications, please contact us for a quotation.

Everyone Plays

Provides an inclusive play experience for people of all ages and abilities and supports a wide range of inputs and controls!

Versatile

The breadth of content makes suitable for education, therapy and play. Great for schools, hospitals, care settings, day services, play centres and more!

Multi-Sensory

Interact with variable stimuli, visuals and sounds that respond when you move. The system also responds to objects, so you can use tactile objects to enhance the experience.

Accessible Format

Turns any surface into an engaging interactive experience. Project on to floors, tables, beds, wheelchair trays and more.

Creativity

Unleash your creativity. Input your own images, artwork, music and photos to create highly personalised activities for education, therapy and play!

Hygienic and Safe

In hospitals and environments where minimising infection risks is essential, is the perfect inclusive play solution that helps to keep communal play spaces safe and clean.

WHY GET AN IMMERSIVE ROOM?

Create meaningful and engaging experiences for people of all abilities

Create Accessible Lessons

With an Immersive Room you can design how your lesson is delivered, what content is needed to meet the needs of pupils and how they will access it. An Immersive Room frees you from the PC and allows you to control things from anywhere so you can elaborate on subjects, without moving away from a pupil. The scope for designing things to meet individual needs is as wide as the creativity of the educator.

Explore Communication Scenarios

Design accessible communication scenarios and allow people to develop their skills using AAC devices and a wide variety of assistive access tools. Since all access methods and devices work together you can make scenarios that work for all and enable people using different devices to communicate together.

Support Therapy Goals

Develop speech and vocalisation skills, promote AAC usage with enjoyable and collaborative communication scenarios that allows AAC users to communicate with their peers, develop switching and access skills, fine and gross motor skills and more. The therapeutic applications and benefits are wide ranging, whether working on responses to multi-sensory stimuli or isolating and focusing on sound, light, touch, vibration at any time. No complex setup.

Interactive Sensory Stories

A sensory story is a highly engaging way to deliver accessible experiences. These are even more engaging when there is a dimension of multi-sensory feedback and interaction. Immersive Rooms allows for use objects as controllers - grab a bunch of story items and have people use them to make stuff happen in the story! Say the name of a character and it can come to life. When you have a good story you can tell it in lots of ways because Magic Room is non-linear so you can jump to any part. No story ever need be told the same way. This is also true for leaning content and lesson delivery!

Engaging Multisensory Themes

Immersive Rooms has the potential to support a wide variety of sensory and learning needs and is designed to offer variable levels of output intensity so that stimuli can be increased and decreased to meet an individual's changing needs. Magic Room has a wide range of pre-designed experiences to get you started and offer masses of potential for you to create too!

Make Accessible, Inclusive Music

Turn your environment into an inclusive musical instrument and performance space and use any input device to play accessible music. Add your own sounds and make your own instruments, use objects to trigger sounds and phrases. Say and play Happy Birthday to peers using any input device!

Portable sensory system

Combines high technology with simple design to provide a fully portable system for use in schools or at home. Creates colourful, engaging floor projections which responds and interacts with body movement.

On the go

Being the size and weight of a medium sized suitcase, it can be carried easily from room to room or transported using the wheeled base. Creating a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment.

Picture perfect

The software and high brightness projector create multiple themes and images which are combined with in-built speakers for audio effects. The range of stimulating interactive and colourful themes includes 'Splat the balloons', 'scatter the leaves' and the interactive fishpond. Comes with approx. 300 premade pieces of interactive content to get you started and the ability to add any image, video, or audio file to create your own interactive content.

Maximum projection size of 109 x 143cm.

Cost-Conscious Mobile Interactive Floor Projection

Portable sensory system combining high technology with simple design to provide a fully portable system for use in schools or at home. Creates colourful, engaging floor projections which responds and interacts with body movement. Simple to operate and easily moved from room to room by either lifting it using the integral handle or pushing it on its wheeled frame, creating a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment. Customisable with hundreds stimulating themes, images, videos and audio files including 'Splat the balloons', 'scatter the leaves' and the interactive fishpond - as well as a full training manual. Lamp-based with 3500 lumens and so produces a much brighter and sharper image than the Compact version and a maximum projection size of 109 x 143cm. We recommend that this product is situated in environments where the product can be connected and get access to an Internet connection for the purposes of downloading future updates

Requires just one wall socket. Weight: 15kg. Size: 42W x 20D x 72cmH (out of frame); 59W x 43D x 72.5cmH (in frame); image size: 1.6mW x 1mH.

R323385 59W x 43D x 72.5cmH in frame

Ultra-portable

One of the smallest, most portable interactive projection units available. Lightweight and easy to move from room to room, offers instant 'plug and play' operation with no setup required. Ideally suited for use in a classroom, or at home, it creates bright, stimulating projections which interact with movement and touch.

So easy

With the optional Trolley it can project onto a table allowing almost any surface, including wheelchair trays, to become interactive. Easy to install, this system transforms any floor, in a domestic or educational setting, into a fun, immersive and interactive environment. Being only 12cm wide, 23cm high and 15cm deep, it is truly compact.

Amazing content

The software and high brightness projector create multiple themes and images which are combined with in-built speakers for audio effects. The range of stimulating interactive and colourful themes includes 'Splat the balloons', 'scatter the leaves' and the interactive fishpond. Comes with approx. 300 premade pieces of interactive content to get you started and the ability to add any image, video, or audio file to create your own interactive content.

Compact Mobile Interactive Floor Projection

Our smallest system that was designed to make interactive projection accessible, affordable and easy at home, so families can replicate the benefits of the larger interactive systems their children access at school within the comfort of the home. Extremely portable and lightweight with no set up required. Includes themes, imagery, videos and sound effects for plug and play use, as well as click-together foam flooring and a full training manual. Roughly the size of a shoe box and weighing just 1.7kg, this allows parents to transform a bedroom or lounge floor into a fun and interactive environment. LED-based and low-voltage (one plug). 1000 lumens so the projected image is considerably less sharp than that of the other two mobile options. Wallmountable. Optional trolley available for projecting onto a table top or wheelchair tray - contact us for more information. Image size: 1.2mW x 0.9mH.

SENse Flex Plus Projector

The SENse Flex Plus combines new technology with a simple design to provide an affordable, fully portable system for use in schools or at home. The SENse Flex Plus creates colourful, engaging floor projections which respond and interact with body movement. Create a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment. The SENse Flex Plus is fully mobile with castors and electronically height adjustable at the touch of a button, allowing the projected surface to work equally well on the floor, table or bed.

Variable Projection size from 1.35m (W) x 1.03m (H) to 3.1m (W) to 2.24m (H).

The SENse Flex Plus has an in-built gesture camera, simply lay the SENse Flex Plus onto its back and it will project an image onto the wall and will allow you to interact with the theme on the wall via gesture. Within the software, the ability to use the webcam will allow you to see yourself while interacting with the projection.

- Cloud-based editor access is free for the first year.
- Optional subscription from year 1 allows continued access to the cloud editor and remote and telephone technical support.
- Pricing for the subscription is £495 + Vat per year.
- If you choose not to take out the subscription after year 1 then you will lose access to the cloud editor and no longer have the ability to create your activities or profiles, you will still have access to the originally supplied activities as well as anything you created in the first year.
- Remote support can still be accessed out of subscription but is charged on an hourly basis.

Home Projector Set

Compact but high quality. Projects a sharp image in a darkened environment. Suitable for small spaces and can be used a few metres from your wall. With a light output of over 500 lumens. Includes 16GB micro SD card with both still and moving images such as soothing flower fields, under water scenes, aquarium vistas, forest scapes and waterfalls. The SD card can be expanded or over-written with your own images if you prefer more person-centred content. An alternative to the revolving and repetitive imagery provided by the traditional Snoezelen® LED Projectors which project part of an image at any one time. Includes compact speakers and a table stand. Can be linked to a PC and HDMI cables (neither included). Model may vary subject to availability.

BENEFITS:

- Multi-sensory visual and audible
- Takes up minimal space
- Excellent clarity of imagery and sound
- Includes remote control for easy operation
- Customisable content for person-centred care
- Economical as speakers, tripod, remote, storage bag and sound card all included

Sensory Profile Packs

Originally designed by the highly respected Senior Lecturer Lesley Collier of Brunel University London to manage set patterns of behaviour that may be a result of sensory processing difficulties. These difficulties may be experienced by all generations from those with no clinical problems through to those with diagnoses such as Autism, Anxiety, Learning Disabilities, Alzheimer's disease, Schizophrenia and Stroke, amongst others. Based around the Model of Sensory Processing (Dunn, 2001.)

To identify which sensory type you fall within the Sensory Profile will need to be completed. Each pack includes products that will provide a more appropriate level of stimulation to each of the senses, including movement (proprioceptive and vestibular stimulation). The Home Packs are intended for use by families.

Sensory Seeking

This person seeks out sensory experiences in everyday life and has a high sensory threshold, meaning they require lots of stimulation or a more intense sensory stimulus in order to respond. In order to achieve this they will actively seek out sensory experiences, e.g. people who like theme park rides. Typically includes:

Massage Tube (14010), Scented Crystal Bell Balls x 6 (15527), Feely Hand Ball 7cm Red (15498), Twirly Whirly Rainmaker(17367), Tactodiscs Set 1 (18296), Storage Tub (19058), Musical Mat (19187), Flashing Rainbow Knot Ball (19613), Infinity Light Wand (19850), Shape Shakers - set of 6 (19895), Rainbow Slinky (20427), Buggie (20500), Sparkly Play Foam - set of 4 (20954), Space Blanket (21137), Orange 5.5cm Hedgehog Ball (22602) & Tactile Patch Match (23084).

Colours and content may vary subject to availability.

R321174 £237.95

Sensory Sensitive

This person readily notices sensory stimuli and may be uncomfortable or distracted by them. He or she has a low sensory threshold, meaning they do not need much sensory stimulation in order to respond. However, rather than manage this level of stimulation they are easily distracted by it, e.g. being distracted by an untidy room. Typically includes Aromatherapy Kit (14032), Chiffon Squares - pack of 3 (16266), Dolphin (18105), Storage Tub (19058), Jungle Bowling Set (19508), Vibrating Neck Cushion (19958), Colour Changing Egg (20149), Aroma Huggabuddies Elephant (21503), Egg Shaker - set of 4 (22131), Aroma Huggabuddies Giraffe (21504), Rhythm Pals - set of 4 (22788), Knobbly Ball (23012), Aroma Mist Diffuser with Refresh Blend (23247) & Spiral Glitter Wands - set of 4 (24023). Colours and content may vary subject to availability.

Sensory Seeking Home Pack

Typically includes: Massage Tube (14010), Scented Crystal Balls (15227), Diddy Rain Shaker (18892), Storage Tub (19058), Flashing Rainbow Knot Ball - set of 2 (19613), Infinity Light Wand (19850), Rainbow Slinky (20427), Buggie (20500), Space Blanket (21137), Orange 5.5cm Hedgehog Ball (22602) & Number Plates Game (57089). Contents and colours may vary subject to availability.

R321201 **£60.95**

Sensory Sensitive Home Pack

Typically includes: Drawstring Bag (23439), Chiffon Squares - set of 3 (16266), Mini Rainstick (17241), Vibrating Neck Cushion (19958), Colour Changing Egg (20149), Aroma Huggabuddies - Giraffe (21504), Knobbly Ball (23012) & Stick and Glow Stars (24051). Colours and content may vary subject to availability.

R321203 **£62.95**

R321175 **£237.95**

Sensory Avoider

This person deliberately acts to reduce or prevent exposure to sensory stimuli. This individual has a low sensory threshold, meaning they do not need much sensory stimulation in order to respond. As a result, they actively find ways to avoid too much sensory input during the day, e.g. only eating familiar food when in a foreign country.

Typically includes: Bird Mobile (13003), Eggsercizer Firm (15003A), Eggsercizer Medium (15003B), Eggsercizer Soft (15003C), Top-Up Oil For Soother Sack (16607), Sensory Squares (16634), Storage Tub (19058), Koosh Ball - set of 4 (19349), Jungle Bowling Set (19508), Vibrating Neck Cushion (19958), Buggie (20500), Sparkly Play Foam - set of 4 (20954), Aroma Huggabuddies - Giraffe (21504), Rain Tube (21880), Egg Shaker - set of 4 (22131), Flashing Textured Balls - set of 4 (22818), Constellation Ball (22824), Aroma Mist Diffuser with Refresh Blend (23247) & CD Piano By The Sea (CD662). Colours and content may vary subject to availability.

R321176 **£226.95**

Sensory Starter Pack

12 Piece Sensory bundle includes 3 different textured Tangles from large to small, with bumps and grooves. Plus Tangle junior, metallic and fuzzy. 6 soft balls for sensory and play activities, completes this value pack for visual and sensory stimulation.

Colours and content may vary subject to availability.

70

Low Registration

This person does not notice or misses sensory events in everyday life that others readily notice or is slow to respond to sensory stimulation. He or she has a high sensory threshold, meaning they require lots of stimulation or a more intense sensory stimulus in order to respond. However, despite this need they do not actively seeking sensory stimulation out, e.g. not noticing someone entering the room.

Typically include: Aromatheraphy Kit (140332), Foot Massage Rolls - pair (14466), Everyday Aromas (14924), Gymnastic Ribbon (16285), Squeezy Balls - set of 6 (17423), Foam Football - set of 2 (18350), Koosh Ball - set of 4 (19349), Infinity Light Wand (19850), Shape Shakers - set of 6 (19895), Egg Shaker - set of 4 (22131), Flashing rainbow Knot Ball - set of 5 (20195), Aroma Mist Diffuser with Refresh Blend (23247), Spiral Glitter Wands - set of 4 (24023) & Body Massager with LEDs (24271). Colours and content may vary subject to availability.

R319114 £195.95

Sensory Circuits Saver Pack

Everything you need to help you create a sensory circuit. Perfect for schools to energise and settle students at the start of the day or after lunch in readiness for learning. Encourages concentration and focus as well as improving sensory processing skills. Motivating and engaging, sensory circuits can help improve self-esteem, alertness, spatial awareness and physical well-being. Includes activities for alerting (stimulation to prepare the brain for learning e.g. spinning, bouncing, jumping), organising (using motor sensory processing and timing skills for multitasking in the correct order e.g. balancing, co-ordination activities) and calming (last of all to avoid hyperactivity e.g. deep pressure and rocking). Especially effective when purchased in multiples for more students to enjoy.

Typically includes: Concertina Mat - Purple PVC (20034), Sand Snake (18991), PVC Hoop - 70cm Blue (15322), PVC Hoop - 70cm Red (15322), Gymnastics Ribbon (16285), Retro Hopper (19463), Lolo (18454), Multi-Purpose Ball 55cm (14572), Spinning Cone (14412), Tactodiscs Set 1 (18296), Mini Rocking Board (15505) & Weight & Balance Cushions - set of 8 (18850). Contents and colours may vary.

R322481 **£472.95**

School Sensory Spaces Saver Pack

A collection of carefully selected products to use in a classroom, gym or corridor. Especially effective when purchased in multiples to accommodate a group of learners. The components can be used in a variety of ways e.g. Multi-Purpose Ball can be sat on in the Ball Stand or rolled over prone students to provide deep pressure input; The Tactile Multi-Purpose Cushions can be sat on or used as part of trail for balance, core strength, spatial awareness and co-ordination. As many of the products have multiple uses, these can energise and stimulate users or be used to calm and relax learners. More economical than purchasing parts separately.

Typically includes: Sensaring - set of 6 (14434), Tactodiscs Set 1 (18296), Jumping Seat (19472), Large Balance Dome (21481), Hill Tops - set of 5 (22644), Sensory Circles - set of 10 (22821), Bumpy Multi-Purpose Ball 65cm (23058), Tactile Multi-Purpose Cushion 32cm (23128), Tactile Multi-Purpose Cushion 39cm (23129), Balance Board (24052) & Balance Stand Large (29150)

Contents and colours may vary.

R323210 £453.95

At Home Family Saver Pack

Carefully chosen products designed to bring Snoezelen® magic into your home. Offering you a saving compared with individual purchases, this pack is perfect for domestic bedrooms, hospices, respite centres etc. Avoids the typically gender-associated colours and may suit shorter-term accommodation and rooms that will be used by several people at different times.

Typically includes:

- Mini Bean Bag White PVC (12500)
- Aromatherapy Kit (14032)
- Green 7cm Hedgehog Ball (15397)
- Fibre Optic UFO (16692)
- Vibrating Neck Cushion (19958)

at a discounted price."

Colin E., Verified Buyer

"Great new additional tube with extra button set- very easy to install and the best part is the Wi Fi connection."

Neil C., Verified Buyer

Sensory Gardens

Outdoor sensory spaces deserve the same care and attention as indoor sensory environments to ensure their suitability, appeal and longevity. To this end Rompa® can provide you with an extensive range of products for outdoors – from inexpensive decorations to large play structures built to last for years. Many of the products featured here are free-standing and can be mixed and matched. We have more products to choose from on our website, including options requiring professional installation.

For garden projects with a larger budget, we can offer you bespoke and tailor-made designs to make maximum use of your space.

R322887 £3,000.00

Cavatina

A colourful, strong and weather-resistant instrument, similar to a xylophone with low to high notes from left to right. Securely and individually attached to black resonators for maximum vibration and resonance, the vibrant anodised notes have no wires or strings. Incredible tones and melodies can be achieved, including by those with minimal musical ability. Colour-coded notes allow you to create your own music sheets so that users can play by colour. Size: 75L x 55W x 84H cm

R323169	Ground Fix	£2,530.00
R323170		£2,750.00
	For Wall-Mounting	£2,750.00

Tubular Bells - Set of 7

With outstanding resonance, the aluminium bells produce deep tones which can be felt as well as heard. Pentatonically-tuned ranging from A3 to C5. The bells can be arranged in multiple ways, although a horseshoe formation is recommended to create a surround-sound effect and noticeable vibrations for anyone standing in the middle of this shape. Also includes 2 metal posts with a beater attached by steel cables. Size: 10cm diameter x 160 to 220H cm

R323163	Ground Fix	£3,170.00
R323164		£4,680.00

Duo The notes are securely attached to the resonators for maximum vibration with

incredible tones and resonance. Half the notes are aluminium; half are GRP (alass reinforced plastic) – each material gives a distinct sound when played. The curved shape makes it easier for individuals with limited range of movement, or players in wheelchairs, to reach all of the notes. Size: 110L x 85W x 85H cm

R323317	Ground Fix	£5,500.00
R323318		£3,580.00

Akadinda

Large and loud! The huge resilient notes are made from hardwood which gives a natural mellow, low tone, tuned to the pentatonic scale in C major A2-D5. The frame is made of treated timber. Suitable height for wheelchair users. Size: 182.5L x 122W x 112H cm

R323309	Ground Fix	£2,480.00
R323310		£2,530.00

Rainbow Trio Ensemble

Players can develop hand-eye co-ordination, listening skills and motor skills. Install indoors or out. The Metallophone and Chimes are tuned to the pentatonic scale.Size: drums 52 x 42 x 39cmD; Chimes 69.5W x 8.6D x 74.6cmH; Metallophone 31.5W x 30.5D x 36.5cmH

R323308 **£2,480.00**

Rainbow Drums - Set of 5

Easy to play, rewarding, fun and great for outdoor school performances, for helping welcome visitors to care home grounds and for music therapy/learning. For even greater inclusion, incorporate into other rhythmic activities such as movement/exercise, drama and dance. Size: 16-40cm diameter x 55-85cmH

R323156	Ground Fix	£1,930.00
R323157		£2,090.00

Pentatonic Chimes - Set of 16

A symphony of 16 aluminium chimes, hand-tuned to a high quality for a rich, vibrant and harmonic tones. No fail and inclusive, the pentatonic scale means that there are no wrong notes. A delightful shared experience that encourages movement, listening skills, co-operation and enjoyment of music outdoors. Size: longest chime 153cm; overall 192cmL

Seating, Positioning & Furniture

Posture is an important aspect of daily life for able-bodied and disabled people alike. Posture habits are formed during the years of growth and development. Our posture has an impact on, and is impacted by, the way we walk, sit and perform physical movements.

Our range of equipment and furniture will allow good postural positions to be adopted whilst providing a comfortable, safe and dignified seating or positioning option.

Chatsworth Range

This ever-popular furniture range is now better than ever!

- Ergonomically designed
- A higher cushion for additional back support
- Solid foam with separate cushions but without a rigid wooden frame
- Stitched not nailed
- Multi-sensory, with eye-catching and tactile fabric options

- Contemporary and aesthetically pleasing for a multitude of environments, including homes and waiting areas
- Softer, slimmer and more curvaceous styling
- Supportive without compromising on comfort
- High back versions have 56.5cm deep seats

Available in a huge choice of colours. Choose from our standard PVC or 2-tone options - Faux Leather combined with Tactile Fabric. As these products have seams, they are not completely waterproof. Where there is the occasional risk of incontinence amongst furniture users, we recommend that PVC is chosen.

L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them.

Chatsworth Settee 3 Seat Deluxe Fabrics

R322581	Standard 190W x 80D x 75cmH	£1,150.00
R322582	With vibration 190W x 80D x 75cmH	£1,500.00
R322583	With high back I 190W x 90D x 108cmH	£1,440.00
R322584	With high back and vibration 190W x 90D x 108cmH	£1,870.00

The Chatsworth range includes individual pieces of furniture as well as settees and corner units that can be placed together to maximise the space available. These modular pieces can be used in a variety of combinations and are perfect for waiting areas.

For example, team a 3 Seat settee that has a single arm with a Corner Unit to fill a whole wall. A second settee with the opposite single arm could be added to the other side of the Corner Unit to fill 2 adjacent right-angled walls.

With so many colours, sizes and sensory options to choose from, it's up to you!

To make the furniture even more comfortable and inviting-looking, why not add some scatter cushions? Choose matching colours or contrasting shades for visual stimulation.

Deluxe Fabric:

Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

A + B. Musical Water Bed by Rompa®

Fine vibrations of rhythm, tone and beat can be produced through your music system, which connects to the bed. These are picked up through the skin as tactile stimulations. The bed adapts to the body shape giving warmth, comfort and muffled noise, possibly similar to foetal experiences in the womb. The bed has a wooden base and is mounted on a giant loud speaker cabinet. The bed can also be used for interactive stimulation by means of the included microphone to create your own sounds. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. PVC - please specify colour choice when ordering.

"The bed was easy to set up with good instructions on its set up and use. The bed is a valuable asset in our sensory room serving to support, relax and stimulate children at different times. The musical aspect of the bed is especially useful for autistic children and those with PMLD who appreciate the sensory feelings coming through the mattress from the speakers below. The bed base and mattress are very well made and the speaker fitted into the bed base and amplifier and microphone supplied are of good quality and work well."

Caroline Jones,. Grant Co-ordinator, Gloucestershire

A. Water Mattress by Rompa®

A heated water mattress which moulds itself to the shape of the body giving total unrestricted support without any pressure points. The gentle support by water allows even the slightest movement to be felt. The special double isolated heater pad with variable heat control maintains the mattress at a comfortable temperature. The water mattress is designed to be used on the floor or a suitable strong support capable of taking the total weight when filled - the double bed weight is half a ton. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. The cover is made from strong, reinforced durable vinyl which can be wiped clean and is available in a range of colours. Includes heater pad, fill kit, 17m (50ft) hose pipe, water conditioner and instructions. Platforms for the Water Mattress can be made to your specifications by special order. Vinyl - please specify colour when ordering. This product contains wood.

De-escalation Rooms

Rompa® can design and install calming spaces for demanding environments such as schools with students with Behavioural Emotional and Social Difficulties (EBD), offenders' institutes and prisons. These installed facilities provide a robust and safe environment where individuals with challenging behaviours and aggressive tendencies have an opportunity to calm down and be encouraged to manage their own behaviours.

Intended to reduce risk and potential injury, these low stimulation rooms are designed to foster the safety of the individual, peers and supervisors alike. These spaces should only be used as part of a wider structured plan following good practice guidelines and appropriate legislation. Use of these environments should always be for a carefully monitored and minimal time, with the best interest of the individual at its heart.

Furniture for demanding environments

Requests to include furniture in our range that would be appropriate for demanding environments encouraged Rompa® to design furniture and cushioning to meet those needs.

With the appearance and comfort of standard furniture, these products have additional features:

- Light with no hard corners
- Durable, moisture repellent covers to withstand robust use
- Hand finished seams which replace zip fasteners

- Additional sealing of seams for improved hygiene
- Chairs that support body weight when seated which will collapse when stood

From consultation with carers and medical staff at high risk units such as Rampton Hospital, Rompa® have developed Seclusion Furniture. With great attention to detail, this thoughtfully conceived range promotes staff and patient/inmate safety. Durable, and easy to clean, this furniture meets all relevant safety and fire retardancy standards.

Call Rompa® on 01246 211 777 for advice on the most appropriate furniture for your needs.

Seclusion Furniture by Rompa®

Specifically designed for use by clients with severe behavioural problems and unpredictable tendencies. Features:

- No inner wood or metal frame, therefore no hard surfaces
- No zips, cords nor sharp edges
- Client cannot hide objects in the chair
- Client's hands are visible
- Low position and sloping armrests mean client cannot get up hurriedly
- Available in Polyester or PVC please specify when ordering.

Floor Mats

Don't forget that our mats are ideal for Sensory Integration rooms too!

We can also manufacture mats using foam of different densities. Should you require firmer mats with less 'give', we can make mats with a choice of higher density foams. Please contact us for further information.

Removable Floor Mats

Floor Mats can be made with handles by special order. Should you need to regularly remove floor mats (to allow wheelchair access for example), Rompa® can make easy-to-move floor mats to suit your requirements.

All Rompa® soft play products meet appropriate fire-retardancy standards.

Solid structure ballpools for all applications

Some people want to release energy whilst others wish to sink back and relax. Whatever your preference ballpools offer an inviting opportunity for a major change in environment. They provide safety and support for limbs and body. They allow movement whilst providing touch contact all over the skin area. Use ballpools as an adventure, pulling and pushing, lifting and falling. They offer a chance to turn the journey into a shared experience. Ballpools can be made to any size - 2, 3 or 4 sided. When ordering, please state the external dimensions. Ballpools are built around a wooden frame, and are cushioned with high quality, latex-free foam.

One Piece Ballpools by Rompa®

Made from a foam covered wooden frame with a fixed vinyl base. Walls are 20cm thick. Supplied in one piece. Balls to be purchased separately. Please specify colour when ordering.

£524.95 R314927 72.5cmH x 145cm walls

"Fantastic Item for where space is an issue. We ordered this product back in 2006 for our daughter ... and it's still going strong! Really durable, tough vinyl ... and not a rip or tear in it 9 years on! I cannot praise highly enough how sturdy the walls are once fixed ... many a time 'perched' on by us when supervising daughter ... and no dents from our weight!! It's a fantastic design that can fix into any corner, utilising your existing walls for the rear 2 sides ... It was easy to fix with the wooden brackets attached, and has stayed put all these years with no problems at all! The inner floor mat is also tough ... made from heavy duty vinyl, which velcros on to the sides to fix. All in all, this ball pool scores highly with me 11/10 ... definitely a quality item that is well made and lasts many years, as mine has proven!"

Lisa,. Verified Buyer

Toddler Soft Play

Triple Mirror Set

Multi-purpose and multi-configurable. Highly visually stimulating and inviting. Create a hall of mirrors, a soft play floor or use the pieces individually. The non-shatter plastic mirrors can be removed (they are attached by Velcro®) so the remaining pieces can be moved on. Wipes clean and stacks after use for compact storage. Colours of the latex-free and anti-bacterial vinyl may vary. For 0 to 4 years. This product has a zip for manufacturing purposes. Size (each panel): 60 x 60 cm; stacks to 60 x 60 x 45 cm

R322766 **£279.95**

Pocket & Mirror Trail - Set of 8

Place in any order to make a path or stepping stones. Lots of combinations and things to explore. Stop and 'reflect' a while at the mirrors or pause for a poke in a pocket! Encourages motor skills, climbing and reaching. Phthalate-free and meets appropriate safety and fire-retardancy requirements. Colours may vary. This product has a zip for manufacturing purposes only.

R320430 40cmW x 30cmH **£440.95**

Caterpillar Mirror Bumps

Like all caterpillars, this cleverly-designed mini-beast can be transformed into a beautiful butterfly. Contrasting colours and impact-resistant safety mirror panels ooze visual appeal. Fire-retardant and made from phthalate-free vinyl. Colours may vary. This product has a zip for manufacturing purposes only.

R320024 180L x 40cmH **£147.95**

Puzzle Block by Rompa® - 24 Pieces

Unzip this lightweight vinyl bag to find a wonderland of Polyester geometric shapes. They are packed in two layers which, unpacked, lie side by side to form a 150cm long block. Crawl on, climb over or use the individual shapes to form your own design. The zip up bag is provided for ease of storage and transportation. A pattern is supplied with the bag - just in case you can't fit your puzzle together again! This product has a zip for manufacturing purposes only.

R316018 50H x 150L x 75cmW

£1,620.00

Playshapes - Set of 7 by Rompa®

These brightly coloured geometric shapes are made of foam and covered with Polyester. They are fire retardant and easily cleaned with a damp cloth. This product has a zip for manufacturing purposes only. Set comprises: Triangle small 40 x 30 x 10cm, Brick 30 x 15 x 10cm, Cube 30 x 30 x 30cm, Triangle large 40 x 30 x 30 cm, Pyramid 30 x 30 x 30cm, Square 30 x 30 x 10cm and Disc 30 x 10cm thick. Set of seven shapes.

R312358 **£272.95**

Deceptively useful, these strong shapes can be arranged in many ways, including:

- Square
- •Single stairway
- Double stairway
- •Hide away den
- Fir tree

Includes storage bag with zip.

R317828 60 x 60 x 60 cm £373.95

Vestibular and Proprioceptive senses are often overlooked beyond the "traditional 5 senses", although they form an essential part of our day to day lives.

Proprioceptive senses process information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts ir relation to each other, other people and objects.

The Vestibular sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells us whether we're moving or we're still, as well as the direction and speed of our movement. We can even tell if we are vertical or horizontal – even with our eyes closed.

Combining the development of both Proprioceptive and Vestibular senses, the practice of Sensory Integration can assist in developing the ability to process this information.

TheraGym®

Rompa® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions. TheraGym® products are high-quality and affordable - they are considerably less expensive than alternatives available elsewhere, without compromising on functionality or quality.

Sleep Tight™ Weighted Blanket

Helps clients to become calm and comfortable to encourage restful sleep. Suitable for clients weighing over 9kg (20 lbs) who have difficulty calming down to get to sleep. With a curved neck cut-out to help prevent the blanket from bunching around the face. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. As a general guideline, blanket weight should be from 15-25% of client body weight, although we recommend that you seek professional advice as to the suitability of these products for your particular client. Colours may vary.

Machine washable.

Curious and calming. The tactile and visual objects enclosed invite exploration whilst the weight of the cushion may offer a sense of security. Large enough to place across the lap or on a table for a shared activity. Large size and objects to suit the visually impaired and those with limited fine motor skills. Objects selected are appropriate for all ages. With double-stitched seams and thick PVC fabric for extra safety. The cushion is quite rigid and so is not especially suitable for the frail.

Squease Vest

Inflate to make the air tubing in the vest tighter to apply firm pressure to the trunk and back, and so induce safe and secure feelings. For those with sensory processing difficulties, this deep pressure on muscles and joints can be regulating, help improve sensory integration and restore a balanced emotional state (e.g. reducing stress or anxiety). May help encourage self-regulation as the user controls the amount of pressure exerted. Wear over a thin top, with other garments over the vest. With Velcro® side and shoulder straps, zip at front, ventilation holes and hand pump with quick release valve. Nylon with a thermoplastic polyurethane coating. Contains rubber. See size chart on our website for further information. Extension straps available – contact us for more information.

"Great product. We were recommended to get a pressure vest by our OT but I found it extremely difficult to find one small enough for my daughter. This one fits perfectly and was a good price. We've already seen a lot of benefit from it in increasing stability and use it every day. It is easy to clean and washes/dries quickly."

N G., Verified Buyer

Ball Blanket

Creates an intense feeling of security. The weight and movement of the hollow polyethylene balls inside the blanket create pressure for a soothing effect. The balls can be removed whilst the micro-suede blanket cover is machine washed. With strong touch-fasteners. Colours may vary.

£619.95 R321371 178L x 140cmW

Non-invasive method of providing propioceptive and tactile feedback for seated users. Each pad holds separate weight strips (included). Weights are safely secured at both ends so pad can be reversed. We recommend a suggested starting point the use of weights totalling a maximum of 2.5% of the clients total body weight (this would be less for a small child). Pliable and non-flammable. Polyester with PU foam. Colours may vary.

"Our On the Go Swings have become the cornerstone of two sensory-motor rooms that our therapy team established in 2 of the school districts we serve. The swings are very easy to set up and perfect for the variety of students we serve with both vestibular and core strengthening needs. The ease of set-up and take down allows us to not only transport the swings but to reconfigure the room as we add equipment and make changes to meet the needs of our students. Both of our swings have the centre rotational device allowing us to use a variety of swings that require either a single point attachment or 2 point attachment for linear movement. The safety and versatility of these swings have made them the perfect choice for our students."

Mary Kay Eastman, PT, MS, Therapy Coordinator, Athens-Meigs Educational Service Center. Athens, Ohio

Haley's Joy®

Portable, practical and perfect for the Occupational Therapist on the go. Ideal for use in schools and domestic settings where a permanent frame is not viable Modular, with many accessories.

BENEFITS

- Frames set up and break down in just minutes
- · No tools required
- Light-weight yet durable
- With foam-padded, high-strength aluminium uprights
- Functional and safe
- Switch between 1- and 2-point suspension
- Great for therapists in schools, hospitals, clinics and homes
- Mobile and portable
- Easy assembly
- 3 sizes and seating available

Haley's Joy® Sensory Wrap

Provides deep sensory pressure. The interior is made of a comfortable microfibre fabric. The exterior is a durable woven nylon, which can be easily spot cleaned. Suspended with easy-to-clean vinyl covered chains. To be suspended from 2 points of the Haley's Joy® Frames nearest to the Frame legs. Not intended to be suspended from a rotational single suspension point. Can be used with the 22993 Haley's Joy Carrying Bag for Sensory Wrap. Size: 102L x 51cmH

Haley's Joy® Reagan's Ride

A soft seat swing that provides surrounding pressure for enhanced stimulation. The interior is made of a comfortable microfibre fabric that can be easily spot cleaned. The exterior is made from high strength fabric. The removable pillow (included) is covered in a zippered microfibre fabric case. The swing has a 20cm total range of adjustment up/ down, which is independent front to back, allowing the swing to have some backward tilt (if desired). Suspended with easy to clean vinyl covered chains. To be used on the linear suspension points of Haley's Joy® Frames or from a rotational single point. Can be used with the 22994 Carrying Bag for Reagan's Ride.

Haley's Joy® Balance Buddy Bolster Swing

Designed to help improve balance, core strength and reactions to maintain body alignment. The foam padded frame is covered with an easily cleaned moisture/ wear-resistant vinyl. Suspended by 127cm vinyl-covered height-adjustable chains. Disconnect the Balance Buddy Bolster from the chains and use it as a therapy roll on the floor. Suspend from the 2 points nearest to the Frame legs, not the central point of the Haley's Joy® Frames. Compatible with 23001 Balance Buddy Carrying Bag. Size: 91cmL x 33cm diameter

Haley's Joy® Interlocking Foam Padding Squares

Tested for heavy usage, this lightweight and durable foam padding will add cushion and comfort underneath the On the Go Swing's blue mat. This EVA foam is closed cell, so it's completely waterproof, non-toxic, leadfree, and easily wiped clean with mild soap and water or a damp cloth. One side of the padding has a herringbone texture, to provide grip. Comes with edges.

Suspension System

Total versatility!

Eliminate the need for costly architects, engineers and builders

The answer for therapists who cannot install a suitable ceiling support eye bolt or who may move premises.

- Made from thick structural steel tubing 12.7cm x 7.6cm
- Solid, stable and free-standing
- Will support almost any piece of suspended equipment
- Stays in place even with rigorous activity
- Will not slip or slide
- Spacious standard system includes 3 forged eye bolts spaced 90cm apart on the top beam
- Uprights and bases are heavily padded for added protection
- Easy to assemble and take apart for transportation
- Perfect for rooms where the ceiling is not strong enough to support SI equipment
- Working load approximately 600kg (1,340lbs)
- Weighs approximately 317.5kg (700lbs)

Size: 3 metres (10ft) high, 3.6 metres (12ft) long and 2.4 metres (8ft) deep at the base.

Mats and swings to be purchased separately. Colours may vary.

Please note: this product requires assembly by at least two people and appropriate lifting equipment.

(200 lbs)

£357.95

"This swing instantly seems to attract attention from the younger child, some of whom seem drawn to this and want to feel cocooned. They love the sense of safety that this provides, and feel secure in the swing. With a smaller opening than other swings, this gives a better sense of separation and physical boundary. They have described it as their bubble. Our sessions consider therapeutic space, such as activities working in close proximity and tight space, and being able to push against flexible boundaries feeling like 'womb space'. It has therefore been a valuable swing in our Sensory Attachment Interventions too."

Annie Doubleday, Emma Jerman, Occupational Therapists

TheraGym® Seesaw Glider & Swing

Three swings in one! This multipurpose vinyl-covered swing can be used in a variety of ways: as a traditional glider; as a seesaw; or on an incline, providing significant versatility in the therapy space. With three points of attachment for multiple functions, simply adjust the height of the rungs by knotting the rope. Comes complete with 6 safety snaps and a 182cm long rope. Working load: 180kg (400 lbs).

"This can be hung from one suspension point, or two, and so both linear and rotational vestibular input can be achieved. A fantastic swing to help develop tonic extension and integrate retained primitive reflexes. This also makes it very able to achieve supine positions. We also use this swing in Sensory Attachment Interventions as it can provide a nurturing feedback when slowly rocked, and can cocoon the person."

Annie Doubleday, Emma Jerman, Occupational Therapists

TheraGym® Therapy Net **Deluxe Swing**

Provides linear and rotational movements tο enhance core development and motor control. Whilst some children seek the comfortable and soft enclosure of a fabric swing like the TheraGym® Tear Drop Swing, others prefer the more open and visible space provided by a net swing. Our Therapy Net Deluxe Swing helps a child feel secure whilst their vestibular system is stimulated. This also provides a safe haven for activities such as reading and studying. A heavy-duty nylon cord unit is suspended from welded steel rings. Includes one safety snap. Vinyl-covered birch board (58cm diameter) is optional. Working load: 225kg (500 lbs).

Billowing Cushion by Rompa®

A foam base with air cushion creates an exciting Billowing Cushion. Lying or sitting on the cushion provides vestibular stimulation which can be controlled by the user or another person. Also provides proprioceptive and deep touch pressure input. Rolling on and off the cushion is posturally-demanding, strengthening the core and trunk, whilst working on antigravity flexion and righting reactions. Moving around the cushion facilitates gross motor patterns and joint compression. Useful in Snoezelen® and Sensory Integration environments, it is a safe depth and is great for crashing on. Please state colour choice when ordering. Vinyl.

Try Bike Wooden

The Trybike is more than just a balance bike. With its unique 4-in-1 concept it can grow alongside your child. For children aged as early as 15 months old the Trybike is an ideal support to learn how to walk. It can then grow and help your child balance and then ride.

The Trybike is made from durable weatherproof marine birch plywood. The seat cover and chin guard come in dark brown and are detachable so you can change colours.

- 1. Low Tricycle The low tricycle offers young children lots of support to begin walking and riding. Ages 12 months 2.5 years.
- 2. Low Bicycle With a few simple steps, you can easily convert the low tricycle into a low bicycle. This is perfect for when your little one wants to move on to learning how to balance. Ages 2-4 years.
- 3. High Bicycle Simply turn over the frame and adjust the seat to which ever height you like to create the highest wooden balance bike available. Ages 3.5 6years.
- 4. High Tricycle Perfect for children who want α bit of extra support. Ages 3.5 $6\,$ years.

Floor Surfer

An inviting roller board for play and therapy. Developed in partnership with physiotherapists to ensure safe use by any child irrespective of motor skills. With non-smudging and screened wheels to minimise the risk of running over fingers. Lightly tapered at the front to allow increased freedom of movement for the child's arms. The raised front part supports the coccyx when the child is sitting and the sternum when he/she is lying down. The narrowed sides at the centre act as handles. Maximum load: 100kg. Weight: 2.9kg.

R315225	65cm diameter	£24.95

Balancing Snake

All children love to balance, and this cuddly, soft balancing snake is a safe and fun way to do so. Children can start to gently edge their way along whilst avoiding touching the ground. Taking larger steps from one colour to the next without stepping on the join without overbalancing will test their skills further. The textured filling offers an additional sensory experience on bare feet. Balancing and moving at the same time will help develop children's competence and confidence whilst having fun.

Jumping Seat

Superb resource and great fun! Has a flexible squishy base for bouncing, rocking and various movements. The top is flat with cut outs for gripping to stay seated and hold on during use. Great for proprioceptive input. Supports approximately 50kg. Colours may vary.

£23.95 R319472 30.5cm diameter x 20cmH

The unique shape of this balance roll allows more movement possibilities Sensory and can encourage imaginative play. Suited to vousces still months and over. Supplied inflated. Colours may vary.

R321471 105L x 15cm diameter

Happy Hopperz

£15.95

Wonderful inflatable creatures to encourage hand-eye co-ordination, spatial and bodily awareness, confidence, exercise and balancing skills. Child-friendly, and appealing. Includes pump. Supports up to 100kg.

R323302 Turquoise Unicorn | Medium | 49L x 21W x 43cmH

Hip Hop Jumping Mat

Children can safely let off steam by jumping on the mat, then rest and relax on it afterwards. Fun and encourages movement and balance skills. Great as part of a sensory circuit, or for a Soft Play environment. The suspension system is completely integrated inside (no exposed springs nor hard frame) whilst a nonslip base provides stability. The sides are made of easy-to -clean synthetic leather (polychloride, polyester and cotton mix). The top has a dark grey woven fabric (acrylic, polychloride and polyester mix) which can be steam-cleaned or cleaned with an upholstery cleaner.

R323336 Small | Typically red | Max user weight: 40kg | 107L x 70W x 17cmH

Tactile

The sense of touch keeps us in contact with our surroundings. Our tactile ability is vital to our survival, is one of our modes of communication and is fundamental to our learning.

"The average person touches 300 different surfaces every 30 minutes ... The average person with a profound disability will likely touch 1 – 5 surfaces in the same timeframe"

• www.rompa.com

You can find the following exciting and innovative products in the Tactile section:

- Wall panels
- Table top resources
- Activity Boards
- Tactile games
- sales@rompa.com 01246 211 777

- Vibration and massage products
- Fidgets
- Cushions and Blankets
- Saver Packs

Rompa® Tactile Panels have many uses including:

- Exploration of the textures for enjoyment, not as part of a goal-orientated activity so there is no pressure to achieve
- Tracing lines and visual tracking
- Stimulating conversation and an awareness of preferences e.g. the different sounds can encourage discussion about musical likes and dislikes, the different fabrics can facilitate an understanding of clothing needs
- Musical or imaginative play touch the corresponding texture or instrument as it is mentioned in a story ...
- For orientation as tactile signposting along corridors for those with visual impairments

Aesthetically charming as well as highly tactile. A large variety of fluid shapes, raised and recessed areas as well as contrasting textures make this contemporary looking panel as pleasing to the touch as to the eye. Textures have been carefully chosen to offer a range of temperatures, softness/hardness, smoothness/coarseness and include fabric, tile, carpet, synthetic turf and safety mirror. To be wall mounted. Wooden frame. Colours and features may vary. Available in a standard or midi size to suit room specifications.

Dream Activity Cube

Perfect for early learning, the Dream Activity Cube is packed full of exciting activities to keep little ones engaged. Each side has a colourful challenge to develop their motor skills while they play, including bead mazes, peg sliders and a shape abacus. Made from eco-friendly wood and non-toxic paints, it's safe for kids plus kind to the environment as well. If space is tight or for neat tidying, you can turn the top with the bead maze over, transforming it into a compact cube.

£65.95 R324031 30 x 28 x 40cm

Wooden Frame

Cloud-shaped rectangle frame to hold three of the Tactile Squares on a wall.

The Tactile Squares are interchangeable and give the option to be used on a table, lap, or wall-mounted.

Our Tactile Squares are wonderful for sensory exploration as well as for encouraging interaction and motor skills. These squares are equally tactile and visual, as well as offering shared and individual activities with a memory and nostalgia focus.

Designed by an Occupational Therapist, they are meaningful, with each one having its own age-appropriate theme. They provide an opportunity for discussion, reminiscence and for carers to learn more about their residents/family members.

Tactile Squares are to be purchased separately.

 Standard Frame	 £153.95
 Cloud Frame	 £214.95

Multi-Activity Cube

Help develop toddler skills with the Classic World Multi Activity Cube. Each side provides a new way to play, encouraging dexterity, motor and visual skills. The range of games helps kids learn colours, shapes and animals. Made of wood, it will withstand the test of time. When they're done playing, slip off the top and flip it into the cube for easy storage.

£78.95 R324032 31.5 x 30 x 53cm

Pyramid Activity Box

This wooden pyramid activity box toy from Classic World will bring your child endless fun. Designed in a much more interesting tetrahedron (there you go - your new word for the day) structure, the discovery box can be rolled like a ball in whichever direction they like. There's fun on every side - musical instruments, shape sorting, casual relationships and animals to learn and discover.

R324033 33 x 35 x 29cm

Includes drawstring bag for the smaller circles.

R322821 8cm and 35cm diameter

£57.95

Testers said:

"We loved these. The children used the circles to create snail shell designs, simply and quickly. They were very easy to wash off with warm soapy water at the end of the creative activity and dried overnight, ready to use the following morning with our light box. The bag provided for the smaller circles was a nice touch. Appealed to children, especially walking on them with bare feet! Totally non-slip which we loved! Promoted language use to describe them. Also good as feely bag game."

Foot Roller

Silently enables the release of excess energy while sitting or standing alleviating anxiety and increasing focus. Features: Calms restlessness - fidgeters place a foot on the roller spinning it forward, backward or both ways which provide an outlet for excess energy relieving stress and decreasing boredom. Improves performance - allows movement while working both sitting and standing creating more blood flow to the brain enabling greater concentration and productivity. Comforting – remove shoes for a relaxing foot massage. Therapeutic - offers muscle and deep tissue massage for arch pain, plantar fasciitis, heel spurs, and tired feet. Stays in place – foot Roller Rubber has rubber feet that grip keeping it in place while in use on both hard surfaces and carpet

R324157 7x6x3" **£39.95**

Bouncy Foot Band

For School Chairs and increase focus and academic performance by giving children an outlet for excess energy while working. Features: moving while at work enables kids to alleviate anxiety, hyperactivity, and boredom, children enjoy bouncing their feet and feeling the tension to relieve their stress and increase their concentration, chairs can be stacked and moved as normal, easy to install – no tools required. Safety tested and latex-free. Anti-burst, slip-resistant high-quality material.

R319896 600g Singing Bowl

£120.95

Ear Defenders

Help avoid sensory overload and audible distractions and so encourage focus and concentration. Colour may vary. SNR: 25. One size (best suited to older children and adults).

Size: the bar across the top of the head typically extends from 30-47cm (subject to model)

R319663 £10.95

Pluggies

Earplugs can be useful for children with ADHD, ADD and ASD as some individuals can find it difficult to concentrate on school work. With special filters, Pluggies muffle sound whilst allowing the child to retain some hearing, reducing any sense of isolation. Made of a soft material that fits comfortably in the ear. For children approximately 4 to 12 years.

R321873 **£18.95**

Pluggies for Adults

Developed for music lovers, these reusable noise plugs retain the music quality, only the volume is lower. Helps prevent hearing loss and ringing in the ears. Conversations remain audible, so there is no feeling of isolation. Silicone-free so non-irritant.

Ear Muffs (Children/Teens)

Minimises noise and distraction, facilitates concentration and may help to reduce hearing damage. Adapts to virtually any head shape – from children with smaller heads to teenagers. The lateral height can be adjusted quickly and easily. Foldable for compact storage and portability. Plastic headband with faux

easily. Foldable for compact storage and portability. Plastic headband with faux leather ear cushions.

Size: ear cushions 8W x 10.5cmH (padding height 1.3cm)

R323020 Blue **£18.95**R323021 Green **£18.95**R323022 Pink **£18.95**

Vibes Earplugs

Vibes are reusable earplugs designed for sound quality. Traditional foam earplugs are only decreasing the volume of high frequency (treble) sounds, but not low frequency (bass) sounds, which is what causes the sound that you hear to be distorted when you wear them. On the other hand, Vibes lower the volume of all sounds equally, from bass to treble, which allows you to hear sound clearly, just at a quieter volume.

Aroma

The olfactory sense is very powerful and emotive. Smell can trigger memories and change our mood. It enables us to identify objects and affects taste.

Smell Box

A collection of 12 different aromas to encourage reminiscence and evoke memories amongst a wide range of people. Brilliant way to prompt conversation. Aromas includes: carnation, lemon, dentist, apple, pear drops, newly-cut grass, lily of the valley, leather, marzipan, hyacinth, germolene, lavender. With storage box. Bottles have drop-dispenser tops.

R352084 14.5L x 12W x 7.5cmH, bottles £57.95

Helps develop grip strength and provides a pleasant multi-sensory experience. Each set contains a tub of vanilla (XX-soft), banana (X-soft), cherry (soft) and apple (medium) putty. 50g (2oz).

£19.95 R321385 **£34.95**

Life Skills & Rehabilitation

We are reliant on good health and sound well-being, as well as on the many life skills we have learnt – and often take for granted - that help us every day. When our health declines or an injury compromises our daily activities, the effects are far-reaching.

This section includes a range of tools to maintain functionality, to aid recovery and to help individuals to return to their normal health and their familiar lifestyle. Rompa® offers products for enabling, assessment and invention such as timers, equipment for writing, cutting and activities to use different grips, develop fine motor skills and build muscle strength.

Sophia Reborn Doll

Sophia has smooth soft skin, a faint blush and light veining for a life-like appearance, with beautiful grey/blue eyes, hand-rooted hair, barely there eyebrows, long curly eyelashes and natural nails. With moveable limbs and an overall length of 22", Sophia is weighted at just over 3lbs to feel like a real baby. Sophia can sit and lay down easily, but CANNOT stand, speak or be washed. Shoulders and body are cloth, filled with PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender. Includes baby bottle & pacifier, outfit may vary. Real-life heartbeat.

R324294 **£188.95**

Mia Reborn Doll

Mia is an adorable baby with beautiful grey/blue eyes, hand-painted delicate skin with a blush effect and mouth open - babbling away as babies often do. Mia's hair and eyelashes are woven from high-quality hair. Shoulders and body are cloth, filled with PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender. Outfit may vary. Real-life heartbeat.

R324296 **£188.95**

Olivia Reborn Doll

Olivia is a comforting baby, with bright eyes, which can't blink or close, and a soft rayon wig which can be cleaned and trimmed to suit. Made from non-toxic and ecofriendly silicone, vinyl material, Olivia has a soft baby powder scent. Her body is part vinyl, part cloth, weighing 1.1kg and measuring 55cm. Includes: Baby bottle, pink magnetic dummy, birth card, hair band and clothing set.

R324295 **£188.95**

Companion Doll

Companion dolls encourage social interaction and language skills in a safe environment, especially great for creative group play and teaching empathy and compassion! These high quality dolls have life-like features, soft and smooth to the touch. Each doll comes with changeable clothing sets to encourage dexterity. Available in a range of ethnicities and gender for inclusive play.

Cuddle Ball

By simply squeezing and cuddling the ball, children will experience a deep and calming pressure, that will help them deal with all of the anxiety and stress they are going through. There are gaps in the ball to allow hands and arms to be placed inside providing extra comfort and warmth. The cuddle ball is often seen by slightly older children, to be an acceptable alternative to more traditional soft toys, such as a teddy bear. Internal bells tinkle to the slightest movement, providing auditory stimulation. Colours may vary. Suitable for 3 to 14 years.

R324028 25cm **£40.95**

Purrble Companion

The Purrble companion is a cuddly, interactive tool that helps you find calm in moments of stress, overwhelm, and other big emotions. Your companion's heart races to show emotion. Hold and pet your companion to slow their heartbeat into a gentle purr. You'll be surprised to find you've helped calm yourself in the process. The companion also features sensors that respond to touch and fidgeting for added comfort. Comes with 2xAA batteries installed and ready to play.

Z-Vibe® & Z-Grabber™ - Tools for therapists for professional use (these are not chews).

Most people are either auditory or visual learners, but sometimes these senses are not enough and we need to consider the sense of touch. Speech and Language Therapists have been trained to use tactile input to teach clients how to lateralise their tongue, elevate their tongue tip, make a tongue bowl, close their lips, learn a rotary chew, position the articulators for sound production and other oral motor skills. Vibration provides a new level of sensory stimulation to increase awareness and to draw more acute attention to the articulators. Vibration can also be calming and organising.

All these products are lead-, latex-, PVC-, BPA- and phthalate-free, and are for supervised use under the guidance of a therapist or trained carer. Change the Tips for work on speech and feeding skills. All Tips require a Z-Vibe® or Z-Grabber™. The Soft options are made from a softer, more resilient material for those with a bite reflex and/or sensory issues.

Tri Chew

With ridges and bumps to provide sensory input for the lips, gums and tongue and increase oral awareness whilst providing a safe object to bite down upon and chew. Jaw movement and pressure is experienced through the varied textures of the ends, which enable grading for individual need. Soft – may provide comfort for teething tots. Triangular shape is easy to hold. Not recommended for aggressive chewing.

R321028 13 x 14 x 1.5cm **£10.95**

Pencil Covers

These pencil covers are soft, flexible and fit over the tops of pens and pencils with ease! They are great for fidgeting as they have little sensory nubs on the tops of the covers and are also amazing to chew on without ruining your pencils! These for an average chewer will work out about 60p per day. These come in 2 x black and grey (4 covers), 2 x red and blue (4 covers), 2 x all blue (4 covers) or 2 x all red (4 covers), Please note the red pack is 4 of the open design without the nubs on a closed end. Please also note our open pencil covers make great straws for short glasses or cans.

R324060 12 × 5 × 1.5 cm **£14.95**

Chew Bracelets - Set of 7

Perfect for stimulating the muscles of the mouth. Helps prevent clients from biting on their clothes. Non-toxic, colourful and stretchy.

R321892 6cm diameter **£65.95**

Z-Vibe®

A sensory oral motor tool that vibrates. Intended for oral motor exercises and sensory stimulation. Use it to provide input to the lips, tongue, cheeks and

jaw. This tactile input may help increase oral awareness and tone, decrease oral defensiveness, encourage texture acceptance and improve a variety of speech, feeding and sensory skills. The lightweight handle has gentle bumps for a non-slip grip. Battery and a Probe Tip included.

Size: approx 16.5L x 1cmW

Daily Magnetic Calendar

£82.95

What is today? For a child, that simple question can have so many answers and this daily calendar helps satisfy them all! Kids will feel a greater sense of control and responsibility when they help post the day of the week, date, weather, and special events on the large magnetic board for all to see. There's even a space to post their mood, an excellent way to open communication and encourage children to gauge their own emotions. Includes 80 magnets including years, months, numerals for dates, days of the week, holidays, special events and emotions. Includes a pair of fabrichinged dry-erase boards (one with calendar template, one blank for magnet storage). A sturdy cord is attached for hanging. Make a custom magnet by writing on one of two dry-erase magnet tiles! Encourages communication and a reassuring expectation about the events in a child's life. For ages 3 years and over.

Switch-Adapted Fibre Optic Lamp

Very visual and appealing to all ages. Momentary operation — whilst your switch is activated, so is the beautiful light. Base lights up, as do the tips of the fibres. Can also be used without a switch. Requires 3 AAA batteries.

 $R320709 \qquad \text{Base 8.5H x 8cm diameter I Overall height 31cm}$

£29.95

Versatile timer for individual and group applications. Includes base for free standing use. Has an optional audible signal when time has expired. High contrast colours means a quick look suffices to see how much time is left. Perfect for use in de-escalation environments and for classrooms. Allows user to develop a self-sufficient awareness of time.

R319444 20cm x 20cm

£51.95

Floppy Bunny

He hops, sits, moves his nose and ears and makes a delightful sound when activated. Supplied with an integral 3.5mm jack socket adapter for switch operation. Momentary operation. Requires 2 x AA batteries. Switch to be purchased separately. Colours may vary.

R315449 21L x 12W x 19H cm **£54.95**

Singing Elephant

Activate your first switch to make this gorgeous elephant play peek-a-boo and use a second switch to hear the song 'Do Your Ears Hang Low' in a cute child's voice.

Latched operation (activate your switch once to start the effect and a second time to stop it). Functions with only one switch connected, but most meaningful if two are used as this encourages listening skills, choice, co-operative play and turn-taking. Audible, visual and tactile, with ears that flap. Requires 3 AA batteries and up to two switches (to be purchased separately). Can also be activated by pressing the feet.

Classic World Crocodile Balancing Game

This clever balancing game makes little ones use the colourful wooden blocks to correctly balance the friendly crocodile. A great teaching tool to aid hand eye coordination, fine motor skills and shape recognition. Suitable for children aged 3 years+. Made from natural, eco-friendly wood. Non-toxic.

Dena Piece Set - Neon

This Dena 12 pack contains: 6 People pieces and 6 House pieces & 18 piece set contains: 6 Kids, 6 Trees and 6 Houses. They are made from food-grade platinum silicone, the same high-quality material as dummies, teethers and baking moulds. Platinum silicone is a soft, strong, bacteria resistant, hypoallergenic and BPA-free material and 100% safe. It resists temperatures from minus 60° C to 220° C. It can be used in the freezer, oven and is dishwasher safe. These colourful people and houses are soft and bendy, but will keep their shape. Their matt non-slip texture means they are great for stacking. They can also be washed (even in the dishwasher) so they are perfect for outdoor and water play too! Not only this: platinum silicone lasts longer than plastic, and is ocean-friendly. In fact, it can be used in many ways to keep children happy, from ten months right up to aged six.

£18.95

Category Snap

Category snap is a variation on traditional snap, in that no two cards are the same. The idea is to match cards from the same family; a saw and drill match as they are both tools. However, there is no wrong way to play and players can use their imagination to make their own association games. This product was inspired to support cognitive stimulation therapy which prompts people with dementia and Alzheimer's to think creatively, and has proven to have positive effects on cognition and quality of life. Features: 3 x association games, 36 x cards in a pack, for 2-4 players & made from durable materials.

R324084 8 x 12 cm **£23.95**

Animal Snap

The traditional game of snap requires each player to place a card on the pile. When two consecutive cards of the same animal are placed down, whoever yells 'Snap' first gets the pile. The player with the most cards at the of the game is the winner! Designed for people with early to mid-stage dementia, these cards feature easily recognisable animals in bold contrasting colours, so that players can enjoy a lively game with friends and family with little to no assistance. Features: 3 x association games, 48 x cards in a pack, 2-4 players & vibrant colours support vision impairment.

R324085 8 x 12 cm **£13.95**

Mini Beasts Wooden Jigsaw - Set of 8

It Takes Two To Talk®

This updated 5th edition guidebook is valuable for parents, SLT's and others who work with, or care for, young children with language delays. It shows via beautiful colour illustrations how to help children communicate and learn language throughout the day, at meal, bath and play times. Interventions are suitable for children still at the very earliest stages of communication as well as those who have begun to talk in short sentences. Includes easy-to-use checklists, practical guidelines for choosing communication goals and explains how to build a solid foundation for literacy. Supported by current research. This product does not incur VAT.

W356445 £51.95

More than Words®

Children with Autism can find it difficult to interact meaningfully with others and the world around them. This programme is for parents of children under five who are on the spectrum. It helps them reach their potential by empowering their key supportive adults with knowledge and strategies to improve social communication, play and imitation skills. Everyday activities are opportunities to learn, communicate and develop skills! Evidence-based and incorporates current best practice. Requires dedication from parents, but is easy to understand and implement. This product does not incur VAT.

W351748 £51.95

It Takes Two to Talk® Parent Workbook

This easy-to-use interactive parent workbook is a member-only resource. It is designed for Hanen SLTs to combine Hanen strategies and Hanen's adult teaching structure into 1-1 parent intervention sessions, helping them to create personalised interventions for their child. The workbook provides SLTs with trackable materials such as checklists, progress reports to give to the parents they are working with. It is a companion to the It Takes Two To Talk guidebook and intended for parents of children with intentional communication (i.e., Communicators, First Word Users and Combiners). To purchase this resource, simply provide us with your name. Hanen will then authorise us to release your workbook after confirming membership. **This product does not incur VAT.**

W357290 £13.95

TalkAbility™

A hugely valuable resource for parents and professionals supporting verbal children on the Autism spectrum. This book contains a wealth of practical strategies that can be built into daily conversations and activities. By applying these strategies, parents and professionals help children learn to: **This product does not incur VAT**.

- take appropriate turns in a conversation
- wait for others to take theirs
- tune into what people say without words in a conversation
- understand how others feel
- · respond appropriately
- learn how to play with other children and make friends

N353495 £51.95

Plan for People Play - Book

Book 1 focuses on learning how to create the best possible play situations, encourage participation, communication and develop social interaction skills in a purposeful supportive way - all based on current research on what helps children learn best. "People Games"

rely on engagement with others instead of focusing on toys and whilst playing, children learn the key social skills that create the foundations for building successful relationships with others. This product does not incur VAT.

W355711 £16.95

Take Out the Toys - Book

Book 2 focuses on "functional play" ability (early play involving conventional or expected actions using toys). These skills provide a foundation for the formulation of later skills so it is important to optimise these as early as possible.

Play for children who have Autism or other developmental challenges may not be as advanced as other children their age, but if these specific research-based techniques are used during everyday play activity, much can be done to build skill levels. This product does not incur VAT.

W355712 £16.95

Put Pretending into your Child's Play

Book 3 focuses on expanding pretend play skills during fun, everyday activities. Children with additional needs often find it difficult to pretend, a stage of development that lays the foundation for key social and learning skills. This resource provides a context of

how pretend play fosters language, social and emotional skills using research-based strategies. Identify each stage of pretend play, encourage imitation of new play actions, identify when to move to the next developmental stage and encourage use of new skills with a variety of toys, in different situations. This product does not incur VAT.

W355713 £16.95

Now available! Book Hanen Centre® workshops easily in the UK!

Winslow Resources® met Course Beetle at NAPLIC a couple of years ago... and a gem of an idea formed. What if it was easier for UK SLTs and professionals to be Hanen Centre® trained? We introduced the idea to The Hanen Centre® and Course Beetle and the rest is history!

Course Beetle now act as UK hosts for a range of Hanen Centre® Workshops. Contact them on **01743 211346** or visit **www.coursebeetle.co.uk** to find out more. Training includes:

Learning Language and Loving It™

- An intensive 3-day workshop that develops the social, language and literacy skills of young children
- For SLTs and early childhood educational professionals who train and educate other professionals
- Certification means you can offer the evidence-based LLT programme to early childhood educators and pre-school teachers. It Takes Two to Talk®
- A 3-day workshop providing a simple but powerful framework for coaching parents to play a primary role in their child's intervention a framework that can be applied to a variety of clinical contexts including individual therapy and group training
- For qualified SLT:
- Completion certifies you to lead the ITTT programme for parents of children with language delays aged 5 and under More than Words®
- A 3-day workshop for qualified SLTs offering a goal-based approach to family-centred early language intervention
- Certification enables you to offer the MTW programme to parents of young children who have social communication impairments including children with suspected or diagnosed ASD

ABC and Beyond™

Based on current research regarding promoting emergent literacy in early childhood classrooms. Prepare pre-school children to learn to read and write successfully, presenting key techniques on building language and literacy learning into daily conversations and activities. Addresses various prerequisites of literacy, including vocabulary, story comprehension, decontextualized (abstract) language, print knowledge and phonological awareness. 120+ colour photographs, charts and real-life practical examples. This product does not incur VAT.

W355326 £42.95

Learning Language and Loving It™

An easy to use early-years programme that really works! Child-centred, this approach combines language acquisition, language facilitation and supporting conversational turntaking from the earliest communication development stages. It aims to maximise language learning within daily routines and play, facilitate social interaction, address emerging literacy skills and support the development of strategies for children with additional needs or language delays. This product does not incur VAT.

British Picture Vocabulary Scale - (BPVS-3) - 3rd Edition

BPVS-3 is the leading assessment tool to assess the receptive vocabulary of children as young as 3, and up to 16 years old. It has a simple, appealing format with vivid full colour illustrations and black outlines to support those who may be colour blind. It identifies delays in vocabulary development, even before children are in full time education, informing intervention strategies to help extend vocabulary. It is suitable for non-readers and those with learning difficulties, Autism or CP etc. as no reading is required - responses can be given by pointing or gesture.

- Time efficient, can be used as a benchmarking and progress-checking assessment from pre-school to secondary school
- 1-1 session format the facilitator says a word and the pupil responds by selecting a picture from four options that best illustrate the word's meaning
- Carry-case
- Admin time: 10-15 mins
- For 3-16yrs
- For teachers, SENCOs and SLTs

W354598	£274.9!
W354599	£23.95

Word Finding Vocabulary **Test - Revised Edition**

Assessment to ascertain the extent to which pictures of objects (arranged in order of difficulty), can be named correctly. Most objects included have no alternative name, so the responses of children with difficulties can be quickly measured. 50 linedrawn pictures, manual and photocopiable scoring forms. Norm referred at six monthly intervals to enable production of comparative results. For 3-8yrs.

W352412 f5195

Action Picture Test (5nd Edition)

New edition! Used since 1967 by SLTs, SENCOs, teachers and other health and educational professionals to assess the speech and language development of children between 3 and 8

It covers words used to convey information (i.e. nouns, verbs, prepositions); present, past and future tenses; irregular forms of plural and past tenses; simple and complex sentence construction and passive voice. The test provides an Information and Grammar score that can be benchmarked against a UK school population. It has been fully updated, with revision of scoring guidelines, image modernisation and via an extensive nation-wide programme - restandardised against a modern school population.

Contents: 10 picture cards depicting a variety of everyday scenarios, instruction booklet providing guidance on administration, scoring guides, scoring form.

W356817

Bus Story Test - Revised Edition

The age-level of consecutive speech used in retelling a story can be assessed from the information content, sentence length and grammatical usage. This tool includes a coloured picture story book, photocopiable scoring forms and manual, but requires use of audio recording equipment. Norm referred at

monthly intervals to enable therapists to produce comparative results. For 3-8yrs.

W351216 £46.95

Renfrew Language Scales Set

Purchase all three of the assessment tools in the Renfrew Language Scales series - the Action Picture Test, Bus Story Test and Word Finding Vocabulary Test. The price represents a saving against individual purchases.

W357202

The New Reynell Developmental Language Scales (NRDLS) - 4th Edition

The most widely used assessment/diagnostic tool for identifying speech and language delays and impairments in very young children. It has been standardised on 1,200+ UK children. Content is in-line with the latest research and practice.

Essential information is provided about production and understanding of spoken language. It assesses communication skills on entry to nursery, identifying children who need immediate referral and support. Two scales are used:

Scale 1: Language production: explores understanding of vocabulary items and grammatical features Scale 2: Comprehension: assesses the production of the same features of language

- Simple to administer with an easy to use, easel format
- Uses play-based activities and various stimulus material, featuring a Monkey, Teddy and Rabbit with full-colour illustrations
- An overview of language ability guides intervention and evaluates the effectiveness of interventions
- A multilingual toolkit, gives advice and guidance on adapting and use with ESOL pupils
- Admin time: 35-60 mins
- For 2-7yrs

For SLTs only. To purchase these resources, please ring our sales team who will request the name of the end user. There will be a short delay in processing whilst we check the SLT database to ensure that the person cited is qualified, or you can e-mail sales@winslowresources.com with proof of qualification.

W355654 £820 95

York Assessment of Reading for Comprehension (YARC)

This diagnostic assessment tool was developed by reading experts at the University of York. It provides an in-depth analysis of reading and comprehension skills, identifies specific problems with word recognition, reading fluency or reading comprehension and informs on the most appropriate interventions to support individuals. It is split into 3 parts, Early Years, Primary and Secondary (4-16yrs).

- Can be used to assess and monitor on-going pupil progression
- Assesses EAL pupils and those requiring extra time in exams
- Informs educational planning and benchmarks against the national average
- Ideal tool to evidence the impact of Premium Pupil Spend
- Provides standard age scores, age equivalent scores and percentile ranks for comprehension, rate and fluency
- Admin time: 20-30 mins.
- For SENCOs, Teachers and Literacy Co-ordinators

W356453	Primary & Early Years Assessment Tool	£369.95
W356821	10 YARC Record Forms - Primary	£39.95

Buy STAP & STASS together as a set and save more!

W352131 £120.95

Communication Assessment Profile (CASP) - 3rd Edition

This is the only UK standardised tool to assess the communication abilities of adults with severe to mild learning disabilities. It can also be used with children and young people with ASD and those with neurological disabilities as an outcome measure, to ascertain if communication skills have improved over time or as a research tool. It is comprehensive, using photos of functional and adult-orientated objects and was designed as a three part multi-disciplinary assessment:

- The environment questionnaire ascertains the opportunities available for daily communication (complete with carer/keyworker)
- A photographic manual has subsections on hearing/auditory skills, understanding and using communication (complete with SLT)
- A record of strengths, percentile rank chart, communication environment rating scale all outline priorities for change (agreed by individual, SLT & carer/keyworker)

The National Institute for Adult Continuing Education (UK) recommends CASP as an appropriate assessment for adults with LD. Although not designed for people with Dementia, numerous SLTs report sections 3 and 7 are very useful for assessing vocabulary and communicative function and a small number of individuals participating in clinical trials had age-associated cognitive impairment. Revised 2017.

W351230	CASP	£248.95
W356350	30 CASP Record Forms (10 each of Part 1, 2 & 3)	£86.95
W352119	30 CASP Record Forms (Part 2 only)	£96.95

South Tyneside Assessment of Phonology 2 (STAP 2)

Obtain a profile of a child's phonological system with this rapid screening assessment. 27 clear, colourful pictures encourage naming of 74 elements which elicit consonant phonemes and clusters in all positions, the majority in more than one context. For 3yrs+. Downloadable record forms available via a link on our website. This product does not incure VAT

352130 £64.95

Think it - Say it - Book

An excellent photocopiable resource aimed at children with cognitive and/or communication impairments to improve verbal reasoning and language organisation skills. 75 pictured situations have an accompanying page of questions. Activities are gradeable to aid progression. Section 1 presents a problem and solution, Section 2 shows a problem but no solution, Section 3 shows no problem so it can be explained orally. For those with language delays; neurological, hearing or cognitive impairments; Learning Disabilities, ADD or Autism. Helps with inferential reasoning, problem solving, determining causality and generalising. For: 4-10yrs. This product does not incur VAT.

W352294 £57.95

Language Activity Resource Kit (LARK-2) - 2nd Edition

A huge SLT toolkit to support adults who have moderate to severe language disorders. Ideal for therapy focused on addressing right hemisphere dysfunction and in speech production tasks aimed at improving intelligibility. Objects, tasks and materials are associated with specific actions and therefore help treat Aphasia and other neurological language deficiencies. Versatile materials enable therapists to use different approaches, methods and techniques. Includes: 25 manipulative objects (2 of each), 200 printed cards (action photos, phrase closure, questions), Workbook with activity/exercise sheets for hospital, clinic or rehab use and suggestions of how to integrate LARK in therapy. By purchasing this resource, you affirm you are a registered healthcare professional appropriately trained to carry out this intervention.

W351617 £261.95

Speech and Language Screener Quick Take Along ® Mini-Book

Use this non-standardised Speech and Language Screener as a quick initial screening tool to gather baseline data, identify areas of concern, monitor progress, determine if further evaluation is necessary and develop appropriate goals. Assess: Articulation; Connected Speech; Following Directions; Grammar; Inferencing; Listening Comprehension; Phonological Awareness; Questions; Social Skills and Vocabulary. Sections are adaptable. 64 pages. For all ages. This product does not incur VAT.

W356635 £15.95

Dyslexia Kit in a Bag

Dyslexia affects 20% of the population and due to it being often mistaken as a condition affecting a person's academic ability, is sometimes left undiagnosed resulting in difficulties. Those individuals, both diagnosed and undiagnosed, find it hard to keep up with others, struggle with self-esteem and confidence and may find it hard to talk about their difficulties. This kit in a bag supports children and young people who have dyslexia diagnosed or undiagnosed in the classroom. Within this set there are resources to:

- help young people talk about their difficulties and what helps
- to support self organisation
- to help raise self esteem and confidence
- to help a child let you know if they are worried or upset
- help give the child a voice and tell you what they may need

W357321 £83.95

Semantic Workbooks - Set of 6

Based on the cognitive neuropsychological model of language processing and designed for therapists working with Aphasic clients. The 6 workbooks cover specific aspects of semantics: Odd One Out; Semantic Circles; Semantic Verb Circles; Verbs; Spoken Word to Picture Matching; Word Association. These are high quality resources for daily use, filled with clear, captivating illustrations and interesting exercises graded in order of difficulty and presented in different formats, e.g. pictures only, written word only and pictures with words. Tactile Letters - Set of 26

Practice letter recognition and formation by tracing the tactile path, starting at the dot and following the arrows. Trace the wrong way and the rough texture provides sensory input for self-checking. These terrific, sturdy plastic letters can also be used in messy play. Vowels and consonants are a different colour. For 3yrs+.

W355722 £14.95

Language Steps - Book

This resource helps develop comprehension and expression in spoken language from a one- to a four-word level. It can be used as a complete programme or to complement current input, aiming to increase the number of information-carrying words in an utterance. 7 sections cover: 1, 1-2, 2, 2-3, 3, 3-4 and 4 word levels, each with therapy and homework activities for individual or group use. Score sheets provide an accurate record of progress. Photocopiable. For educational or therapeutic professionals and parents. Based on the Derbyshire Language Scheme principles. This product does not incure VAT

W351622 £51.95

Frenchay Eye Transfer Frames & Eye-Com™ Boards

These low-tech, practical and effective tools aid those with communication difficulties but who have enough cognitive ability, controlled eye movements and basic spelling skills to indicate meaning, answers and intent. A conversation partner sits opposite and understands what is to be conveyed by following eye movements. Widely used on stroke wards, brain injury units

etc and aids assessment of cognitive functioning. Both resources have a window so the sender and receiver can maintain direct eye contact and provides a "home" position for the sender to look to indicate he/she is either ready to begin or end a sentence which is very important during the communication process.

- The Frenchay Eye-Transfer Frame: The alphabet is grouped into corners. Each letter has a different colour and discs of these six colours are arranged around a central window. The user spells words to communicate with their partner. Includes polypropelene frame & A4 instructions in a wallet.
- Eye-Com™ Board: A clear acrylic board with a sturdy wooden base. Personalise by attaching images, illustrations, drawings, photos or letters/numbers etc directly onto the board. The non-speaking person indicates what they wish to say by looking towards specific pictures, photographs, words or letters mounted on the board.

 W351437

W357335 £9.95

It's Not All About Talking

Communication involves far more than just using our voices. With the majority of people being visual and kinaesthetic learners, using our voices isn't always the best way to be 'heard'. This books explores ways to identify an individual learning styles and how to adapt communication to suit those styles. Communicating in a way that can relate to and comprehend is essential for understanding, which has positive consequences on learning and behaviour.

W357316 £26.95

Winston the Worried Whale

In this imaginatively illustrated picture book, loveable character Winston takes children on a journey through his worries, in turn helping them to think about how they can ease their own. The additional digital resources offer numerous opportunities to stimulate valuable discussion on worries. Children will feel an instant connection to Winston's friendly nature, especially when he shares his secret with them... that even though blue whales are the largest animal ever to have lived on earth, even though Winston is bigger than all the other sea creatures and they all think he is brave and not scared of anything – Winston does feel worried about a few things!

W357330 £9.95

The Little Book of Big Anger

This is a fun, friendly resource for use in the classroom with pupils of all ages and abilities. It is a rare day in the classroom when no one loses their temper, and this includes teachers of course. This A5 book provides material and activities that explore this emotion, and provides tactics to deal with it, healthily, together. Through 48pp of stories, drama activities, and art, with teacher's notes explaining the theory behind it, the whole class can learn to recognise, (in themselves and others), understand, and talk about this universal, but often uncomfortable emotion.

W357333 £9.99

This anger management programme draws on research about the development of emotional and social intelligence which indicates that a well-balanced and emotionally mature individual will be capable of greater academic achievement since they are not psychologically involved with inner tensions and emotional turmoil. To achieve emotional maturity this programme teaches:

- Self-awareness
- Self-management
- Impulse control
- Active listening
- Empathy
- Ability to understand non-verbal cues
- Stress management
- Conflict resolution
- Mediation
- Optimistic outlook
- Acceptance of other people

W357328 £46.95

Positive Behaviour Classroom Kit

This kit has been put together with the most popular resources to support those who need a little support to help their behaviour. The majority of people are visual learners, yet we often manage behaviour by using our voices. They may not hear exactly what we are saying, or lose part of the sentences especially if they are stressed. Includes: 200+ visual Widgit Communication symbols and a range of practical tools to support visual and kinaesthetic learners.

W357320 £83.95

Let's Make More Smiles!

All children exhibit challenging behaviour from time to time, but when the behaviour becomes dangerous or harmful we need to intervene and decide how and when we should do this. This book has been written to support those working or living with children who display challenging behaviour. This explores behaviour and provides ideas and suggestions to support positive behaviour through the following topics and more:

- Why children behave in the way they do
- Whether the children understand our instructions
- Whether the children fully understand the reasons behind rules
- How children can begin to take ownership of their own behaviour

W357317 £26.95

Anger Management (Secondary)

Anger management involves steadily increasing the level of maturity a young person has with regard to both managing their emotions and being skilful enough to negotiate and collaborate with others in order to get to a win-win situation where both parties feel satisfied enough with the outcome. This manual offers a structured programme to achieve this. Being able to choose an assertive behaviour option allows young people to find reasonable ways to deal with difficult people and difficult situations. It also means they are more likely to be calmer and more open to reason than stressed and tense. And it will enable them to form deeper, more satisfying friendships because they are able to be more honest with themselves and other people.

W357329 £46.95

Fun Deck®: Therapy Ball Activities - 60 Cards

These 60 creative ball activities address a wide range of therapeutic goals including upper body and core strenath, motor planning, visual perception skills, fine motor skills and sensory input. Each card front presents a colourful illustration of the activity, flip over to reveal therapeutic benefits, materials, directions and other tips. Activities include: Sitting; Prone (Tummy); Stretching; Standing and Other. Created by an OT. For 4yrs+.

W354465

Fun Deck®: Upper Body and Core Strength - 56 Cards

Teach controlled use and build stability of the trunk, shoulders, elbows, wrists, hands and fingers - necessary skills for completing daily tasks effectively. These 52 double-sided cards illustrate an activity to the front with the reverse describing the movement activity with a smaller picture. Additional cards present a developmental progression of movements (unilateral and bilateral) focusing on trunk and shoulder use, coordination activities and fine motor skills. Includes game ideas, instructions and activity lists. Age 5yrs+. Created by an OT.

W354050 £19.95

Targets spatial awareness and perceptual skills while imitating OTis the Monkey. Size: 8cmx11cm. Age 5yrs+. Written by an OT.

W356137

Creating Sensory Play

Creating Sensory Play contains hundreds of ideas using everyday items to create sensory play at home, at school or in play settings. This book considers how activities can be adapted to reflect individual needs. Perhaps a person who does not like touching messy play would do so by wearing latex gloves or a person who has a visual impairment can feel and smell bubbles if the bubble solution contains a little perfume or essential oil.

ROMPA | Sensory

Rompa® Snoezelen® Multi-Sensory Vehicle

Like what you see, but still not sure? Come and visit us, we'd be happy to see you. Bookings required.

Please contact us to visit our Snoezelen® or Reminiscence Showroom. Our Showrooms are based at our Head Office in Derbyshire.

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

What's in it?

The vehicle contains all the typical components of a typical Rompa $^{\odot}$ multisensory room but this one is installed in a large vehicle that we can take to shows and events up and down the country.

We think this will prove a great way to bring the concept of Snoezelen $^{\circ}$ sensory environments to a wider audience and demonstrate the immersive quality of a Rompa $^{\circ}$ sensory room.

Our Snoezelen $\!\!\!^{\otimes}$ Multi-Sensory Vehicle is available to book, simply get in touch.

Visit www.rompa.com/snoezelen-multi-sensory-vehicle to enquire NOW.

ROMPA® is on the NHS Supply Chain Network for Multi-Sensory. Framework reference: 2020/S252-638069.

Showroom & Reminiscence Room

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

Who we work with... At home

Our products and Snoezelen® rooms are for all ages and abilities! We supply to individuals, families, schools, hospitals, hospices, charities, airports, hotels, cruise liners, football clubs and many more.

We not only distribute and install in the UK, $\ensuremath{\mathsf{Rompa}} \ensuremath{@}$ is international too.

Here are just some of our customers:

Gatwick Airport Notts County Football Club Help For Heroes

Meadowhall Chesterfield Football Club Brunel University of London

senSI College of Occupational Therapists

Parenting Additional Needs Kids in Sync NewLife

...As well as further afield

Rompa® is at the heart of a global network of providers of multi-sensory environments.

As well as serving our valued UK customers, we have partners and distributors in over 40 countries across the world. Through our international customers we have access to new ideas, developing therapies and a wide breadth of experience.

Large enough to count but small enough to care

As a responsible supplier and UK manufacturer we have continuously updated our ethical and environmental policies across the business. As just one example, we continue to review and report packaging and waste!

Air Purification in Sensory Rooms

When considering the content in a sensory room, the focus is to ensure that products are appropriate for the needs of users, combined with the creation of a comfortable, relaxing and safe environment. A more recent consideration regarding safety is the accepted risk of airborne transmission of germs, for example, COVID-19, in all indoor areas. In cases where it is either inconvenient or simply too cold to have an open window for ventilation, or it allows unwanted light into your relaxing sensory room, air purification provides the ideal solution.

Given that virus particles do not exist alone and attach themselves to droplets produced by breathing, talking and coughing, these droplets are generally greater than 1 micron. Our air purification products remove 95% of particles 0.1 microns or greater, including COVID-19, other viruses, bacteria and order particles that result in irritation or allergies. When considering your sensory room, consider air safety and air purification with Rompa®.

Visit page 68 to shop air purification.
