If you wish to increase sensory stimulation for your client/s, please refer to our catalogue or website www.rompa.com for a great selection of items that provide a huge variety of physical, cognitive, olfactory, tactile and visual input.

9. Starting Up

- Unpack
- Decide how to use the item – as a stool, table or footstool.

10. Detailed Description

With the appearance and comfort of standard furniture, these products incorporate specific design qualities to meet the needs of demanding environments:

- no inner wood or metal frame, therefore no hard surfaces
- no zips, cords nor sharp edges
- client cannot hide objects in the stools

11. Safety

- Use indoors, in dry environments.
- Supervise the use of this product.
- Use on a flat, stable surface, capable of holding the product's weight and that of the person sat on it.

Please read all the following safety information before each use

ALWAYS SUPERVISE THE USE OF THIS PRODUCT

- Remove all packaging and either store this in a safe place out of reach of clients or dispose of this responsibly. Plastic bags and wrapping can be hazardous to children and vulnerable people.

- Do not attempt to access the interior part of this product. Never allow children or vulnerable people to access the interior part of this product.
- Avoid sharp or pointed objects which could puncture the product. Take care with zips on clothing etc. Remove shoes.
- Do not place near sources of heat or fire that may damage the surface (radiators, fires, underfloor heating, hot central heating pipes etc.)

12. Technical Specification

Circular

Size: 39cm diameter x 24cmH

Material: Available in Polyester or PVC

Rectangular

Size: 78L x 39W x 24cmH

Material: Available in Polyester or PVC

13. Installation

1. Unpack.
2. Place the furniture indoors, on a flat stable surface that is capable of holding the product's weight and that of the person sat on it.
3. Ensure that the item is placed in a safe position, away from walkways or hazards.

14. Care and Maintenance

- For indoor use only.
- Always supervise the use of resources.
- Organise a regular cleaning schedule.
- Vinyl will crack, tear and rub off if subjected to sharp objects or continual rubbing by hard objects. Remove shoes, and avoid buckles, zips or sharp/hard/pointed objects coming into contact with the surface.
- Check seams regularly to ensure that these are not worn or split and the interior filling cannot be accessed.
- Wipe off accidental marks/liquids at the time they occur or are noticed.
- From time to time, if possible, lift floor cushion or move furniture to clean all surfaces and the floor underneath.
- Furniture and cushioning is intended to provide comfort and relaxation. Avoid eating and drinking whilst using these products.
- If the material for your furniture can be steam cleaned, please exercise great caution for the simple reason that when creating furniture, seams and stitching are necessary which create tiny holes where it is possible for liquid to get through into the inner foam. Should a lot of steam/water be accidentally used, there is potential for the inner foam to get saturated and be detrimental to your furniture.

- Do not place near sources of heat or fire that may damage the surface (radiators, fires, underfloor heating, hot central heating pipes etc.)
- Direct contact with bright sunlight may affect material over time.
- Do not saturate the material with lots of water.

PVC (Vinyl)

- Use a soft brush remove all loose dust/dirt
- Clean with a mild detergent (such as Lux soap flakes in luke-warm solution) applied to a sponge or damp cloth.
- This may be sanitised using a weak solution of Milton fluid.
- Do not use excessive amounts of water and always ensure the PVC is dry after cleaning.
- Do not use an abrasive cleaning pad.
- Do not use boiling/very hot water, washing up liquid / aggressive detergent or solvent based cleaner as this will cause the coating to discolour and go hard.
- Steam cleaning is not advised.

Polyester

- Use a soft brush to remove all loose dust/dirt
- Clean with a mild detergent (such as upholstery cleaner, soap and water) applied to a sponge or damp cloth.
- Do not use an abrasive cleaning pad.

15. Troubleshooting

Not applicable
