

## **Bench Joiner / CNC Operator**

### **Vacancy (Full Time)**

This is an exciting time to join one of the world leaders in sensory provision.

Rompa is an innovative business consistently producing the very best in new, state of the art products and sensory solutions. Home of the Snoezelen®, Winslow and Older Adults brands, we operate throughout the UK and offer a full installation and mail order service to a varied customer base.

We also have over 50 international partners in our portfolio making us a truly global company.

Our multi-sensory rooms offer wonderful therapeutic care for children and adults with differing levels of abilities. Our rooms nurture the body and are designed to promote sensory modulation and facilitate the learning and practice of stress management. Our specialist rooms are being used in hospitals, health centres, developmental disability units and many other settings all over the country to help improve people's quality of life.

Rompa has an opportunity for a skilled Bench Joiner / CNC Operator to join our busy production team. We believe this would be a great opportunity for a qualified joiner or time served apprentice joiner. The ideal person will have extensive experience using CNC machinery and joinery hand tools.

They will be enthusiastic, have excellent attention to detail and strive for high quality levels in all areas of work.

Primarily, the role is to ensure our wood shop products are manufactured to the correct quality, quantity and within the lead times dictated by the production schedule.

The role will have specific responsibility for:

- Understanding and having input into CAD set out drawings.
- Identifying and working with various manufacturing materials.
- Ensuring daily worksheets and quality sheets are completed accurately.
- Using CNC machinery, joinery hand tools, portable machinery, drills, sanders and routers.
- Ensuring booking in / out of raw materials is completed to maintain accurate stock levels.
- Carrying out any maintenance, as and when required, to keep machinery/tools in good working order.
- Ensuring materials are used in an efficient and costly manner.
- Ensuring efficiencies remain high by working to product lead times.
- Providing input with new product development and the improvement of current products.
- Look for ways to improve processes and make wood shop more efficient / lean.

It is important to us to make successful recruitment choices and we believe the ideal candidate should possess the following skills and attributes:

- Level 3 Diploma / Time Served Apprentice Joiner.
- Experience of using CNC machinery and ability to use joinery hand tools, portable machinery, drills, sanders and routers.
- Ability to interpret designs and engineering drawing.
- Strong understanding of health and safety and COSHH.
- Strives for high quality levels in all areas of work and has excellent attention to detail.
- Ability to work under pressure and to tight deadlines.
- Enthusiastic and highly motivated.
- A positive 'can do' attitude and willingness to be a part of a team.

Should you be interested in the above role, please apply to Lisa Wright ([lisaw@rompa.com](mailto:lisaw@rompa.com)) with a covering letter, CV and current salary details.

No agencies at this stage.

Applications for this position will close on Friday 2 July 2021.
