## **10. Detailed Description**

The air-filled ball at each corner makes this no ordinary balance board. Suitable for a wide variety of ages and abilities. Helps build co-ordination and motor skills, as well as improving overall fitness. Each ball can be adjusted using a pump and needle allowing variations and new balance challenges. Wooden and sturdy. Maximum weight supported: 200kg.

## **11. Safety**

### **Always supervise the use of this product**

On receipt, remove and dispose of all packaging responsibly.

Use this product on a flat, horizontal, stable and dry floor in an area free of obstacles.

This product is not a toy. Any activity involving motion, height, or rotation may cause serious injury. This product is intended for use under the supervision of trained professionals.

## **12. Technical Specification**

Weight: 5.15kg

Size: 89 x 43 x 14cm

Maximum weight supported: 200kg

Materials: phthalate-free and free from heavy metals  
High grade Ruton and birch wood ply (8 glued layers)

## **13. Installation**

1. Adjust the inflation using the supplied ball pump and the needle valve in the Balanza® Ballstep®. Add a little more air or release some air as required. Make sure that the product is at room temperature before making any adjustments. Inflate the parts evenly so that the product is level. Always moisten the needle before inserting the needle into the valve. Do not inflate the balls beyond a diameter of 7cm.

## **14. Care and Maintenance**

- Regularly check the product for signs of wear and tear e.g. before each use. Replace the product if it is damaged.
- Store and use away from direct sunlight and away from sources of heat.
- Avoid contact with sharp or pointed objects. Remove shoes with buckles or metal fastenings before use. Wear sport shoes or soft shoes when using this product, or use whilst barefoot.
- This product is not intended to be thrown – handle this product with care.
- To clean this product use a soft clean cloth dampened with water or with a mild household cleaning detergent. Do not use solvents, dissolvers, acidic cleaning products or corrosive cleaning products. Keep this product dry.
