

## SNOEZELEN® WAGON 18737

### CONTENTS

1 x Snoezelen® Wagon

### ABOUT THIS PRODUCT

When deciding which products to purchase for use with your Snoezelen® Wagon, bear in mind the following:

- The bottom shelf measures 69cmW x 43cmD x 21cmH
- The left hand drawer contains removable document trays and measures 33cmW x 38cmD x 22cmH
- The right hand drawer is supplied with one grooved side already screwed in place. The second grooved side is supplied loose in the drawer with fixings for you to position as required (e.g. position will vary according to items being stored e.g. effect wheels, CDs etc. This right hand drawer measures 28cmW without both grooved sides (a maximum width of 23.5cm with both in use) x 38cmD x 22cmH
- The left hand cupboard has a hole at the front to allow a Fibre Optic Spray to be used
- The left hand cupboard has a shelf. Above the shelf measures 36cmW (29cmW accounting for the multi-way sockets towards the back of the shelf) x 43cmD x 20cmH
- In the left hand cupboard, below the shelf, this space measures 36cmW x 43cmD x 11cmH
- The right hand cupboard measures 29cmW (accounting for the door) x 43cmD x 33cmH
- The fold-up shelf at the right of the Snoezelen® Wagon measures 40 x 35cm
- There is 73cm x 42.5cm of space on the top of The Snoezelen® Wagon, taking the handles into account
- There are two multi-way sockets (each has 4 sockets) on the Snoezelen® Wagon – one on the top, behind the arched panel with the central hole; the second is in the left hand cupboard. Each has an ON/OFF switch.
- Only one wall electrical socket is required

Alternatively, this Snoezelen® Wagon can be purchased with accessories – see Snoezelen® Wagon Quality Saver Pack 18784.

**SAFETY**

Always supervise the use of this product.

Use the brakes on the castors to keep the Snoezelen Wagon® in place.

Use the handles when moving the Snoezelen Wagon®, making sure that the brakes are not on.

**CARE & MAINTENANCE**

Clean using a slightly damp soft cloth. Do not immerse in water or use abrasive cleaners.
