WELCOME TO YOUR 2024 ROMPA® CATALOGUE

With over 35 years' experience and history as the world leaders in sensory solutions, Rompa® continues to offer "Life Changing Sensory Solutions for All". Our innovative designs and technology provides our customers with sensory tools for choice, empowerment, enjoyment, inclusion, meaningful occupation and comfort.

Snoezelen® Multi-Sensory Environments are created with insight from our trusted advisors and customer feedback. We are constantly developing new products and ways to do things, to meet various needs. The products in this edition have been chosen to reflect this ethos.

Rompa® acquired Winslow Resources® over 20 years ago to provide the best range of products possible on the market. Winslow Resources® offers a wide range of therapeutic and educational materials such as books, games, software, photo cards, specialist therapeutic interventions and assessment tools. All of which perfectly complement the Rompa® range.

We also have a separate Older Adults catalogue due for release early this year. Older Adults is the new name for 'Meaningful Activities for Older Adults', a brand for our reminiscence range, rehabilitation, and making life a little bit easier for people in residential care facilities, and at home. See page 16 for more information about Older Adults.

Our range of installation services include, but are not limited to:

Snoezelen® Multi-Sensory Environments

Snoezelen® Multi-Sensory Environments are, by nature, relaxing spaces that help to reduce agitation and anxiety, but can also engage and delight the user, stimulating reactions and encouraging communication. These environments utilise Snoezelen® products to tailor sensory rooms to the needs of the individuals seeking out the sensory experiences that they enjoy and find beneficial.

De-escalation Rooms

In response to requests from our valued customers, Rompa® has developed de-escalation rooms. Designed for demanding environments such as schools with BESD (EBD) students, offenders' institutes and prisons, these custom-made and fully-installed facilities offer a safe environment for those with challenging behaviours and aggressive tendencies.

Soft Play Environments

A Soft Play Environment is specifically designed for children and adults with special needs to have fun, explore their physical boundaries and to release energy in a safe environment. Softplay can; improve fine and gross motor skills, enhance emotional development and improve quality of sleep.

Sensory Integration

A form of Occupational Therapy utilising sensory experiences from movement, touch, light and sound to strengthen the user's ability to deal with everyday life. Sensory Integration is effective in addressing challenges associated with autism, dyspraxia and behavioural difficulties in children and adults.

Haley's Joy is a range of frames, swings, harnesses and accessories for Sensory Integration Therapy and is perfect for the mobile Sensory Integration practitioner who finds themselves in a range of therapeutic settings.

Older Adults and Reminiscence Rooms

Snoezelen® Multi-Sensory Environments and products bring huge benefits to older adults and people with Dementia. After spending time in a Snoezelen® Sensory Room, residents in the later stages of Dementia show positive changes in mood and behaviour, and also an increase in attention to their surroundings. Staff feel that these improvements help with their relationship with the residents and their daily work. Reminiscing is an enjoyable pastime and useful therapy for older adults and people with Dementia. Reminiscence rooms can provide a flexible space in which to encourage social interaction and offer many other meaningful activities.

What We Do

Our history is in the design and installation of bespoke Snoezelen® Multi-Sensory Environments and Soft Play Environments. However, our capabilities do not end there. Over the years we have developed a wide range of services as research and therapies have become more popular.

Our Snoezelen® Trademark and what it means

The Beginning

During the late 1970s, two Dutch therapists; Jan Hulsegge and Ad Verheul experimented with a sensory tent at the DeHartenburg Institute. The goal was to increase enjoyment and sensory experience for those with intellectual disabilities.

The result of a one-weekend fair was overwhelmingly positive for both verbal and non-verbal patients. Its modern interpretation has evolved to signify 'to seek and explore' and 'to relax.'

Through years of experience, Rompa® has developed a range of products and created bespoke environments based on the principles of Snoezelen®, becoming the leading UK provider before developing key partners around the world. Rompa® also owns the trademark for the name Snoezelen® when applied to products. You know you are buying quality when you buy a Rompa® Snoezelen® product.

As Snoezelen® continues to grow, the principles and benefits of Snoezelen® remain hugely significant to individuals with a range of needs all over the world. For more information on the benefits of Snoezelen®, visit page 196.

snoezelen®

The official registered trademark of Rompa® Ltd

www.snoezelen.info

Benefits & Applications

Snoezelen® is for All Ages and Abilities

Snoezelen® Multi-Sensory Environments offer a relaxed atmosphere with pleasant surroundings, soothing sounds, captivating aromas, tactile experiences, massage and vibration, vibrosonic sensations, and gentle movement. Interesting light effects and comfortable seating allow your client to self-regulate by choosing sensations. Further, the Snoezelen® environment provides opportunities for interaction and engagement.

Snoezelen® for Early Years

Snoezelen® Multi-Sensory environments support children and toddlers in fully developing their senses, fostering key areas of learning and development within the Early Years Foundation Stage (EYFS). This approach enhances visual, auditory, and tactile processing, along with refining fine and gross motor skills, enabling them to build their interpretation of the world from an early age.

Snoezelen® for Autism

Snoezelen® Multi-Sensory Environments provide the tools for a suitable, gradable, and safe environment in which Health and Social Care professionals can carry out assessments and interventions. Treatment and care should take into account individual needs and preferences but also be flexible enough to respond to changing needs as the individual matures or responds to treatment.

Snoezelen® for Challenging Behaviour

When people experience life changes and find it difficult to cope, negative thoughts can build, and emotion can be displayed/expressed in ways that society finds hard to cope with and understand. There are many difficult behaviours that services encounter including chewing and eating non-food items, spitting, screaming and shouting, hitting, and swearing.

Snoezelen® and Occupational Therapy

Occupational Therapy is a profession that concentrates on enabling people to carry out the things that they want to do, or need to do, in their lives. Assessing cognitive ability and physical functioning level, as well as identifying methods of engagement pertinent to the individual, is an essential element of clinicians planning and providing effective care provision.

Snoezelen® for Learning Disabilities

This area of support can be extremely complex. Clients may have a diverse range of needs and different diagnoses that impact how they experience life, the challenges they face, and the level of support that they require. The combination of these very unique needs can affect cognition and/or physical functioning.

Dr Lesley Collier

Snoezelen® Multi-Sensory Environments for people with Dementia:

Lesley has a long standing relationship with Rompa® and Winslow Resources®. She has advised us in many areas of the effectivity of using Snoezelen® Multi-Sensory interventions for people with Dementia and cognitive impairments.

“The right level of sensory stimulation helps to relieve stress and boredom; to engage in activity also involves an act of communication that enhances the feeling of comfort and well-being.”

Dr Lesley Collier, Professor at the University of Winchester

Snoezelen® for Mental Health

Things change around us, both positively and negatively, and we aren't always responsible or in control of what happens. These things can have a tremendous impact on how we live and feel. Experiencing illness, sudden or prolonged trauma, loss of loved ones, can impact deeply on thinking patterns, emotions and our behaviour may alter as we try to deal with the new situation. Snoezelen sensory rooms helps us process thoughts and emotions more easily.

Snoezelen® for Brain Injury

Acquired brain injury and other neurological conditions can be devastating to the individual concerned and their families, friends, and loved ones, particularly if it is the result of a sudden event. Multi-Sensory Environments, perhaps not initially a very obvious choice for clinical interventions, can be designed to include equipment that can help a person on their journey of physical and/or cognitive rehabilitation.

Snoezelen® for the Elderly

The term 'dementia' describes progressive disorders affecting the brain such as Alzheimer's disease, vascular dementia, and dementia with Lewy bodies. These conditions present problems with thinking, mood, behaviour, and the ability to take part in everyday activity and leisure. If no suitable activities are provided and people living with dementia have nothing to do, they might become increasingly isolated, frustrated, bored, and unhappy.

Snoezelen® continues to:

- Provide meaningful Multi-Sensory spaces and activities
- Reduce anxiety and offer calming solutions
- Build self-esteem
- Focus on the individual with a person-centred approach
- Respect each person's choices, needs, pace, and preferences

Snoezelen® Multi-Sensory Environments are, by nature, relaxing spaces that help reduce agitation and anxiety. However they can also engage and delight the user, stimulate reactions and encourage communication.

The Snoezelen® Multi-Sensory Environment has many benefits and can be used in a variety of ways to provide a range of benefits including:

Stimulation

Snoezelen® Multi-Sensory Environments and products can be used to stimulate users by providing exciting visuals, high tempo music and sounds, invigorating smells and textures to explore.

Relaxation

Snoezelen® Multi-Sensory products and environments can be used to calm and reduce agitation through the use of gentle light, soothing sound, relaxing smell and touch.

Therapy

We have been providing Occupational Therapists and health professionals with a Snoezelen® Multi-Sensory tool-kit to provide therapy for over 30 years. From portable resources to bespoke multi-sensory environments, we have solutions that can help.

Development

Snoezelen® can be used as a learning and developmental tool. It can be used for colour matching, understanding of cause and effect, and creating themed environments for teaching.

Who can they help?

People of all ages and abilities can get benefits from Snoezelen® Multi-Sensory Environments and products.

Where would I find a Snoezele® Environment?

Due to their versatility you will find Snoezelen® Environments in a wide range of settings; some will be surprising.

Visit rompa.com to find out where.

Snoezelen® Senses

The world is full of sensory stimuli. Some individuals are not able to organise and respond appropriately to this stimuli, others have lost skills due to accident or illness, and some others lack the ability or freedom to make choices to balance their sensory lives. For these individuals the world may be a confusing and frightening place, full of over- or under-stimulation. They may behave inappropriately and act or respond in ways others do not understand.

A Snoezelen® Multi-Sensory Environment may be used to educate, stimulate, relax, calm, or energise, as a multi-sensory experience or single sensory focus, simply by adapting the lighting, atmosphere, sounds, and textures to the needs of the client at the time of use. These environments transcend populations with its extraordinary flexibility, wide application, and positive outcomes. A Snoezelen® Multi-Sensory Environment offers a highly motivating environment for users to enjoy sensory activities that are meaningful and appropriate, facilitated and shared by a therapist, teacher, or caregiver.

Five senses we are most familiar with:

Vision (Visual)

Provides us with details about what we see and helps us to define boundaries as our brain processes colour, contrast, shape, and movement.

Touch (Tactile)

Keeps us in contact with our surroundings. Touch is vital to our survival and is one of our modes of communication. From head to toe, our skin helps us feel temperature, light touch, deep pressure, vibration, pain, and so much more.

Smell (Olfactory)

We use the sense of smell all the time. Flowery, pungent, musty, acrid, and putrid - we identify many things by their smells. Strong memories can also be tied to smells.

Hearing (Auditory)

Provides us with details about the sounds we hear such as volume, pitch, rhythm, tone, and sequence.

Taste (Gustatory)

Gives us feedback on the different types of tastes: sweet or sour, spicy, salty, bitter, etc.

Two senses we may not be as familiar with:

Vestibular

This sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells whether we're moving or still, as well as the direction and speed of our movement. We may even tell whether we are vertically or horizontally positioned—even with our eyes closed.

Proprioception

This sense processes information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other and their relation to other people and objects.

To give you an 'at-a-glance' overview of key product features and benefits.

NHS – Rompa® is on the NHS Supply Chain Network for Multi-Sensory

The NHS Supply Chain was designed to help the NHS deliver clinically assured, quality products at the best value, through a range of specialist buying functions.

Framework reference: 2020/S252-638069

Save time and money

Avoid individual trust tendering costs, by using the framework, as we complete the tender process for you, releasing more time for core clinical activities.

Discounts available for NHS and public sector customers

We offer discount bandings on e-direct lines up to 10 units of issue and further discounts can be found on the direct route for units above 10.

Peace of mind

Products are guaranteed - The framework agreement incorporates all latest required standards and procedures including British Standards (BS), European Standards (EN), International Standards (ISO) Furniture Industry Research Association (FIRA), the leading furniture research and testing agency in the UK, to ensure all products supplied under this contract adhere to the very latest BS/EN/ISO standards as well as specific national legislation and NHS-specific procedures/policies.

Wonkey Donkey

Rompa® are proud to work in partnership with the Wonkey Donkey Visitors Centre.

They not only provide sanctuary for donkeys but recognise the role that these beautiful animals can play for people aiding rehabilitation for illness and support those with disabilities.

If you are in the area why not pay them a visit...

www.wonkey-donkey.co.uk

01977 219 924

The Wonkey Donkey Visitors Centre, Little Oaks Farm, Cobcroft Lane, Cridling Stubbs, Knottingley, WF11 0AZ

The Children's Hospital Charity

We are proud to have become a sponsor of The Children's Hospital Charity in 2023 through a snowflake.

They use the money raised through donations and sponsorships to buy life-saving equipment, fund vital research, and treat thousands of children from across the work to help create a comfortable & engaging environment for the patients at Sheffield Children's Hospital.

Please help support them:

HC-ONE

Older Adults is the preferred supplier for HC-ONE.

With more than 300 care homes, HC-ONE ("The Kind Care Company") offers professional and personalised residential, nursing and specialist dementia care for more than fourteen thousand residents nationally.

Rompa® is the home of Snoezelen® and the market leader in the provision of sensory products and environments. Combined with an extensive range of indoor and outdoor games, puzzles, activities and reminiscence products well-suited to care homes, Rompa® products not only benefit residents every day, but can be life-changing. Rompa® is proud to play a part in providing relaxation, stimulation and happiness to HC-ONE care home residents.

Support Dogs

Rompa® are proud sponsors of Support Dogs a national charity which specialises in training dogs to ensure the safety, independence and wellbeing of people living with epilepsy, autism or disabilities.

With our support for the next two years a puppy will be readied for life-saving and independence inspiring skills before being matched with a human owner to provide a lifetime of assistance. This not only improves the quality of life for the individual and their family, but also for the wider health economy that is prescribing drugs or struggling to keep up with NHS health appointment demands.

SupportDogs rely entirely on voluntary donations and need your support, so they can help more people.

Please help support by donating:

<https://www.supportdogs.org.uk>

EACH CUSTOMER HAS THEIR OWN UNIQUE NEEDS AND SPECIFIC REQUIREMENTS

Through our in-house manufacturing expertise we are happy to meet these.

Like the product, but want to change it?

We can adapt many of our products accordingly.

For example, we can

- Put handles on our Floor Mats so you can move these.
- Attach pockets for shoes to the side of a ballpool.

Want a new product altogether?

If you have your own vision for a product, such as a piece of furniture, a tactile panel or a Soft Play item, talk to us! Let us create your dream, we are proud to be British manufacturers and this enables us to offer you bespoke solutions.

Many of the products in the Snoezelen®, Soft Play and Furniture sections are made by Rompa® at our Chesterfield premises.

These items can be made in a variety of sizes as well as fabrics and colours.

Look out for this symbol throughout the catalogue that indicates that a colour choice is available.

Once you have selected your products, you can either email sales@rompa.com or call us on **01246 211 777**. Where indicated, you will be asked to choose your required fabric and colour. Details of fabrics and colours can be found on pages 12 and 13.

Rompa® manufactures matting, furniture and soft play in a large range of fabrics and colours

PVC (Vinyl)

The most durable, and popular, of all our fabrics. Extremely hard-wearing, PVC is easy to clean, water-resistant and treated with fungicide. Latex- and phthalate-free, this strong fabric has a polymer coating on both sides, making it rigid and helping products to maintain their shape. Our PVC has a 'Cape' or subtly textured and fungicidal finish, and is available in a huge spectrum of colours and tones. This extensive choice lends itself well to two-tone finishes, such as purple with lilac accents, or sky blue and light blue combinations.

Did you know?

You can order swatches of PVC, Polyester, Polytran and Faux Suede from our website!

Ideal for:

- Wall and Floor Mats
Page 85 - 86
- Soft Play Product
Page 84 - 96
- Ballpools and Wedges
Page 87 - 91
- Water Beds and Furniture
Page 72 - 83

Polytran

Extremely pleasant to the touch, this soft, matt-finish fabric is perfect for products used for long periods of time. Latex- and phthalate-free, as well as flexible, this fabric is a knitted polyester with a polyurethane coating. This fabric has been specially selected for our Pos-Pod™ Modular Multi-System.

Products typically made in Polytran include wedges, rolls and cushions intended for positioning. (Page 110)

Polyester

Slightly warmer to the touch than PVC, and more flexible. This makes Polyester best-suited to products which allow clients to sink into them and which mould to the user's shape.

Ideal for:

- Splodges
Page 78
- Squashy Seating
Page 77-79
- Floppy Island
Page 78

Rompa® Fabrics and Colours

Fabrics used by Rompa® have been selected for their high quality, reliability, durability and suitability for our marketplace. Our fabrics are complimented by the use of high quality fillings such as bead and foams of various densities to allow us to manufacture an extensive range of soft and pliable or firm and supportive products. All our fabrics (and the products made from these and our fillings) meet appropriate fire-retardancy standards.

Our attention to detail is second to none – from our high quality non-slip fabric to the colour-matched threads that are used to hand-finish our products, Rompa® has earned its reputation for consistently excellent standards.

This applies to our standard products, as well as to any bespoke solution requested by our customers.

Contact us for a fabric swatch to help you make your fabric and colour choices.

Faux Suede

Arguably the softest of our fabrics, and is similar in texture to suede. More akin to fabrics used in domestic furniture, this supple fabric is water-resistant, extremely comfortable, stain-resistant and antibacterial. Available in subtler shades of colour than PVC and Polyester, this fabric may be more age-appropriate for older adults. Although durable, this fabric has a short pile and is less hard-wearing than PVC. As such, it should not be chosen for areas of heavy use such as step treads or floor cushioning.

Ideal for:

- Positioner
Page 81
- Supa Squashy Sofa
Page 78

Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Faux Leather Fabric can be found in the Chatsworth Furniture range. Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

Ideal for:

- Chatsworth Furniture
Page 69 - 71

Ask us for a fabric swatch to help you make your fabric and colour choices.

Textured Fabric

Contemporary yet classy colours with a blend of texture and softness to suit every indoor environment. Beautiful, tactile and practical. Fire-retardant, stain-resistant, phthalate-free and REACH compliant.

The fabric itself is waterproof, although seams are not due to the nature of stitching. All the colour options are anti-microbial.

Textured fabric can be found in the Chatsworth furniture range, the sides of these products can be made in textured fabric. Whilst the remainder (e.g. seats & cushions) are typically in faux leather:

Creating your space:

An experienced Sales Advisor will visit you at an agreed date and time to take measurements of the room and find out more about your needs.

Based on the meeting with our Sales Advisor we will create a bespoke design brief.

We will create an itemised quotation for your project so you can understand where your investment is being placed and make amendments if required.

When you are happy with your design and quotation (changes can be made if needed) we agree on the project and you place an order with us.

Our designers will create a 3D Visual for you to envision your room - just like these!

Stoney Lane Centre

Stoney Lane Centre had an existing sensory room that was installed some years ago and are now looking to upgrade to a Snoezelen® room.

"Rompa has provided us with a versatile room that will meet the sensory needs of people with disabilities. It has given people choice and control of how they want to use the space"

Let's Verbalise S&L Therapy Practice

Let's Verbalise, a company specialising in speech and language therapy approached us for the installation of a Snoezelen® sensory room to be used for relaxation and motivational communication opportunities.

'The new installation has maximised functional communication opportunities for our clients within their sessions. Clients are highly motivated to engage with all the equipment so we can focus on incorporating therapy targets into the interactions.'

Hardingstone Academy

Hardingstone Academy wanted to welcome their first Key Stage 2 ASD Provision students in January 2023 with a valuable resource at their new academy.

"The entire design process was made easy due to the knowledge and expertise of the Rompa team; they provided sound advice and suggestions for the room's equipment and understood the needs of the children."

We Produce

We Visualise

We Support

“Inclusion is at the heart of what we do. It is our pleasure to promote inclusion in sport by manufacturing and supplying sensory rooms for key venues at the greatest football show of all, the World Cup.”

– Leigh Baker, International Sales Account Manager at Rompa®

Our Mission

As we age, the world can be a very fragmented and confusing place. Our mission at Older Adults is to create Meaningful Activities and resources that help support individuals to make more sense of the world, help their families and assist carers. Our Snoezelen® Multi-Sensory Environments are specially designed to meet each users needs and provide a unique sensory experience.

The NEW 7th Edition of the Older Adults catalogue is coming soon...

www.olderadults.co.uk

Visit Older Adults for reminiscence resources and equipment to help improve quality of life for older adults and provide support to carers.

SNOEZELEN® MULTI-SENSORY PRODUCTS

Our multi-sensory products are used within a variety of spaces, which are carefully selected for the needs of the users.

Spaces where multi-sensory products can be used:

- Residential Homes
- Schools and Education
- Healthcare
- Nursing and Care Homes
- Sports and Leisure

Rompa® Deluxe Wall Panels - Features & Benefits

Snoezelen® Multifinity Explorer™ by Rompa®

Create visually stunning infinity effects by selecting from a number of shapes, colours, patterns and speeds. The panel is packed with sound effects and music which makes for a truly exciting multi-sensory experience. With a huge range of effects to choose from! Allows supervisors to match activity to need. Encourages interaction, visual tracking, hand-eye co-ordination and an understanding of cause and effect. Features include:

- Over 1500 unique and easily selected pattern combinations
- Select from 8 shapes, 11 colours, 6 patterns and 3 speeds
- With circles, squares, triangles and more for early maths concepts
- Facilitates choice and control
- 3 modes of operation – passive, interactive and music
- Accessible and illuminated push buttons
- Sockets for your own switches

Please specify your colour when ordering.

R424513 115H x 67W x 10D cm VAT Relief

Passive

Sit back and relax whilst watching these mesmerising light shows as patterns change every minute with or without music. An effective way to calm or distract people from anxious situations.

Interactive

Control the colour, shape, speed and pattern of the panel using the illuminated push buttons.

Music

Control the panel using the illuminated push buttons and watch as sound effects and music co-ordinate with the on-screen patterns.

Mirror

The Multifinity Explorer™ is packed with sound effects and music which makes for a truly exciting multi-sensory experience. With a huge range of effects to choose from, the Multifinity Explorer™ also allows you to match the activity to the need, it also acts as a mirror when not in use.

- 5 Sound Effects
- 825 Pattern Combinations
- 11 Colours & 3 Speeds

Visuals that relate to sound

A key addition to the Fireworks Extravaganza™ is how sound effects and visual effects are closely linked for easier understanding and more fun! LEDs light up and move like rockets to the centre of the panel with a whistling sound and explode with a bang.

The Fireworks Extravaganza™ has evolved from a very simple panel to a real fun and engaging entertainment centre giving you the flexibility to tailor the activity to different needs and preferences.

Customer Review

"Fantastic product! My daughter is visually impaired and is very responsive to this, she loves all the different light shows. Would highly recommend."

Rachel N, Verified Buyer

Visit www.rompa.com for more information on our Deluxe Panels.

Snoezelen® Colour Catch Combo™ by Rompa®

Includes 4 colour based games designed to improve memory, colour recognition, motor skills but most of all to be great fun! Inviting and purposeful, the panel fills with colour and light during use and provides exciting visual and auditory rewards for taking part. Matching is an important foundation skill for language and mathematical concepts, whilst being an activity enjoyed by all ages.

- For passive and interactive use
- 4 games including Memory Match, Colour Fill and Simon Says
- Adjustable challenge levels for a range of abilities – from simple games to more complex memory tasks
- Easily adjusted difficulty levels
- Accessible and illuminated push buttons
- Sockets for your own switches
- Can be use with a microphone for a sound to light effect to encourage vocalisation
- Touch screen tracks your score and the high score for the session
- Displays scores to help monitor progress

- Colour Fill
- Basic Colour Match
- Range of Difficulty Levels

Lose yourself in a fun and engaging activity!

With its competitive fill the screen mode, children and adults will enjoy making as much noise as possible to fill the panel with light in this light hearted contest.

Easily adjusted difficulty levels

Make the Colour Catch Combo™ accessible to all levels. This gradeability also allows for development of understanding and prolongs use.

Customer Review

"Ideal to stimulate the understanding of cause and effect. This item was purchased for my 13 year old Son who has profound learning difficulties. He is stimulated by cause and effect and this item is perfect for this."

"It has several settings that can help him to understand cause and effect and the bright colours help keep his attention. We purchased the cube along with this item, which works as a switch to control the colours on the display. I would recommend this item for anyone who is learning cause and effect."

Andrew C, Verified Buyer

Snoezelen® Sound to Sight Showtime™ by Rompa®

Sounds are turned into a dazzling show of light, colour and movement. The panel responds to both changes in pitch and volume to create an ever changing sensory experience. Engaging, interactive and rewarding. Encourages learning, exploration and fosters a feeling of choice and empowerment. Why not try clapping, whistling or humming? Features include:

- With 66 unique and easy to use pattern combinations
- Offers 6 patterns and 11 colours, including a stunning graphic equaliser effect
- 3 modes of operation
- Responds to pitch (frequency) and volume
- To encourage vocalisation, use with one microphone or with two microphones (included) for follow my lead activities, turn-taking and pair-work
- Use for team-work or competitively
- Great for therapy and teaching
- With a sound effect button allowing non-verbal users to interact alongside their peers
- Accessible and illuminated push buttons
- Sockets for your own switches
- Includes 2 microphones

Please specify your colour panel when ordering.

R424512 115H x 67W x 10D cm

Encourage learning and exploration of sound

The Sound to Sight Showtime™ panel responds to both changes in pitch and volume to create an ever changing, fun sensory experience. Watch music or sound effects come to life as you play them through the panel or try different noises either through shouting, clapping or playing an instrument.

Two microphones for turn-taking or follow my lead activities

Learning to make noise is often about mimicking, using both microphone ports provided the Sound to Sight Showtime™ becomes a valuable tool to develop the understanding of sound and vocals.

Key Features

- Bring Sound To Life
- Great For Teaching
- Use Alone Or Together
- Fun - Fill The Panel With A Competitive Mode

Sounds are transformed into a dazzling show of light, colour and movement!

Lose yourself in a fun and engaging activity!

With its competitive fill the screen mode, children and adults will enjoy making as much noise as possible to fill the panel with light in this light-hearted contest.

- Different Levels Of Brightness
- 2 Modes Of Operation

Different effects to help you relax

Includes colour fading in and out gently and lights looping around the display area.

Spectrum of colour, pattern, light and sounds!

Use the large buttons to select a base colour and add or subtract hues of red, green or blue to create new colours. Plug in a microphone for a sound to light effect to encourage vocalisation.

Learn about colour in an interactive way

With large accessible buttons and an environment that changes with your input - the Colour Command Centre™ is a great opportunity to work or play with other people.

snoezelen®

Snoezelen® Colour Command Centre™ by Rompa®

Rompa®'s largest interactive wireless controller. Rewarding and responsive; empowering and engaging. Navigate through a spectrum of colours, patterns and levels of brightness on the large Colour Command Centre. Be amazed as the room transforms as other Rompa® wireless products change colour to match. Change the colour and the brightness of the large display as well as that of other Rompa® products in your room. Unique, in that this is both a Rompa® wireless controller and a wireless controllable product. Features include:

- 2 modes of operation - passive and interactive
 - Different effects such as solid colours, colour fading in and out, lights looping around the display
 - Multiple illuminated push buttons at the base and within the display
 - Use the panel buttons to select a base colour; then press the onscreen buttons to adjust the hues and brightness of that colour
 - Sockets for your own switches
 - Can be use with a microphone for a sound to light effect to encourage vocalisation
- Please specify your colour when ordering.

Learn to play together

The large screen area and number of buttons make the Colour Command Centre™ a great opportunity to work or play with other people.

Snoezelen® Double Bubble Bonanza™ by Rompa®

Combines two Snoezelen® favourites – bubble tubes and wall panels. Bubbles and colour can be individually controlled in each of the two chambers. Be amazed as the bubbles dissipate in one chamber only to burst into life in the other. The panel is packed with sound effects and music which makes for a truly exciting multi-sensory experience. The stunning effects stimulate, empower and engage. Perfect for co-operative play, turn-taking and follow-my-lead activities. Features include:

- With 42 unique effects
- With two bubble chambers – the bubbles and colour of each can be controlled independently
- Great for pair work and co-operative activity
- Can be used by one person to promote bilateral movement
- Encourages choice and control
- 3 modes of operation – interactive, creative and music
- With gentle vibration for tactile input
- Accessible and illuminated push buttons to control bubbles and colour
- Can be use with a microphone for a sound to light effect to encourage vocalisation

Two people will be required to wall-mount this panel. Not compatible with Porter 22879. Pump 20601-SPECIAL to be purchased separately.

Weight: approx. 30kg when full

Please specify your colour panel when ordering.

To Note:

* This product requires a Rapid Water Change Pump (20601-SPECIAL) available on page 40

It can only be installed on a solid wall.

Fun and interactive or peaceful and relaxing

Another key benefit of having a Double Bubble Bonanza™ is its flexibility. It can be a really fun, engaging, social and interactive panel or it can be relaxing with a constant visual effect, slowly fading colours and gentle sounds mimicking rain, waterfalls or babbling brooks.

Bringing people together

Two independent bubble chambers are perfect for co-operative play, turn taking and follow my lead activities.

Control the bubbles like never before

This is one of the most interactive bubble products on the market. Control each chamber's colours, patterns and bubble flow using accessible large push buttons.

Key Features

- 42 Unique Effects
- Bubble Control via Buttons
- Absorbing / Distracting to Help Calm
- Patterns Control Bubbles & Colour

Stunning visual effects

- Slow Fade
- Independent Fade
- Alternating

Double the bubble, double the fun!
Two bubble chambers in one!

What is the Sensory Magic® Experience?

Educate

As Sensory Magic® provides the user the capability to create their own themes, the potential uses in educational settings are limitless. Teach using sound, imagery (still and moving) and colour to create word and colour association.

Create Personalised Themes

Teach the curriculum in a new and exciting way using this immersive technology. Reflect the users interests with media and colour- this could be trains or a popstar it is really versatile.

Stimulate

As the Sensory Magic® experience can be customised to suit individual needs, sensory sensitivity can be provided for.

Images can be selected to be visually stimulating, including different levels of pattern and motion, or on the flipside the experience could be visually plain and static. Sounds and music can be chosen according to individual tastes, and the volume adjusted to please even the most sensitive of ears. Lighting levels can be strictly controlled, and smells introduced gradually, as required, as tolerance grows.

Relax / Reduce Anxiety

Sensory Magic® offers the individual a safe sensory environment which is structured and predictable. The sensory room can be set according to each individual's needs and preferences, so that each and every time the experience is identical, providing continuity and stability. In this way, anxiety levels are kept to a minimum. The MSE can be subtly and slowly altered over time to introduce new colours, images and sounds at the individual's own pace.

A key function of Sensory Magic® is its potential to alter an individual's mood through the use of colour, light, sound, and stimulating visual images. Individuals can be immersed in a virtual reality experience honed to their own needs and preferences. Individuals can be calmed by images and sounds from nature, relaxing classical or meditation style music, or distracted by humorous videos of swimming goldfish or apparently pondering pigeons – with the ability to create your own themes, the possibilities and choices are infinite.

Key benefits of Sensory Magic®

- Stimulates the senses in a selective, structured and well-balanced way.
- Immersive themes and environments.
- Huge opportunities for interaction, learning, choice, control and empowerment.
- Compatible with a large range of Rompa® multi-sensory products.
- Allows otherwise unattainable experiences.
- Customisable and continually updatable.

The Software

A unique feature to Sensory Magic® is the ability to record, track and adapt your sessions and equipment in a structured and therapeutic manner. Dependent on user likes and dislikes, Sensory Magic® can be customised to adapt to their needs. For instance, if a particular colour is disliked, Sensory Magic® can be programmed with one touch to remove the colour from the session.

In addition to the base Sensory Magic® Software, there are several add on packages that are ideal for certain uses, age groups and environments.

Care™ (Caring Approach to a Reminiscence Experience)

Specifically developed for those individuals experiencing symptoms of dementia, Care™ helps improve care giver and user relationships, aids reminiscence, promotes social activities, communication and stimulates brain activity in a fun and engaging way through various games and activities.

Profiling Assessment Tool for Sensory Development

Developed in conjunction with University of Southampton, the assessment tool allows therapists and carers to understand the users' sensory preferences in regards to a Multi-Sensory Environment. This simple to use tool provides an invaluable insight ahead of working with them, allowing positive behaviours to be encouraged.

Portable Sensory Magic®

Includes touchscreen all-in-one PC with keyboard and mouse. Pre-loaded with the same software as the wall-mounted version. Compatible with the same Rompa® products as the wall-mounted version.

Sensory Magic®

Exclusively developed by Rompa®, the large Sensory Magic® Touch Screen system allows easy control of your Snoezelen® environment and features software that can be specifically tailored to each customer's needs. Features include:

- Accessible environmental control
- Inclusive - suitable for all ages
- Empowers users through interactivity, control and choice
- Operates Snoezelen® products such as bubble tubes, wall panels, projectors, lights and fibre optics – these can be switched on or off at one point
- Plays music (e.g. mp3/4, CD, wav, iPod and more)
- Plays various media (e.g. pictures, photos, movies, internet)
- Set timed mood lighting that is compatible with Rompa® Wireless controllers
- Fully customisable, immersive themes and environments through imagery, sound, colours and aroma (e.g. underwater scapes)
- Assessment tool incorporated for outcome measures - monitor user progress
- 'Bolt on' more Rompa® products at a later date - compatible with many Rompa® products, including the Rompa® Interactive Lighting System
- User friendly – easy to operate touch-screen with a simple, intuitive navigation system
- Client-friendly – choose from our extensive range of Wi Fi products (e.g. our Deluxe 8 Colour Wirefree Controller)
- Sleek, modern and robust
- Wireless for seamless and instantaneous control of individual products as well as whole rooms

This versatile system includes a touch screen, software, wireless keyboard and mouse, digital projector and stereo speakers. For safety, it can be locked when not in operation. By using Sensory Magic® with the wide range of compatible Multi-Sensory products made exclusively by Rompa®, users can create unique immersive environments and experiences like never before; and control them. Both the fixed and portable systems require, but do not include, Rompa® Wireless multi-sensory products and internet access for remote support - see www.rompa.com for compatible products.

Meeting all appropriate CE and FCC standards, this cleverly conceived package is compact and simplicity itself to use.

Rompa® wireless controllers

Rompa® wireless connectivity means many elements of your sensory room can change in harmony with each other.

Switches open a world of interaction to individuals who experience restricted movement, help to improve motor skills and help relay information about cause and effect. These devices can be very empowering, allowing the user to control many aspects of their environment at the flick of a switch.

Sensory Room Switches come in a variety of shapes, sizes and types, some even look like soft toys. Whether you need a Sensory Room Switch that reacts to sound, movement or touch, you'll find a switching solution that meets your needs below.

"Respect for the person's own choice and his own pace are a matter of course."

Super Switch - Deluxe 8 Colour Wirefree Controller

The king of switches! Wireless and wonderful! Controls 8 colours!

- With pre-recorded multi-lingual words and sounds (colours, numbers, fun sounds and a musical scale so you can play tunes)
- Wirelessly change the colours of products
- Timer facility to adjust the length of time a colour is activated
- Rechargeable – includes charger which doubles up as a plug if you forget to charge it
- Customisable - with a USB port so you can add your own sounds
- Sounds can be removed altogether to avoid sensory overload and to aid individuals who sensory avoid to grade up their tolerance
- With 9 large, raised buttons to interactively operate multiple products
- With 9 external 3.5mm jack sockets to add your own switches
- Can be used with Sensory Magic®, Midi and Maxi Bubble Tubes, Light Source, Rompa® Wall Panels, Wireless Spotlight, Wireless Mood Lighting, Wireless Colour Controller and more
- Additional controls on the underside including LCD display with pre-programmed functions
- For all ages and abilities

Integral rechargeable battery included.

MULTI SENSORY ENVIRONMENTS - BUBBLE TUBES

Uses of Rompa® Bubble Tubes

- To draw attention, encourage focus or to distract – colour, lights and bubbles are visually engaging
- To lift mood (provide enjoyment)
- To calm, encourage relaxation and reduce anxiety (which has physical and psychological well-being benefits)
- For visual tracking opportunities e.g. with fish, balls, cubes (which has implications for many activities of daily living such as reading and writing)
- To provide tactile input (hold/cuddle the cool and firm tube to feel the vibration through the whole body and access deep pressure)
- To provide auditory input (soothing humming of the pump)
- For meaningful communication and learning (the right level of activity), with switches and controllers, such as colour recognition, social skills (turn-taking) and understanding cause and effect (and for supervisors to learn more about users' sensory preferences and needs)
- To allow choice and control and so empower users (fundamental aims of Snoezelen®) through a variety of controllers, including a microphone
- To practice motor skills – pressing buttons on switches, throwing cubes, reaching up and around the tube
- To maximise space – bubble tubes can be tall and have compact bases. Combined with slim acrylic mirrors, a bubble tube corner provide a striking and vibrant focal point in sensory rooms, bedrooms and more

• sales@rompa.com • 01246 211 777 • www.rompa.com

MULTI SENSORY ENVIRONMENTS - BUBBLE TUBES

Key Features

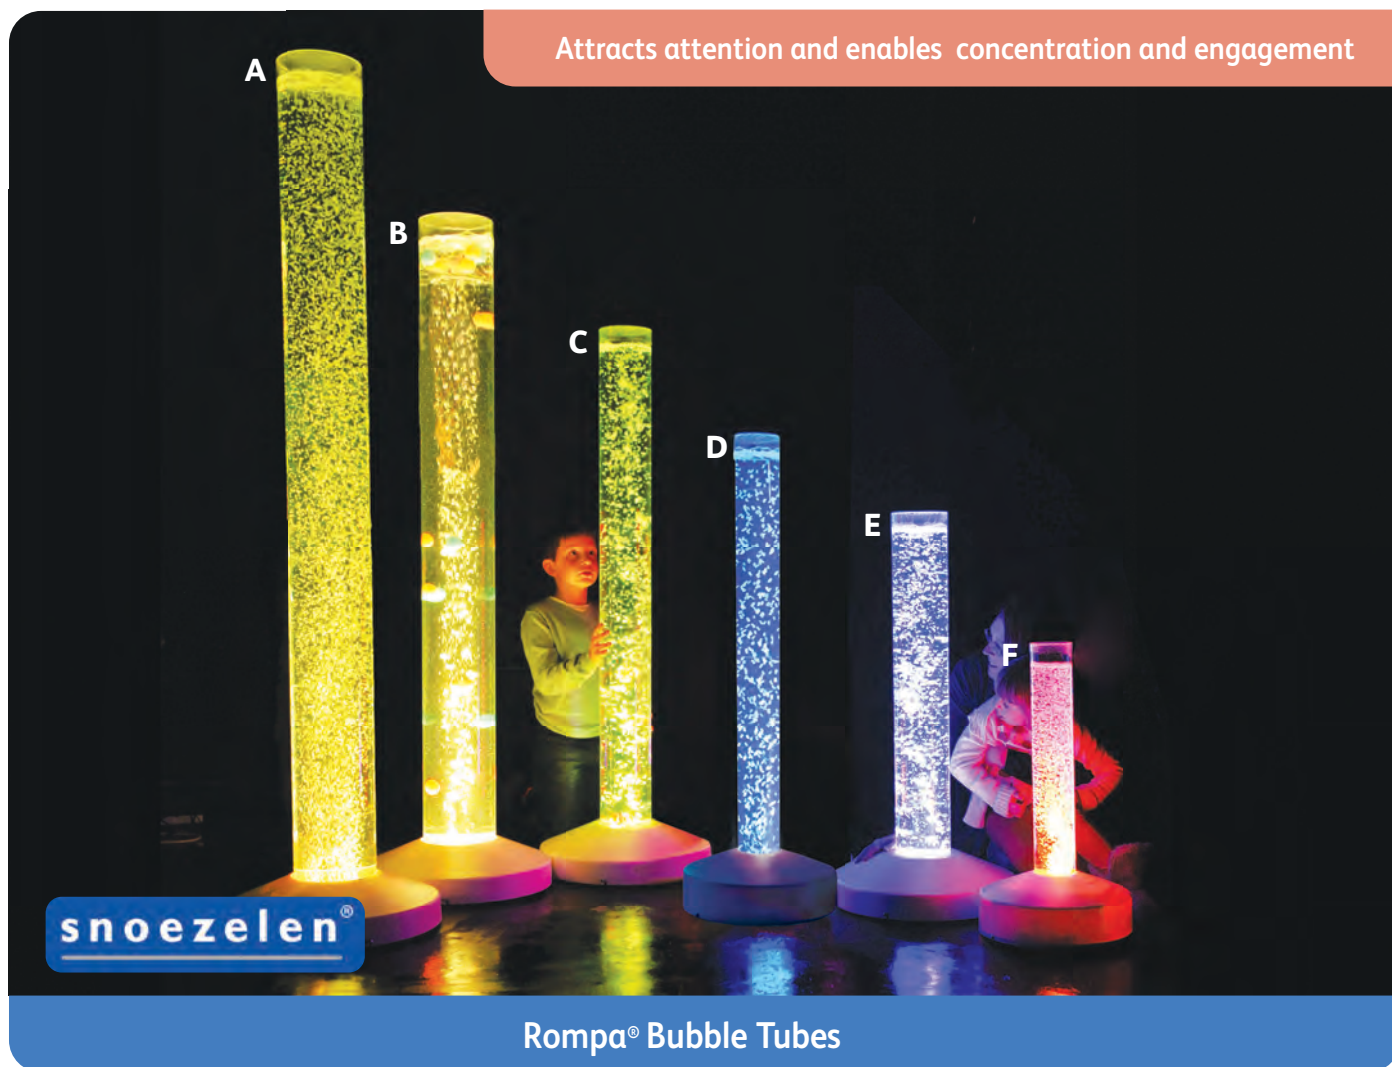

Bubble tubes are an essential component of a Snoezelen® Multi-sensory Environment, these bubble tubes are a complimentary focal tool for sensory regulatory activities or used interactively.

- Multi-sensory - audible, tactile, temperature and visual sensory input
- Suitable for individuals of all ages (use under close supervision)
- Attracts attention, concentration and engagement
- Encourages visual tracking, physical movement and hand-eye co-ordination
- 8 colours provide a calming, relaxing ambience, also promoting colour recognition and visual perception
- Smooth surface and cooler temperature of the tube provides tactile contrast and feedback

Reliable and Safe

Designed with reliability and safety as a priority, these bubble tubes give years of service, continuing to bring relaxation and stimulation to any multi-sensory environment.

Attracts attention and enables concentration and engagement

Rompa® Bubble Tubes

Rompa® Bubble Tubes

Interactive and with LED lights - they are easier to maintain than ever before with their fill and empty from the bottom feature! Beware of poor quality imitations!

Designed with reliability and safety as a priority, these products will give years of service, bringing relaxation and stimulation to any sensory room or multi sensory environment.

Key Features

- Cycle through the full spectrum of colours, every colour in the rainbow and all the shades in between!
- Wireless compatibility
- Facility to be easily programmed to the users requirements

Compatible Products

- Mirror panels provide further sensory input, creating the illusion of more bubble tubes. (product code 11160)
- Give your user choice and control of the sensory stimuli level. This could potentially aid assessment of preferences/likes/dislikes, assist with teaching and learning skills (using compatible switches such as the Super Interactive Switch Box (product code 17274)
- 8 Colour Wirefree Controller (product code 19847) or Talking Cube (product codes 18870 and 20402).
- A bubble tube collar is recommended to secure the bubble tube to a wall (15192 - 20cm) or (14694 - 15cm)

Customer Review

"A great addition to our bubble tube nice and bright. We're buying more!!"

Emma H., Verified Buyer, Bewdley

Collar

We recommend the use of a collar for further stability. The transparent collar fits over the top of the Bubble Tube and is secured to the wall. The length of the collar can be adjusted to accommodate different sized cushioned platforms. Choose the appropriate collar according to the diameter of your Bubble Tube. To be purchased separately from the bubble tube. Latex-free.

Acrylic Mirror Panels

Reflections add another dimension to the Snoezelen® environment. Enhance the visual effect of your Bubble Tube with mirror panels, creating the illusion of more Bubble Tubes! Much safer than glass, these acrylic mirror panels fix to the wall from the level of the top of the padded base. Each panel has a similar sized wooden board which is fixed to the wall first to ensure the mirror does not crack. The acrylic mirror is to be glued to the board. Fittings not supplied.

R411160 Size: Non standard cost per square metre

Cleansing Water in Rompa® Bubble Tubes

To counteract the risk of bacterial growth in the bubble tube water the following procedures are suggested:

- Monthly changing of the water using an appropriate pump
- Monthly addition of BCB Fluid

This information is given without prejudice and in good faith and infers no liability on Rompa's® part

BCB Water Treatment Fluid

R420698

Rapid Water Change Pump

Offers quick, safe and easy means of emptying and filling your bubble tube and Water Mattress. Includes 4m of tubing and power supply.

20601-SPECIAL Pump for Snoezelen® Double Bubble Bonanza™

R420601

Replacement Integral Pump

For Maxi Bubble Tubes.

R421005

Bubble Tube Filling Pump

Enables your Rompa® Maxi Bubble Tubes to be filled from the base, rather than via the top of the tube. Includes pump, tubing and power cable to connect to the Maxi Bubble Tube's power supply.

R420908

Cushioned Platform by Rompa®

A foam padded wooden frame designed to encase the bases of up to three Bubble Tubes. Allows access to the base of the Bubble Tube for maintenance. When ordering, please state the number of bubble tubes to be accommodated and the position of platform. Tube hole is 30cm away from the wall edge as standard. Vinyl - please specify colour when ordering. Customised options available - We can manufacture these in sizes and shapes to suit you at very reasonable prices. This product has a zip for manufacturing purposes only. Bubble tube(s) and mirrors to be purchased separately.

50W x 90L x 30cmHVAT Relief

USES OF ROMPA® FIBRE OPTICS

1. To provide visual stimulation and facilitate safe access to light, including amongst visually-impaired users and those with PMLD – the fibres can be safely held.
2. To provide tactile stimulation – the soothing weight of a harness across the lap or stroking the tips across the hands, arms etc. like a brush. Some fibres are textured, such as our Bamboo Fibre Optics.
3. To separate off areas and visibly create zones within a space using Combs and Curtains. Users can feel immersed and safely enclosed in these areas.
4. To calm, soothe and encourage relaxation – through softly changing colours and by providing a distraction from anxieties and discomfort.
5. To allow choice and control and so empower users (fundamental aims of Snoezelen®) through use with a variety of controllers, including a microphone. Individual strands can be used or whole harnesses, again facilitating choice and a person-centred approach.
6. For learning opportunities e.g. colour recognition (the colour changes dynamically) as well as colour matching and understanding cause/effect when used with controllers.
7. To provide sensory input to immobile and bed-bound users through ceiling-mounted Clouds, Panels, Circles and Chandeliers. Using a fan near suspended strands, moving these gently can increase the visual effect.
8. To maximise space – fibre optics can be threaded into carpets – we have options for floors, walls and ceilings.
9. To help individuals on the Autism spectrum to concentrate and improve attention.
10. To encourage motor skills and exploration – strands can be fanned out, threaded through loosely-knitted items, draped over the body, wrapped around the body and fingers can be passed through the tails.

Please note prices are subject to change, contact sales@rompa.com, 01246 211 777 or www.rompa.com for our latest prices and availability.

Compatible with our wireless controllers which can be found on [page 28 to 29](#)

Customer Review; Super Safe Fibre Optics, Light Source and 8 Colour Wirefree Controller

"The package of items work well together, producing clear bright light effects which change instantly when different buttons are pressed. The fibre optics are very effective for our visually impaired children and for those with autistic spectrum conditions and PMLD, and the children like to run their fingers through the fibres as the colours change."

Caroline Jones., Grant Co-ordinator, Gloucestershire

Customer Review; Super Safe Plastic Fibre Optics

"Fab lights. My girl loves them in her sensory corner. I've tried other like this from elsewhere and these are the best ones we have had."

Sarah H., Verified Buyer

Customer Review; Super Safe Plastic Fibre Optics

"These are fantastic. Very long and loads of strands to them. Just brilliant and worth every penny!"

Amanda S., Verified Buyer

Fibre Optics with Light Source

**Light Source (White Light) with UV Fibre Optics**

Manufactured from durable ABS and supplied as standard in a white finish. This illuminator range utilises a white light LED array and is suitable for use with either glass or PMMA fibre. An inbuilt decorative wheel allows for the creation of a twinkling effect. Sparkling, captivating, stunning and now glowing too! Fibres twinkle like your usual fibre optics, but there's more! Double their effectiveness and use them under UV light for glow-in-the-dark strands and extra visual appeal. With crimped ends.

R424106 2m x 100 strands with light source

**Light Source (Colour) with Fibre Optics**

A remote control, colour change fibre optic illuminator for decorative or sensory use, manufactured from hard-wearing ABS. Powered by LED technology and controlled by an advanced RF remote control which features a multi-colour touch wheel allowing you to instantly switch to almost any colour imaginable. As well as choosing from an array of static colours, the remote control also gives the ability to start and stop colour cycling on any colour. Use of all fibre optic products should be supervised. Our plastic tail fibre optics are the safest on the market, even so, they should not be mouthed or chewed as doing so can expose sharp edges. Potential use: people with sensory avoidance/light sensitivity difficulties may find this particularly beneficial.

R424105 2m x 200 strands with light source

**Light Source (White) with Fibre Optics**

Manufactured from durable ABS and supplied as standard in a white finish. This illuminator range utilises a white light LED array and is suitable for use with either glass or PMMA fibre. An inbuilt decorative wheel allows for the creation of twinkling effect.

R424104 2m x 200 strands with light source

Fibre Optics

Fibre optic lighting stimulates sensors, but it offers many sensory benefits outside of sight!

Fibre optic lighting strands can be touched, held or even draped around the user for a tactile feeling. Touching strands can be therapeutic, individual strands offer a more calming experience as it does not cause sensory overload.

Each strand rustles and has an audible sound as it drops against other strands which can give a calming and distracting feel.

R420128 4 beam system VAT Relief

Key Features:

- Numeracy play
- Timer Control
- New musical features

Even more to inspire and empower participants to influence their own environment and get couch and mouse-potatoes moving!

Includes:

- PC or Laptop
- Cool-running beams with long-life low voltage bulbs, all cables and accessories
- Control Box
- Software
- Reflective bats
- Reflective floor pads
- Manuals

Other options are available, including projectors and mobile systems with 2 or 4 beams.
Options also available for water environments.

Customer Review

"The system has been a very accessible and exciting for our pupils. It is very responsive to the smallest movement so even our more physical disabled pupils have been able to produce sound and contribute to a greater sound installation, for example, our iPad Orchestra. Pupils were very keen to give it a go and experiment with the sound effects."

Ellen Croft, PMLD Curriculum Leader, Leicester

Customer Review

"Excellent for immediate engagement in a huge range of activities that can cover pretty much any area of the curriculum. For first-time musicians it can be used as an errorless method to explore an instrument or for those struggling to engage in maths, it can be subtly woven into numeracy-based activities... Easy to use which enables all the staff, regardless of their IT capabilities ... One of the greatest features is that it can be completely customised to suit the needs of a wide variety of learner profiles... Our learners have loved using the Optimusic system and are also realising the health benefits as 'Chase the team' has become enormously popular".

Chris Buckley, Head of Education, Seaford

Customer Review

"A valuable resource for customers using our service at Goscote Centre. It provides multiple benefits where our customers can explore the sensory environment via the use of interactive beams. Uploading photographs personal to the individual using the system creates a unique experience which can be comforting,

Whilst enhancing learning and play. The sessions are tailored and personalised to meet individual need which is an objective we aim to achieve throughout our day to day service delivery. We use our system in many ways e.g. to develop interactive skills within small groups to encourage the users to take turns to activate the beams. For customers who benefit from visual stimulation seeing images that change as a result of their actions develops their understanding of cause and effect".

Emma Partridge, Senior Reablement Officer, Day Opportunities & Employment Adult Social Care

Interactive Wall Projection

Immersive and inclusive full-body interaction for learning, therapy and play!

EVERYBODY PLAYS

Helps to develop interaction and communication skills through creative multi-sensory game play. The software supports 6 players using full-body interaction with additional options for eye gaze, speech, switches, touch, game controllers, mouse and keyboard inputs

THE BODY IS THE CONTROLLER

Open up a fun new world of accessible interaction and bring your spaces to life with kinaesthetic game play!

Interaction Modes

1. Augmented Reality

See yourself reflected in a mirror video image with live camera mode displaying your real-time image and environment. Virtual objects and interactive content will appear around you augmenting the experience, interact to bring your surroundings to life.

2. Inset

Inset mode is the same concept as green screen, only here there is no need for a green screen. Inset mode removes the background environment and place users into virtual play environments. This is great for removing clutter and helping users focus on the content and activity.

3. Shadow

For those that do not like to see themselves in the videos image, Shadow mode helps to reduce anxiety by rendering the user image into the scene as a dark filled shadow. Shadow mode also removes the background environment and place users into a virtual play environment.

4. Avatar

Take control of on-screen avatars and watch the characters come to life with the movements you make. Open up a new world of Kinaesthetic fun in 3D space and explore spatial awareness, proprioception and enhance your ability to sense the position, location, orientation and movement of the body and its parts.

5. Facilitator Mode

When working with a single user it is possible to set it to only track one user. This means caregivers can appear in the scene to support a user without interacting with the content. All interaction will be attributable to the user.

Support the development of movement and coordination with fun interactive play

- Everyone Interacts
- Learning Content
- Support Physiotherapy
- Communication
- Environmental Control
- Self Awareness

Key Features

100s of Apps

Comes with a wide range of fun and engaging content designed to stimulate and promote inclusive interaction using any of the supported access methods. Play with movement, eyes, touch, speech, switch and more.

Playlists / Schedules

Create playlists and have the interactive wall play them to schedules you set. This means the system can auto play scheduled playlists without the need for a facilitator. Particularly useful in hospital and waiting room settings.

Favourites

Home screen shows all of your favourite apps so you can run them easily without navigating. Simply star an app for it to appear on your home screen.

Collections

Group apps into your own custom collections and make it easy to retrieve personal favourites or apps designed for lessons or therapy sessions.

Access Menu

Useful off-screen access menu that enables switch and eye gaze settings to be changed while the games are running. This menu can also be controlled by speech.

Remote Control

Conveniently control all aspects of Magic Mirror™ remotely from our control app. Includes ability to shutdown the system.

Interactive Wall Projection

Imagine looking into a mirror and seeing yourself playing drums, splatting critters or tapping stars to change their colour and to make sounds. A movement of the hand or a flick of a finger can trigger any number of audio-visual events around you. Truly immersive, responsive, and rewarding. For individuals and groups. Fully customisable.

Size: Projection 1.5m to 2m wide; optimum distance projector to wall 35cm - 45cm

R423172 Mobile Wall 75W x 55D x 63H cm VAT Relief

Product Features

Inputs

Setup eye-gaze input, assign switches, game controllers, speech commands, and keyboard inputs to deliver accessible interactive gameplay for all.

Body Control Points

Set collider points on any one of the 25 available body parts and allow users to interact using the body as a controller.

Game Objects

Add interactive images and animated gifs to appear in your activities and have them transform on interaction using easy to apply game logic.

Voice and Switch Objects

Call object images into the screen using voice commands and switches – say 'dog' and dog image appears in the screen – this is useful for aiding symbol and speech comprehension.

Object Effects

Add stunning particle effects, explosions and transitions to object interactions and keep people engaged with dynamic audio visual content.

Camera Effects

Enhance you activity designs with one of the stimulating full-screen camera effects like water ripple or a spooky film filter.

INCLUSIVE PLAY

Interactive Wall is an award-winning interactive projection system that displays motion responsive games and activities. It offers a wide variety of stimulating content that is suitable for multi-sensory exploration, play, learning, therapy and relaxation.

NATURAL USER INTERFACE

Interactive Wall removes many barriers people face interacting in mixed ability groups by offering a universally accessible interaction platform. Enabling everyone to participate on equal terms, to create an inclusive play environment.

Immersion & Interaction

1. Responsivity

The slightest movement over the projected image will cause an audiovisual effect response. User interaction creates real-time communication feedback with the content and allows games and activities to be responsive to body movement.

2. Interaction

Allows multiple users to interact at the same time using a variety of different inputs, opening up a world of collaborative exploration and play. Output the image to a second monitor to enable eye gaze users to interact with peers that use body movements.

3. Dynamics

Applications offer dynamic physics capabilities allowing movements to interact with virtual objects in a realistic way. Physics properties can be adapted so that small movements can be amplified to create a larger audiovisual effect.

4. Stimulation

Caters for a wide range of needs with applications designed for early stimulation, exploration and engagement. From simple coloured effects to realistic fish ponds, quizzes and games, provides variable stimulation levels for the needs of a wide range of people.

5. Kinaesthesia

Participants use their limbs and body to interact with the content, helping to enhance their sense of movement while shifting position, orientation and reaching out to interact with game objects. It is designed to get people moving and exploring their environment in a safe way.

Backgrounds

Colours, images, videos, mask layers, live cameras and YouTube as background layers. Build up scenes with stunning graphics.

Media Library

Media Library with 100's of stunning images, videos and sounds to use in your activity designs. Includes PCS Core Symbols from Tobii Dynavox.

Record HD Videos

Record user interaction in HD with in-screen game video showing how users interacted. Keep track of your sessions and use to inform levels of engagement.

Immersive Projection Environments

Accessible multi-sensory communication environments for learning, therapy and play!

Combine an interactive floor with an interactive wall or choose 360° interaction for a truly immersive environment which allows users to explore communication, amplify capabilities and make environments more responsive.

An immersive room makes it possible for educators, health professionals, parents and caregivers to deliver accessible experiences designed for individual sensory, communication and access needs. It is designed to support individual interaction and communication needs and helps caregivers to access the world of the user!

Gesture-based, individuals use movement to create dynamic effects on the surfaces around them. Using highly responsive hardware, the latest motion-tracking technology and inviting, easy-to-use software with pre-loaded and editable themes, these systems offer endless opportunities for education, leisure and therapy.

These environments bring learning to life and help to engage and include individuals of all abilities, as well as facilitating virtual experiences that may otherwise be inaccessible.

With edge blend technology your immersive room can feature content that can seamlessly wrap around corners, use curved projection or produce large panoramic landscapes. Projectors can also operate individually for multiple and independent activities in one area.

What's more, customers can customise the imagery and sounds to suit personal need, adding their own photos, videos or music to tailor the environment to their requirements.

Each room is different and hardware is available in a range of specifications.

Please contact us for a quotation

Supporting individuals with complex needs

Everyone Plays

Provides an inclusive play experience for people of all ages and abilities and supports a wide range of inputs and controls!

Versatile

The breadth of content makes suitable for education, therapy and play. Great for schools, hospitals, care settings, day services, play centres and more!

Multi-Sensory

Interact with variable stimuli, visuals and sounds that respond when you move. The system also responds to objects, so you can use tactile objects to enhance the experience.

Why get an immersive room?

Create meaningful and engaging experiences for people of all abilities

Create Accessible Lessons

With an Immersive Room you can design how your lesson is delivered, what content is needed to meet the needs of pupils and how they will access it. An Immersive Room frees you from the PC and allows you to control things from anywhere so you can elaborate on subjects, without moving away from a pupil. The scope for designing things to meet individual needs is as wide as the creativity of the educator.

Explore Communication Scenarios

Design accessible communication scenarios and allow people to develop their skills using AAC devices and a wide variety of assistive access tools. Since all access methods and devices work together you can make scenarios that work for all and enable people using different devices to communicate together.

Support Therapy Goals

Develop speech and vocalisation skills, promote AAC usage with enjoyable and collaborative communication scenarios that allows AAC users to communicate with their peers, develop switching and access skills, fine and gross motor skills and more. The therapeutic applications and benefits are wide ranging, whether working on responses to multi-sensory stimuli or isolating and focusing on sound, light, touch, vibration at any time. No complex setup.

Interactive Sensory Stories

A sensory story is a highly engaging way to deliver accessible experiences. These are even more engaging when there is a dimension of multi-sensory feedback and interaction. Immersive Rooms allows for use objects as controllers - grab a bunch of story items and have people use them to make stuff happen in the story! Say the name of a character and it can come to life. When you have a good story you can tell it in lots of ways because Magic Room is non-linear so you can jump to any part. No story ever need be told the same way. This is also true for leaning content and lesson delivery!

Engaging Multisensory Themes

Immersive Rooms has the potential to support a wide variety of sensory and learning needs and is designed to offer variable levels of output intensity so that stimuli can be increased and decreased to meet an individual's changing needs. Magic Room has a wide range of pre-designed experiences to get you started and offer masses of potential for you to create too!

Make Accessible, Inclusive Music

Turn your environment into an inclusive musical instrument and performance space and use any input device to play accessible music. Add your own sounds and make your own instruments, use objects to trigger sounds and phrases. Say and play Happy Birthday to peers using any input device!

Accessible Format

Turns any surface into an engaging interactive experience. Project on to floors, tables, beds, wheelchair trays and more.

Creativity

Unleash your creativity. Input your own images, artwork, music and photos to create highly personalised activities for education, therapy and play!

Hygienic and Safe

In hospitals and environments where minimising infection risks is essential, is the perfect inclusive play solution that helps to keep communal play spaces safe and clean.

Snoezelen® SurfPro™ Mobile Interactive Floor Projector by Rompa®

NEW!

Why choose this Mobile Interactive Floor Projector?

Everyone Plays - providing an inclusive play experience for people of all ages and abilities.

Adjustable projection height - the system unit height can be adjusted to create a larger or smaller active play projection area which also allows the projection to be displayed onto table top surfaces.

Versatile - The breadth of content makes it suitable for schools, hospitals, care settings, day services, play centres & more!

Multi-Sensory - The system also responds to objects, so you can use tactile objects to enhance the experience.

Accessible Format - Turns any surface into an engaging interactive experience. Project on to floors, tables, beds, wheelchair trays and more.

Creativity - Unleash your creativity. Input your own images, artwork, music and photos to create highly personalised activities for education, therapy and play!

Hygienic & Safe - In hospitals and environments where minimising infection risks is essential, it is the perfect inclusive play solution that helps to keep communal play spaces safe and clean.

What are the software features?

- 35 Templates - Create your own content.
- Media Library - Over 5000 royalty-free media assets.
- Collections - Favourites or apps designed for lessons or therapy sessions.
- Categories - Make it easy for users to find applications for specific user requirements.
- Playlists / Schedules - Run and launch apps without the need for an operator.
- Favourites - Simply star an app for it to appear on your home screen.

Image size: 1.3mW - 3.6mW (dependent on height of frame)

Projection mat sold separately - see rompa.com for details.

R422589	48W x 48D x 72H cm	Non-Editable Software

Snoezelen® SurfPro™ is a super portable, interactive floor projection system that brings surfaces to life which fosters an inclusive play environment for people of all ages and abilities.

The interactive projection system displays motion responsive games and activities on to floors, offering a wide variety of stimulating content that is suitable for multi-sensory exploration, play, learning, therapy and relaxation. Complete with a natural user Interface that removes many of the barriers people face when interacting in mixed ability groups by offering a universally accessible interaction platform and enables everyone to participate on equal terms and helps to create an inclusive play environment.

Responsivity

The slightest movement over the projected image will cause an audiovisual effect response.

Interaction

Allows multiple users to interact at the same time using a variety of different inputs, opening up a world of collaborative exploration and play.

Dynamics

The Projector's applications offer dynamic physics capabilities allowing movements to interact with virtual objects in a realistic way.

Stimulation

It caters for a wide range of needs with applications designed for early stimulation, exploration and engagement. From simple coloured effects to realistic fish ponds, quizzes and games, the Projector provides variable stimulation levels for the needs of a wide range of people.

Kinaesthesia

Participants use their limbs and body to interact with the content, helping to enhance their sense of movement while shifting position, orientation and reaching out to interact with game objects. It is designed to get people moving and exploring their environment in a safe way.

Interactive Wall & Floor Projection

Compact Mobile Interactive Floor Projection

Our smallest system that was designed to make interactive projection accessible, affordable and easy at home, so families can replicate the benefits of the larger interactive systems their children access at school within the comfort of the home. Extremely portable and lightweight with no set up required. Includes themes, imagery, videos and sound effects for plug and play use, as well as click-together foam flooring and a full training manual. Roughly the size of a shoe box and weighing just 1.7kg, this allows parents to transform a bedroom or lounge floor into a fun and interactive environment. LED-based and low-voltage (one plug). 1000 lumens so the projected image is considerably less sharp than that of the other two mobile options. Wall-mountable. Optional trolley available for projecting onto a table top or wheelchair tray - contact us for more information. Image size: 1.2mW x 0.9mH.

R423386 12W x 15D x 19cmH

R423417 Wheeled Frame

Ultra-portable

One of the smallest, most portable interactive projection units available. Lightweight and easy to move from room to room, offers instant 'plug and play' operation with no setup required. Ideally suited for use in a classroom, or at home, it creates bright, stimulating projections which interact with movement and touch.

Easy to Use

With the optional Trolley it can project onto a table allowing almost any surface, including wheelchair trays, to become interactive. Easy to install, this system transforms any floor, in a domestic or educational setting, into a fun, immersive and interactive environment. Being only 12cm wide, 23cm high and 15cm deep, it is truly compact.

Amazing Content

The software and high brightness projector create multiple themes and images which are combined with in-built speakers for audio effects. The range of stimulating interactive and colourful themes includes 'Splat the balloons', 'scatter the leaves' and the interactive fishpond. Comes with approx. 300 pre-made pieces of interactive content to get you started and the ability to add any image, video, or audio file to create your own interactive content.

Cost
Conscious

Cost-Conscious Mobile Interactive Floor Projection

Portable sensory system combining high technology with simple design to provide a fully portable system for use in schools or at home. Lamp-based with 3500 lumens and so produces a much brighter and sharper image than the Compact version and a maximum projection size of 109 x 143cm..

Requires just one wall socket. Weight: 15kg. Size: 42W x 20D x 72cmH (out of frame); 59W x 43D x 72.5cmH (in frame); image size: 1.6mW x 1mH.

R423385 59W x 43D x 72.5cmH in frame

SENse Flex Plus Projector

A mobile, portable interactive Sensory System capable of gesture wall projection, as well as floor and table projection all from the same unit.

The SENse Flex Plus combines new technology with a simple design to provide an affordable, fully portable system for use in schools or at home. The SENse Flex Plus creates colourful, engaging floor projections which respond and interact with body movement. Create a complete sensory zone by allowing even those with limited movement to alter many aspects of their immediate environment. The SENse Flex Plus is fully mobile with castors and electronically height adjustable at the touch of a button, allowing the projected surface to work equally well on the floor, table or bed.

Variable Projection size from 1.35m (W) x 1.03m (H) to 3.1m (W) to 2.24m (H).

The SENse Flex Plus has an in-built gesture camera, simply lay the SENse Flex Plus onto its back and it will project an image onto the wall and will allow you to interact with the theme on the wall via gesture. Within the software, the ability to use the webcam will allow you to see yourself while interacting with the projection.

- Cloud-based editor access is free for the first year.
- Optional subscription from year 1 allows continued access to the cloud editor and remote and telephone technical support.
- Pricing for the subscription is £495 + Vat per year.
- If you choose not to take out the subscription after year 1 then you will lose access to the cloud editor and no longer have the ability to create your activities or profiles, you will still have access to the originally supplied activities as well as anything you created in the first year.
- Remote support can still be accessed out of subscription but is charged on an hourly basis.

R424270 50H x 50D x 70W cm

Project onto walls, floors and tabletops!

Home Projector Set

Compact but high quality. Projects a sharp image in a darkened environment. Suitable for small spaces and can be used a few metres from your wall. With a light output of over 500 lumens. Includes 16GB micro SD card with both still and moving images such as soothing flower fields, under water scenes, aquarium vistas, forest scapes and waterfalls. The SD card can be expanded or over-written with your own images if you prefer more person-centred content. An alternative to the revolving and repetitive imagery provided by the traditional Snoezelen® LED Projectors which project part of an image at any one time. Includes compact speakers and a table stand. Can be linked to a PC and HDMI cables (neither included). Model may vary subject to availability.

BENEFITS:

- Multi-sensory – visual and audible
- Takes up minimal space
- Excellent clarity of imagery and sound
- Includes remote control for easy operation
- Customisable content for person-centred care
- Economical as speakers, tripod, remote, storage bag and sound card all included

R422944 10.5W x 10.5D x 3.7H cm

Compact design, high quality build

Starlight Projector

Compact and portable light unit that projects a starry sky on a surface immediately above it. Ideal for use in a bedroom. Requires 4 AA batteries (not included).

R423068 14cm diameter x 4cmH

Ocean Wave Projector

Compact, colourful and calming, with 7 beautiful and dynamic visual effects. Portable and ideal for domestic use, such as for projecting onto bedroom walls at night time. Multi-sensory, it contains speakers and includes 4 sounds (forest, ocean wave, flowing water and birds, nature). Can be connected to your phone, computer or tablet. Music can also be played via your own TF card. With volume control, track selection and light control buttons on front. USB charged (includes USB cable, audio cable and remote control with timer options). Remote control requires 2 x AAA batteries. Not a toy.

R423124 12.6cm diameter x 10.5cmH

Space Projector

A slim-line projector to suit smaller sensory areas, including the home. Especially suitable for a child's bedroom. With an LED and so does not emit heat. Includes one easy-to-change Space Liquid Wheel. Ideal for modest budgets. A set of four different coloured wheels and Effect Wheels now also available. Silver-coloured. Latex-free.

R423209 25cm L x 24cm H

R419743 Space Projector Saver Pack - Space Projector and a set of four Space Liquid Wheels.

R417461 Set of four Space Liquid Wheels only

Water Effects Projector

Projects a circle of colour with a rippling water effect. Various colours and can be stopped on one colour. Contains LEDs for minimal heat and maintenance. For use indoors, in dry environments. 240V. Weight: 4kg

R420777 31 x 26.5 x 20 cm

Laser Sky Projector

No need to wait for night time to see the beauty of a stellar sky! Illuminating, twinkling, dazzling, starry spectacle! Compact yet transforms a whole ceiling. Ideal for domestic use. Can be wall mounted. Includes AC adapter.

R419908 28 x 24 x 21cm

Aura Projector

The perfect projector for the home, with a Liquid Effect Wheel as standard and built in Wheel Rotator so all necessary parts are included. High quality, and an appropriate brightness for bedrooms (our other LED Projectors are brighter for larger multi-sensory Snoezelen® environments). Features include: Timer, Dimming control, LED so no bulb changes and no heat.

Compatible with our extensive range of effect wheels.

Not compatible with the Panoramic Rotator, Distortion Wheel, Clip-on Prism, Multi-Facet Mirror or the Rompa® Wireless range. Contents may vary.

- The perfect projector for the home with timer & dimmer
- A key component of a Snoezelen® Multi-Sensory environment
- LED so no bulb changes and no heat
- Includes a Liquid Wheel (cannot be specified)

R421508 Includes Aura Projector with built in Wheel Rotator and set of 3 effect wheels (Liquid, Sun and Starry Sky). VAT Relief

Customer Review

"An Incredible Visual Experience. Our son Jonathan has learning difficulties. His main problem is caused by Angelman Syndrome. One of his biggest problems is SLEEP with the projector. His team says it has helped him relax which is excellent for his whole well-being. Success to say we are very happy with the purchase."

R424054 40cm

Twister Lamp

Colour changing liquid-filled lamp that creates a tornado-like vortex display. Switch on the colour changing, liquid filled lamp to see a captivating representation of twisting whirlwind. The LED's pulsate through a spiral of hues to create a mesmerising display.

R424058 8.5 x 8.5 x 25 cm

Nebula Lamp

Powered via USB or battery, this funky lava lamp style lamp produces a mesmerising effect, the lamp contains a shimmery type liquid that swirls like clouds in the wind, and when the colour changing lights shine through and onto them, it creates a fantastic nebula effect. As this lamp has the option of being powered by a battery, it could be used as a table decoration, or taken away on camping adventures and sleepovers!

25cm Tall x 8.5cm diameter

LEDs pulsate through a cloud of hues

Creates a mesmerising display

Requires 3 X AA batteries (not included)

Can also be run off a mains adaptor (USB cable included)

R424381

Lights designed for calming

Light can be used to calm users with special needs, including Autism, ADHD, Alzheimers, Dementia and Sensory Processing Disorder (SPD). Interactive sensory lighting encourages a safe and fun way of interacting with the users environment, with the creation of a calm and relaxing space, increased mood and engagement of senses.

Wireless LED Cube

For indoors or out, including water environments. Control the colour of this contemporary cube seat using any of our Wireless controllers.

R421001 40 x 40 x 40cm VAT Relief

Spa Lights - Set of 2

Float on the water surface and project six different light displays across the bottom of the bath – fade, flash, alternate, static etc. Alternatively, stand on a flat surface and project beautiful colour changing light displays on nearby surfaces. Requires 3 AAA batteries (to be purchased separately). Inexpensive and really effective.

R422301 9cm diameter

Compatible with any of our wireless controllers!

Large Colour Changing Lights

Great for encouraging movement and exploration. Hollow yet strong. Includes a small remote control to select one of sixteen colours, or to fade through different shades. Rechargeable. Once charged for 6 hours, it can be taken off the base station to provide 10 hours of light. For use indoors or out. Water-resistant with an IP65 rating. Tested up to 80kg of load.

SEATING, POSITIONING & FURNITURE

Posture is an important aspect of daily life for able-bodied and disabled people alike. Posture habits are formed during the years of growth and development.

Our posture has an impact on, and is impacted by, the way we walk, sit and perform physical movements.

Our range of equipment and furniture will allow good postural positions to be adopted whilst providing a comfortable, safe and dignified seating or positioning option.

Scan the QR code to browse all seating, positioning & furniture

Chatsworth Range

This ever-popular furniture range is now better than ever!

- Ergonomically designed
- A higher cushion for additional back support
- Solid foam with separate cushions but without a rigid wooden frame
- Stitched not nailed
- Multi-sensory, with eye-catching and tactile fabric options

- Softer, slimmer and more curvaceous styling
- Supportive without compromising on comfort
- High back versions have 56.5cm deep seats
- Contemporary and aesthetically pleasing for a multitude of environments, including homes and waiting areas

Available in a huge choice of colours. Choose from our standard PVC or 2-tone options - Faux Leather combined with Tactile Fabric. As these products have seams, they are not completely waterproof. Where there is the occasional risk of incontinence amongst furniture users, we recommend that PVC is chosen.

L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them.

The Chatsworth range includes individual pieces of furniture as well as settees and corner units that can be placed together to maximise the space available. These modular pieces can be used in a variety of combinations and are perfect for waiting areas.

For example, team a 3 Seat settee that has a single arm with a Corner Unit to fill a whole wall. A second settee with the opposite single arm could be added to the other side of the Corner Unit to fill 2 adjacent right-angled walls.

With so many colours, sizes and sensory options to choose from, it's up to you!

To make the furniture even more comfortable and inviting-looking, why not add some scatter cushions? Choose matching colours or contrasting shades for visual stimulation.

Deluxe Fabric:

Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

Chatsworth Scatter Cushion

A lovely finishing touch to complement your Chatsworth furniture. Provides additional comfort and visual appeal. Choose the same colours and fabrics as your chair/settee or choose contrasting shades and fabrics for extra visual and textural interest. Please specify a maximum of two colours per cushion when ordering.

R422864	PVC	35 x 35cm
R422865	Faux Leather	35 x 35cm
R422866	Textured Fabric	35 x 35cm

Deluxe Fabric:

Textured Fabric

Contemporary yet classy colours with a blend of texture and softness to suit every indoor environment. Beautiful, tactile and practical. Fire-retardant (Crib 5), stain-resistant, phthalate-free and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching. All the colour options are anti-microbial.

The sides of these products can be made in Textured Fabric, whilst the remainder (e.g. seat and cushions) is typically in Faux Leather.

DE-ESCALATION ROOMS

Rompa® can design and install calming spaces for demanding environments such as schools with students with Behavioural, Emotional and Social Difficulties (EBD), offenders' institutes and prisons.

These installed facilities provide a robust and safe environment where individuals with challenging behaviours and aggressive tendencies have an opportunity to calm down and be encouraged to manage their own behaviours.

Intended to reduce risk and potential injury, these low stimulation rooms are designed to foster the safety of the individual, peers and supervisors alike. These spaces should only be used as part of a wider structured plan following good practice guidelines and appropriate legislation. Use of these environments should always be for a carefully monitored and minimal time, with the best interest of the individual at its heart.

Scan the QR code to learn more or contact us

Furniture for demanding environments

Requests to include furniture in our range that would be appropriate for demanding environments encouraged Rompa® to design furniture and cushioning to meet those needs.

With the appearance and comfort of standard furniture, these products have additional features:

- Light with no hard corners
- Durable, moisture repellent covers to withstand robust use
- Hand finished seams which replace zip fasteners
- Additional sealing of seams for improved hygiene
- Chairs that support body weight when seated which will collapse when stood on

From consultation with carers and medical staff at high risk units such as Rampton Hospital, Rompa® have developed Seclusion Furniture. With great attention to detail, this thoughtfully conceived range promotes staff and patient/inmate safety. Durable, and easy to clean, this furniture meets all relevant safety and fire retardancy standards.

Seclusion Furniture by Rompa®

Specifically designed for use by clients with severe behavioural problems and unpredictable tendencies. Features:

- No inner wood or metal frame, therefore no hard surfaces
- No zips, cords nor sharp edges
- Client cannot hide objects in the chair
- Client's hands are visible
- Low position and sloping armrests mean client cannot get up hurriedly
- Available in Polyester or PVC - please specify when ordering.

Foam Wedges by Rompa®

A firm foam filled wedge covered in easy to clean heavyweight durable vinyl. Foam Wedges are ideal for use on chairs with the pointed edge to the back. For someone with increased tone and spasticity, the wedge puts someone in a more flexed position at the hips. Also used for raising the feet for foot care; on a bed under pillows to raise the head; during baby massage. Please state the colour required. Special sizes can be made to order.

R414037 Small Size: 38W x 46D x 18cmH

R414038 Large Size: 50W x 50D x 23cmH

Chunkies by Rompa®

Chunkies are versatile wedge cushions filled with polystyrene beans which mould to the body, creating a firm yet movable support. Useful for positioning, therapy and play. The Large Chunky could be used for lying on the floor with the user's back on the slope; a taller person could lean on it with their tummy on it; for providing relief from being in a wheelchair; for prone extension (strengthens the back and neck muscles and encourages the head to be held up); neck extension; help with sitting balance as you are building trunk support and for behind the knees (for those who don't like lying flat). To try to improve trunk control, start with support from a firm Wedge and then reduce support with a different sized Wedge or Chunkies Covered in heavyweight durable vinyl. Moisture proof and easy to clean. Please state the colour combination required.

R414036 Large Size: 56W x 84D x 54cmH

Emotion Sequin Cushions - Set of 6

These cushions are made with "Flip Sequins", brush them one way with hands and fingers to reveal the image, brush the other way to hide it again. Glittering colours and soft textures invite interaction and promote conversation about mood and emotion in the classroom or clinic. Gross and Fine Movements: sequins can be flipped with either broad brushes by the back of a hand or by fine fingertip strokes.

Zipped outer cover removes. Sealed inner cover filled with FR fibre fill.

R424318 40cm x 40cm

Emotion Floor Pads - Set of 8

Extra large size and bold graphics plus two pads with mirrors make these new "Emotions" pads an essential aid for conversations about mood and emotion in a class or clinic.

Ergo medium is an extraordinary seating concept combining the benefits of active sitting with a bold contemporary design. This healthy active seating allows your body to rock gently and move freely, engages the core muscles to build strength and flexibility, helps relieve back pain and encourages good posture. The standard size is suitable for people from 5' to 6'4" tall. Weight load up to 225 lbs/ 102 kg.

R423539

NEW!

Ergo - Large

ExtraErgo offers all the benefits of ErgoErgo. Your body is free to move, your core is engaged. With its larger seat, Extra Ergo provides more comfort for taller, larger people, and more stability for every body. Suitable for people 5' to 6'4"/152 to 193 cm tall. Weight load up to 250 pounds/114 kgs.

R423540

Musical Water Bed by Rompa®

Fine vibrations of rhythm, tone and beat can be produced through your music system, which connects to the bed. These are picked up through the skin as tactile stimulations. The bed adapts to the body shape giving warmth, comfort and muffled noise, possibly similar to foetal experiences in the womb. The bed has a wooden base and is mounted on a giant loud speaker cabinet. The bed can also be used for interactive stimulation by means of the included microphone to create your own sounds. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. PVC - please specify colour choice when ordering.

R420192 Double 140 x 200 x 45cm VAT Relief

R420193 Queen 160 x 200 x 45cm VAT Relief

Customer Review; Musical Water Bed

"The bed was easy to set up with good instructions on its set up and use. The bed is a valuable asset in our sensory room serving to support, relax and stimulate children at different times. The musical aspect of the bed is especially useful for autistic children and those with PMLD who appreciate the sensory feelings coming through the mattress from the speakers below. The bed base and mattress are very well made and the speaker fitted into the bed base and amplifier and microphone supplied are of good quality and work well."

Caroline Jones, Grant Co-ordinator, Gloucestershire

Water Mattress by Rompa®

A heated water mattress which moulds itself to the shape of the body giving total unrestricted support without any pressure points. The gentle support by water allows even the slightest movement to be felt. The special double isolated heater pad with variable heat control maintains the mattress at a comfortable temperature. The water mattress is designed to be used on the floor or a suitable strong support capable of taking the total weight when filled - the double bed weight is half a ton. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. The cover is made from strong, reinforced durable vinyl which can be wiped clean and is available in a range of colours. Includes heater pad, fill kit, 17m (50ft) hose pipe, water conditioner and instructions. Platforms for the Water Mattress can be made to your specifications by special order. Vinyl - please specify colour when ordering. This product contains wood. Please note: image contains platform which is not included in product purchase.

Platforms

We can manufacture wooden platforms (with hoist access as required) to meet your requirements. Please contact us for information. We can manufacture mattresses, headboards and wall cushioning to your specification - please contact us to discuss your requirements.

Fold Up Massage Mattress

Compact and comfortable. This Massage Mattress folds up for ease of transportation and storage. It is extremely versatile and can be used on the floor, on top of a bed or on a chair. The handset gives easy control of the mattress, including massage motors and heat. May vary slightly subject to availability. This product has a zip for manufacturing purposes only. Please note: the mattress is typically black - the items shown underneath the mat are for illustration purposes only. Not suitable for those with thrombosis, epilepsy, blood pressure problems, acute illness, varicose/inflamed veins or during pregnancy.

R420666 170 x 60 x 8cm

Musical Positioning Cushion by Rompa®

Gives tactile and aural stimulation whilst providing comfortable support. The bean bag envelopes the user so the vibrations and the music from the special integral speakers can be felt in the body for a truly profound sensory experience. Requires music system with provision for external speakers with a minimum output of 50w per channel. Available in PVC, Polyester or Faux Suede - please specify fabric and colour when ordering (see back of catalogue). This product has a zip for manufacturing purposes only. 1350mmW x 950mmD x 600mmH.

Vibrating Floor by Rompa®

This cushioned wooden floor vibrates automatically or in response to music or vocal stimuli. It is particularly suitable for those with mild or total sight/hearing loss as it provides valuable tactile stimulation. Also used for those with autism.

- Provides three methods of vibratory stimulation:
 - Built in oscillator to vary frequency and extent of vibrations.
 - Musical stimulation.
 - Amplifier and leads supplied for ease of connection to any music centre or radio.
- Used with the microphone provided it can help to stimulate vocalisation.

Vinyl - please specify colour required when ordering.

Key Points

- Our mats are ideal for Sensory Integration rooms too!
- Floor Mats can be made with handles by special order. Should you need to regularly remove floor mats (to allow wheelchair access for example), Rompa® can make easy-to-move floor mats to suit your requirements.
- We can also manufacture mats using foam of different densities. Should you require firmer mats with less 'give', we can make mats with a choice of higher density foams.
- All Rompa® soft play products meet appropriate fire-retardancy standards.

Fabric colours can be found on pages 12 & 13. Alternatively please order a swatch via:

R414346 Clear balls (one box)

Solid Structure Ballpools for all applications

Some people want to release energy whilst others wish to sink back and relax. Whatever your preference, ballpools offer an inviting opportunity for a major change in environment.

They provide safety and support for limbs and body. They allow movement whilst providing touch contact all over the skin area. Use ballpools as an adventure, pulling and pushing, lifting and falling. They offer a chance to turn the journey into a shared experience.

Ballpools can be made to any size - 2, 3 or 4 sided. When ordering, please state the external dimensions. Ballpools are built around a wooden frame, and are cushioned with high quality, latex-free foam.

Contact Rompa® for advice on measuring or a price quotation for your tailor-made ballpool.

Net Washing Bag

Net bags for washing the balls are available.

Customer Review

"Fantastic Item for where space is an issue. We ordered this product back in 2006 for our daughter ... and it's still going strong! Really durable, tough vinyl ... and not a rip or tear in it 9 years on! I cannot praise highly enough how sturdy the walls are once fixed ... many a time 'perched' on by us when supervising daughter ... and no dents from our weight!! It's a fantastic design that can fix into any corner, utilising your existing walls for the rear 2 sides ... It was easy to fix with the wooden brackets attached, and has stayed put all these years with no problems at all! The inner floor mat is also tough ... made from heavy duty vinyl, which velcros on to the sides to fix. All in all, this ball pool scores highly with me 11/10 ... definitely a quality item that is well made and lasts many years, as mine has proven!"

Lisa, Verified Buyer

Toddler Soft Play

Build exploration and curiosity from a young age, whilst building key movement and motor skills. Switchable sections offers a variety of routes and challenges with contrasting colours of black, white and red - ideal for visual development in younger children. Triple Mirror Set

Multi-purpose and multi-configurable. Highly visually stimulating and inviting. Create a hall of mirrors, a soft play floor or use the pieces individually. The non-shatter plastic mirrors can be removed (they are attached by Velcro®) so the remaining pieces can be moved on. Wipes clean and stacks after use for compact storage. Colours of the latex-free and anti-bacterial vinyl may vary. For 0 to 4 years. This product has a zip for manufacturing purposes. Size (each panel): 60 x 60cm; stacks to 60 x 60 x 45cm.

R422766

Pocket & Mirror Trail – Set of 8

Place in any order to make a path or stepping stones. Lots of combinations and things to explore. Stop and 'reflect' a while at the mirrors or pause for a poke in a pocket! Encourages motor skills, climbing and reaching. Phthalate-free and meets appropriate safety and fire-retardancy requirements. Colours may vary. This product has a zip for manufacturing purposes only.

R420430 40cmW x 30cmH

Caterpillar Mirror Bumps

Like all caterpillars, this cleverly-designed mini-beast can be transformed into a beautiful butterfly. Contrasting colours and impact-resistant safety mirror panels ooze visual appeal. Fire-retardant and made from phthalate-free vinyl. Colours may vary. This product has a zip for manufacturing purposes only.

R420024 180L x 40cmH

Puzzle Block by Rompa® - 24 Pieces

Unzip this lightweight vinyl bag to find a wonderland of Polyester geometric shapes. They are packed in two layers which, unpacked, lie side by side to form a 150cm long block. Crawl on, climb over or use the individual shapes to form your own design. The zip up bag is provided for ease of storage and transportation. A pattern is supplied with the bag - just in case you can't fit your puzzle together again! This product has a zip for manufacturing purposes only.

R416018 50H x 150L x 75cmW

Playshapes - Set of 7 by Rompa®

These brightly coloured geometric shapes are made of foam and covered with Polyester. They are fire retardant and easily cleaned with a damp cloth. This product has a zip for manufacturing purposes only. Set comprises: Triangle small 40 x 30 x 10cm, Brick 30 x 15 x 10cm, Cube 30 x 30 x 30cm, Triangle large 40 x 30 x 30cm, Pyramid 30 x 30 x 30cm, Square 30 x 30 x 10cm and Disc 30 x 10cm thick. Set of seven shapes.

R412358

Puzzle Square by Rompa®

Deceptively useful, these strong shapes can be arranged in many ways, including:

- Square
- Single stairway
- Double stairway
- Hide away den
- Fir tree

Includes storage bag with zip.

R417828 60 x 60 x 60cm

SENSORY INTEGRATION AND MOVEMENT

Vestibular and proprioceptive senses are often overlooked beyond the “traditional 5 senses”, although they form an essential part of our day to day lives.

Proprioceptive senses process information from our muscles, joints and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other, other people and objects.

The vestibular sense puts balance into our lives. It provides information about movement, gravity and changing head positions. It tells us whether we're moving or we're still, as well as the direction and speed of our movement. We can even tell if we are vertical or horizontal - even with our eyes closed.

Combining the development of both proprioceptive and vestibular senses, the practice of sensory integration can assist in developing the ability to process this information.

TheraGym®

Rompa® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions. TheraGym® products are high-quality and affordable - they are considerably less expensive than alternatives available elsewhere, without compromising on function or quality.

Customer Review

"My daughter had this wrapped round her as soon as she got it. She is much calmer and is sleeping better already"

Allison H, Verified Buyer

Weighted Sensory Cushion

Curious and calming. The tactile and visual objects enclosed invite exploration whilst the weight of the cushion may offer a sense of security. Large enough to place across the lap or on a table for a shared activity. Large size and objects to suit the visually impaired and those with limited fine motor skills. Objects selected are appropriate for all ages. With double-stitched seams and thick PVC fabric for extra safety. The cushion is quite rigid and so is not especially suitable for the frail.

Sleep Tight™ Weighted Blanket

Helps clients to become calm and comfortable to encourage restful sleep. Suitable for clients weighing over 9kg (20 lbs) who have difficulty calming down to get to sleep. With a curved neck cut-out to help prevent the blanket from bunching around the face. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. As a general guideline, blanket weight should be from 15-25% of client body weight, although we recommend that you seek professional advice as to the suitability of these products for your particular client. Colours may vary.

Machine washable.

Customer Review

"Great product. We were recommended to get a pressure vest by our OT but I found it extremely difficult to find one small enough for my daughter. This one fits perfectly and was a good price. We've already seen a lot of benefit from it in increasing stability and use it every day. It is easy to clean and washes/dries quickly."

Either use provides gentle pressure and can help calm and focus users. Discrete as it looks like a sports band. Can be worn with one on each wrist or one at a time. Blue only. Machine-washable.

R421770 Small | For children approx 3 to 9 years | Weighs 3 oz*

R421771 Large | For people 10 years and older | Weighs 4 oz*

An excellent wearable fidgeting tool providing calming and relaxing sensory input with gentle pressure.

HALEY'S JOY®

A clever system created originally just for Haley and now available just from Rompa®

Haley was a little girl who experienced challenges centring herself and focusing. Her family searched for ways to help her development and found Floortime therapy. The first challenge her parents encountered was gaining Haley's interest and discovered that Haley's first experience on a vestibular swing proved to be exactly what she needed, and it became her most beneficial tool.

Haley's grandfather, an engineer by trade, designed and built her a portable vestibular swing, one which could be moved to any room, and used to engage Haley in therapy and developmental activities. For her family, the swing provided a practical solution. For Haley, the swing provided pure joy.

Ceiling Support Loading

Note: Please ensure ascertain from the appropriate authorities that the fixing point is suitable and will hold up to 450kg load at up to 45° angle in any direction.

All hanging equipment requires a minimum ceiling height of 2.5m (8ft) and should be positioned a clear distance of 1.8m (6ft) from any adjacent walls and other obstacles. All swings suspended from a single point require a Safety Rotational Device (Page 125).

Locking Safety Snap

Provides a connection between equipment and either an accessory and/or the final point of suspension. With an integral locking mechanism that screws closed over the opening to prevent the snap from opening inadvertently. Zinc-plated steel. Supports 25 Kilonewtons (255Kgf) and meets requirements of EN362:2004. Weight: 180g

R423011

Vertical Bouncer Kit

Use with any swing for added bounce! Specifically designed to enable controlled bouncing and vestibular stimulation with any therapy equipment you attach to it. Includes 2 Single Vertical Bouncers, two 2 Double Vertical Bouncers, and 2 Safety Snaps. Reinforced elastic loops are sewn onto the ends of the Single and Double Vertical Bouncers. Weight capacity: 129kg (285 lbs)

R421567 VAT Relief

Height Adjustment System

Provides you with the best way to vertically adjust your equipment for every client's individual needs. One of the most critical pieces of equipment to provide flexibility and versatility for any therapy program. Includes a Safety Rotational Device (21559), 3m Therapy Rope (21607), Safety Snap (23011), Vertical ascension device and a locking carabiner (more than simply 21607 and 21546). An additional Safety Snap (23011) is needed to secure the system to the end point of suspension and should be purchased separately. Working load: 225kg (500 lbs)

R421548 VAT Relief

Ceiling support loading

Note: Please ensure you ascertain from the appropriate authorities that the fixing point is suitable and will hold up to 450kg load at up to a 45° angle in any direction.

Ceiling height

All hanging equipment requires a minimum ceiling height of 2.5m (8ft) and should be positioned a clear distance of 1.8m (6ft) from any adjacent walls and other obstacles. All swings suspended from a single point require a Safety Rotational Device.

O Frame

Free standing suspension system that eliminates the need for permanent structural fixings. Easy to transport and assemble. Made from tubular steel with foam padding and 3 suspension points. Could be fixed to the floor if necessary. Maximum weight supported: 300kg. Latex- and phthalate-free. Colour as available. Size: 220cmH, 235cm diameter at the floor.

Beano Swing

A robust, waterproof polyester bag filled with polystyrene beans. Swing on the Beano by gripping the swing between your thighs, resting on the bean bag seat. Working load 90kg (200 lbs). Colours may vary. Includes a built-in plastic reinforced tear-shaped loop at the top of the rope to be hung from your suspension system. The length of this rope makes this swing unsuitable for use with the Suspension System 17687. This product has a zip for manufacturing purposes only. Size: seat 90cm circumference, 50cmL; rope approximately 140cmL.

R414113

VAT Relief

Suspension Swing

Suitable for individuals with movement difficulties. The swing can also be set in motion using the hands on the ground. Games such as picking up bean bags, throwing at targets while swinging are also possible. Can be used in all body positions such as lying face down, on the back or sitting up. Even nervous users will soon gain confidence when using this swing. Height adjustable. Cover: brushed canvas (100% cotton).

R419234 Child | Suitable for a child 3 years+ | Max load: 100kg | 98 x 75cm |

Ropes 105cm long

R422687 Adult | Suitable for an adult approx 150-200cm tall | Max load: 200kg |

153 x 79.5cm

Tube Swing

Multi-directional swing that is colourful and appealing. Sit on it or lie across it on your tummy. Fun and functional. The heavy-duty and zipped polyamide cover is both inviting and practical as this covers the air valve of the inner tube and makes the swing easier to hold onto. Includes reinforced suspension bands. Requires inflation.

BENEFITS

- Colourful and appealing
- Fun and functional
- Cover provides comfort and prevents access to air valve
- Ideal for the many children who do not like the sensation of rubber

R421893 Child | Max weight supported: 80kg | 50cm internal diameter;

85cm external diameter

R421894 Maxi | Max weight supported: 100kg | 83cm internal diameter;

135cm external diameter

Floating Cloth

A unique Sensory Integration resource for providing tactile, vestibular and proprioceptive input. Encourages motor planning and co-ordination. Can also help build muscle-tone. For balance and therapy or for relaxation. Can be used outdoors (and then stored indoors). With four covered mounting springs for dynamic movement. For suspension from four points or two (for use as an enclosure). Includes cloth, springs with mounts and 8 safety snaps. Washable polyamide with acrylic straps. Intended for use by an adult or a child. Maximum load: 200kg.

R422480 250 x 250cm

All suspended equipment must be used in conjunction with a Safety Rotational Device (Page 107)

TheraGym® Tear Drop Swing

Provides a gentle swinging cocoon sensation. Features include a machine-washable nylon mesh swing and a Vertical Bouncer Kit (21567) to attach the swing to a secure point of suspension. With a high opening to increase the enclosed effect, please consider access into this swing e.g. Soft Play Steps. Working load: 90kg (200 lbs)

R421555 162.5cmL x 61cmW

VAT Relief

TheraGym® Time-In Swing

Offers several options for vestibular input. Its soft, supple and washable nylon mesh fabric construction is perfect for gentle swinging and relaxation. The stabilizing bottom board acts as a solid flat floor for sitting or kneeling and can be easily removed to create a more snug sensation. Comes with an extra-strong safety snap. Weight capacity: 90kg (200 lbs).

Set A

Set B

TheraGym® Over the Moon Swing Sets

Provide many opportunities to experience multi-sensory input. Each set includes a half moon-shaped support made of strong Baltic birch wood, a heavy-duty bar strap and several options to secure these to your suspension system. Working load: 136kg (300 lbs). Colours and styles may vary. Please purchase a Safety Rotational Device separately.

- R421581 Set A | Includes a Vertical Bouncer Kit (2 Single Bouncer units; 2 Double Vertical Bouncer units; and 2 locking Safety Snaps); a Bouncing Swing (half moon bar; swing seat and straps); Sling Swing (with 2 Safety Snaps); and an additional Safety Snap (i.e. 5 Safety Snaps in total). VAT Relief
- R421583 Set B | Includes an 81cm Trapeze Bar and a set of 2 Acrobat Rings (either can be attached to the half-moon-shaped support with 91cm reinforced nylon straps) and 2 Safety Snaps to attach the straps to the wooden support. VAT Relief

TheraGym® Sling Swing

The Sling Swing provides stimulation in a prone or seated position with its versatile aerial hammock suspension and quality construction. Safe for everyone from children to adults. Includes one safety snap. Weight capacity: 136kg (300 lbs)

- R421580 124.5cmL x 76cmW VAT Relief

TheraGym® Therapy Net Deluxe Swing

Provides linear and rotational movements to enhance core development and motor control. Whilst some children seek the comfortable and soft enclosure of a fabric swing like the TheraGym® Tear Drop Swing, others prefer the more open and visible space provided by a net swing. Our Therapy Net Deluxe Swing helps a child feel secure whilst their vestibular system is stimulated. This also provides a safe haven for activities such as reading and studying. A heavy-duty nylon cord unit is suspended from welded steel rings. Includes one safety snap. Vinyl-covered birch board (58cm diameter) is optional. Working load: 225kg (500 lbs).

- R421585 122cmH VAT Relief

Concertina Mat

Practical, portable and available in a large range of colours. Phthalate-free vinyl. Please specify colour required when ordering. This product has a zip for manufacturing purposes only. Size: 200L x 100W x 5cmH unfolded; 50L x 100W x 20cmH folded.

R420034

Co-operband

Wonderful for all ages. A great way to warm up and to make exercise fun. The fabric is soft, stretchy, wrinky and extremely appealing. The bright, bold colours are appropriate for older users. Can be used in schools for personal social health education as pupils work co-operatively in a group. Suitable for creative play and learning about forces and rebound. Will hold six to twelve participants.

Size: 160cm diameter (unexpanded), 6cmW

R417409 160cm diameter (unexpanded), 6cmW

Rondo

Encourage fitness, group play and teamwork. No-fail, co-operation ensures collective success. Can help encourage spatial awareness and creative movement. For children or adults, seated, stood or lying. Stretchy and enveloping. High quality elastic single fabric with viscose rayon. Colours may vary. Size: 140cmH, extends to approximately 4m

R420029

Billowing Cushion by Rompa®

A foam base with air cushion creates an exciting Billowing Cushion. Lying or sitting on the cushion provides vestibular stimulation which can be controlled by the user or another person. Also provides proprioceptive and deep touch pressure input. Rolling on and off the cushion is posturally-demanding, strengthening the core and trunk, whilst working on antigravity flexion and righting reactions. Moving around the cushion facilitates gross motor patterns and joint compression. Useful in Snoezelen® and Sensory Integration environments, it is a safe depth and is great for crashing on. Please state colour choice when ordering. Vinyl.

R412626 145 x 145cm VAT Relief

Octaband™

Participants pull on the resistance band 'arms' and receive proprioceptive feedback. Offers the opportunity for interaction, co-operative play and social skills activities. Suitable for most ages and abilities. Machine washable.

R421367 8 arm Octaband™. For 2 – 8 people. Extends to 200cmL

Rompa® Mats

This quality mat, covered in reinforced high quality durable Polyester or vinyl is ideal as an exercise and gymnastic/aerobic mat. Please specify colour when ordering.

Floor Mats

Don't forget that our mats are ideal for Sensory Integration rooms too!

Floor Mats can be made with handles by special order. Should you need to regularly remove floor mats (to allow wheelchair access for example), Rompa® can make easy-to-move floor mats to suit your requirements.

We can also manufacture mats using foam of different densities. Should you require firmer mats with less 'give', we can make mats with a choice of higher density foams.

Please contact us for further information.

Didicar®

Propelled forward just by turning the steering wheel to and fro. No batteries, motors or pedals. Tough moulded plastic is easily cleaned. Encourages exercise, physical development, balance, co-ordination, spatial and speed awareness. For 4 years and over. Colours may vary. Supports up to 100kg. Requires minimal assembly. Weight: 3.8kg.

R421340 80 x 30 x 25cm

Scooter Board Paddle

Encourages movement and can help users manoeuvre their scooter board. Scooter Board shown for illustration purposes only. Design may vary subject to availability. Each. Size: approx. 100cmL

R422256

Push Along

Develops physical control, hand-eye coordination and muscle control as well as encouraging children to follow directions. Fun and inviting. For 18 months and over.

R423111 70cmH (wheel 18cm diameter)

Basic Roller Board

A Basic Roller Board which can be used sitting, lying or kneeling. Made of varnished wood. Suitable for indoor and outdoor use. Supports approximately 150kg. Rope not included.

R414589 60 x 35 x 12cm

Customer Review

"My son loves this and so do we, he is much more calm after using the roller board!"

Liza M., Verified Buyer, Stirland

Customer Review

"Great quality."

Ann-Marie B., Verified Buyer, Bristol

Wooden Trybike

The Trybike is more than just a balance bike. With its unique 4-in-1 concept it can grow alongside your child. For children aged as early as 15 months old the Trybike is an ideal support to learn how to walk. It can then grow and help your child balance and then ride.

The Trybike is made from durable weatherproof marine birch plywood. The seat cover and chin guard come in dark brown and are detachable so you can change colours.

1. Low Tricycle – The low tricycle offers young children lots of support to begin walking and riding. Ages 12 months – 2.5 years.

2. Low Bicycle – With a few simple steps, you can easily convert the low tricycle into a low bicycle. This is perfect for when your little one wants to move on to learning how to balance. Ages 2 – 4 years.

3. High Bicycle – Simply turn over the frame and adjust the seat to which ever height you like to create the highest wooden balance bike available. Ages 3.5 – 6 years.

4. High Tricycle – Perfect for children who want a bit of extra support. Ages 3.5 – 6 years.

R424410

Floor Surfer

An inviting roller board for play and therapy. Developed in partnership with physiotherapists to ensure safe use by any child irrespective of motor skills. With non-smudging and screened wheels to minimise the risk of running over fingers. Lightly tapered at the front to allow increased freedom of movement for the child's arms. The raised front part supports the coccyx when the child is sitting and the sternum when he/she is lying down. The narrowed sides at the centre act as handles. Maximum load: 100kg. Weight: 2.9kg.

R422647 56L x 37W x 14cmH

Adjustable Scooter Board with Tow Strap by Rompa®

For smaller clients simply use the smaller 35cm x 46cm Scooter Board. For larger clients, unlock the Scooter Board, insert and lock the extra leaf in place, and you have a 35cm x 60cm Scooter Board. Special covered padded board for added comfort. Made of varnished wood. Working Load 150lbs.

R413734 Length 45 - 60cm, 38cmW

VAT Relief

TheraGym® Scooter Ramp

Ideal for promoting postural extension, motor coordination and fun activities. The wide top platform allows users to turn smaller scooters around. Made from extremely strong Baltic birch. Folds flat for easy storage. No tools are required for assembly. Weight capacity: 113kg (250 lbs). Consider using bowling skittles or soft play shapes as a target to knock down when as the child comes down the ramp. Scooter not included. Size: ramp 145cmL; platform 76 x 76 x 35.5cmH

Spinning Cone

A versatile piece of equipment which can be used to generate balance, co-ordination and general mobility. Made of impact proof plastic and can be used for active general play or for therapeutic exercises. 'Alerting' activities involving spinning, bouncing, jumping and skipping can be used in sensory circuits at the start of the day to energise children in readiness for learning. Can be used by up to two children. For 3-10 years. Maximum weight supported 100kg.

R414412 Spinning Cone | 80cm diameter, 40cmD

Allison H., Verified Buyer

"My daughter absolutely loves this! Arrived today and she's only gotten out of it to have her dinner and has gone back in it again! I will admit it is a lot bigger in person than it is in pictures we only just got the box through the front door! Good quality good price!"

Balance Saucer

A sturdy saucer for swaying and balancing activities. The removable cover means it can be used in sitting or standing positions. Suitable for indoor and outdoor use. Supports up to 60kg.

R415861 76cm dia x 14.5cmH

Giant Saucer

Wow, wow woppa! Movement and balance on a BIG scale! Large enough for large adults or up to four children. Perfect for sharing activities to foster confidence and group work. Maximum weight supported: 150kg.

R419557 140cm diameter x 40cmH

Sit and Spin

Useful for hand-eye co-ordination, gross motor skills and exercise. Provides vestibular input that some children with sensory processing problems can crave. Fun and practical, this may help children to self-regulate, manage their behaviours and improve their confidence. Compact enough to be portable, and could be used outdoors (then stored inside). Maximum weight supported: 45kg. For 3 years and over. Minimal assembly required.

R421834 55cm diameter x 30cmH

Balanza® Ballstep®

The air-filled ball at each corner makes this no ordinary balance board. Suitable for a wide variety of ages and abilities. Helps build co-ordination and motor skills, as well as improving overall fitness. Each ball can be adjusted using a pump and needle allowing variations and new balance challenges. Wooden and sturdy. Maximum weight supported: 200kg. Weight: 5.15kg.

Size: 89 x 43 x 14cm

R421933 89 x 43 x 14cm

Curved Walking Board - Set of 10 pieces

Simple or complex walking challenges can be designed with this wall. The brightly coloured plastic components attach to each other forming a Walking Board which can be up to 10 pieces long. The 5cm wide non-slip surfaces come in random colours. Pressure tested to 600kg. Suitable footwear should be worn. Multiple sets shown with a 4-Way Connector.

R415229 30cmL x 17cmH (Base 15cm)

Riverstones - Set of 6

Jump from 'stone' to 'stone' without touching the floor. Move as quickly as you can, imagining that the stones are hot. Useful for co-ordination, balance, spatial awareness and encouraging confidence. Made of stable synthetic material with a textured surface for better grip. Set of six stones of two sizes. Size: approx 43 x 43 x 43cm x 9cmH and 25 x 25 x 25 x 4cmH.

R416736 43 x 43 x 43cm x 9cmH* & 25 x 25 x 25 x 4cmH*

Hilltops - Set of 5

Provides opportunities to develop and stimulate gross motor skills, social skills and creativity. Brilliant for imaginative play and motor planning as users assess the heights and distances between the tops. With different heights and colours for variety and gradeable challenges. The rubber rim helps prevent slipping and protects the floor. Designed so they cannot overturn. Especially effective when used in multiples and when combined with Riverstones 16736. Maximum load: 100kg. Weight: 4.8kg. Size: two at 36L x 36W x 8.5cmH; two at 40.5L x 40.5W x 17cmH and one at 42L x 42W x 25.5cm.

R422644

Step-A-Forest - Set of 24 pieces

Great for developing balance, co-ordination and motor skills. For individual use or as a group for collaborative and imaginative play skills. Separate pieces as well as a variety of shapes and heights allow the activity to be graded. Made from non-slip durable polypropylene plastic for easy cleaning. Includes 6 leaves (26.5L x 18.7W x 1.5cmH), 6 stumps (28.8L x 28W x 13.3cmH), 2 Y-shaped logs (46L x 37.4W x 6.4cmH), 8 logs (48L x 13.6W x 6.4cmH) and 2 storage bags.

R421832

Body Wheel

An activity challenge for children. Easy to set in motion, the wheel allows exercise opportunities to practise body agility, strength and balance. Use the wheel to roll while lying on the back/stomach or while standing. Especially effective when purchased in multiples, to create towers or tunnels. Encourages a range of movements including crawling, reaching and climbing. Made from fibreglass reinforced plastic with a soft rubber rim to protect fingers and floors. Each Body Wheel has a maximum load of 100 kg. For 3 years and over.

R423235 Large Body Wheel | Each | 29W x 59cm diameter

R415225	65cm diameter

Flashing Space Hopper

Combine balance and a light show with the Flashing Space Hopper! This hopper contains motion triggered LED balls that illuminate and flash as you bounce along, great for sensory stimulation and encourages children to improve their balance and mobility. Includes foot pump.

R424523	60cm diameter
---------	---------------

Jumping Seat

Superb resource and great fun! This product has a flexible squishy base for bouncing, rocking and various movements. The top is flat with cut outs for gripping to stay seated and hold on during use. Great for proprioceptive input. Supports approximately 50kg. Colours may vary.

R419472 30.5cm diameter x 20cmH

BABY
Sensory

Worm

The unique shape of this balance roll allows more movement possibilities and can encourage imaginative play. Suited to younger children. For 12 months and over. Supplied inflated. Colours may vary.

R421471 105L x 15cm diameter

Balancing Snake

All children love to balance, and this cuddly, soft balancing snake is a safe and fun way to do so. The textured filling offers an additional sensory experience on bare feet. Balancing and moving at the same time will help develop children's competence and confidence whilst having fun.

R424386

Happy Hopperz

These wonderful inflatable creatures encourage hand-eye co-ordination, spatial and bodily awareness, confidence, exercise and balancing skills. Child-friendly, and appealing. Includes pump. Supports up to 100kg.

R423302 Turquoise Unicorn | Medium | 49L x 21W x 43cmH

Hip Hop Jumping Mat

Children can safely let off steam by jumping on the mat, then rest and relax on it afterwards. Fun and encourages movement and balance skills. Great as part of a sensory circuit, or for a Soft Play environment. The suspension system is completely integrated inside (no exposed springs nor hard frame) whilst a non-slip base provides stability. The sides are made of easy-to-clean synthetic leather (polychloride, polyester and cotton mix). The top has a dark grey woven fabric (acrylic, polychloride and polyester mix) which can be steam-cleaned or cleaned with an upholstery cleaner.

R423336 Small | Typically red | Max user weight: 40kg | 107L x 70W x 17cmH

R423285 Large | Typically blue | Max user weight: 70kg | 130L x 90W x 25cmH

Trampoline by Rompa®

Useful for alerting activities as part of sensory circuits in schools at the start of the day - helps awaken some children and helps others to use some energy to help them better focus on learning later in the classroom.

Can support weight up to 60kg. For indoor use only. Size: 120 x 120 x 33cmH; handrail 61cmH (floor to top).

R413233

VAT Relief

Large Balance Dome

Excellent for balance, rehabilitation and sensory perception activities. Can be used either way up. With a rigid base and a valve to adjust the pressure. Rubber. Especially valuable when purchased in multiples. Colours may vary. Each. Weight: 4.3kg.

R421481 45cm diameter x 23cmH

Balance Board

The most complete and functional balance board! Allows users to swing safely from side-to-side thanks to the non-slip hexagons on the soft rubber base, preventing damage to the ground. The balance board provides a smooth and easy to control movement, developing motor function and improving balance. With lateral pivots on the base, children can move their weight and use the handles to make turns and lateral movements, exercising muscles, mechanical balance and proprioceptive stimulation.

Available in light green, fuchsia and dark blue - selected at random. Weight: 1.8 kg. Maximum load: 60 kg.

R424052 60.8L x 30.4W x 16.0H mm

Customer Review

"Sturdy and well made."

Ceri T., Verified Buyer

Teeter Popper

Kids find themselves teetering on the brink of perfect physical play. No special skills are needed. In playful exploration, Teeter Popper improves core strength, stability, leg strength, balance, coordination, and gross-motor skills.

A cinch to maneuver - stand, sit, rock, tilt, wobble, wiggle, spin. How children play is however they choose.

R424190 28 L x 11.5 W x 7.5 D inches

Developmental challenge in a unique form

Seesaw

Pliable synthetic rubber domes on the underside ends and on the base of the pivot provide a softer, more dynamic movement and help protect the floor. Plastic, with a non-slip surface. Maximum load: 75kg. Weight: 1.4kg. Size: 52L x 22W x 14cmH

R422648

52L x 22W x 14cmH

Balanza® Seesaw

Helps build co-ordination and balance skills, and an awareness of rhythm. Use indoors or out. The unique design attracts attention and draws youngsters to it. Birchwood with resilient Ruton balls and leather handles. Each ball can be individually adjusted with a pump and needle (included). Maximum weight supported: 150kg. Size: 120 x 50 x 41cm

R421934

Mini Rocking Board

Great for sensory stimulation. Used for balancing and rocking while sitting, standing or kneeling. Wooden frame with non-slip surface. Maximum weight supported: 56kg.

R415505 50 x 50 x 10cm

Balance Sphere 40cm

Wooden, circular balance board with non-slip top. Made from Plywood. It is recommended that socks/shoes be worn as surface is intentionally bristly

R424053

BABY
Sensory

Spin & Explore Garden Gym™

Colourful, inviting mat with detachable, rotating, cushioned support. Lots to discover, explore and enjoy. Each petal has a unique feature. Visual, tactile and audible. Baby can be turned round 360°. Washable. From birth onwards. Maximum weight supported: 22 lbs, 10 kg. Size: 68cm diameter mat, 30cmL platform.

R419721

Bilibo

Sit in and rock, spin, or climb on, so many options are possible. The soft, round shapes stimulate the senses and can help develop motor skills and a sense of balance. Can be used in or outdoor. For 2-7 years. Colours may vary. Made from durable high density polyethylene. Non-toxic material. Weight 800g.

R419506 39 x 39 x 22cm

Customer Review

"Very versatile. Great bit of kit for very relatively little money - so many ways to use it!"

Britt B., Verified Buyer, London

VISUAL

The visual sense provides us with details about what we see, and helps us define boundaries as our brains process colour, contrast, shape, size and movement.

The following products have been designed and selected for the benefits they provide in enabling users to develop their visual experience in regards to visual tracking or peripheral vision.

Scan the QR to view our visual range

ULTRA VIOLET REACTIVE FABRIC

Vibrant yellow that glows under UV light! Perfect for adding a visual boost to your Soft Play areas! Look out for our UV logo that tells you which products can be made with this fantastic fabric.

UV LED Light Strip System

Flexible, practical and easy to install. Includes 5m of self-adhesive UV LED Light Strip and 12V power supply. No need for UV tube or bulb changes. Can be cut to a different length if required. Can be used in water environments (professional installation recommended).

R421462 VAT Relief

LED Blacklight

Use with fluorescent and glow products to enhance the visual effect. 30W. 220-240V. Weight: 0.8kg.

R422970 51L x 6 x 5cm

Sensory Den

Dark 'tent' that can be easily assembled and taken apart then compactly stored away in just a few minutes. Provides a cosy hideaway to provide a calming and safe retreat free of distractions or a dark space to use for visual stimulation and exploration with your own lights and glow products. A flap over the entrance (and window on the Standard size) blocks light from entering when down, or can be left open to maintain contact/supervision. Includes storage bag. Portable.

R423304 Standard | 100 x 100 x 100cm

R423305 Giant | 120 x 120 x 180cmH

UV Lantern with Torch

2-in-1 portable lantern. Fitted with a 6W 10cm UV tube with reflector for maximum light output. With large sliding ON/OFF switch and cord handle for ease of use. Includes 4 AA batteries. This is not a toy.

R418888 16L x 5.5W x 2cmD

Disclaimer:

Over exposure to UV light can cause eye problems. Limit exposure to UV light accordingly for shorter timeframes.

Ultraviolet Abstract Tactile Panel by Rompa®

All the tactile appeal of this popular panel with the increased visual appeal of ultra-violet-responsive features. An engaging combination of textures, touch experiences, temperature contrasts and eye-catching focal points. Install in a darkened environment with an UV light nearby. To be wall-mounted. Please purchase fixings appropriate to the construction of your wall. Wooden frame. Available in a standard or midi size to suit room specifications.

R422588	Standard	115 x 115 x 10.5D cm 17kg	VAT Relief
R423453	Midi	57.5L x 115H x 3.5D cm 13kg	VAT Relief

UV Carpet Mat

This colourful high quality carpet mat glows in vivid fluorescent colours when under ultra violet lights. Lay the carpet on existing floor/cushioning or attach to a wall. Light sources 19210 and 21452 not required.

R420278 182cm x 91cm

Glow Starry Night Parachute

Glow in the dark fluorescent stars shine brightly against the navy blue nylon 'sky' background. Provides visual stimulation and opportunities for social activity and interaction. Handles make the parachute easier to hold and move. Requires a UV light (to be purchased separately).

R417637 365cm diameter (12ft) VAT Relief

Star Seat

Cosmically comfy! Use flat for several children or against a wall for back support for an individual. UV-reflective star print adds visual interest and can be used to theme a room or prompt conversation. Especially effective when used next to acrylic wall mirrors. Filled with fire-retardant bead. Hard-wearing polyester is water-resistant and can be wiped clean. For indoor or outdoor use (store inside). Blue-green blend as standard. Bead and fabric tested separately for fire-retardancy.

R423400 125L x 100cmW

Glow Cushion

Soft, brushed nylon cushion with a trim that glows in darkened environments. The safe glow effect is recharged by exposure to light/sun. The red cushion offers auditory as well as visual and tactile stimulation. Includes light pen (mini torch). Each.

R423394 Red | 25L x 25W x 8cmH

R423395 Blue | 52L x 32W x 10cmH

Linelite

Linelite is flexible plastic tubing which glows in vivid fluorescent colours when held under ultra violet light. Linelite is priced by the metre. Please state lengths required for each colour and diameter. The ultra violet light is not included .4mm Diameter.

R413820

UV Scarves - Set of 3

Provides additional visual appeal to juggling, dancing, throwing and catching. Light enough for the frailest hands. Watch them float gracefully down. Colours may vary. Nylon.

R418979 65 x 65cm

Oogi Glow

A fabulous fidget family! Each one is tactile, visual and his suction cups can be used to create audible feedback and to 'stick' to smooth surfaces. Pliable, poseable and stretchy. Great for imaginative play – spot him doing yoga, floating in the bath or exploring his reflection in mirrors. Glows in the dark – 'charge' under a bright light first. Made from high-quality food-grade silicone rubber. Durable and easy to clean. Especially effective when purchased in multiples. For 3 years and over.

R423262 Oogi Glow | 13cmH

R423263 Oogi Glow Junior | 8cm

Fluorescent Linelite Wand

Flexible and easy to handle this reflective wand is a useful addition to a sensory room. Seven strands of colour flow from a wooden handle. When waved under UV lighting changing patterns are created. Size: Handle 11cm, Strands 30cm.

R415676 VAT Relief

Glow in the Dark Sensory Ball

Tactile, visual and inviting. Soft with a bumpy surface. Supplied inflated. For 6 months and over.

R422132 18cm diameter

Glow Koosh Ball

Tactile and visual – it glows when exposed to UV light. Great to explore in darkened environments, and a lovely fidget. Rubber. For 3 years and over. Each. Weight: approx. 135g

R423122 10cm diameter

Ultraviolet Waterfall

Visual and tactile, this curtain of UV-responsive, latex-free and phthalate-free PVC strips stimulates the senses and provides a glowing focal point in a darkened room. To be wall-mounted using the incorporated cantilever bracket (additional appropriate fixtures may need to be purchased separately). Radiant in daylight, but we recommend the use of a UV light to best appreciate the neon effect (not included). Not intended to be pulled, swung on or vigorously handled. Weight: 3.9kg.

R422260 100W x 200cmH

Linelite Shower

Stand amongst or move through the multi-coloured linelite strands. Simple yet engaging design. Install in a darkened environment with an ultraviolet light nearby to make the strands glow most vividly. With bells for auditory appeal. Size: top wooden disc: 20cm diameter. Strands: approximately 140cmL and 4mm diameter.

Easy-to-grip bottles offer fascinating movement patterns and provide a quiet option for people who need help settling down. Set contains four tubes each with a unique mesmerising motion soothing gravity spinner, fantastic fidget tube, calming glitter tube and magical reverse hourglass. Getting Started Guide includes four activities.

R424162 6 x 20 x 22 cm 810 Grams

Sensory Fidget Bottles x3 Pack

Shake, rattle, and roll to learning through sensory play with the Sensory Trio Fidget Tubes. This set of 3 high quality, easy to wipe tubes builds a different sensory skill as little ones play. Listen to the falling beads, watch the swirling glitter and smiley faces, and feel the weight of the falling sand. Each bottle stands 13cm high and is easy for little hands to grasp and hold.

R423561

Sensory Seasons Tool Set

Changing Seasons Sensory Tubes set includes 4 tubes, each showing a season, and each easy-to-grip tube is colour-coded to reflect its season, with fun natural elements like plants, animals, sun, and snow. These sensory tubes can be used to help self-regulate and manage emotions by learning about seasons and weather.

R423567

Sensory Ooze Tube - Set of 3

Contain colourful mineral oil and water which produce a variety of intriguing effects when the tubes are turned over. Polycarbonate tubes. Handle with care. Not suitable for individuals with challenging behaviours. For 3 years+

R423112 5cm diameter x 12cmH

Sand Timer

These brightly coloured sand timers are perfect for timing all sorts of educational or therapeutic activities or to prompt discussion about time. Plastic moulded end caps and thick wall surrounds. Each time is identified by a specific colour. Dimensions: 16 x 7cm.

R424046 Green | 1 Minute

R424047 Yellow | 3 Minutes

R424048 Blue | 5 Minutes

R424049 Orange | 10 Minutes

R424050 Purple | 15 Minutes

Magnetic Timer

Create unique sculptures each time you turn the hour glass! Watch the iron filings fall from one end of the hour glass to the other on top of a beautiful copper coloured base containing the magnet to attract the filings. Securely packaged in a polystyrene insert and then in a colour box. Supervision required. Not a toy.

R424055 8 x 8 x 14 cm 8.26 x 8.26 x 13.97 cm

Mystery Balls - Set of 6

They look the same but have different contents, so they sound, feel and roll differently. The shiny and smooth mirror surface draws attention and provides a curious, distorted reflection. Useful for sensory exploration, comparative concepts, language development, fostering hand-eye coordination and motor skills and for imaginative play. Stainless steel. Suitable from birth, but appealing to all ages.

R423121 10cm diameter

Sensory Reflective Colour Burst Buttons

Combine bursts of colour and reflection with balancing skills with these giant stainless steel buttons! These robust round discs come in a pack of 7, graduated in size from 50mm to 140mm diameter and are ideal for using in sensory play due to their hygienic and chemical free properties. The stainless steel construction means the buttons are highly durable, yet lightweight, smooth, and compellingly tactile to handle. Ideal for inspiring creative language, using imaginative play and constructing fun wobbly stacking towers to improve motor skills and understanding.

R424200 Colour | 50mm, 65mm, 80mm, 95mm, 110mm, 125mm and 140mm diameter

R424201 Silver | 50mm, 65mm, 80mm, 95mm, 110mm, 125mm and 140mm diameter

NEW!

Sensory Spinners - Aussie Animals

Shake, rattle and swirl! This hugely popular set of Aussie Animals Sensory Spinners features a trio of wildlife favourites from Down Under - a wombat, koala and cockatoo.

Sensory play for babies helps introduce them to new textures, develops cause-and-effect learning and improves their dexterity and fine motor skills. 6+ Months.

R423549

Tangle Therapy - Large

The original Tangle® textured surface has 5 wonderful textures in 5 bright colours, adding great play value as an educational toy.

Size: 49 x 10 x 4 cm (approx.)

Suitable for ages: 3+

R423577

Rainbow Wooden Buttons

Beautiful smooth solid wooden buttons in the seven colours of the rainbow, with a natural finish to show the grain of the wood. The buttons come in graduated sizes with slightly flattened surfaces for balancing and stacking. An open-ended resource that can be used by the very youngest of children to improve hand-eye co-ordination, learn about colour, develop logical thought and to enhance imaginative play scenarios.

R424208 50mm, 65mm, 80mm, 95mm, 110mm, 125mm and 140mm diameter

Sensory Reflective Colour Burst Balls

Build intrigue with these reflective stainless steel balls as colour bursts with a spectrum of metallic shades. These robust and hard-wearing multi-coloured balls come in a set of 4 and are ideal for using in sensory play due to their hygienic and chemical free properties. Stainless steel will warm to the touch to encourage further sensory discovery and the tough lightweight material makes the balls easy for even the youngest children to handle and explore. A great tool for building physical and personal development of motor skills, co-ordination and sensory observation.

R424199 6cm, 8cm, 10cm and 15cm diameter

Sensory Reflective Sound Buttons

These tactile Sensory Reflective Sound Buttons allow your child to create fantastic and fun wobbly stacking towers, whilst their acoustic properties will spark your child's curiosity. These robust and hard-wearing buttons come in a set of 3 and are ideal for using in sensory play due to their hygienic and chemical free properties. With a smooth, mirrored surface, each button has its own metallic colouring - gold, silver or colour-burst. Combine reflective visual fun with auditory reward as each button has different internal contents which produce individual sound effects. A great way to inspire creative learning through play and encourage imagination and language skills, particularly for children with SEND.

R424202 65mm diameter

Flashing Textured Balls – Set of 4

Each ball has its own tactile surface and lights up flashes when bounced. Great for sensory exploration, fine motor skills, hand-eye co-ordination and co-operative play. For 3 years+

R421945 Custom-Made Sensory Picture | 42 x 48 x 2.5 cm

Knocker Panel

A wall mounted house of play, with lots to explore, feel, manoeuvre and discover! Tactile and auditory stimulation, with cause and effect to reward the user as they knock and lock different sections of the panel. Add balls to the guttering to bring another sense of play, listen to the rattling as they fall down and watch them pop out the end. Grab a piece of chalk and draw away on the blackboard roof to boost creativity. Perfect for encouraging investigation, curiosity and motor skills. Dimensions: 115L x 115H x 24D cm. Weight: 40kg.

R423449

Activity Board For Wall Mounting

This board has 10 different visual, tactile and auditory activities with a range of sounds and volumes. It encourages motor movement, co-ordination and sensory skills. Wall mount to encourage stretching abilities.

R414350 114 x 71 x 8 cm VAT Relief

Customer Review

"I bought this item relying on my previous experience of the quality and function of Rompa products. I bought two similar boards some years ago and they have proved very sturdy, holding attention and interest at intervals over many years as my grandson has developed even though as a teenager his mental level is that of a very young child."

Jean J., Verified Buyer

Activity Wall Panel Set

Set of wall activity panels to engage children in cross-curricular learning. Panels are styled as a brown horse with wire beads and moving gears, a yellow giraffe with fruit puzzle blocks to mix and complete, and a black and white zebra with colourful shapes to identify and match.

Dream Activity Cube

Perfect for early learning, the Dream Activity Cube is packed full of exciting activities to keep little ones engaged. Each side has a colourful challenge to develop their motor skills while they play, including bead mazes, peg sliders and a shape abacus. Made from eco-friendly wood and non-toxic paints, it's safe for kids plus kind to the environment as well. If space is tight or for neat tidying, you can turn the top with the bead maze over, transforming it into a compact cube.

R424031 30 x 28 x 40cm

Pyramid Activity Box

This wooden pyramid activity box toy from Classic World will bring your child endless fun. Designed in a much more interesting tetrahedron (there you go - your new word for the day) structure, the discovery box can be rolled like a ball in whichever direction they like. There's fun on every side - musical instruments, shape sorting, casual relationships and animals to learn and discover.

R424033 33 x 35 x 29cm

Multi-Activity Cube

Help develop toddler skills with the Classic World Multi Activity Cube. Each side provides a new way to play, encouraging dexterity, motor and visual skills. The range of games helps kids learn colours, shapes and animals. Made of wood, it will withstand the test of time. When they're done playing, slip off the top and flip it into the cube for easy storage.

R424032 31.5 x 30 x 53cm

Wooden Frame

Cloud-shaped rectangle frame to hold three of the Tactile Squares on a wall. (See page 150).

The Tactile Squares are interchangeable and give the option to be used on a table, lap, or wall-mounted.

Our Tactile Squares are wonderful for sensory exploration as well as for encouraging interaction and motor skills. These squares are equally tactile and visual, as well as offering shared and individual activities with a memory and nostalgia focus.

Designed by an Occupational Therapist, they are meaningful, with each one having its own age-appropriate theme. They provide an opportunity for discussion, reminiscence and for carers to learn more about their residents/family members.

Tactile Squares are to be purchased separately.

R420833 Standard Frame 120 x 48cm

R420834 Cloud Frame 120 x 48cm

Wooden Latches Board

What's behind the door? The Latches Board has so many surprises to explore. Find 6 orange fish, a purple pony and so much more! Undo a latch and swing open the door to see who's hiding inside. The Latches Board is a beautiful wooden toy for developmental play. Problem solving and fine motor skills come into play as kids work out how to open all the different latches. Find colours, name the animals and count the creatures behind each door.

Wooden toys for kids introduce your little one to wonderful sensory elements with their unique smell and texture. The Latches Board sensory toy features bright colours and hands-on features to support your child's development.

Features:

- Figure out how 6 fun latches work
- Discover colours, numbers, animals and more
- Open the doors and windows for fun surprises
- Helps build fine and gross motor skills

R424310 Wooden Latches | 29L x 39W cm

NEW!

NeeDoh Gum Drop

A gooey gummy squeeze sensation that has a super solid squish! NeeDoh Gumdrops features a temptingly textured feel that's impossible to resist and is filled with a soft and stretchy dough-like material.

This vibrant NeeDoh ball is shaped like a big gumdrop sweet (except it's sugar-free!). It comes in four assorted colours: pink, purple, orange and blue (picked at random) and is a great tool for improving children's focus and concentration.

NeeDoh is a safe, non-toxic and child-friendly fidget toy that's perfect for portable play. Play with it anywhere you like, from the car to the classroom! Nee Doh also makes a great gift or stocking filler. Ideal for 3+ years.

R423592

Magic Ball

This Magic Ball features a range of colours and can be stretched and compressed. Excellent for stimulating imagination, colour and shape recognition and helps to develop motor skills.

BABY
Sensory

Sensory Shapes & Balls – Set of 9

A wonderful selection of shapes, sizes, colours and textures. One ball contains beads for audible input too. Wonderful for encouraging movement, hand-eye co-ordination, sensory exploration, comparative concepts, massage, games and social interaction activities. For 6 months and over.

Size: 9 to 17cm

R423048

9 to 17cm

NeeDoh Atomic

Atomic NeeDoh is breaking the boundaries of fidget balls...it's totally out of this world! Just give it a squeeze, and one turns to many! The growing globs magically change colors and are filled with a super-soft compound. Give Atomic Nee-Doh a squish or a pull it will always return back to its original shape! Nee-Doh is appropriate for anxious tendencies and helps promote focus, attention and centering.

R424303

NeeDoh Swirl

The bright colors make this NeeDoh just as fun to watch as it is to squeeze! Each Swirl Nee-Doh is filled with a non-toxic, dough-like substance that always returns back to its original shape. Get your swirly squeeze on with Swirl Nee-Doh! Nee-Doh is appropriate for anxious tendencies and helps promote focus, attention and centering.

R424304

Sensofun Pal Set of 9

Full of sensory delight, this soft-textured, easy-grip, easy-to-catch animal sensory ball is a perfect first ball for little ones. The baby will appreciate the nubby texture of the sensory ball, promoting the development of fine and gross motor skills. Massage the baby's back and feet to create a soothing sensation! As your child's coordination develops, they can also be used for passing back from one hand to another, rolling, and eventually throwing. Suitable from birth. Pack of 9.

R424175

Water Wiggly

These sensory wiggly water toys make fantastic autism toys, stim toys, ADHD toys, and fiddle toys for anxiety. You'll have a hard time putting down this fidget toy! This squidy thing will fulfil all your fidget and sensory needs. Available with three different fillings (Clown Fish, Dolphin or Penguin) or as a solid colour (colour may vary).

R424279 Dolphin

R424280 Clown Fish

R424405 Penguin

R417121 Colour Water Wiggly

ATOM Jumble Ball

The Jumbly Fidget Balls are a fun and colourful fidget toy made from 20 turning and intertwining balls that allow you to bend, twist and jumble the shape into near endless configurations. It's incredibly addictive and a very on-trend fiddle gadget. Fun sensory, visual and tactile experience. Great for relieving stress, anxiety or for a person who needs to fidget to concentrate. Helps aid motor skills. 3+ years.

R423555

Hide Inside Putty

Search through this Hide Inside Putty to find all six unique pieces hidden away as you stretch, mold, bounce and tear the putty, if you look close enough you'll always find what you're looking for. Whether you are looking for spontaneous expressions amongst the smiling faces or bothersome bugs throughout the greenery, you're sure to be captivated by the challenge of discovering them all! Helps build hand and finger strength through tactile play and provides relaxing, yet stimulating interaction for anyone with sensory integration issues. Non-toxic, won't dry out, and won't leave a sticky or slippery residue on fingers.

Available in two versions: Jungle or Emotions.

R424414 Jungle Putty

R424413 Emotions Putty

Trendsetters Putty

Let imagination run wild with this Trendsetters Thinking Putty! Explore Egyptian scarab beetles through messy play - this putty can be used for tactile, creative play. This blend of slime and playdough can be shaped, torn and even bounced. Non-toxic, won't dry out, and won't leave a sticky or slippery residue on fingers.

R424419 Super Scarab Putty

Tropical Scentsory Putty

This SCENTSory Putty™ goes way beyond scent to invoke a total sensory experience like no other. Elevate tactile creative play with scent for immersion, imagine soaking up some rays in the sun, being on a tropical island or being in paradise! Indulge your senses with the velvety soft touch, the dynamic look, and the wonderful scent, and discover just how amazing SCENTSory putty can make you feel. Non-toxic, won't dry out, and won't leave a sticky or slippery residue on fingers. Available in: Dreamaway,

Splashcooler or Sunsational.

R424424 Splashcooler Putty

Odd Balls - Set of 3

Tactile and very amusing! Not suitable for people who are likely to put this in their mouth nor for vigorous handling. Avoid contact with sharp, jagged or pointed objects (including fingernails). Use under supervision. Handle with appropriate care. Designs and colours may vary.

R417123 5cm diameter

Magnetic Putty

Strange attractor is the name of a mathematical equation that is commonly part of chaos theory. This equation creates a fractal—a never-ending, non-repeating pattern within a dynamic system. Basically, a strange attractor has a mind of its own and creates beautiful patterns in design, art, and nature. Strange Attractor Thinking Putty has a mind of its own as well. A deep, mysterious black with subtle green sparkles, it comes alive when charged with the included magnet.

R424422

Clever Putty

Putty anyone? This one is silver coloured and can be moulded, twisted, torn, crumpled into a ball that, in its turn, can be bounced off the floor or the wall. This is for those moments when you want to wreak havoc on your surroundings or when your fingers are itching for some action. Take it out on a harmless mass of putty, it's safer and less antagonistic. This is one of the best ways of relieving stress. A thinking person's putty is what we'd like to call it!

R424027 8.31 x 8.31 x 2.9 cm

Playfoam Putty

Mould, stretch and squeeze this uniquely textured kids putty and hear it make satisfying crackling sounds with every squish. This fun sensory toy combines the squishability of award-winning Playfoam® with stretch of putty for a fun multi-sensory creative play experience. The 4-Pack contains 4 cool neon colours and because child-friendly Playfoam never dries out, the squishing, crackling fun never ends!

R424353

Dimpl Duo

Textures, colours, shapes, and words! On one side, each silicone button is embossed with a different shape and labelled with its matching word in English and in Braille. Flip the whole thing over and this time, the buttons are smooth and the words match the colours! It's a tactile delight to touch, push, and pop. Its compact size is perfect for on-the-go. BPA-Free made with food-grade silicone buttons and designed just right for little hands, the Dimpl Duo is an ideal way to get the most out of sensory play.

R424179 22 x 4 x 19 cm

Dimpl

Little fingers can't resist these beautiful buttons! Built safely into the sturdy ABS plastic frame are five vibrant BPA-free, 100% food-grade silicone bubbles in varying sizes and colours to encourage fine motor skills, sensory exploration and cause-effect learning. Inspire loads of giggles and hours of sensory exploration with the adorable, playful, and wonderfully durable Dimpl sensory toy.

Sensory Circles – Set of 10

5 textured pairs (1 large and 1 small circle per pair) of soft silicone discs. Match them by sight (colour) or touch (using hands or feet - each has its own texture). Excellent for sensory circuits and games, developing language and comparative skills, balance, movement and imaginative play. Dishwasher-safe and non-slip. Includes drawstring bag for the smaller circles.

R422821 8cm and 35cm diameter

Customer Review

"We loved these. The children used the circles to create small shell designs, simply and quickly. They were very easy to wash off with warm soapy water at the end of the creative activity and dried overnight, ready to use the following morning with our lightbox. The bag provided for the smaller circles was a nice touch. Appealed to children, especially walking on them with bare feet! Totally non-slip which we loved! Promoted language used to describe them. Also good as a feely bag game."

Product Tester

Tactodiscs

Explore with fingers or toes to match the textures of the large discs to their corresponding smaller versions hidden in the bag. Alternatively match by colour. Easy to clean and use. Rubber tops. Includes 5 large and 5 small discs, drawstring storage bag and blindfold. Great in sensory circuits in schools at the start of the day to help children focus their concentration ready for learning. "Using this with an autistic adult - she loves it, finds it very relaxing"
Andrea P, Verified Buyer

Vibrating Cushtie Cushion

Comfortable microbead cushion with a vibration function to provide a relaxing massage. With an elastic strap to fit the cushion to a seatback/ headrest. Portable. Requires 3 AA batteries (to be purchased separately). Press the integral button to activate/switch off. Black. Sponge-clean only.

R423301	30.5 x 22.5 x 11.5cm
---------	----------------------

Vibrating Neck Cushion

A comfortable crescent-shaped massager for the neck and shoulders. Bead-filled, this vibrating cushion massages the neck from three sides. Particularly effective when used lying on the back. Relaxing and soothing. Perfect for home use and when travelling. Cover: 84% polyamide, 16% elastane. Requires two 1.5V AA batteries (to be purchased separately).

R419958	35 x 27 x 9cm
---------	---------------

Portable Mini Massager

Hand-held facial massager. Provides tactile sensory input, increasing awareness around the mouth exterior, across the cheeks and lips and can improve facial muscle tone. Includes two interchangeable heads with different textures, 1 AA battery and storage bag. After use, clean the interchangeable heads with mild soap and water. For supervised use (not a toy). For 3 years and over (small parts).

R456144	11cmL
---------	-------

Massage Tube

An excellent flexible massager which makes vibration fun to explore. Lightweight and fully portable, the 115cm long massager may also give soothing and penetrating relief to aching muscles. A special Velcro® fastener is included for hands-free massaging. Operates on 2xC size batteries at 2 speeds. Now with a ribbed texture. Batteries not included. Made of synthetic rubber and PVC. Contains latex. Each.

R414010	Massage Tube
R419221	Switch Activated

AUDITORY

One of the main senses we have is hearing. Sounds are an essential part of the Snoezelen® concept. Sounds can create context to an environment and the range of products we provide to our customers focus on:

- Pitch
- Tone
- Rhythm
- Volume
- Sequencing

This creates a combination for an appropriate auditory experience and environment for our users.

In this section, we have used our years of experience to provide a wide range of products that will bring pleasure to our users.

Nostalgia Music Centre

It may look like something from the past but its features are contemporary! Features: 33/45/78 rpm turntable, draw loading CD player, MW-FM Stereo Radio, Cassette Player, Line Out Socket and Line In Socket. Mains operated. Oak-look finish. Model may vary slightly subject to availability.

R420525 29W x 34D x 23H cm

Customer Review

"Excellent sound, design and build qualities, would certainly recommend this product."

One Button Radio

Our new One Button Analogue Radio is the ideal solution for people with memory problems or dementia, those with poor coordination, dexterity problems, or partially sighted people who find operating standard radios difficult or confusing.

R424213 29.5 x 15 x 18 cm

Music is an essential ingredient of Snoezelen®. Our range of hearing can be stimulated by the pitch, tone and rhythm of combinations of tunes and auditory experiences. Atmosphere is all important in creating a feeling of safety and tranquility. In this section Rompa® have used the knowledge of others to present a wide range of auditory experiences that will bring pleasure to the Snoezelen® user.

Mirror Chimeabout

Mounted on a wooden stand, the strips of mirror-faced coloured acrylic are revolved by hand to give an attractive effect of light and colour together with the pleasant sound of the bells. Contact gives an immediate visual and auditory reward.

See this product in action at www.rompa.com

R413184 20cm dia. x 24H cm

VAT Relief

Dondina

Music to your ears! Good quality, loud, clear, easily-produced sounds. Pre-tuned. Suitable for any age. With easy-grip, non-slip tops. No-fail - even crude movements can make beautiful sounds. Simple but extremely effective. Encourages interaction.

R417648 59L x 13W x 14H cm

Clacking Windmill

Strong wooden base and uprights hold a pair of four rotating arms with balls at the ends. Each arm has a pair of sliding half balls on each rod that 'clack' together as the windmills spin around, giving a "reward" sound after making contact.

R413221 24 x 20 x 32H cm

Ear Defenders

Help avoid sensory overload and audible distractions and so encourage focus and concentration. Colour may vary. SNR: 25. One size (best suited to older children and adults).

Size: the bar across the top of the head typically extends from 30-47cm (subject to model)

R419663

Pluggies

Earplugs can be useful for children with ADHD, ADD and ASD as some individuals can find it difficult to concentrate on school work. With special filters, Pluggies muffle sound whilst allowing the child to retain some hearing, reducing any sense of isolation. Made of a soft material that fits comfortably in the ear. For children approximately 4 to 12 years.

R421873

Pluggies for Adults

Developed for music lovers, these reusable noise plugs retain the music quality, only the volume is lower. Helps prevent hearing loss and ringing in the ears. Conversations remain audible, so there is no feeling of isolation. Silicone-free so non-irritant.

R423009

Ear Muffs (Children/Teens)

Minimises noise and distraction, facilitates concentration and may help to reduce hearing damage. Adapts to virtually any head shape – from children with smaller heads to teenagers. The lateral height can be adjusted quickly and easily. Foldable for compact storage and portability. Plastic headband with faux leather ear cushions.

Size: ear cushions 8W x 10.5cmH (padding height 1.3cm)

R423020 Blue

R423021 Green

R423022 Pink

Vibes Earplugs

Vibes are reusable earplugs designed for sound quality. Traditional foam earplugs are only decreasing the volume of high frequency (treble) sounds, but not low frequency (bass) sounds, which is what causes the sound that you hear to be distorted when you wear them. On the other hand, Vibes lower the volume of all sounds equally, from bass to treble, which allows you to hear sound clearly, just at a quieter volume.

R424174 2.21x1.19x1.19cm

AROMA

The olfactory (smell) system is a very powerful and emotive sense. Aromas can trigger memories, encourage feelings and even change our mood. It enables us to identify objects, foods which greatly affects our perception of tastes.

When used as part of a Snoezelen® Multi-sensory Equipment, aroma can add an extra level of sensory relaxation or stimulation. Rompa provides a range of aroma sensory equipment and accessories, such as essential oils, room sprays and toys.

10 Reasons to choose Rompa®'s Aromatherapy kit

1. Choice - This comprehensive kit includes 12 different aromas, from Grapefruit and Bergamot, to Tea Tree and Lavender
2. Longevity - As you only need to use a couple of drops each time, this kit typically lasts 2 to 3 years, if not longer. Oils are bottled just before they are despatched to us
3. Natural - The oils are essential oils - high quality, natural oils - not synthetic, water-based alternatives
4. Ethical - The oils are ethically sourced from all over the world - our supplier has established strong relationships with producers for many years, often through travelling to sites to maintain these links
5. Tested - These oils are tested for quality and a MSDS is available on our website
6. Multi-purpose - Useful for stimulating memories, encouraging appetite, massage, bathing, freshening rooms and masking less pleasant odours... these oils can be used in many different ways. Using an oil in a fan-operated diffuser is both simple and safe.
7. Sensory - Despite having the quickest and most direct route to the brain of all the senses, our sense of smell is often over-looked as many of us use our sense of sight as our primary sense. In order for Multi-Sensory Environments to be truly multi-sensory, aroma should be considered with all the other senses, including the vestibular and proprioceptive senses.
8. Comforting - Our sense of smell is not only very sensitive and powerful, it is connected to mood, emotions and feelings. Aromas can transport us to our childhood and stimulate memories of loved ones and happy times. Aromas can also be used to distract during treatment and to help maintain connections with individuals when incorporated into a massage
9. Alternative - Akin to the values of Snoezelen®, aromatherapy can be used effectively as an alternative to medication. For example, essential oils such as Lavender and Vetiver can be used to help encourage sleep - safe avenues to explore before resorting to sedatives
10. On trend - Aromatherapy is coming back into vogue, notable in the USA, but also in the UK. Some perfume houses are consciously choosing to use more essential oils in their perfumes to avoid the use of preservatives.

Aroma range

Aromatherapy Blends Kit by Rompa®

A practical and easy to use collection of aroma blends. Each blend has its own purpose. Ideal for individuals who are not confident which pure essential oil best suits their need. Use in our Aroma Panel, in diffusers, in massage blends or in the bath. Contents may vary, but typically includes handy storage box to keep bottles upright and twelve 10ml glass bottles of relaxing and alerting blends, including Equilibrium, Mobility, Prevention, Refresh and De-Stress.

R423246 15L x 11.5W x 9cmH

Smell Box

A collection of 12 different aromas to encourage reminiscence and evoke memories amongst a wide range of people. Brilliant way to prompt conversation. Aromas includes: carnation, lemon, dentist, apple, pear drops, newly-cut grass, lily of the valley, leather, marzipan, hyacinth, germolene, lavender. With storage box. Bottles have drop-dispenser tops.

R452084 14.5L x 12W x 7.5cmH,

bottles 6.5cmH

Aroma Roll

More able individuals can roll the blend onto wrists, temples or pulse points – this can provide distraction as well as scent. Not to be ingested. 10ml glass bottle. Size: 1.5cm diameter x 8cmH

R423251 Lavender – relaxing (100% organic)

R423252 Goodnight – to help rest and unwind (97% organic)

R423253 Relaxation – to help soothe and unwind (97% organic)

Aromatherapy Kit by Rompa®

An easy to use compact kit with its own attractive, wooden case that allows the user to store the 12 oils upright. Suitable for a wide range of uses - with the Interactive Aroma Panel, an aroma diffuser, in massage blends or in the bath. Note: it is recommended that this kit be used by someone who has attended an aromatherapy course (such as ISPA or IFA) and has sufficient knowledge for its safe application. Oils: Bergamot, Eucalyptus, Geranium, Grapefruit, Ho Wood, Lavender, May Chang, Peppermint, Rosemary, Sweet Orange, Tea Tree, and Ylang Ylang.

R414032 15L x 11.5W x 9cmH

Customer Review

"De-scent. A smart little wooden box with a good selection of scented oils. Perfect for introducing aromatherapy to our sensory room"

Mark D., Verified Buyer

LIFE SKILLS & REHABILITATION

We are reliant on good health and sound well-being, as well as on the many life skills we have learnt - and often take for granted - that help us every day.

When our health declines or an injury compromises our daily activities, the effects are far-reaching.

This section includes a range of tools to maintain functionality, to aid recovery and to help individuals to return to their normal health and their familiar lifestyle.

Rompa® offers products for enabling, assessment and invention such as timers, equipment for writing and activities to use different grips, develop fine motor skills and build muscle strength.

Sophia Reborn Doll

Sophia has smooth soft skin, a faint blush and light veining for a life-like appearance, with beautiful grey/blue eyes, hand-rooted hair, barely there eyebrows, long curly eyelashes and natural nails. With moveable limbs and an overall length of 22", Sophia is weighted at just over 3lbs to feel like a real baby. Sophia can sit and lay down easily, but cannot stand, speak or be washed. Shoulders and body are cloth, filled with PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender. Includes baby bottle & pacifier, outfit may vary. Real-life heartbeat.

R424294

Mia Reborn Doll

Mia is an adorable baby with beautiful grey/blue eyes, hand-painted delicate skin with a blush effect and mouth open - babbling away as babies often do. Mia's hair and eyelashes are woven from high-quality hair. Shoulders and body are cloth, filled with PP cotton, 3/4 vinyl arms and 3/4 vinyl legs, the body has no gender. Outfit may vary. Real-life heartbeat.

R424296

Olivia Reborn Doll

Olivia is a comforting baby, with bright eyes, which can't blink or close, and a soft rayon wig which can be cleaned and trimmed to suit. Made from non-toxic and eco-friendly silicone, vinyl material, Olivia has a soft baby powder scent. Her body is part vinyl, part cloth, weighing 1.1kg and measuring 55cm. Includes: Baby bottle, pink magnetic dummy, birth card, hair band and clothing set.

R424295

Companion Doll

Companion dolls encourage social interaction and language skills in a safe environment, especially great for creative group play and teaching empathy and compassion.

These high quality dolls have life-like features, soft and smooth to the touch. Each doll comes with changeable clothing sets to encourage dexterity. Available in a range of ethnicities and gender for inclusive play.

Cuddle Ball

By simply squeezing and cuddling the ball, children will experience a deep and calming pressure, that will help them deal with all of the anxiety and stress they are going through. There are gaps in the ball to allow hands and arms to be placed inside providing extra comfort and warmth. The cuddle ball is often seen by slightly older children, to be an acceptable alternative to more traditional soft toys, such as a teddy bear. Internal bells tinkle to the slightest movement, providing auditory stimulation. Colours may vary. Suitable for 3 to 14 years.

R424028 25cm

Cuddle Buddy

Every Cuddle Buddy Pillow has an opening on each side allowing you to easily fit hands inside. Hands can be perfectly warmed by just putting your hands inside the plushie. Perfectly heated hands just from body heat! By putting hands inside, children will feel safe, secure, and cozy. It also makes it easier to keep the pillow in the right position while using it as a (traveling) pillow in the car, plane, or train. Children love to hide their special treasures inside these plushies.

Switch-Adapted Fibre Optic Lamp

Very visual and appealing to all ages. Momentary operation – whilst your switch is activated, so is the beautiful light. Base lights up, as do the tips of the fibres. Can also be used without a switch. Requires 3 AAA batteries.

R420709 Base 8.5H x 8cm diameter | Overall height 31cm

Audible Time Timer

Versatile timer for individual and group applications. Includes base for free standing use. Has an optional audible signal when time has expired. High contrast colours means a quick look suffices to see how much time is left. Perfect for use in de-escalation environments and for classrooms. Allows user to develop a self-sufficient awareness of time.

R419444 20cm x 20cm

Floppy Bunny

He hops, sits, moves his nose and ears and makes a delightful sound when activated. Supplied with an integral 3.5mm jack socket adapter for switch operation. Momentary operation. Requires 2 x AA batteries. Switch to be purchased separately. Colours may vary.

R415449 21L x 12W x 19H cm

Singing Elephant

Activate your first switch to make this gorgeous elephant play peek-a-boo and use a second switch to hear the song 'Do Your Ears Hang Low' in a cute child's voice.

Latched operation (activate your switch once to start the effect and a second time to stop it). Functions with only one switch connected, but most meaningful if two are used as this encourages listening skills, choice, co-operative play and turn-taking. Audible, visual and tactile, with ears that flap. Requires 3 AA batteries and up to two switches (to be purchased separately). Can also be activated by pressing the feet.

R422809 30L x 29W x 28H cm

More switch adapted products available at www.rompa.com

Talking Photo Album

Bring memories to life, record reassuring messages, save visual and audible practical prompts and reminders, encourage discussion and reminiscence ... its uses are limited only by your imagination. Includes built-in flash memory, volume control, built-in microphone and USB cable – you can pre-record each page with high quality sound files from your PC. Approximately 48 hours recording time (4GB memory). 20 pages for 12.7x17.8cm (5x7") photos. Requires 3 AAA batteries (to be purchased separately). For 3 years and over.

R420364 22.5 x 17.5 x 3.5cm

Discovery Dressing Cube

Twist Trail

The smallest Tube Trail and one of the easiest to track. Includes three balls. Size: 30L x 28H x 20D cm (balls 6cm diameter).

R419738

Track Marble Maze

Simultaneously calming and entertaining, the Track Marble Maze is a dementia-friendly game that aims to challenge dexterity and coordination. The mission? Guide the marble around the track by tilting the maze with both hands. Twist. Turn. Back-up. Repeat! Players are bound to feel a sense of satisfaction when they reach the end of the course. Go as slowly or as quickly as you like. Remember sometimes it's not about the destination, it's about the journey.

Designed and researched alongside people with dementia, this product features high colour contrast on a large lightweight board to aid people with visual impairments and dexterity difficulties. Curved corners and high-quality materials are additional details that make this marble maze an ideal activity for people with dementia.

R424083 30 x 21 x 2 cm

Pattern Blocks

Say hello to the ultimate block puzzle! Kids simply need to remove all the colourful blocks from the tray and challenge themselves to fit them all back together again. A great game to help develop the strategic mind. The woodblock puzzle is the perfect game for interactive play sessions and developing hand-eye coordination. It can also be played with the help of friends and family. Made from high quality, responsibly sourced materials and coated in non-toxic, child-friendly paints and lacquers. Conforms to current ASTM F963 & European safety standards. Age 3 years +.

R424113 1.3 x 18 x 18 cm

Rainbow Wooden Shape Twister

Beautiful solid beechwood giant bowl with seven nuts in different shapes and in the seven colours of the rainbow for colour recognition and to improve manual dexterity and fine motor strength. Each nut shape has a different number of edges, increasing from 1 (circle) to 8 (octagon). The chunky pieces are the ideal size for young children to manipulate and come in a natural finish to show the grain of the wood. The colours match our Rainbow Wooden range for extended imaginative play.

R424205 20cm

Rainbow Fidget Slug

Twisty rainbow coloured slug for fidgety fun which helps to relieve stress, improve focus and promote decompression. Ideal for sensory and tactile experience with a colourful rainbow twist.

R424522 10cm

Rainbow Wooden Keys

Chunky beechwood keys with a string key ring and natural wooden toggle to keep them together. Numbered from 0 to 10 on one side with corresponding numicon dots on the reverse with different shapes. Ideal for recognising numbers, learning to count and using in simple mathematical processes. Matches the Rainbow Wooden range, with additional keys in black, white and natural undyed wood.

R424207

Lacing Kit

Kids can get creative lacing the different colourful shapes onto the laces. Wooden beads and laces can be kept tidy in the screw-top jar. French Knitting Doll. For little ones who love their arts & crafts here is a fantastic way for them to develop their skills. The sturdy wooden loom is ideally sized for little hands, and will provide plenty of use! Comes complete with brightly coloured yarns & a selection of essential tools.

R424376

Spike The Fine Motor Hedgehog

Spike the Hedgehog has lost his quills and needs help to put them back! Perfect for building dexterity, fine motor skills and strength, this award-winning Hedgehog has chunky, textured peg-shaped quills which can also be used to teach counting, sorting, colour and more. Available in blue or pink.

R424312 Blue

R424313 Pink

Spike The Fine Motor Hedgehog Sensory Tree House

Spike and his friends are hiding in the sensory tree house ready to play a fun game of hide and seek! As they play with these hedgehog toys, children can build essential preschool sensory skills with the help of Spike and friends—use the textures on their backs to differentiate between bumpy, smooth, and more, then hide the hedgehogs inside the tree house and find them by feel.

R424314

Spike The Fine Motor Hedgehog Fidget Friend

There are 6 ways to fidget and play with Spike the Fine Motor Hedgehog Fidget Friend. Each time your child spins the wheel, turns the crank, presses the button, twists the knob, pushes the plunger, and moves the switch, they're learning essential fine motor skills through tactile and fun fidget play.

R424316

Spike The Fine Motor Hedgehog Puzzle Playmate

Play and learn with Spike the Fine Motor Hedgehog Puzzle Playmate! Little hands will stay busy with Spike the Hedgehog's 2 different puzzles, improving problem solving skills as they sort and match the shapes, or explore Spike's pop-in, pop-out quills, while building skills through fun, fine motor skills play activities.

R424317

Spike The Fine Motor Hedgehog Rainbow Stacker

Stack, play, and learn with Spike the Fine Motor Hedgehog Rainbow Stacker. Inspired by our bestselling Spike the Fine Motor Hedgehog preschool toy, this colourful stacking toy offers kids two ways to stack - build Spike up vertically or out horizontally, strengthening fine motor skills as you go.

R424315

Klickity

Push, spin, rattle, click, and discover! Little hands will be occupied for hours once you introduce them to this unique device that's brimming with thrilling sensory exploration experiences. Push the pink bumpy ball in and the blue ball on the other side is pushed out. The green and purple knobs on either side click in and out like click-pens while the bright orange and teal ball on top spins around and around. And it's not just the sounds and movements that excite the mind - The soft-rubber tops of each ball feature unique and vivid textures that are thrilling to touch. It's a brilliant way to truly captivate your baby's curiosity! Give your little one an ideal avenue for early exploration with Klickity.

R424184 18cm diameter

Crazy Fort

Crazy Fort is an adventure powered by imagination! Build a unique world using the 25 geometrically precise balls and 44 sticks and just add a sheet. Connect the pieces to create a multitude of possible structures and create a princess castle, space rocket or something completely different! Promotes collaborate play, storytelling and motor skills for construction. For those who are scared of the dark, specially designed LED lights can be purchased for Crazy Forts to provide long-lasting light in your hideout. And best of all, they turn off automatically after 20 minutes for longer battery life and are cool to touch for safe use!

Available in two versions: Standard or Glow in the Dark (Note: Glow in the Dark version requires light exposure to activate).

R424307 Crazy Fort | Standard

R424309 Accessory | LED Light Pack

Foam Play Building Blocks

Fun for indoor and outdoor use. Realistic appearance for imaginative and role play. Helps encourage motor skills and motor planning. Excellent for crashing through on scooters for Sensory Integration activities or as props for drama. Durable EVA foam. Especially effective when purchased in multiples to create larger structures. May be appropriate for older children/adults as less childish-looking than traditional coloured blocks.

R416942

Sorting Set

An inviting set to encourage sorting by colour, shape or size. Gives the user a sense of purpose (completing a helpful task of tidying away) whilst encouraging motor skills and reasoning. Contents may vary, but set typically includes:

- Multi-section round tray (32.5cm diameter)
- Set of 90 assorted large buttons (4.1 to 5cm)
- Set of 10 wooden cotton reels (3.5cm diameter)
- Set of 100 colourful wooden cubes (2 x 2 x 2cm)

Also useful for stacking and balance games; counting and simple maths activities; arts and crafts; threading and lacing (shoe laces/string to be purchased separately)

R422707

Squeeze Balls - Set of 6

Offers little resistance when squeezed and quickly regains its original shape. Contains latex. Assorted colours.

R417423 7.5cm diameter

Buggie

Curious creature with huge eyes and an abundance of rubbery 'hair'. Colours may vary. Size: 26cmL

R420500

Gripmaster - Set of 3

Conforms to the shape of your hand and provides greater comfort by dispersing pressure across the entire palm. With removable soft rubber base. Develops isolated finger strength, flexibility and co-ordination as it builds hand and forearm strength. Each finger can be challenged with its own individually spring-loaded button. Finger pressure is carefully calibrated providing the therapist with a quantitative tool for evaluation. Three strengths: Blue - Easy, Red - Medium, Black - Strong. Latex-free.

R415860 9L x 7H cm

Thera-Band™

Tones muscles, increases agility and improves co-ordination with unlimited possibilities. Approved by therapists and may be useful in rehabilitation after certain injuries. Made from natural rubber latex, phthalate-, PVC- and lead-free. The different colours represent different resistance, all the same size though can be cut and so individually adjusted to suit. Dimensions: 550L cm (in total), 15W cm.

R415364 Yellow Mini

R415365 Red Medium

R415366 Green Strong

R415367 Blue Extra Strong

Stretchy Sensory Band - Pack 4

Stretch, pull and twist these sensory bangles for tactile exploration & stimulation. Rubbery, stretchy tentacles which can aid focus. Vibrant colours (may vary) in a 4 pack. Diameter 13 cm when not stretched.

R424519 4 pack

Rehab Peanuts - Set of 3

Flexible exercise tools to improve hand strength and dexterity. Set includes one soft, one medium and one strong peanut to offer a variety of resistances. Made of latex-free polyurethane. Weight: 40g.

R418427 17.5L cm

Eggercizers - Set of 3

A tactile hand exercise device offering consistent resistance while returning to its original shape. The egg shape matches the natural contours of the hand promoting effective hand, finger and arm massage. Improves hand dexterity and flexibility, and reduces stress. Feels like putty but leaves no messy residue on hands or clothes. The solid shape has nothing inside to leak out. The Eggercizer comes in sets of 3 each a different colour and resistance strength.

R415003 6.5L cm

Teach & Learn Wooden Clock

Wooden learn and play clock game. The box includes a clock face with moving hands and a chalk panel, as well as chalk and a set of time cards. There are a number of educational games that can be played, instructions for which are included in the set. It's a great way to help aid learning skills on how to tell and write down the time, as well as general numeracy skills.

R423556

NEW!

Mini Clock

Big Time Mini Clock is a geared clock for teaching about telling the time and lapsed time. The clock is colour-coded, is easy to read, and helps students understand telling time to the minute and hour. The hands are geared and keep the correct relationship between hour and minute as children turn the hands on the clock face. This single clock is ideal for individual, hands-on learning in the classroom or at home.

R423560

LEISURE

Leisure activities offer a chance to have a break from a routine or to provide freedom from actions which we are compelled to perform.

Especially in early years children and people with various mental health or physical disabilities the choice to do what they want is often very limited, therefore making leisure time an essential part of their lives.

Set of 12 Bingo Dabbers in assorted colours. Perfect pairing with bingo tickets for those who want to use bingo as a social activity or to aid listening. For 3 years and over.

R455841

Category Snap

Category snap is a variation on traditional snap, in that no two cards are the same. The idea is to match cards from the same family; a saw and drill match as they are both tools. However, there is no wrong way to play and players can use their imagination to make their own association games. This product was inspired to support cognitive stimulation therapy which prompts people with dementia and Alzheimer's to think creatively. Features: 3 x association games, 36 x cards in a pack, for 2-4 players & made from durable materials.

R424084 8 x 12 cm

Animal Snap

The traditional game of snap requires each player to place a card on the pile. When two consecutive cards of the same animal are placed down, whoever yells 'Snap' first gets the pile. The player with the most cards at the end of the game is the winner! Designed for people with early to mid-stage dementia, these cards feature easily recognisable animals in bold contrasting colours. Features: 3 x association games, 48 x cards in a pack, 2-4 players & vibrant colours support vision impairment.

R424085 8 x 12 cm

NEW!

Mirror Tray & Multicolour Gem Cubes

A beautiful play set with stunning crystal coloured gem cubes presented in a sturdy mirrored wooden tray. The cubes are made from solid acrylic, beautifully finished with smooth edges and come in 10 different colours. For younger children and in child-led play, the cubes can be used to build towers, or to create patterns and pictures. For older children, the set inspires independent play and could be used for maths activities such as sequencing and number bonds. Size of tray: 272 x 272 x 30mm. Size of cubes: 25mm. 3+ years

Customer Review

Excellent A++++ - These puzzles are excellent quality and being really chunky pieces are easy to pick up. They are really good for special needs children who have difficulty with normal thin puzzles and helps with their fine motor skills. Would definitely recommend for elderly and special needs.

Karen J., Verified Buyer

Aquapaints - Wonderful Animals

The true magic of Aquapaints is that people in the later stages of dementia are able to express themselves creatively whilst feeling a sense of joy and accomplishment. The Wonderful Animals Aquapaint set includes five delightful creatures; a goldfish, a horse, a cat, a butterfly and a peacock. Each image has clear black guidelines to nudge the artist along.

R424086 26 x 21 cm

Snakes and Ladders Ludo

Adapted for people with dementia, both Snakes & Ladders and Ludo are bound to bring out the competitive streak in all. The paired back design of the board combined with high colour contrast and guiding elements provides a clear journey around the board for people with visual and cognitive impairments, meaning less stress and more fun! Large numbered cards provide an easy-to-handle alternative to dice for players with dexterity and visibility difficulties.

R424088 50 x 50 cm

13 Piece Puzzle

13-piece puzzles for dementia are designed to delight people with mid-stage dementia. From the idyllic to the iconic, each scene is carefully chosen to stimulate joyful memories and inspire conversations upon completion. The larger pieces, approximately 10cm in width, are all unique in size and shape and are easy to handle for people with dexterity difficulties.

R424097 Puppy Playtime

R424096 Life Of A Kitten

63 Piece Puzzle

63-piece puzzles with beautiful imagery featuring more details than our 13 and 35-piece puzzles, 63-piece puzzle collection takes the challenge up a level. Every detail is carefully considered, from high contrast colours to aid visibility, and unique details on each piece to prompt users.

R424089 Farmers Market

R424090 City Dusk

R424091 Wild Coast

R424092 Monet Garden

35 Piece Puzzle

From the idyllic to the iconic, each scene is carefully chosen to stimulate joyful memories and inspire conversations upon completion. The larger pieces, approximately 4.5cm in width, are easy to handle for people with dexterity difficulties. Apart from being a fun and engaging activity to enjoy with family and friends, completing puzzles can gently exercise the brain, benefit visual perception and provide a sense of satisfaction and pride upon completion.

Pins: 30.5H cm

Customer Review

Excellent set of skittles and bowling ball. Just the right weight."
Jaxui M., Verified Buyer, Isle of Barra

Mega Four In A Row

Big bold chunky discs and a sturdy frame. Try to get four in a row before your opponent! Frame can be dismantled for ease of storage. Great for both indoor and outdoor games. Ideal for people who are wheelchair bound. Includes 42 discs (21 of each colour).

R416670 121L x 45W x 117H cm

Giant Jenga

How high can you go? Take turns to remove blocks from the tower without it toppling down. Fun on a giant scale! Large pieces are easier to hold for the less dextrous. 58 pine blocks create a tower over 90cm high. Includes storage bag. For 3 years and over. Size: 18 x 6 x 4.5 cm (each block).

R420556

Rainbow Wave

This brightly coloured wave is ideal for group participation for up to 30 children of all ages and abilities. Use for developing social and team work skills, colour identification, estimation and probability. The rainbow wave encourages physical exercise for the whole body and is a highly effective way of developing coordination and balance. Children can use their imagination to create a variety of different games, for example, moving a ball or bean bags from one end of the wave to the other. Can be used indoors or outdoors. Made from durable nylon. Size: 8 x 1m with 30 handles.

R424396

Rainbow Wave Junior

This brightly coloured wave is ideal for group participation for 9 - 18 children of all ages and abilities. Use for developing social and team work skills, colour identification, estimation and probability. The rainbow wave encourages physical exercise for the whole body and is a highly effective way of developing coordination and balance. Children can use their imagination to create a variety of different games, for example, moving a ball or bean bags from one end of the wave to the other. Can be used indoors or outdoors. Made from durable nylon. Size: 360cm x 60cm with 14 handles

R424397

Sunflower Parachute

This large sunflower shaped parachute is perfect for coordination and team building skills. Develops children's competence and confidence to coordinate objects and to communicate, collaborate and compete with others. Set includes 1 sunflower parachute and 1 ball. Size: 3.5m diameter

R424399

Soft, Light & Bright Balls - Set of 6

They are feather-light and cause no harm if thrown at someone. Caution: Not suitable for use with people who mouth, as the soft skin will puncture and tear. Supplied deflated. Latex Free. Size: 15-26cm diameter.

R414284

15-26cm diameter

snoezelen®

Here are the many benefits of a Rompa® Snoezelen® Sensory Room:

Relaxation

Snoezelen® Multi-Sensory products and environments can be used to calm and reduce agitation through the use of gentle light, soothing sound, relaxing smells and textures.

Development

Snoezelen® can be used as a learning and developmental tool, it can be used for colour matching, understanding of cause and effect, and creating themed environments to teach in.

Stimulation

Snoezelen® Multi-Sensory products and environments can be used to stimulate users by providing exciting visuals, music and sounds, invigorating smells and textures to explore.

Therapy

We have been providing therapists and health professionals with a Snoezelen® Multi-Sensory toolkit for over 35 years. From portable resources to custom multi-sensory environments, we have solutions that can help.

Making satisfying noise never felt so easy with our Maracas, Rainstick, Egg Shakers and Bendi Bells! Contents may vary.

R423524

NEW!

Visual Voyager Kit

For anyone who enjoys visual stimulation - this is the perfect collection!

With our Visual Voyager Kit, immerse yourself in a symphony of colours with the Infinity Lights Mirror, gaze upon our glow-in-the-dark stars, watch the Spotty Spinner Ball change colours and glow, and squish our Play Foam for endless multi-coloured fun. Contents may vary.

R423523

School Sensory Spaces Saver Pack

A collection of carefully selected products to use in a classroom, gym or corridor. Especially effective when purchased in multiples to accommodate a group of learners. The components can be used in a variety of ways e.g. Multi-Purpose Ball can be sat on in the Ball Stand or rolled over prone students to provide deep pressure input; The Tactile Multi-Purpose Cushions can be sat on or used as part of trail for balance, core strength, spatial awareness and co-ordination. As many of the products have multiple uses, these can energise and stimulate users or be used to calm and relax learners. More economical than purchasing parts separately. Contents may vary.

R423210

NEW!

Sandstations Kit

Messy Play never felt so good! Experience the tactile goodness of Smooshy Sand and Magic-Elasti Sand in our Tuff Tray for maximum stimulation and minimum mess.

A great way of encouraging tactile play with a visual element, ensuring a fun and calming activity for ultimate relaxation. Contents may vary.

Our collaborative relationships

Domestically

Our products and Snoezelen® rooms are for all ages and abilities! We supply to individuals, families, schools, hospitals, hospices, charities, airports, hotels, cruise liners, football clubs and many more.

We not only distribute and install in the UK, Rompa® is international too.

Here are just some of our customers:

- Gatwick Airport
- Meadowhall
- Parenting Additional Needs
- Notts County Football Club
- Help For Heroes
- Chesterfield Football Club
- Brunel University of London
- Kids in Sync
- NewLife
- senSI
- College of Occupational Therapists

Internationally

Rompa® is at the heart of a global network of providers of multi-sensory environments.

As well as serving our valued UK customers, we have partners and distributors in over 40 countries across the world. Through our international customers we have access to new ideas, developing therapies and a wide breadth of experience.

Large enough to count but small enough to care

As a responsible supplier and UK manufacturer we have continuously updated our ethical and environmental policies across the business. As just one example, we continue to review and report packaging and waste!

Showroom & Reminiscence Room

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

Visit Older Adults for reminiscence resources and equipment to help improve quality of life for older adults and provide support to carers.
