

HUMAN TOUCH HEART 20327

CONTENTS

Your Human Touch Heart is supplied in one box containing:

1 x Heart

Please note: this product requires, but does not include two 1.5V LR44 batteries (or equivalent type AG13).

ABOUT THE HUMAN TOUCH RANGE

The Heart is part of a range of 'Human Touch' accessories that compliment Empathy Dolls and Empathy Animals. The heart produces gentle vibrations, natural soft sounds and approximately 60 beats a minute. It can be placed in the recess of the following products to add further sensory stimulation to them:

Empathy Cat 19924

Empathy Dog 20562

Empathy Dolls including:

Nina 20352 (not shown)

Newborns:

Lily 20330

Elias 20331

Emelie 20340

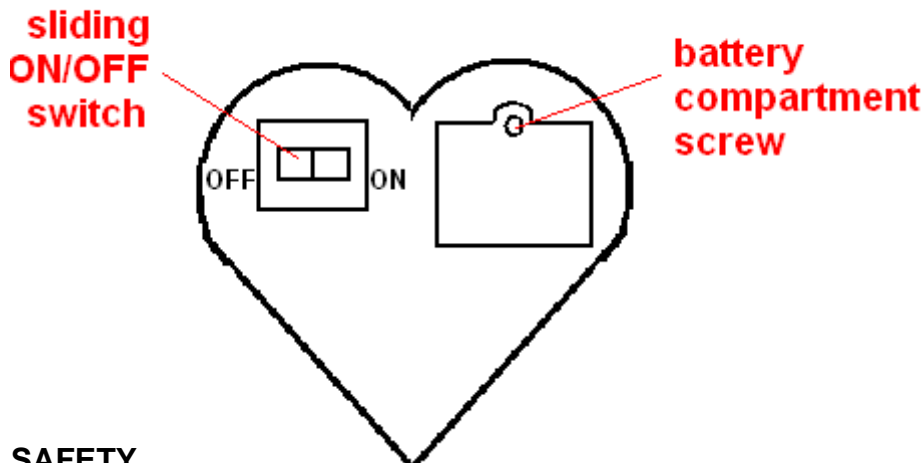

Sofia 20351

This further sensory appeal is intended to encourage bonding, imagination as well as awakening human reactions and kindling emotions and memories. These Dolls and Animals are intended for older adults as well as children.

BEFORE USE

1. Open the battery compartment by removing the small positive (cross-head screw).
2. Insert two LR44 batteries (or equivalent type AG13), observing the polarity.
3. Slide the switch to ON.
4. Remember to slide the switch to OFF after use (to help conserve the batteries).

SAFETY

1. Always supervise the use of this product.
2. For 3 years and over (these are small parts).

CARE AND MAINTENANCE

1. Remove the batteries when operation becomes erratic/when batteries are exhausted
2. Remove the batteries if the product will not be in use for long periods.
3. Do not immerse in water.
4. Wipe clean with a soft and barely moistened cloth.
5. Once this product is eventually exhausted, please dispose of it appropriately.
6. Do not attempt to open the heart – only the battery compartment screw can be removed.

SPECIFICATION

Not compatible with Vera 20349
