## **11. Safety**

### **Always supervise the use of this product.**

- Be careful when opening and shutting the box, ensure that the bottles do not fall out of their niches.
- Scents in the bottle are concentrated and contact with the skin should be avoided.
- Not for internal use.
- Avoid contact with the eyes and mucous membranes.
- Always wash hands thoroughly after using the scented bottles.
- Store the bottles in a cool place away from children and pets.
- Appropriate risk assessments should be carried out before providing this product to the end user to minimize risk and ensure end user's safety.
- Do not dilute, heat or ingest bottle contents.
- Take care with use with those who have nut allergies. Food allergies (like nut allergy) reactions are triggered by proteins. The scented bottles do not contain such proteins and therefore should not lead to allergic reactions. Some people, however, associate the scent with danger (due to their reaction) so it is possible that the scent may trigger allergy-like symptoms. But, the products are safe and do not contain any food allergenic.
