

## **1. Product Name**

Soft Play Trampoline by ROMPA®

## **2. Product Code**

12638

## **3. Colour**

This product is offered in a range of colours. Please specify choice when ordering.

## **4. Brief Description**

The soft play trampoline brings activity into soft play areas. The metal frame is completely encased and cushioned.

## **5. Contents**

1 x Trampoline

## **6. Snoezelen® Stimulations**

Vestibular

## **7. Best Use**

Position indoors in a suitable space, free from obstacles and obstructions enabling safe use. We suggest that a nearby cushioned wall and floor space are considered to keep users of the equipment as safe as possible.

## **8. Compatible ROMPA® Products**

ROMPA® offer a range of floor and wall cushioning.

## **9. Starting Up**

- Unpack carefully and dispose of packaging carefully.
- Position on a stable surface in chosen position.

## **10. Detailed Description**

The trampoline brings activity into soft play areas. The metal frame is completely encased and cushioned making an extremely safe way of experiencing vestibular and proprioceptive input from a "bouncing" movement.

## **11. Safety**

Please observe the following for all materials:

### **Always supervise the use of this product**

- Do not place near sources of heat or fire that may damage the surface (radiators, fires, underfloor heating, hot central heating pipes etc.)
- Do not attempt to access the interior part of the trampoline. Never allow children or vulnerable people to access the interior part of this product.

## **12. Technical Specification**

Weight: supports weight up to 60kg (9st 6lb)  
Size: 45H x 145L x 145cmW  
Internal measurement: approximately 90 x 90cm

## **13. Installation**

Position in a safe space, located away from any obstacles, walkways and walls. Consider cushioning surrounding the area and on the floors in case the service user falls.

## **14. Care and Maintenance**

Please observe the following for all materials:

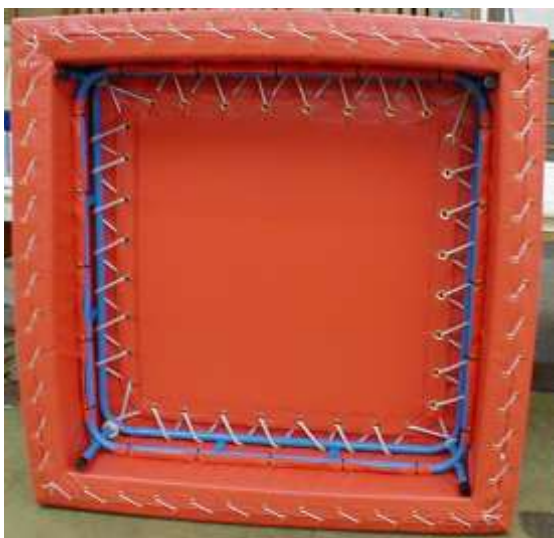

- Always supervise the use of resources.
- Organise a regular cleaning schedule.

- Vinyl will crack, tear and rub off if subjected to sharp objects or continual rubbing by hard objects. Remove shoes, and avoid buckles, zips or sharp/hard/pointed objects coming into contact with the surface.
- Check seams regularly to ensure that these are not worn or split and the interior filling cannot be accessed.
- Wipe off accidental marks/liquids at the time they occur or are noticed.
- From time to time, if possible, lift floor cushion or move furniture to clean all surfaces and the floor underneath.
- Furniture and cushioning is intended to provide comfort and relaxation. Avoid eating and drinking whilst using these products.
- Do not place near sources of heat or fire that may damage the surface (radiators, fires, underfloor heating, hot central heating pipes etc.)
- Direct contact with bright sunlight may affect material over time.
- Do not saturate the material with lots of water.
- Some of our products contain zips for manufacturing purposes only. Do not attempt to open these or to access the interior part of these products. Never allow children or vulnerable people to access the interior part of this product.

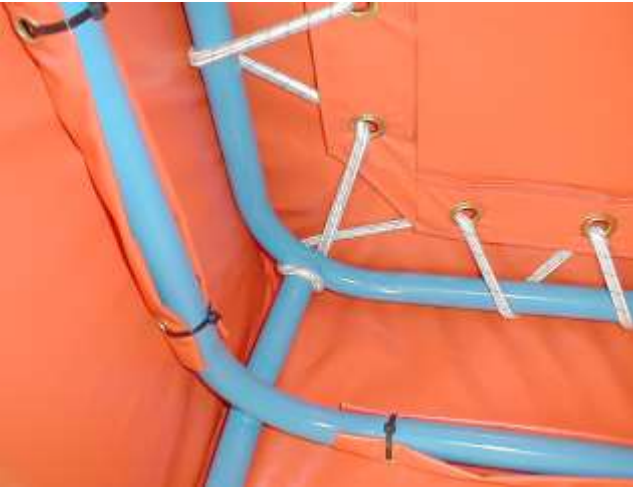

### **PVC (Vinyl)**

- Use a soft brush remove all loose dust/dirt
- Clean with a mild detergent (such as Lux soap flakes in luke-warm solution) applied to a sponge or damp cloth.
- This may be sanitised using a weak solution of Milton fluid.
- Do not use excessive amounts of water and always ensure the PVC is dry after cleaning.
- Do not use an abrasive cleaning pad.
- Do not use boiling/very hot water, washing up liquid / aggressive detergent or solvent based cleaner as this will cause the coating to discolour and go hard.
- Steam cleaning is not advised.

## **15. Troubleshooting**

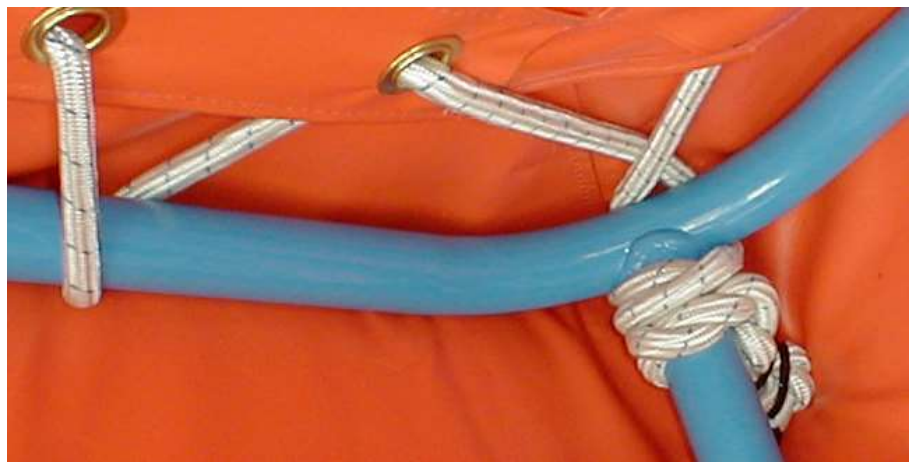

Should you ever need to replace the rope on the underside of the trampoline, this picture is a reminder of how the rope is threaded and fastened.

Detail of the corner of the soft play trampoline

Securely fasten the ends of the ropes, using tape or cable ties for further security as required.
