Certificate of conformity

Product: Voice Responsive Dome Electronics
(forms part of Voice Responsive Dome Product manufactured by Rompa)

This sub-assembly has been designed and built in accordance with CE requirements for low voltage equipment, and has been self-certified as compliant with the low voltage directive.

Low voltage Directive 2006/95/EC

The products are produced in our ISO9001 registered factory to ensure that they consistently meet the required quality standards, and that they are built in conformance with the design.

Signed 

Andy Link
Managing Director. CEng M.I.E.T.
